July 23, 2019

Dear Parents,

Occasionally our office is asked by various military recruiters to provide a mailing list of student and parent information. These lists are intended to be used to inform students and their parents of the educational and career opportunities available in the military branches.

According to Indiana Code 20-10.1-29, Carroll Jr. Sr. High School must accommodate these annual requests from military organizations unless a signed written request from a high school student and the parent/guardian is submitted requesting that this directory information not be provided to official military organizations. If you would like your personal contact information to be withheld, complete the form below.

Sincerely,

Guidance Department

## Denial for Access to Student Directory Information

I do not wish student directory information (student's name, address, and telephone number) for \_\_\_\_\_ to

(student name)

Be placed on a mailing list that will be sent to military organizations.

\_\_\_\_\_  
(student signature)

\_\_\_\_\_  
(date)

\_\_\_\_\_  
(parent signature)
