Girls Little Dragons Summer Camp

The Little Dragons Camp aims to provide young female athletes with the knowledge and skills of basketball to increase their interest in the sport. This program will work on building an athlete's fundamental skills including ball-handling, passing, and shooting. The camp will be run by Coaches Emily Parslow and Mary Mulligan, and the varsity basketball team. This program is a great way for athletes to become more skilled in all areas of basketball and have FUN doing it!
