

Kindergarten Student Drop-Off and Pick-Up Location

This is the gate to the Kindergarten and 1st Grade Student Playground at the Dawe Elementary School Building (*it is at the end of the school driveway*). During morning drop-off, only Kindergarten students will be greeted at this gate by staff members to escort them into the building using the door that is behind the white containers that are currently holding mulch for our Awesome Dawesome playground. For afternoon parent pick-up, this will also be the location for Kindergarten students to be picked up by their parents. Upon entering the building, students will either pick-up their Grab and Go Breakfast, or, they will head directly to their homeroom.
