**Cost:** \$500 per semester

SCAN ME

"I like how hands-on this class is. We work in the shop more than we sit in the classroom,"  
- Jack Welsh, Windsor High School

Ask your high school guidance counselor today about how you can enroll in Automotive Technology and Welding courses offered by Lake Land College Dual Credit Program and Eastern Illinois Education for Employment Services (EIEFES). This program provides students a jump start into high demand careers!
