**Re: Report Cards and Final Grades**

Greetings Barneveld Families,

This message is a follow-up with regard to the [\(letter\)](#) sent last week regarding final grades and grade reports. As of today, all grades have been calculated and finalized. This was completed using existing grades and data that were available through Powerschool and manual calculations. Grades are now being entered manually into individual grade reports.

Grade reports will be mailed in paper form to families and a copy will be placed in their cumulative files as well as migrated to our new student data system, Skyward. You will receive a notification as soon as they are mailed out. After registration in August families will be able to view historical grades as well as 2021-2022 school year information.

I thank you in advance for your patience and understanding as we work through this matter.

Sincerely,

Joseph Price,  
Superintendent
