The regular meeting of the Board of Education, White Salmon Valley School District, Klickitat and Skamania Counties, White Salmon, WA was called to order at 7:00 p.m. Thursday, May 27, 2021, at the Columbia High School Library, located at 1455 NW Bruin Country Rd., White Salmon WA 98672, and via a ZOOM public meeting per Senate Concurrent Resolution 8402 (2021), extending the Governor's emergency proclamations, including 20-28 "until the termination of the state emergency pursuant to RCW 43.06.210 or until rescinded by gubernatorial or legislative action, whichever occurs first." Present: Chairman Paul Mosbrucker, Alan Reitz, Andrea VanSickle, William Gross, Laurie Stanton, Supt. Jerry Lewis, and guests.

**Student Presentation:** Brenda Hope, Haley Harkema, and Kelly Hume presented to the board, sharing what services have been offered throughout the year for ELL students. There was also discussion of the barriers that students, staff, and families faced in providing and accessing services, as well as potential future supports that could be offered.

A video was shared with the board highlighting both ELL and A-list Adventure students.

Rachel Suits presented to the board about the services A-list has been able to provide to students and families throughout the year. Rachel discussed academic engagement, family engagement, barriers, and successes the program has seen.

Columbia High School students, led by Jack Perrin, presented their experience as part of Project Invent, and their first-place award in their recent competition. The group shared a video that highlighted their device design to help a student with communication needs. The board congratulated the students on their design and success.

# Columbia High School

School Board Report 6/24/21  
By Craig McKee & Brian Morris

## **Columbia High School & White Salmon Academy Graduation**

The 109<sup>th</sup> Commencement of Columbia High School was held on Saturday, June 5, 2021, at 11:00 a.m. For the second year in a row, White Salmon Academy joined in the graduation ceremony. It was windy and raining, but the sun came out in time for pictures at the end of the ceremony. The welcome address was given by Elijah Nielsen and Yaneth Zamudio. Benedict Davidson, Olivia Ernst, Kari Lewis, Tristan Williams, Mr. Peter Prosch-Jensen, and Mr. Omar Sankari gave a spectacular performance of "In My Life" by the Beatles. Then Jacob Lockman and Vanessa Sanchez gave the Commencement Address. We had 79 students graduate from Columbia High School and 12 students graduate from White Salmon Academy.

## **Columbia High School Scholarship Night**

This year's Columbia High School Scholarship Night was held on Tuesday, June 1, 2021. The principal's awards went to Mya Aman and Austin Charters. Eighteen students received a generous amount of scholarship money from our community and the colleges that they are attending. A big thank you to Crystal Rude for organizing the event and to Rhonda Hardisty for live streaming it to our community.

    - We found it reenergizing to focus our group on actual people and individual stories.
    - The PLC process allowed us the space to get to know one another and form our own circle of Trusted Adults
- **Connections PLC “Making Connections from a Distance”**
  - Purpose
    - This Teacher-selected PLC group was created to build and maintain connections at CHS amongst students, staff, administration, parents, and community
    - Our goal is to educate our school and local community by introducing members of our community in a different light
    - Topics will include the “Bruin Minute,” a spotlight on current seniors, “Paws and Claws,” an interview with staff and/or administration member, and “Fishin’ for Info,” where we select Freshmen-Junior students at random to answer an underlying question
    - Goals for 2020-21
      - “Bruin Minute”
        - A senior student will be selected to answer a series of questions about their current status and future goals
      - “Paws and Claws”
        - A staff or administrator will be selected to be interviewed in a Podcast-type format via Zoom. Staff is not required to participate but can opt to be a part of telling their story for our school and the local community to see
      - “Gone Fishin’ ”
        - Randomly selected students from the Freshman, Sophomore, and Junior classes will answer a series of questions in a survey format, allowing their peers to learn more about them
  - What we accomplished...
    - “Paws and Claws”
      - Rhonda Hardisty will post the completed videos under the person’s name on the staff page on the CHS website. Shawn Friese will also share the folder of videos
    - “Gone Fishin’ ”
      - Only a couple of students responded to this activity :(

## June Board Report

Greetings WSVSD Board Members,

### School Events

- ❖ **Promotion Ceremony** was a success and we were extremely grateful to celebrate in-person to honor our 8th graders one last time before heading to CHS. Check it out [here](#)!
- ❖ **Last Day of School** - Students participated in a mini Field Day along with having time to socialize, be teens, and enjoy some pizza and cupcakes.
- ❖ **Welcoming to Incoming 7th graders** - link will be available on HMS website and is also going out to students and families by the end of the week.
- ❖ **Virtual Band Concert** - check it out [here](#)!

### Wrapping up the year...

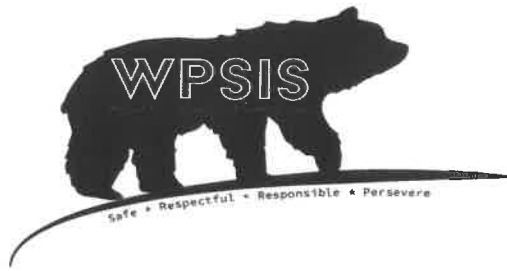

In all honesty, this year has provided me hope that our district will bend and flex to meet the needs of our students and community. With a whirlwind of expectations that were constantly changing and in motion from OSPI and the Health Department, our middle school staff continued to unite and conquer the ongoing challenges one step at a time. Through ongoing collaboration, providing space for sharing and honoring the reality of our “new” way of teaching and learning, as well as continuing to keep students at the center of our conversations, we persevered. I am extremely proud of all of our staff, students, and families.

**New Systems:** Many new systems came out of this year that will be implemented in the future: google classroom platform (which I created one for my staff too!), essential learning standards (this has been ongoing work aligned to standards based grading), weekly family communication, student voice in decision making, intentional SEL lessons, and more.

**In the future:** I would have loved to see the calendar be centered around best practices for students - later start time (all staff have prep before students arrive, allowing for smaller class sizes so we are not relying on specialists for prep time), shaving off 2-3 weeks of summer and adding in the breaks during the year so there is less learning recovery taking place every year and moving PLC's to the morning vs. afternoon so all staff (including coaches) can be apart of the PD, SIP implementation, and school culture.

Thank you again for all of your support. I wish you all the best during the 2021-22 school year.

Go Grizzlies,  
Haley Ortega

Report to the School Board, May 2021

Wallace and Priscilla Stevenson Intermediate School

What a year. We made it through safely and continued to make academic progress the best we could in all models of learning. I want to commend all our staff here at WPSIS for the effort they put in to care for our kids and the flexibility and innovation they showed. We are all ready for a well-deserved break.

We are now turning first to recovery services, then to planning ahead for next year. School ended on June 10<sup>th</sup>, and the next Monday we had some English Learning students back in for two weeks of enrichment. Thanks to Geri Dennis, Megan Sheffels, and Karynn Campbell for leading these classes, and to Brenda Hope for her help coordinating. We currently have about 15 students in grades 4-6 participating. In July we will have A-List adventures supporting our kids and community, and we are planning for another two weeks of Summer recovery classes from August 2<sup>nd</sup> to August 12<sup>th</sup>.

As promised in my last report, a quick recap of our local data on student performance: it came out as expected. Students made similar progress in reading to a 'normal' year as measured by the F&P test. That includes students who participated in intervention services through Title 1, which is great as they are targeted for services due to slower progress compared to their peers, so average growth is accelerated for those students. There were many who did not participate fully in the interventions and therefore made less progress.

In our ELA and Math curriculums we targeted a smaller number of standards and skills. When compared to pre-pandemic years we are 'behind', but we knew when OSPI asked us to identify target standards and leave some out that this would be the case. We made expected progress towards targeted standards and we know what has and has not been covered systematically so we will be able to teach 'unlearned skills' as we move towards having more time in the classroom.

We ended the year with our typical field day, though a COVID safe version this year, and did our best to help kids be excited to come back next year. Class announcements will go home with report cards along with supply list so kids will know who their homeroom teacher will be next year and have time to prepare.

Thank you for all of your support for our students and staff through this challenging year. I am looking forward to more normalcy next year, and also leveraging new skills we have learned this year to come out of the pandemic with a stronger system of education than we had before.

On a personal note, my wife and I are expecting our second child in November! We plan to take two short trips this summer but mostly will enjoy time as a family at home and hopefully get Elliott pedaling on his new bike. He's really excited about it, but he's also 2 and even a small bike is big when you're 2.

Go Kodiaks,  
Brian Fraser

## June 2021 Board Report - Hulan Whitson

It has been a great end to the year. Filled with such significant change and equally significant learning. I am excited to be planning for the five full days of school in the fall, but would like to take this opportunity to recognize the tremendous work that went into making this year successful.

- Thank you teachers and staff for all of your incredible hard work and effort this year. Your dedication, commitment and flexibility was crucial as we learned and applied new skills and strategies, and was a critical component to the success of every student.
- Thank you students for all of your hard work and dedication too. Learning a new way to learn has been both exciting and challenging at times. I appreciate you, “Always doing your best” as we moved from a full time distance learning model, to a hybrid model, and finally for most to a majority in-person learning model.
- Thank you parents for staying engaged, supporting and working with your child, and collaborating with their teacher. We could not have done it without you.

Below is a screenshot of my Seesaw Dashboard. It provides broad schoolwide data in a number of key areas, which continues to amaze me as we climb closer to 200,000 activities for the year, almost 100,000 comments on student work, and over 6500 family visits by family members.. I know the amount of work and commitment each one of those numbers represents for staff, students, and their families. I am so fortunate to have such an outstanding team of stakeholders working together to support and engage every student.

Finally, I would like to thank Dr. Jerry Lewis. I am forever grateful for the opportunity he gave to me to be the principal of Hulan Whitson Elementary School. He has modeled for me how to lead with caring, compassion, and kindness. I will miss his leadership, mentoring, and most of all his friendship.

Thank you Board for all of your support.

Go Cubs.

**Board Technology Report**

We are planning and preparing for Summer technology projects, updates and repairs.

- Collect all devices used for remote learning
  - Inventory all devices and make necessary repairs
- Remove devices that can no longer be used because of damage or age
- Creating a plan for how devices will be used in each building for 2021-22

Thank you for your continued support,

Rhonda Hardisty -Technology Director  
White Salmon Valley Schools

## Board Report for June 2021

YAY!!! We made it. Our special education staff (teachers, paras, specialists etc.) have worked incredibly hard and are ready for a break. ESY (Extended school year) service plans and Recovery Service plans are in place and being implemented as we speak. All in all, we are offering about a month more service time to help maintain skills and bridge gaps for our most vulnerable students. The special education staff have readily stepped forward to work. This is not the case in many districts who are struggling to staff special education programs this summer. We are incredibly fortunate to have a staff that puts students first and is always willing to help.

### Highlights:

- I continue to have grave concerns re: our Childfind obligations. We have had so few referrals this year that I worry about students needing to be identified and getting required therapies. If you know of families with children aged three – five years, and parents have developmental concerns, please share my number with them.
- It looks like we are fully staffed—I am knocking on wood (coffee table) right now. We have interviews on Friday for our last special education nurse position. Fingers crossed for a good candidate.

Thank you for all your support, please let me know if I can provide any additional information. I hope you have a wonderful and restful summer.
