

## Virtual Students

A virtual student is one who receives all of his/her education online via the North Central Arkansas Education Cooperative or Virtual Arkansas.

### Virtual Student Discipline Procedures

Virtual students are still required to follow all policies and procedures set forth in the student handbook. If a virtual student is not meeting those expectations, then the following procedures could be implemented. The severity of the incident(s) and consequence(s) is up to Administrative discretion.

1. Parent contact made by the teacher.
2. Conference with teacher, students, and administration
3. Possible removal of students in the online learning platform and given paper copies of assignments. Instructional videos would be emailed or put on a flash drive.
