(2/21/18)

This document is packed with useful information regarding PowerSchool, the Tremont Website, both Apps and updated School Calendars! We hope you will take a moment to read to the end...

Below is some information about the PowerSchool Parent Portal/App & Tremont District 702 Website/App. **Please note that both Apps are designed to give you quick information at your fingertips, but the websites include additional detailed information.** For example, the PowerSchool App will show your child's Fee & Lunch balances, but the PowerSchool Parent Portal website will show you detailed information about what specific fees are owed or paid and show all of your child's lunch transactions.

PowerSchool App:

If you are using the PowerSchool app for the first time, it will ask you to enter a District Code, which is **KMBK**. You will use the same username & password that you use when you log into Parent Portal on your computer.

Here are a few highlights from the Parent Portal App:

- **School Bulletin:** Daily School Announcements can be found here.

You can manage your **notifications** for the app by clicking on "Account" at the bottom of your screen and then choose "Notifications". We have experienced a few times when the app hasn't been working. If this happens again, you are still able to access all information through the Parent Portal link above.
