Greetings ChattCo Family! As you may recall, the Chattahoochee County School System conducted a series of community engagement meetings in the Spring of 2017 as part of our Strategic Planning process. From those meetings, we found there was a need for a better, more effective communication process between the school system and the community. As a result, we have created a new website, app, and social media accounts, and have updated our phone messaging system. The flow of information appears to have gotten much better. We still want to continue to improve. In order to do so, we need your assistance.

The school system will be hosting a follow-up community engagement meeting on Thursday, March 1 at 5:00 p.m. in the middle/high school media center. This meeting will be a “Communications Review” and will focus on how we can continue to improve the flow of information between the school system, parents, and our community. We also want to discuss how we can better highlight the great things our students and teachers are doing, and market the awesome programs our school system has to offer. We ask that parents and all other community members participate in this conversation. Please mark your calendars for next Thursday, 5:00-5:45 p.m. Hope to see you there!

***Chattahoochee County School District Mission Statement***

*Our mission at Chattahoochee County School District is to prepare all students for college and career readiness as they grow to be productive contributors in society.*
