## **INTRODUCTION**

It is the belief of the *Board of Education* of the Richland County Community Unit #1 that good discipline and the observance of basic school regulations are necessary in order to ensure maximum efficiency in carrying out the educational processes. **Students are expected to conduct themselves in a manner which reflects respect for each other, their teachers and other staff members, and school facilities.**

Although every area of regulation and conduct cannot be covered in this publication, this booklet contains in part several of the basic regulations and guidelines for acceptable student conduct and consequent penalties for violations of those regulations as well as other useful information. **IT IS THE RESPONSIBILITY OF EACH STUDENT TO KNOW THE CONTENTS OF THIS HANDBOOK AND TO SEE THAT YOUR PARENTS HAVE HAD AN OPPORTUNITY TO READ IT.**

This handbook is not intended to create a contractual relationship with the student; rather, it is intended to describe the school, its current practices, procedures, rules, and regulations (or code of conduct). Membership or participation in a school-sanctioned activity is a privilege and not a proprietary right.

## **RULE JURISDICTION**

The jurisdiction of the school for student conduct includes all of the following: the transportation of students to and from school, whether by bus, or other vehicle, or walking; the presence and actions of students on campus during the school day and after-school activities; and the school-sanctioned activities that occur on campus. The school administration and staff will diligently manage and supervise student conduct in all programs, maintaining the confidence of students, parents, and the community.

## **EMERGENCY INFORMATION**

It is important that each student's emergency contact information be kept up to date on Skyward. This information provides direction in dealing with student emergencies. Parents are requested to assume the responsibility of providing the most current information at all times. In case of *injury or illness* a student **will not** be released from school without prior contact with a parent/guardian/responsible individual.

### **School Operations During a Pandemic or Other Health Emergency**

\*\* This section of the handbook is meant to apply generally to any pandemic or other health emergency and may be supplemented with other relevant and timely information that could be given throughout the emergency.

- A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. RCCU#1 and more specifically, RCHS, play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.
- During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that will impact your child. Please be assured that even if school is not physically in session, it is the goal of the school to provide your child with the best educational opportunities possible.
- Additionally, please note the following:
  - 1) All decisions regarding changes to the school environment and schedule, including a possible interruption of in person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
  - 2) Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
  - 3) Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning may be considered truant.
  - 4) All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the extent that discipline would be imposed for disruption of the traditional classroom.
  - 5) Students and parents will be required to observe all public health and safety measures implemented by the school and school district in conjunction with state and local requirements.

- 6) During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to every student.
- 7) School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
- 8) Students who have a compromised immune system, live with an individual who has a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
- 9) During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
- 10) In accordance with school district or mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
- 11) Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
- 12) Please do not hesitate to contact RCHS or district officials if you have any concerns regarding our child's education, health, or safety.

## **PROCEDURES FOR SCHOOL EMERGENCIES**

**(TORNADO, FIRE, EARTHQUAKE, INTRUDER)**

### **IN THE EVENT OF AN EMERGENCY:**

- No student will be dismissed from school unless a parent (or individual designated by a parent) comes for him/her.
- No child will be allowed to leave with another person, even a relative or babysitter, unless we have written permission. Please keep your child's emergency card up-to-date.
- All parents, or designated parties, who come for students must have them signed out at the office or at the temporary Student Release Station. Signs will be posted at the main building entrance if an alternate location is required.
- If you are not able to reach the school, we will care for your child here. We have a number of people with first-aid certificates, and will be in communication with various local emergency services. We do ask for your help in the following areas:
  1. Please do not call the school — we must have the lines open for emergency calls.
  2. Following an emergency, do not immediately drive to the school — streets and access to our school may be cluttered with debris. The school access route and street entrance areas must remain clear for emergency vehicles.
  3. Do turn your radio to **WVLN-WSEI**. Information and directions will be given over the radio or through a Sky Alert message..

### **Emergency Procedures: "Warning Codes"**

If an emergency situation is to be announced, the following warning codes should be used:

#### **Warning Codes**

- **(Fire, Bomb Threat, Earthquake)**  
-Evacuate the building.
- **Lockdown Community (Verbal Command)**  
-Danger Exists in the Community. Exterior doors are locked and monitored.  
-ALICE protocols are to be followed.
- **(Severe Weather/Tornado)**  
-Teachers are to remain with their classes and await instructions.
- **Lockdown Severe (Verbal Command)**  
- This situation involves one of the 3 following conditions: ALICE protocols are to be followed.
  - a. Gunman in the school
  - b. Shots being fired
  - c. A hostage situation
- **Lockdown Controlled (Verbal Command)**  
-Activates the Emergency Response Team (ERT).  
-ALICE protocols are to be followed.

## **RESPECT**

### **LEARNED ... EARNED ... RETURNED**

Respect is an essential part of my success. It is important to my success in school and when I am outside of school. Respect is an attitude that determines how I treat others, how I treat rules and other people's property, and how I treat myself. Respect is something that can be learned through a series of lessons in school and in life.

I can earn respect by the way I interact with others. Respect that is given is always returned to the person.

Respect for others is shown by ...

Keeping an open mind towards other people's ideas.

Communicating in a polite and friendly manner.

Telling the truth.

Respect for rules is shown by:

Learning the rules of the school and classroom.

Not trying to find a way around the rule.

Accepting responsibility if I break a rule.

Respect for property is shown by:

Taking good care of things that are loaned to you.

Putting trash in trash cans.

Not taking things that do not belong to you.

Respect for authority is shown by:

Following through on commitments.

Listening carefully when the person in authority is speaking.

Being on time and prepared.

Respect for self is shown by:

Taking pride in everything I do.

Keeping my word when I make a promise.

Dressing properly and speaking with appropriate language.

## **CORE EXPECTATIONS OF STUDENTS**

RCHS students should be aware of their important role as a representative of their school/community. Students should expect to be held to a high standard of conduct when under RCHS jurisdiction. Three (3) core set of expectations that provide the foundation for this standard of conduct include:

1. Respect – including self, others, and others' property
2. Responsibility – understanding one's role in any given situation and willing to be held accountable for one's actions
3. Work Ethic – willing to do what needs to be done to be successful

## **CORE EXPECTATIONS OF VISITORS/PARENTS**

Interested parents/visitors are welcome at RCHS. Parents should make prior arrangements with the principal and teacher before classroom visits. Visitors should always report to the Principal's Office upon entering the building. Parents/Visitors are required to sign-in in the high school office and wear a visitor's badge so high school faculty/staff are aware their presence has been cleared by administration.

Any person wishing to confer with a staff member should contact that staff member or the high school office to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied with Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).

## PREAMBLE

This handbook is provided to the students and their families to acquaint them with the rules, regulations, procedures and other relevant information necessary for the orderly functioning of the school. It has been structured to help promote student progress as well as an interest of modeling appropriate school government. In addition, this handbook provides for the psychological and physical safety of the students through appropriate rules and regulations.

When breaches of school disciplinary rules and regulations occur, it is the responsibility of involved teachers and administrators to work with the student, his/her parents, and other support personnel to help the student correct his/her behavior. All disciplinary actions shall be directed toward protecting the welfare of the school community as well as helping the student develop self-discipline. When determining the response for a specific breach of discipline, school personnel will consider the nature of the act, the student's previous history, his/her age and maturation, any mitigating circumstances, and the effect of his/her actions on the welfare of the school community. Disciplinary responses may include but are not limited to the actions described in this handbook.

### 1. CURRICULUM INFORMATION

1.1 This handbook gives basic curriculum information and a listing of courses available. More complete information and a description of courses are found in another publication available in the Student Services. The various courses are intended to meet the needs of the students in accordance with their abilities and aptitudes. A careful study is necessary so that the student may make a wise choice. You will need the advice and suggestions of your parents/guardian, teachers, and counselor.

1.2 For graduation from high school, you must earn 28 credits and participate in State assessments that are required for graduation by the School Code, 102 ILCS 5/2-3.64a-5, unless the student is exempt.

1.4 Definitions

**School Year and School Term** — The school year consists of two semesters, one beginning in August, and one in January. Each semester is divided into two terms. Each term is a basis for reporting achievement to parents. Summer instruction is offered when available.

**Credit** — A credit is an indicator of successfully completed school work. Credit may be issued on the basis of a term, a semester covering two terms or four terms covering two semesters. Credits will be issued as follows: 1 term (9 weeks) = .5 credit, 2 terms (one semester) = 1 credit, 3 terms (one semester and one term) = 1.5 credits, and 4 terms (two semesters/full year) = 2 credits.

**Prerequisite** — A prerequisite is a course which you must complete before you may take certain other courses. These prerequisite courses give a basis for other required work at more advanced levels.

**Progress Report** — This report is issued at the midpoint of each term for each class the student is taking.

**Disciplinary Hearing** — Disciplinary hearings are conducted before the Board of Education at a regular or adjourned session. Parents or guardian are required to attend that Board of Education meeting to discuss the problem. At this hearing the Board of Education usually makes a decision regarding future attendance which might be made probational or the student could be excluded from attendance.

6. Copy of adoption document, if applicable.
7. Copy of legal name change documents where applicable. (Adoption—name change, marriage)

3.2 Transfers: Students transferring out of this school district to another one are required to have parents/guardians come and sign a release form. Students must also follow a prescribed checkout procedure. (See Paragraph 2.3.) Failure to complete either or both of these steps will result in problems in transferring records

until compliance with the above is completed.

- 3.3 **Withdrawal From School:** State attendance laws prohibit indiscriminate school leaving. Any and all requests concerning withdrawal must be reviewed by the high school administration. Each case will be considered individually and on its own merits as supported by law.
1. Obtain approval of the high school administration.
  2. Withdrawal form from the Student Services.
  3. Acquire the proper signatures as noted on withdrawal form.
  4. Return all textbooks/library books and chromebooks, pay money owed to the cafeteria, clubs, class, and return any uniforms (athletic, JROTC, Band, etc.)
  5. Return completed form to the Student Services.

#### 3.4 **Waiver of Student Fees**

Richland County High School establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees for certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, parking, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. The building principal or designee will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. For questions, contact the Richland County High School office.

#### 4. **WITHDRAWAL FROM COURSES**

All changes must start with a visit to the Student Services. Schedule changes/withdrawals are discouraged and require the approval of Guidance, course instructors and the high school principal. In any case, a parent conference may be required.

Class loads will determine if a schedule request can be made. Students must understand that **not all** requests to change their schedule will be made.

#### 5. **THE FIRST FEW DAYS**

The following is an outline of important matters having to do with procedure the first few days of school. Be sure to master every detail of it.

##### 1. **BECOME FAMILIAR WITH:**

- a. The daily schedule of the school.
- b. Your individual program.
- c. Location of your rooms, according to your daily schedule.
- d. Location of your locker.
- e. Learn the combination of your locks.

##### 2. **TEXTBOOKS, CHROMEBOOKS AND SUPPLIES:**

All basic textbooks must be rented from the school.

**Lost and Damaged Books:** Students are required to pay for lost books, workbooks and chromebooks. A student is issued another textbook/chromebook after paying for the lost book.

4a. **Only locks issued through the high school office** are to be used on your locker. It is **mandatory to have lockers locked at all times**.

4b. Learn your lock combination and **keep the combination to yourself**. You are responsible to use only the locker assigned to *you*. You are not authorized to use another student's locker or switch lockers with another student.

5. **Be punctual and regular in attendance** to every class.

6. A daily bulletin is e-mailed to teachers every morning and should be read during the third block. Listen closely to these announcements. This is your personal responsibility. The bulletin is posted daily outside the high school office. Check the bulletin boards frequently. Non-school related announcements will not be included in this bulletin.

#### 6. **ATTENDANCE**

6.1 Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

6.2 **Good attendance is necessary if a student is to experience the degree of success which he/she is capable of attaining.** Very few absences should be for reasons other than personal illness, illness in the family which prevents attendance, and unavoidable family emergencies which must be explained to the school authority. Illness and death in the immediate family are recognized as valid excuses for absence by the state of Illinois.

6.3 In order to achieve academic success, students must attend school regularly. All students and parents/guardians should familiarize themselves with the following Richland County High School attendance regulations: Students **who miss more than five (5) days (excused or unexcused) per semester will be required to show doctor verification to receive an excused absence. If a student absence is verified by a doctor's excuse before the student has reached the five (5) day limit, that absence will not count toward the five (5) days permitted in this section.**

#### 6.4 Pre-Arranged Absences:

Responsibility of the parents/guardian and student.

This is a request to be absent for purposes other than illness in the family or **family emergency**.

Parents/guardian and students should understand that such absences may not be in the best educational interest of the student.

All make-up work for these absences is the responsibility of the student and/or the parent/guardian to arrange.

A conference or telephone call from the parent is recommended.

##### Procedures for requesting prearranged absence:

1. Request for prearranged absence should be made **THREE (3) SCHOOL DAYS** before the intended day of absence.
2. Submit a note/email from the parent to the high school administration stating date(s) of requested absence, reason for, and who will accompany the student.
3. During this time of absence, the student must be accompanied by the parents/guardian or associated with some type of academic venture.
4. Obtain signatures from each teacher involved. If a teacher refuses to sign the form indicating the student should be in class because of current academic difficulties, then it is the decision of the parents/guardian as to whether or not the student should miss class. If a teacher signs this request, it indicates that the student is doing acceptable work in that class. If a teacher refuses to sign the request, he/she is indicating that the student needs to be in class.
5. Return the completed form to the high school office at least two days before the date of absence.
6. Regular re-admission procedure will follow.
7. Make-up time allowed. *Refer to 10.1.*

#### 6.5 Religious Holidays

Schools by law are required to release a student for observance of a religious holiday. If as a parent, you would like your son/daughter excused, please contact the high school office. **"Pre-Arranged Absences" procedure must be followed.** (*Section 6.4*) Religious retreats are not necessarily religious holidays.

#### 6.6 College Visitation (Pre-Arranged)

Students may use two (2) days during either their junior or senior year for the purpose of visiting a college or vocational school of their choice. A senior may use (1) day for an Armed Services physical exam instead of a college day. A student may only use one (1) college day per semester unless special permission is granted by administration. A written note from the parent must be submitted to the Student Services for approval. Students must meet institutional entrance requirements and be in good standing at Richland County High School. A college visitation request then must be secured from the Student Services three (3) school days prior to the visit and circulated by the student for teacher signature. **"Pre-Arranged Absence"** procedure must be followed. No college days granted for O.C.C.

A note of verification (from the college, university, vocational school or Services personnel) must be presented to the Student Services in order for the absence to be excused. College visitation days will **not normally** be permitted immediately before or after a holiday, on the day of prom or special event, final exams, or after **April 30 of the school year**. College visitation may be limited on any one particular day. Students are encouraged to use Saturday "Open House" dates or visit a campus on dates that RCHS is not in session.

#### 6.7 Types Of Absences

##### EXCUSED

Excused absences are unplanned or unanticipated absences which become necessary from time to time for various reasons. Such absences include, but are not limited to the following:

- A. extraordinary emergency in the home or family
- B. personal illness, physical disablement or hospitalization
- C. severe illness or death in the family
- D. medical or dental appointments
- E. religious meeting
- F. circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety
- G. attending a military honors funeral to sound TAPS1
- H. other reason as approved by the building principal

**NOTE: WHEN A STUDENT IS ABSENT FOR AN UNPLANNED OR UNANTICIPATED REASON LIKE THOSE LISTED ABOVE, HIS/HER PARENT SHOULD CALL THE SCHOOL (393-2191) BEFORE 10:00 A.M. ON THE MORNING OF THE ABSENCE.** (Students may also bring a note from a parent and/or doctor to the office before returning to school stating the reason(s) for their absence in order to be considered for an Excused Absence. Students have a maximum of two (2) days to bring in a note from home, after which time the absence is counted as unexcused.)

**IN ADDITION, HOMEWORK REQUESTS MUST BE RECEIVED IN THE Student Services BY 10:00 A.M. TO ENSURE IT WILL BE READY FOR PICK-UP BY THE END OF THE SCHOOL DAY.**

##### PREARRANGED

Refer to 6.4

## UNEXCUSED

Unexcused absences are absences with or without consent of parents, but for a reason that is not acceptable to the school. This may be considered truancy and appropriate disciplinary action will be taken. Such absences include, but are not limited to, the following:

- A. job interview
- B. work (at home or place of employment)
- C. missing the bus
- D. car trouble, transportation related
- E. driving test
- F. hair cut
- G. shopping
- H. taking pictures
- I. babysitting
- J. family choice
- K. personal reasons
- L. oversleeping

### 6.8 School Activities

Students are prohibited from attending any school-sponsored activity without prior administrative approval if they have been absent from school that day for more than half the day.

### 6.9 Home and Hospital Instruction

A student who is absent or whose physician, physician assistant, or licensed advance practice registered nurse anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction as well as for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact the RCHS Student Services.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

## 7. ADMISSION TO CLASS AFTER ABSENCE

- 7.1 When a student has been absent from class, his/her parent should call the school (393-2191) before 10:00 A.M. on the morning of the absence or the student should bring a note from a parent/guardian and/or doctor to the office before returning to school stating the reason for their absence in order to be considered for an excused absence.
- 7.2 If a parent or guardian does not call in for the student or send a note upon returning, a note must be presented the following school day before the student returns to class. If proper verification is not received in the office excusing the student for an absence, the absence will be considered unexcused. Appropriate disciplinary action will be taken at this time. If a student is married or lives away from a parent/guardian, arrangements must be made in the office for clearing absences. The attainment of age eighteen (18) does not mean the student may write his/her own notes. Eighteen (18) year old students must submit notes from their parent/guardian with whom they live.
- 7.3 All absences that are extracurricular/school sponsored will be prearranged and the responsibility of that activity's sponsor/coach. Students involved in the above need not present a verification of absence.
- 7.4 Each student absent is responsible for having had his/her note **processed for readmission prior to 7:55 A.M.** There is **no guarantee** that students entering the office after that time will be able to get to class on time. In these cases, the teacher is to count this student tardy to class.
- 7.5 The student is responsible for acquiring make-up work assignments from the teacher and for turning in those assignments to the teacher **on or before** the agreed upon date.

## 8. TRUANCY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. A student who misses 15 consecutive days of school without a valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

Administration will provide notification to the Truancy Officer at the Regional Office of Education immediately upon 3 unexcused absences during any semester. A student who is the subject of such a notice, and his parents or guardians, must fully cooperate with and participate with the Truancy Review Board or any other measure required or referred by the Regional Superintendent.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

## 9. TARDINESS

- 9.1 With the first period class beginning at 8:00 A.M. and ample passing time between classes, **there should be no tardiness.**
- 9.2 **TARDY TO CLASS:** Students tardy to class will be subject to disciplinary action by the instructor/Administrator and this may also have a negative impact on the participation portion of their grade. Each instructor is expected to have and enforce a tardiness policy. Teachers or Administrators will issue either after school detentions or lunch detentions, or Saturday school for excessive tardiness.
- 9.3 A student who signs in 10 or more minutes late to class without a valid reason will be considered truant for that block and will be subject to disciplinary consequences.
- 9.4 A student who is having difficulties in moving from one class to another during passing time should be referred to or seek immediate advice from the Guidance Department.

## 10. MAKE-UP WORK

- 10.1 **Excused Absence** — All work may be made up with credit. The student will be allowed one day for every day absent to complete the make-up work.
- 10.2 **Absence Due to Suspension** – Full credit will be given for work missed as long as it is completed and returned to the appropriate teacher on the first school day upon return from suspension. Work turned in late will be given less than full credit based on the teacher's late work policy. It is the responsibility of the student to gather work missed due to suspension.
- 10.3 **Unexcused Absence/Truancy** — A student is to make up all work and it is the responsibility of the student to determine from the teacher a due date for each assignment missed. Less than full credit will be given based on the teacher's late/missing work policy.
- 10.4 **Incomplete Grades** — **All incomplete grades must be completed within two weeks after the end of each term/nine weeks.** Due process provided.

## 11. FINAL/SEMESTER EXAMINATIONS

A final exam is the last test in each course by the student.

### **EXCEPTION: SENIORS - SECOND SEMESTER**

Seniors may earn the privilege of being exempt from fourth term/nine weeks **final** exams if they meet the following criteria:

**A average** with no more than **3** absences per block during second semester (third and fourth terms)

**B average** with no more than **2** absences per block during second semester (third and fourth terms)

**C average** with no more than **1** absence per block during second semester (third and fourth terms)

**D average** with **NO** absences per block during second semester (third and fourth terms)

**\*Note: Students enrolled in dual credit courses will not be exempt from final exams.**

- 11.1 All students are required to take a semester and/or a final examination. Perfect attendance will not excuse any students from the examinations. Perfect attendance rewards will be given quarterly using alternative approaches.
- 11.2 **All absences are counted** in the perfect attendance policy except absences due to school sponsored activities such as field trips, athletic events, college or vocational school visitations, and armed services exams cleared before the date of the absence. Also to be included are absences for the funerals of immediate family members (parents, brother, or sister - 3 days, grandparent - 1 day) none of which will affect perfect attendance. Extenuating circumstances may be appealed to the Administration.
- 11.3 **Failure to take final examination in a course as required by the school authority may result in no credit given.** If a student cannot take the scheduled exam because of critical illness, death in the immediate family, or an explained family emergency, the student's parents/guardian **must** contact the principal's office in **advance of the absence** and arrange an approved alternate exam schedule.
- 11.4 Leaving the examination area prior to dismissal by the proctor may result in failure of the examination/course.
- ## 12. STUDENT IDENTIFICATION
- 12.1 The failure of a student to give his/her name upon request of a staff member or substitute teacher is guilty of **gross disobedience** and will face severe

punishment.

### 13. STUDENT APPEARANCE

13.1 It is the responsibility of the Board of Education to ensure that every student has a safe environment in which to learn. Students' dress and grooming must not disrupt the educational process, interfere in the maintenance of a positive teaching and learning environment, or compromise reasonable standards of health, safety and decency. Clothing, jewelry, and other wearing apparel worn by students, or students grooming that, in the opinion of the school administration, disrupts the educational process, interferes with the maintenance of a positive teaching and learning climate or compromises reasonable standards of health, safety and decency is prohibited. Such items include:

- (1) Clothing, jewelry or other wearing apparel which is embellished with, suggests or promotes gang affiliation:
- (2) Sunglasses, hats or unusual headgear of any kind during school hours:
- (3) Clothing, jewelry and other wearing apparel that is embellished with, suggests, promotes or depicts alcohol, tobacco, drugs or profanity. This includes clothing that administration, faculty, or staff deems as having a "double meaning":
- (4) Clothing or other wearing apparel which is sexually explicit, including but not limited to:  
tube tops/halter tops, clothing that shows the bare back and/or midriff, low cut shirts and/or shorts and skirts that are revealing, and transparent/mesh clothing without adequate undergarments.
- (5) Coats, jackets, backpacks, and hats are not to be worn inside the school during the school day and shall be either kept in students' lockers or not to be brought to school:
- (6) Excessively ripped pants, trousers, shorts or jeans, and chains are prohibited due to safety concern; and no pants, trousers, shorts or jeans should be worn below the waistline for safety concerns.

Students should take into consideration classes where additional safety measures are required, such as industrial education, shops, laboratories, physical education and art classes, and in general those classes where appropriate dress and grooming present an actual danger to the health or safety of the students or others present.

Students wearing apparel prohibited by this policy shall be asked to turn the garment inside out, take the garment off and exchange it for a permissible item or shall be required to go home to change into something that is permissible pursuant to the terms of this policy. Students may also be subject to discipline for wearing items prohibited herein.

### 13.2 DRESS CODE—PHYSICAL EDUCATION CLASS

Each student must have separate clothes to be worn for Physical Education class. Proper dress for class consists of plain white T-shirt (no writing or pictures), black shorts or black sweats, and tennis shoes. Failure to comply will result in a no dress/grade reduction. Locks must be purchased at school to be placed on their assigned locker.

If the student does not dress for class and/or does not participate, the following point system will be used to determine the participation grade when no written excuse is given:

*FIRST DAY - No Penalty*

*SECOND DAY - Grade lowered from an A to a B*

*THIRD DAY - Grade lowered to a C - Parent Contact by Letter/Phone Call*

*FOURTH DAY - Grade lowered to a D - Referral to Asst. Principal and Assigned Two (2) Hours of Saturday School.*

*FIFTH DAY - Grade lowered to an F - Referral to Asst. Principal with Parent Contact to Discuss Possible Ways the Student May Still Pass the Class.*

### 14. SEARCH AND SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

#### School Property and Equipment as well as Personal Effects Left There by Students

##### Student Searches

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Questioning of Students Suspected of Committing Criminal Activity Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will:

- (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing;
- (b) Make reasonable efforts to ensure the student's

parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

### Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

### Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

## 14.1 LOCKERS

Each student is assigned an individual locker. **Students must keep their lockers locked at all times.** Lockers will be assigned to students alphabetically. This is the locker to be used during the school year. Any damages done to that locker will be assessed to the student. Students may not switch lockers. Any student who has switched lockers will be asked to move and may be subject to disciplinary action.

14.2 Lockers may not be shared. Periodic checks will be done to insure compliance.

## 14.3 ADHESIVE SIGNS, STICKERS, POSTERS, ETC., ARE NOT PERMITTED ON THE OUTSIDE OF LOCKER SURFACES.

14.4 Lockers are school property and are provided to students for their convenience. However, students shall be informed in writing and/or orally from time to time that they may not expect privacy in student lockers. The administration may from time to time, as it deems necessary, open lockers in a general administrative search of all lockers in order to seek missing library books and other school materials, and also for the presence of other items not reasonable or prudent for storing in student lockers.

In addition to the foregoing, when there is reasonable suspicion that a student locker contains illegal or improper items, and that a search will expose evidence that a student has violated or is violating either the law or school rules, the administration may open such locker and seize any such items found.

## ADMINISTRATION HAS ACCESS TO LOCKERS AT ANY TIME.

## 15. TELEPHONE/MESSAGES

15.1 Parent/guardian messages for students will be delivered at the end of 2nd period and 4th period so that **students may respond during lunch hour** or immediately **after school.** **ONLY** messages of **EMERGENCY** from parents or guardian will be delivered at other times. **JOB INFORMATION** is **NOT** considered an emergency.

## 16. DISCIPLINE PHILOSOPHY

16.1 One of the most important lessons education should teach is self discipline. While it does not appear as a subject at Richland County High School, it underlies the whole educational structure. It is the training that develops **SELF-CONTROL, CHARACTER, ORDERLINESS,** and **EFFICIENCY.** It is the key to good conduct and **CONSIDERATION FOR OTHER PEOPLE.**

16.2 From time to time some people find it difficult to follow rules that are made to insure the **greatest convenience** for the greater number. Unfortunately continued infractions of rules of conduct by those few must be penalized. Personal consideration for other people extends to fellow students, faculty members, and other supervisory personnel within Richland County High School. Specific references to discipline are found elsewhere in this booklet.

16.3 Penalties for continued infractions and rules for code of conduct will include but not be limited to: (1) detention, (2) Alternative Education Room/Saturday School, (3) Late Stay and (4) suspension from school.

## 17. THE SCHOOL AND LAW

17.1 Any unlawful act taking place on school grounds or buses not only makes the student subject to penalties which the courts may prescribe, but also will result in the school taking any disciplinary steps deemed necessary and/or appropriate.

17.2 The Illinois School Law Code and the RCHS Student Handbook policies, rules, regulations, etc., will be in effect 24 hours a day, 7 days a week, and 12 months a year.

17.3 Richland County High School jurisdiction for student conduct includes all of the following:

1. On, or within sight of school grounds before, during, or after school hours or at any time a school group is using the school.
2. Off school grounds at a school-sponsored activity, or event, or any activity that bears a reasonable relationship to school.
3. Traveling to or from school or a school activity, function or event.
4. Anywhere, if the conduct may be reasonably considered a threat or an attempted intimidation of a school staff member, or an interference with school purposes or an educational function.

## 18. CLASSROOM DISCIPLINE

18.1 Students are to conduct themselves in the classroom in a manner which is conducive to a good learning environment. Disruptive behavior is an encroachment on

the rights of other students to realize maximum benefits from the class, and will not be accepted.

- 18.2 Students have the responsibility of observing the rules set by the teacher. Problems of discipline which cannot be resolved by teacher and student will be referred to the Assistant Principal's office. The student will be disciplined depending upon the nature of the problem.
- 18.3 Teachers will be attempting to solve disciplinary problems within their own classrooms by assigning detention or other forms of disciplinary action which might be appropriate. If a student refuses to cooperate or does not comply, parental contact will be made prior to the student's referral to the high school administration for further action.

## 20. TYPES OF PENALTIES

STUDENTS ENROLLED IN RICHLAND COUNTY HIGH SCHOOL ARE SUBJECT TO THE DISCIPLINE THEREOF. THE PURPOSE OF THE DESCRIBED PENALTIES IN THIS SECTION IS TO ALTER FURTHER UNDESIRABLE BEHAVIOR. ANY STUDENT OF RICHLAND COUNTY HIGH SCHOOL, WHETHER AT SCHOOL, ON THE WAY TO/FROM SCHOOL, OR INVOLVED IN A SCHOOL ACTIVITY AWAY FROM THE SCHOOL PREMISES, SHALL CONDUCT HIMSELF/HERSELF IN SUCH A MANNER AS NOT TO BE DETRIMENTAL TO THE WELFARE OF THE SCHOOL OR ANY OF THE STUDENTS OR DISTRICT PERSONNEL THEREOF. 1. Student must have materials for study.
2. Student must arrive by 3:05 P.M. or will not be permitted to enter. The detention period is from 3:05 to 3:35 P.M. (2:03 - 2:33 P.M. during early release schedule). Closed campus (Lunch Detention) will be in the Lunch Detention room from 12:16 to 12:46 P.M. Detention times may vary and will be communicated by the Assistant Principal.
3. A grace period of one day is provided for the student to inform the parent/guardian and make necessary arrangements for transportation. Work, transportation problems, extra-curricular practices, etc. are not legitimate reasons for missing assigned detentions.
4. Students are responsible for notifying their parent or guardian that this penalty has been assigned and the parent/guardian is responsible for the student's transportation after the detention. (*Board of Education Policy*)
5. If there are any circumstances preventing a student from serving detention as assigned, this must be approved by the high school office. This is the responsibility of the student or the student's parents/guardian.
6. Students who do not attend a scheduled detention will be considered unexcused. A student considered unexcused from detention will lose the following privileges until all detentions are served:
  - Attending all school sponsored extracurricular activities including both athletic and non-athletic events (examples include: IHSA sports, Dances, plays, concerts, etc...).
  - Participation/competing in all school sponsored extra-curricular activities including both athletic and non-athletic events (examples include: dances, Clubs, Organizational events, Class officer meetings, IHSA sports etc...).
  - Student-athletes and students involved in performance-related activities are required to attend but may not dress or participate.
  - Participation in athletic and non-athletic practices. Student-athletes and students involved in performance-related activities are required to attend but may not dress or participate.
  - When a student accumulates two unexcused detentions, that student will then be assigned a 4-hour Saturday School in place of the detentions.
1. If a student repeatedly fails to serve assigned detentions and/or Saturday School, the student may be assigned In-School Suspension (AER) and/or put on Social Probation for gross insubordination and repeated failure to follow school policies.

Detention/closed campus will be for the following reasons:

1. Excessive tardiness
2. Truancy — amount of time truant will determine severity of penalty.
3. Other violations of school regulations.

20.2 **Saturday School** - Saturday School is an in-school suspension period from 8:00 AM until 12:00 PM (noon). Students may be assigned anywhere from one (1) to four (4) hours of Saturday school depending on the nature of the discipline incident. The amount of time assigned shall be at the discretion of the administrator. The following procedures will be in place for Saturday School:

1. The doors are open at 7:50 AM and the students must be in their proper location before 8:00 AM.
2. The student must bring books, school supplies, homework, and educational materials. Students will not be permitted to go to their locker.
3. Failure to attend assigned Saturday school the first time will result in the amount of time being doubled. Failure to attend Saturday school a second time will result in being placed on Social Probation and/or In-School Suspension/AER. Absences from Saturday school will be for emergency reasons only such as a death in the family or a serious illness in the immediate family with parent/guardian verification required upon returning to school.

20.3 **Alternative Education Room (AER)** – The Alternative Education Room (AER) is designed to keep students in their instructional setting as opposed to out-of-school suspension, and yet impose a negative consequence to violations of school policy. Students may be assigned from one block to a full day or days because of inappropriate behavior and/or lack of academic progress.

20.4 **Suspension** is temporary removal from classes and school activities and can be for a period of time up to ten days. All suspensions are reviewed before the Board of Education. While suspended, a student may not participate in or attend any school activity or be present on school property. "Act of God" days count toward days of assigned suspension. Full credit will be given for work missed as long as it is completed and returned to the appropriate teacher on the first school day upon return from suspension. Work turned in late will be given less than full credit based on the teacher's late work policy. It is the responsibility of

the student to gather work missed due to suspension. An administrator or designee shall meet with a student returning to school from out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful and include an opportunity for students who have been suspended to complete or make-up missed work for academic credit.

### **Short Term Suspension (1-3 days)**

May be used if there is a threat to school safety or a disruption to other students' learning opportunities. School officials shall determine the meaning of the threat to school safety and disruption to other students' learning opportunities on a case by case basis. School Officials will document in the suspension decision whether other interventions were attempted or whether it was determined that there were no appropriate and available interventions.

### **Long Term Suspension (4-10 days)**

May be used if other behavioral and disciplinary interventions have been exhausted and/or if the student's continuing presence in school would either:

1. Pose a threat to the safety of other students, staff of the school community, or
2. Substantially disrupts, impedes, or interferes with the operation of the school.

On a case by case basis, school officials should determine: 1) the availability and use of interventions; and 2) the meaning of threat or disruption. School officials will document whether interventions were attempted or whether there were no appropriate and available interventions. Students suspended (out of school) longer than 4 school days will be provided with appropriate and available support services, as determined by school officials.

20.5 **Expulsion** is an exclusion from school attendance and school functions for up to two (2) years with loss of school credit. Expulsion also prohibits any personal appearance on a Richland County school campus except by an approved appointment for reasons of business.

29.6 Students are not exempt from Federal, State or Local Laws. Therefore, consistent with existing laws governing the sale or delivery, possession or use of prohibited drugs (alcohol, marijuana, etc.), "look-alikes", prescription drugs, inhalants, anabolic steroids, or drug paraphernalia, any student suspected of being in violation of these laws will be immediately reported to the appropriate law enforcement official for possible investigation and action.

30.1 Students involved in physical abuse in the building or on school property will be subject to disciplinary action. School administrators will consider the seriousness of the act before determining proper punishment for each offense.

### 33. **INSTRUCTIONS TO SCHOOL BUS RIDERS**

33.1 School bus riders, while in transit, are under the jurisdiction of the school bus driver unless the local Board of Education designates some adult to supervise the riders.

1. Be on time at the designated school bus stop — help keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
4. Do not leave your seat while the bus is in motion.
5. Be alert to a danger signal from the driver.
6. Remain in the bus in the event of a road emergency until instructions are given by the driver.

7. Keep hands and head inside the bus at all times after entering and until leaving the bus. Do not throw anything out of the bus windows.
  8. Remember that loud talking and laughing or unnecessary confusion diverts the driver's attention and could result in a serious accident. Always follow the direct instructions of the driver.
  9. Be absolutely quiet when approaching a railroad crossing stop.
  10. Treat bus equipment as you would valuable furniture in your own home.
  11. Assist in keeping the bus safe and sanitary at all times. No eating or drinking is allowed on the bus.
  12. Carry no animals, no glass containers, and no skateboards on the bus.
  13. Keep books, packages, coats and all other objects out of the aisles.
  14. Leave no books, lunches, or other articles on the bus.
  15. Be courteous to fellow pupils and the bus driver.
  16. Help look after the safety and comfort of smaller children.
  17. Do not ask the driver to stop at places other than the regular bus stop; he/she is not permitted to do this except by proper authorization from a school official.
18. Observe safety precautions at discharge point. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Then wait for a signal from the bus driver permitting you to cross. Do not step over or under crossing arm or swing on it.
  19. Observe the same rules and regulations on other trips under school sponsorship as you observe between home and school. Respect the wishes of the chaperone appointed by the school.
  20. Seating assignments may be made at the driver's discretion.
  21. Do not have any tobacco products or light matches on the bus.
  22. Once you have entered the bus, never leave the bus except at your designated discharge point without the bus driver's permission.
  23. Students are allowed to ride only their regular route bus(es).
  24. Knives or other sharp objects are never to be displayed on the bus.
  25. The use of profane or vulgar language in verbal or written form, or in drawings including obscene pictures will not be tolerated.
  26. Horseplay, rough-housing, harassment, and physical contact is NOT permitted.
  27. Cell phones are to be turned off and in book bags while on the bus.

### 33.2 VIOLATION OF BUS RULES

The school bus driver has the responsibility for supervising and controlling students on the route. If the driver is unable to control students through his/her efforts, then a **School Bus Incident Report** is to be filled out by the driver. On the same day, if possible, or as soon as practical, this report is to be taken by the bus driver to the building administrator for disciplinary action. The building principal will take appropriate disciplinary action. The following procedure will apply to incident reports involving "gross misconduct or a serious safety hazard to other students". A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

**First Incident Report** — The administrator will notify parent/guardian of violation(s). If the first incident report is of a severe nature, the administrator may suspend the student from the bus for a period of time not to exceed ten (10) school days. Suspension shall be reported to the parent/guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review before the superintendent. A meeting with the parent/guardian and bus driver may be required by the building principal.

**Second Incident Report** — The administrator will suspend the student for a period of time not to exceed ten (10) school days or until a meeting has occurred with the parent/guardian and bus driver. Suspension shall be reported to the parent/guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review before the superintendent. Prior to student being permitted to ride the bus again a meeting must occur between the parent/guardian, principal and bus driver.

**Third Incident Report** — The administrator will suspend the student for the remainder of the school year. Suspension shall be reported to the parent/guardian of such pupil along with a full statement of the reasons for such suspension and a notice of their right to a review before the superintendent.

Nothing in this section shall prohibit the building principal from taking further disciplinary action in accordance with the student handbook.

**\*Incident Reports** not involving "gross misconduct or a serious safety hazard to other students" will be handled by the building administrator. The administrator will discipline the student as he/she deems appropriate.

### 34. STUDENT USE OF AUTOMOBILES

Parking on the RCHS student lot is a privilege. On-campus student parking is located in the south parking lot, west parking lot, and designated parking spaces in front of the gym. Students choosing to park off-campus may park along Lincoln, Laurel, and Locust streets. Students are not permitted to park in the faculty parking lot located north of the school. Failure to adhere to the parking regulations, unsafe driving or improper use of the vehicle may result in penalties, restrictions, and/or removal of the driving privilege and reserved parking space. Any revocation of parking privileges will not result in a refund of the parking registration fee.

Parking permits will be available to students as long as they last. They will be offered to seniors and juniors first. Any leftover permits will be available to sophomores until they run out. Freshmen will not be allowed to purchase a parking permit.

**All student parking is reserved.** A fee will be charged to purchase a parking permit. If your permit is lost, a replacement may be purchased in the office. **The number on the permit will correspond to the number of the parking space.** Each student's reserved parking spot will be in effect from 7:30 a.m. to 3:30 p.m. each school day. Reserved parking for students is not in effect for any type of extra-curricular activity.

Any vehicle driven to school and parked on the student lot must have a valid parking permit clearly displayed. Students must park **ONLY** in their assigned place. If a student is absent from school, no other student may park in the vacant space. **If you arrive at school and find your space occupied, legally park on one of the adjacent streets or temporarily in visitor parking and notify the office immediately of your parking space number, vehicle description and plate number of the vehicle in your space.** The operator of the vehicle in your space will be subject to disciplinary action. **DO NOT park in someone else's reserved spot, as this would only add to the existing problem.**

Parking permits will be made available to students at a designated time and a student must possess a valid driver's license and have paid his/her school fees before being eligible to buy a parking permit.

34.1 The following regulations will apply:

1. Vehicles must be driven in a manner **ensuring the safety of pedestrians and other drivers.**
2. Vehicles are to be properly parked at all times. Parking violations may result in a vehicle being towed away at the owner's expense.
3. Cruising on school property is prohibited. Once a vehicle enters school property it must be parked immediately. Once a vehicle is parked, all persons in the vehicle shall vacate it immediately and clear the parking lot.
4. Students should keep their cars locked.
5. Car and driver will be registered at the main office.
6. Radios/tapes and all other forms of mechanical sounds must be kept to a minimum.
7. Students are prohibited from sitting on parked or moving vehicles.

34.2 Improper use of automobiles could result in restriction of driving privileges, parent/police notification, and disciplinary action taken by the school.

34.3 The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

- Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.
- Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME.** Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.
- Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

No student athlete may practice or participate in any sport on the days suspended from school for disciplinary reasons.

#### 35.3 **Student Athlete Concussion and Head Injuries**

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

**36. PROOF OF INSURANCE**

The posters and/or flyers subject to a request must be student-orientated and have the sponsoring organizations name prominently displayed. Permission will be denied to post or distribute any material that would: disrupt the educational process; violate the rights of others, including material that is defamatory; invade the privacy of others; infringe on the copyright; or be obscene, vulgar, or indecent.

No commercial publications shall be posted or distributed unless their purpose is to further a school activity, such as graduation, class pictures, or class rings. No information from candidates for non-students' elective office shall be posted in the school, except on election day, or distributed to students.

Once permission is granted, the organization must arrange to have copies delivered to the school. Distribution of material under the policy will be done by the classroom teacher without discussion.

Failure to abide by the above policy will result in appropriate disciplinary action.

**38. SCHOOL VISITATION RIGHTS ACT**

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings and behavioral meetings. **39. Richland County Community Unit District #1 Medication Policy and Vision Screening**

39.1 The purpose of this medication policy is to comply with the recommended guidelines for medication administration in schools by the Illinois Department of Public Health, the Illinois State Board of Education, and the Illinois Association of School Nurses. A written order for prescription and non-prescription medications from the child's licensed prescriber and a written request from the parent/guardian requesting the medication be given during school hours must be on file at the

school (See next two pages).

Only those medications that are necessary to maintain the child in school and must be given during school hours shall be administered.

The form for the written order must be obtained from the child's school. It must be completed and signed by the child's licensed prescriber. The parent/guardian must complete and sign the parent/guardian section of this form. (See next two pages) Any changes in medication orders must have written authorization from the licensed prescriber. The written medication orders must be renewed annually for long-term medications.

In order to provide the best health care to your child it may be necessary for the school nurse to consult with the prescribing physician regarding the child's medication and physical condition. To allow the school nurse and the prescribing physician to exchange information regarding the medication/treatment plan, an Authorization for Release of Information form must be signed by the parent or guardian.

It is the parent/guardian's responsibility to assure that the completed Permit to Give Medication In School form (See next two pages), the Release of Information form, and the medication(s) are brought to the school.

Prescription medications must be brought to school in a container appropriately labeled by the pharmacy or physician. Non-prescription medications ordered by the physician shall be brought with the manufacturer's original label and the child's name affixed to the container. The medication will be stored in a locked drawer or cabinet in an appropriate school office. Medications requiring refrigeration shall be stored in a secure refrigerated area.

A certified school nurse shall administer the medication. In the absence of the certified school nurse, the school administrator, or his/her school designee may supervise self-administration of medication or request the parent/guardian come to the school to administer the medication. When medication is administered at the school the certified school nurse or the school administrator or his/her school designee shall document it on the medication sheet.

In order to comply with the Illinois School Code Public Act 92-0402 students with asthma are allowed to carry and self-administer life saving asthma medications while at school and at school functions. In order to ensure safe self-administration and handling of the medications an Asthma Policy Statement for Self-Administration of Asthma Medications has been developed in accordance with recommendations from the Illinois State Board of Education in compliance with the Illinois School Code Public Act 92-0402. To obtain a copy of the school's medication and/or asthma policy contact your child's school nurse.

The parent/guardian will be responsible at the end of the treatment regime for removing from the school any unused medication, which was prescribed for their child. If the parent/guardian does not pick up the medication by the end of the school year the certified nurse will dispose of the medication in the presence of a witness.

If you have any questions or concerns please contact the school nurse at the school your child attends.

39.2 Vision Screens – The Illinois Department of Public Health mandates vision screening in Illinois at the following grades or populations: preschool, kindergarten, second, eighth, special education, teacher referrals, and transfer students. If your child falls within the mandated grades or populations, he/she will be screened sometime during the school year. If you have questions or concerns regarding vision screening, please contact your child's school nurse.

39.3 Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

39.4 Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (618) 393-2191.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

39.5 Head Lice

The school will observe the following procedures regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to the parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and egg (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

39.6 All students entering 6<sup>th</sup> thru 12<sup>th</sup> grades will be required to show proof of receipt of one dose of

Tdap vaccine regardless of the interval since the last DtaP, DT, or Td dose. Please contact the school nurse with any questions.

#### 40. STUDENT RECORDS

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (Including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes; though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student..

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

**1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

**2. The right to request removal from the student's academic transcript one or more scores received on college entrance examinations.<sup>1</sup>**

A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student's academic transcript. This includes the State assessment that includes a college and career readiness determination. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of these scores from a student's academic transcript, the parent/guardian or eligible student must submit a written request to the building principal.

**3. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

---

<sup>1</sup>

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

**6. The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

*Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.*

**7. The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.<sup>2</sup>**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

**8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.**

**9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington DC 20202-4605

**41. SURVEILLANCE CAMERAS**

Due to the increased need for security in, on and around the District’s schools and buses, the District’s Safety Committee has recommended that the District install and use video surveillance cameras in the District buildings and school buses. The cameras will be located in the District’s buses, hallways, parking lots, building exteriors and gymnasium.

**42. PEST MANAGEMENT**

Regularly scheduled applications of pesticides are **not** permitted under the IPM policy.

### **Integrated Pest Management (IPM)**

The Integrated Pest Management program at this school will include the following:

- Regular monitoring to identify pest problems

## **EDUCATION OF STUDENTS WITH DISABILITIES**

Richland County High School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in school. The term "children with disabilities" means children between ages 3 and the day before their 22<sup>nd</sup> birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

## **EDUCATION OF STUDENTS WITH DISABILITIES: RELATED SERVICE LOGS**

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

## **DISCIPLINE OF STUDENTS WITH DISABILITIES**

The school and district will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education's *Special Education* rules when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

## **CIVIL RIGHTS GRIEVANCE PROCEDURE**

This grievance procedure along with explanations, due process and directions are available for inspection in the Assistant Superintendent's Office for *Title VI, Title IX*,

and Section 504 and for the elimination of discrimination and denial of services on the basis of race, color, national origin, sex, and handicapped grievances.

The grievance procedure is not required if the grievant(s) prefers other alternatives such as the Office of Civil Rights (OCR) or the courts. Due process shall exist throughout the procedure with the right to: (1) representation; (2) present witnesses and evidence; (3) confidentiality; (4) review relevant records; and, (5) proceed without harassment and/or retaliation.

### **4. Right to Information**

Unless state laws and right-to-privacy laws are violated, all relevant records with names and identifying information must be made available to the grievant(s) for use as evidence in the grievance issue.

### **5. Privacy**

If the issue is of the type that would require a decision from higher authority, the facts surrounding the grievance should be compiled in writing and submitted to the proper level of authority, operating through appropriate channels. ## **SURVEYS BY THIRD PARTIES**

Before Richland County High School administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation upon their request and within reasonable time of their request. This applies to every survey: 1) that is created by a person or entity other than a district official, staff member, or student, 2) regardless of whether the student answering the questions can be identified, and 3) regardless of the subject matter of the questions.

## **SUICIDE AND DEPRESSION AWARENESS PREVENTION**

Youth Suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. - The school administration or designee shall inform the parent or legal guardian, at the time the exemption is presented, of exclusion procedures, should there be an outbreak of one or more diseases from which the student is not protected.
- Exempting a child from health, dental, or eye examination does not exempt the child from participation in the program of physical education training. A separate request for exemption from physical education would need to be presented.
- For questions, contact the Richland County High School Nurse's office.

## **Local Meal Charges Policy for Students**

The purpose of this policy is to ensure that every child has access to healthy and nutritious lunches, regardless of the socio-economic status of a family. Under the National School Lunch Program, students will be allowed to charge meals when the student does not have cash available or there is no money left in the student's mealtime account.

If a student begins to accrue charges, the Parent/Guardians will be notified of the negative balances and will be asked for prompt payment. Statements will be mailed and/or e-mailed by the district or food service staff.

If the negative balance is not paid by the student's graduation date, the Superintendent is authorized to seek collection of delinquent debt owed to the fullest extent of the law.

It is the responsibility of the parent/guardian to monitor account status. Parents/Guardians can monitor food service account by utilizing the online payment system at <https://skyward/rccu1.net>. If parents/guardians need more information regarding the use of the online payment system, contact the district technology coordinator at 618-393-2191.

## **Richland County High School Student Services**

At Richland County High School the Guidance Department wants parents to understand that we keep the holistic well-being of their child our top priority. In order to do this your child has the opportunity to engage in counseling covering academics, college/career, and social/emotional topics on an individual basis, small group, and/or classroom environment. By acknowledging this handbook you agree to your child participating in counseling activities.

Because counseling is based on a trusting relationship between counselor and client, the counselor will keep information shared by the client confidential except in certain situations in which an ethical responsibility limits confidentiality. You will be notified under the following circumstances:

1. The student reveals information about hurting himself/herself or another person.
2. The student or another person may be in physical danger.
