

THIS YEAR'S FRENCH STUDENTS VISIT TO SLLIS

Last year's 5th grade parents worked with the French American Cultural Exchange Program (FACEP) to plan their students' trip and we are excited to work with FACEP again for the 2018 exchange. This year FACEP would like to match our school with Jules Ferry School in Courcouronnes, France. Our students will travel to France in June, after they have completed the school year.

Jules Ferry School would like to send 16 5th and 6th grade students and two teachers to St. Louis to live with SLLIS host families and attend school at the Marine campus. The students will arrive on February 17th and leave on March 3rd. FACEP provides all students with travel and health insurance. They are also providing a \$50 stipend for each French student that we can use to cover the cost of field trips or other incidentals during their visit. All student meals will be provided by hosting families.
