MARCH, 2023

FROM THE FALCON'S PERCH

- Justin Patterson, Superintendent

Hello Falcon Nation,

Wilcox-Hildreth Public Schools continues to be one of the best schools in the state of Nebraska. We have very supportive communities that support our students in academics as well as extracurricular activities. Our students are led each day by top tier teachers who push their students to strive for excellence in the classroom. Before and after school, our athletes continue to learn how to physically shape their bodies to compete against the best competition in the state. Our students have proved time and time again this year that they are learning how to compete on the field, course, court, mat, or track at a high level of competition and how to put in the hard work that it takes in the off season to have that in season success.

The springtime is when students have the opportunity to showcase all of the hard academic work that they have done all year long during our local and state tests. Parents and guardians can continue to help support their scholars during this time of year by helping them make healthy food choices, ensuring that they get enough sleep, and reminding them to stay up on their work as the weather starts to warm and spring fever starts to kick in. It is also important to encourage your students to maintain a healthy and active lifestyle. Parents and guardians can also help their students understand the importance of high academic performance as it leads to a lifetime of opportunities for them to explore.

You Take Us With You

A couple years ago I was talking to a former coach about players and off the field issues. He told me that every year he would tell his players "you take us with you". Wherever they go they represent us all. Their actions, whether positive or negative, have an effect on the team. I never had a name for it, but I always tried to instill that in my own players and children. My boys and I used to be in charge of taking care of a baseball field. I tried to get them to understand that when people see this field it is a reflection of us, our work ethic, and our pride in doing a job well. No matter what they did it reflected on all of us. I would tell the teams that I coached that when they are on the playing field, in another town, or just hanging out on the weekend people would make assumptions based on their actions. It isn't just themselves that they represent. When a person puts on Falcon gear they are representing themselves, their family, the school, and the communities. It is bigger than themselves and people don't always realize that. Maybe this seems like pressure to some, but not when you are doing the right thing.

I think as adults we sometimes forget it isn't just the students on the playing surface that represent us. It is all of the passionate fans that show up to support the team as well. Our language and behavior in the stands reflect on our communities and us. Whenever we leave a place I want the other people to think highly of us. To me, that is our fans supporting our team in a positive manner, not yelling at officials, and leaving the stands practically trash free after a game. Unfortunately, there has seemed to be an uptick in negative behavior in the stands this year. I don't think anything has ever been gained by yelling at or booing an official. Most likely it would work the other way. As far as picking up trash in the stands, a couple teams I coached would walk the stands after games and pick up trash to help the custodians out. We often got thank you emails from the other team's administration about how thankful their custodians were and the time that it saved them. Many people may not realize that the custodians have been on duty all day trying to keep the school clean and they are tired and just want to go home like the fans. Schools are short of help like everyone else and so the same people have to pull double duty by working during the day, working at ballgames, and cleaning up afterwards.

As I was scrolling social media following the girls state tournament this weekend I came across a couple tweets from a couple of young men. One was a former player of mine. He is a young man that loves basketball and was officiating to be involved in the game following high school. They both talked about their negative experience with officiating. Neither one of them officiate anymore because of issues they had with fans after only a tournament or two.

Please help us shine a light on our school district and communities by cheering for our team in a positive manner. Realize that officials are going to make mistakes and no one is doing it on purpose. No one agrees with all the calls the officials make and many fans have a difficult time being objective because of their passion for their team and players. Thank you for any help you can give us in showing what a great school we have and the great communities we live in.

Go Falcons!

Moments with Muhlbach

Hello.

The light at the end of the tunnel is finally peaking through! As we look towards the end of the year, we have just a few things left. Spring testing window for NSCAS, aimswebPlus, and MAP will begin in April. Sophomores have completed the PreACT and Juniors will soon take the ACT.

L.E.A.D. students are helping finalize the end of the year Rewards Day! Yay!

Congratulations to all students who participated in the Kearney County Spelling Bee! Sutton Strong placed 2nd place in the 7th/8th grade division. Rylan Lush placed 3rd in the 6th grade division.

Mrs. Muhlbach

Attention Parents of Students with an IEP!

Parents,

We are conducting a survey in order to measure how our parents rate their involvement in the IEP process. We have been asked by Nebraska Department of Education (NDE) to request this feedback from all parents of students in Special Education. These surveys must be completed by March 31st.

Please use a mobile device to scan this QR code in order to complete the survey.

Families with more than one child receiving Special Education and Related Services may select one child and answer all questions about their experiences with that child.

There is also a Spanish translation of the survey, which can be accessed by clicking on the dropdown menu in the top right corner of the survey screen.

SCHOOL STUFF

7-12 Counselor Updates

Save the Date... Upcoming Events

April 4th: Jr. ACT Test

The juniors will be taking the ACT on April 4th. Juniors should report to the Lutheran Church at 7:45 am for breakfast. We will then take the ACT starting at 8 am. Students will be provided a meal and released for the rest of the day after completing the test. Even though this ACT is considered a "state" test, the scores can still be used for college admission purposes. This is an opportunity for the juniors to take the ACT for free.

Scholarship Update

Just a reminder... most of our local scholarships will be due on April 1st. We are so blessed with the amount of local scholarships that are available to our seniors. If you would like to learn more about our local scholarships, they are all posted on my scholarship website, which is located under Counselor Corner on our school website. The scholarships will be announced at the Athletic/Academic Banquet on April 27th. If your student has received any scholarships from his/her college or outside of school, he/she will want to let me know the information so that I can announce those as well. Colleges do not usually tell me what scholarships they are awarding seniors.

Senior Class Photos: April 14th

The seniors will be going to Kearney to take their class photos. These photos are used in the graduation video and yearbook.

9th Grade Career Fair: April 26th

The 9th grade class will be attending a career fair in Holdrege on April 26th. They will be able to visit different local career booths to learn about the jobs that are available in the surrounding communities. A panel of young professionals will talk to the students about why they chose to move back to this area. They will also listen to Education Quest talk about way to pay for college (scholarships/ types of financial aid). As the date approaches, I will send out more information about this event.

Athletic/Academic Banquet: April 27th at 6 pm

NHS Money Wars for CASA

National Honor Society has been busy organizing a K-12 money war for Cases for CASA. This project helps CASA put together overnight bags for children that are removed from their homes quickly. Cases for CASA provides a bag for children that includes toiletries, clean clothing, and a toy/stuffed animal. NHS held a bake raffle at a basketball game that raised \$500, so the money war donations will add to this total. If an elementary class wins, NHS will provide an ice cream party, and if a 7-12 grade class wins, there will be a BBQ to celebrate. The competition will be going until March 31st. There will also be a "Wear a Hat Day" where students can pay \$1 to wear a hat to school. All proceeds will go toward Cases for CASA!

Schedules for Next Year

Next month, I will start scheduling students. If your student is going to be a freshman next year, I will be sending a math recommendation sheet. A freshman is able to choose between Algebra I or Algebra IA. Algebra IA is a slower paced math class. Mrs. Myers and Mrs. Lovin look at student performance in the classroom and MAP data to determine which class your student will be most successful in.

When I schedule students, I will have the student bring a copy home for parents/guardians to sign off on. Your student will have to turn in that sheet to be able to check out of school for the summer. I will put a post on the school app to let you know when we begin that process.

As always, feel free to reach out to me with any concerns or questions!

Thanks,
Hana

2022/23 Yearbook for Sale

\$45.00

We are sorry that we will not be able to guarantee extra copies of the yearbook this year.

The deadline to pre-order a yearbook is April 29.

The yearbook costs much more than what it is sold for. Because of this, the students sell Valentine cookies, business ads, baby ads, sell previous and current yearbooks, and work concession stands to help offset the difference for you.

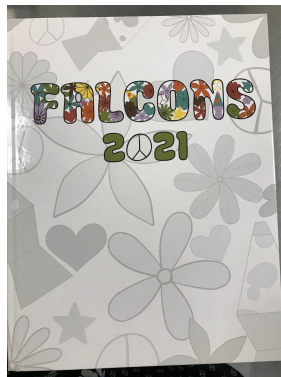

Thank you for supporting the Journalism students.

The yearbook is for all grades Pre-School to Seniors.

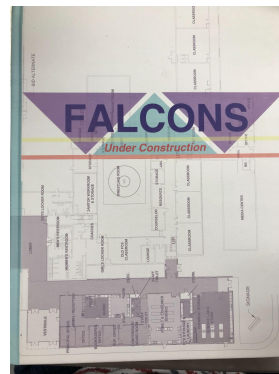

Cherish the memories.
