Midterm cost adjustment: A midterm cost adjustment with proof of a manufacturer increase of 5% or greater may be requested. All proposed price adjustments with supporting documentation must be received by Liberal Public Schools, Director of Child Nutrition and Wellness, by the first Monday in December of the contract year. Approved price increases will go into effect for products ordered on or after January 1 of the following year. The price adjustment requests must state the proposed new price changes; provide a copy of the manufacturer's old and new price list and a letter from the manufacturer stating that there are no special prices available. All proposed price adjustments must be approved by the Liberal CNW in order for any new pricing to take effect. Price decreases will not require any proof from the manufacturer. Liberal CNW reserves the right to solicit other sources for items when increases are proposed, and may change the source of supply if the proposed pricing seems unjustified.

Bidders must guarantee that if they do not currently stock the item being awarded that they will begin stocking the item in time for school ordering (July 2021) and as new items are added to the bid going forward.
