

GaggleTube Cheat Sheet

GaggleTube offers a filtered version of YouTube. Teachers can find, preview, upload, and play videos for their students even if YouTube is blocked at the school. Educational videos and tutorials can be accessed and shared without the inappropriate content being made available. GaggleTube can be accessed by selecting the [GaggleTube icon on the Left Panel](#).

The screenshot shows the GaggleTube website interface. A red box at the top center contains the text "Search for Videos approved by educators" with a red arrow pointing to the search bar. On the left side, there is a vertical navigation menu with several icons. Three red boxes with arrows point to specific items in this menu: "Videos you added to your list" points to the "My Videos" section, "Videos TMS staff has approved" points to the "School Library" section, and "Videos approved by educators who use Gaggle" points to the "Gaggle Community" section. The main content area displays a search result for "Community Videos - All" with a search bar containing "Community Videos - All". Below the search bar, there are three video thumbnails with titles: "Howard Gardner of The Multiple Intelligence Theory", "Contour Line Drawing Tutorial", and "Jimmy Fallon, Robin Thicke & The Roots Sing 'Blurred Lines' (w/ Classroom Instruments)". Each video entry includes a duration, uploader information, and a description. The bottom of the screenshot shows a Windows taskbar with various application icons and a system tray with the date and time.
