

Notice from Google for schools when gathering parent or guardian consent

To parents and guardians of students in grades 5-12,

At Pawnee School District, we use G Suite for Education **for students in fifth grade and above**, and we are seeking your permission to provide and manage a G Suite for Education account for your child. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Pawnee School District, students will use their G Suite accounts to complete assignments, communicate with their teachers, sign into their school email, sign into their Chromebooks, and learn 21st century digital citizenship skills.

The notice below provides answers to frequent questions about what Google can and cannot do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the G Suite for Education account?

Please read it carefully, let us know of any questions, and then sign below to indicate that you have read the notice and give your consent. If you do not provide your consent, we will not create a G Suite for Education account for your child. [Your school/district may wish to describe here how not providing consent to use Google services will impact the educational experience. For example, students who cannot use Google services may need to use other software to complete assignments or collaborate with peers.]

I give permission for Pawnee School District to create/maintain a G Suite for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice below.

Thank you,
Bret Robinson, Superintendent

Full name of student

G Suite for Education Notice to Parents and Guardians

This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts.

Using their G Suite for Education accounts, students may access and use the following "Core Services" offered by Google (described at https://gsuite.google.com/terms/user_features.html):

- Gmail
- Google+
- Calendar
- Chrome Sync
- Classroom
- Cloud Search
- Contacts
- Docs, Sheets, Slides, Forms
- Drive
- Groups
- Hangouts, Hangouts Chat, Hangouts Meet, Google Talk
- Jamboard
- Keep
- Sites
- Vault

In addition, we also allow students to access certain other Google services with their G Suite for Education accounts. Specifically, your child may have access to the following "Additional Services":

- iStation for Education, Zoom, YouTube, Google Maps.

Google provides information about the information it collects, as well as how it uses and discloses the information it collects from G Suite for Education accounts in its G Suite for Education Privacy Notice. You can read that notice online at https://gsuite.google.com/terms/education_privacy.html. You should review this information in its entirety, but below are answers to some common questions:

Can my child share information with others using the G Suite for Education account?

Pawnee School District may allow students to access Google services such as Google Docs and Sites, which include features where users can share information with others or publicly. When users share information publicly, it may be indexable by search engines, including Google.

Will Google disclose my child's personal information?

Google will not share personal information with companies, organizations, and individuals outside of Google unless one of the following circumstances applies:

- With parental or guardian consent. Google will share personal information with companies, organizations, or individuals outside of Google when it has parents' consent (for users below the age of consent), which may be obtained through G Suite for Education schools.
- With Pawnee School District G Suite for Education accounts, because they are school-managed accounts, give administrators access to information stored in them.
- For external processing. Google may provide personal information to affiliates or other trusted businesses or persons to process it for Google, based on Google's instructions and in compliance with the G Suite for Education privacy notice and any other appropriate confidentiality and security measures.
- For legal reasons. Google will share personal information with companies, organizations, or individuals outside of Google if it has a good-faith belief that access, use, preservation or disclosure of the information is necessary to:
 - meet any applicable law, regulation, legal process, or enforceable governmental request.
 - enforce applicable Terms of Service, including investigation of potential violations.
 - detect, prevent, or otherwise address fraud, security, or technical issues.
 - protect against harm to the rights, property or safety of Google, Google users or the public as required or permitted by law.

Google also shares non-personal information -- such as trends about the use of its services -- publicly and with its partners.

What choices do I have as a parent or guardian?

First, you can consent to the collection and use of your child's information by Google. If you do not provide your consent, we will not create a G Suite for Education account for your child, and Google will not collect or use your child's information as described in this notice.

If you consent to your child's use of G Suite for Education, you can access or request deletion of your child's G Suite for Education account by contacting the school district. If you wish to stop any further collection or use of your child's information, you can request that we use the service controls available to limit your child's access to features or services, or delete your child's account entirely. You and your child can also visit <https://myaccount.google.com> while signed into the G Suite for Education account to view and manage the personal information and settings of the account.

What if I have more questions or would like to read further?

If you have questions about our use of Google's G Suite for Education accounts or the choices available to you, please contact the school district. If you want to learn more about how Google collects, uses, and discloses personal information to provide services to us, please review the [G Suite for Education Privacy Center](https://www.google.com/edu/trust/) (at <https://www.google.com/edu/trust/>), the [G Suite for Education Privacy Notice](https://gsuite.google.com/terms/education_privacy.html) (at https://gsuite.google.com/terms/education_privacy.html), and the [Google Privacy Policy](https://www.google.com/intl/en/policies/privacy/) (at <https://www.google.com/intl/en/policies/privacy/>).
