

3 Ways Content Educators Can Teach Language

Article # 37

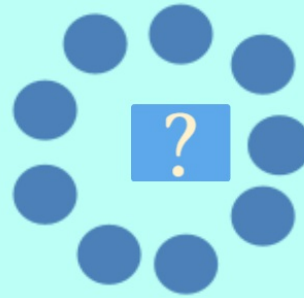

Reading Instruction

ELs need to comprehend content-related vocabulary to understand texts used in content classes.

Discussing Instruction

ELs generate authentic questions about the topic.

ELs then discuss the question using content knowledge.

Writing Instruction

Mentor text

The teacher shares a mentor text.

1 2

The teacher guides the ELs to analyze the mentor text for:

1. What ideas are being communicated?
2. How are the ideas being communicated?

EL-generated text

ELs then create their own text using the techniques they identified from the mentor text.
