

Meeting of the Governing Board

Bishop Unified School District

Approval Window Retrofit using One-Time In-Person Instruction Funding

The District sought a quote for replacing one fixed windowpane in the Kindergarten and Second Grade wings to improve ventilation in 13 classrooms. These classes currently have no operable windows. The quote for the project is \$75,022.00. Quote is attached.

The District also sought a quote for replacement of replacing 19 windows in the BUHS Math building. The current windows do not open correctly and replacing 2 windows in each classroom will allow staff to better ventilate the rooms. The quote for the project is \$65,070.00. Quote is attached.

Due to ventilation recommendations associated with COVID protocols, we recommend approving these projects, which we are hoping, will be done before the start of school in August. The current material shortage is an issue, but we will keep our fingers crossed.
