

# Riverside USD 114 Return-to-School Plan

## Home of the Cyclones

### Guidelines for Riverside Schools

USD 114 in consultation with the Doniphan County Health Department, has developed a plan to support school buildings and the community for reopening schools. USD 114's Return-to-School Plan provides a tiered approach with clear, actionable steps that are advisable before students and employees Return-to-School buildings. This plan will be applicable throughout the 2020-2021 school year.

This approach is built upon guidance and recommendations of local and state health officials; considers the reopening guidelines that have been provided by our state and federal leaders; and it is designed to prioritize the health and safety of students and staff as we open school buildings and deliver instruction for the 2020-2021 school year.

USD 114's Return-to-School Plan focuses heavily on the health and physical requirements necessary for reopening school buildings. USD 114 will continue to provide support to school buildings on navigating the academic, social, and emotional effects of the COVID-19 pandemic on students and employees.

USD 114's Return-to-School Plan provides the expectations and best practices to ensure a safe and successful 2020-2021 school year. USD 114 school buildings are expected to follow these expectations. Individual school buildings have the authority and flexibility to meet their individual needs and be responsive to their stakeholders with approval of the USD 114 Return-to-School Committee and the USD 114 School Board.

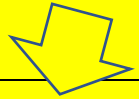

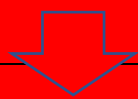

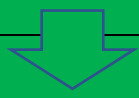

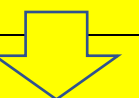

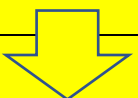

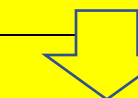

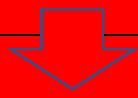

## Addressing Community Spread in Doniphan County

Low/No Spread	Minimal/Moderate Spread	Substantial Spread
<ul style="list-style-type: none"> <li>It is recommended that all persons in the school building will wear a mask, will sanitize hands hourly, and have temperature taken before entering the building.</li> <li>Establish and maintain communication with local and state health officials</li> <li>Participate in contact-tracing efforts as directed by local health officials (to the extent feasible)</li> <li>Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols</li> <li>Establish a protocol for students/staff who feel ill/experience symptoms when they come to school (see <i>When a Child, Staff Member, or Visitor Becomes Sick at School</i>)</li> <li>Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see <i>Protecting Vulnerable Populations for considerations</i>)</li> </ul>	<ul style="list-style-type: none"> <li>Persons in the school buildings may be required to wear a mask, will sanitize hands hourly, and have temperature taken before entering the building.</li> <li>Establish and maintain communication with local and state health officials</li> <li>Participate in contact-tracing efforts as directed by local health officials (to the extent feasible)</li> <li>Implement <b>enhanced</b> social distancing measures (see <i>Transitioning, Large Group Gatherings, and Teaching and Learning</i>)</li> <li>Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols</li> <li>Establish a protocol for students/staff who feel ill/experience symptoms when they come to school (see <i>When a Child, Staff Member, or Visitor Becomes Sick at School</i>)</li> <li>Isolate and deep clean impacted classrooms and spaces</li> <li>Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see <i>Protecting Vulnerable Populations for considerations</i>)</li> </ul>	<ul style="list-style-type: none"> <li>Coordinate with local and state health officials</li> <li>Participate in contact-tracing efforts as directed by local health officials (to the extent feasible)</li> <li>Buildings that are closed, remain closed. Implement distance/remote learning (see <i>Serving School Meals and Supporting Teaching and Learning</i>).</li> <li>Close off affected areas and if possible, wait 24 hours before cleaning and disinfecting.</li> <li>Accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see <i>Protecting Vulnerable Populations for considerations</i>)</li> </ul> <p>For additional guidance on addressing community spread, see the <a href="#">CDC's Considerations for Schools</a></p>

### Definitions

	<p>Face coverings differ based on the level of community spread and can be found throughout this document. Information will be provided to staff, students, and families on proper use, removal, and washing of cloth face coverings. Any policy regarding face coverings should be sensitive to the needs of students and staff with medical issues that make the wearing of a face covering inadvisable.</p> <p><a href="#">CDC Guidance</a></p>		<p>Hand sanitizers should contain at least 60% alcohol and only used with staff and older children who can safely use hand sanitizer. Hand soap should be used for younger children.</p> <p><a href="#">CDC Guidance</a></p>		<p>Ensure safe and correct application of disinfectants and keep out of reach of children.</p> <p><a href="#">CDC Guidance</a></p>

<b>Level of Community Spread</b> (as determined by state and local health officials)	<b>Low/No Spread</b> 	<b>Minimal/Moderate Spread</b>   			<b>Substantial Spread</b> 
<b>Instructional Model</b> (as determined by USD 114 administration)	Traditional Model	Traditional	Hybrid	Full/Distance Remote Learning	Distance/Remote Learning
<b>Response</b> (as determined by USD 114 in partnership with local departments of public health and community stakeholders)	 <b>School Buildings Open –</b> <i>Implement preventative practices and additional proactive processes/protocols</i>	 <b>School Buildings Open –</b> <i>Implement more intensive mitigation strategies; encourage/enhance social distancing; (see Targeted Closure)</i>	 <b>Limited/Staggered Use of School Buildings –</b> <i>Implement alternating schedules for students; target distance/remote learning.</i>	 <b>Minimal Use of School Buildings –</b> <i>Implement targeted distance/remote learning or adopt building-wide distance/remote learning as necessary</i>	 <b>Targeted Closure –</b> <i>Isolate and disinfect affected areas</i>  OR <b>Short-term Closure –</b> <i>Close for facility-wide deep cleaning minimum of 5 days</i>  OR <b>Extended Closure –</b> <i>Close building(s) for at least 14 days</i>

**USD 114 Decision Tree:**

USD 114 Return-to-School provides guidance and expectations to leadership to implement plans based on the flexible framework to address challenges that may develop throughout the 2020-2021 school year. Instead of a one-size-fits-all approach, the Decision Tree provides a menu of instructional models and responses school leaders can adopt to ensure the continued success and safety of students and staff members.

	Low/No Spread	Minimal/Moderate Spread	Substantial Spread
<p>Practicing Prevention Expectations</p> 	<ul style="list-style-type: none"> <li>• It is recommended that all persons in the school building will wear a mask, will sanitize hands hourly, and have temperature taken before entering the building.</li> <li>• Teach and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings</li> <li>• Provide hand soap and hand sanitizer with at least 60% alcohol, paper towels, and no-touch trash cans in all bathrooms, classrooms, and frequently-trafficked areas</li> <li>• Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols.</li> <li>• Clean/disinfect frequently-touched surfaces at least daily and shared objects after each use</li> <li>• Take steps to ensure all water systems and features are safe</li> <li>• Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, as long as this does not pose a safety or health risk to students or staff</li> <li>• Conduct deep cleaning of schools prior to students/staff returning; schedule periodic cleanings during weekends or school holidays/breaks (to the extent practicable)</li> </ul>	<ul style="list-style-type: none"> <li>• Persons in the school building may be required to wear a mask, will sanitize hands hourly, and have temperature taken before entering the building.</li> <li>• Teach and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings</li> <li>• Provide hand soap and hand sanitizer with at least 60% alcohol, paper towels, and no-touch trash cans in all bathrooms, classrooms, and frequently-trafficked areas</li> <li>• Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. When a Child,  
Staff Member,  
or Visitor  
Becomes Sick  
at School

- Work with school administrators, school nurses, and other healthcare providers to identify an isolation room or area to separate anyone who exhibits COVID-like symptoms.
- School nurses and other healthcare providers should use *Standard and Transmission-Based Precautions* when caring for sick people. See: *What Healthcare Personnel Should Know About Caring for Patients with Confirmed or Possible COVID19 Infection*
- Establish procedures for safely transporting anyone who is sick to their home if needed.
- Notify local health officials, staff, and families immediately of a possible case while maintaining confidentiality consistent with the Americans with Disabilities Act (ADA) and other applicable federal and state privacy laws.
- Close off areas used by a sick person and do not use before cleaning and disinfection. Ensure safe and correct application of disinfectants and keep disinfectant products away from children.
- Students may return to school after being fever free for 24 hours and without showing symptoms of COVID-19. Should the student exhibit two or more common COVID-19 symptoms as anytime during this process, screening for the virus by the Doniphan County Health Department or physician may be needed.
- Inform those who have had close contact to a person diagnosed with COVID-19 to stay home and follow state KDHE guidance if symptoms develop. If a person does not have symptoms, follow appropriate KDHE guidance for home quarantine.

“In consultation with the Kansas Department of Education, Kansas Department of Health and Environment, and Doniphan County Health Department, USD 114 has created these expectations as a blueprint for a safe reopening in our PreK-12 setting. USD 114 takes very seriously the responsibility to keep our students, teachers, school staff, and families safe and to provide the best possible education for our children.”

Travis Githens  
Superintendent  
USD 114 –Riverside Schools
