USE OF STUDENTS IN PUBLIC INFORMATION PROGRAM

Students who attend the Lake Forest School District may occasionally have their likeness used as participants in a classroom activity or special event. These pictures may be used in media releases, posted on websites, or included in the publication of materials used for public information purposes.

Parents/Guardians who do not wish their child's likeness to be used in this manner must submit a written request to the Building Administrator each year. Schools will communicate this policy to parents/guardians on an annual basis.

Public information may be distributed through students with the approval of the Superintendent or designee.
