NOTICE

All Thomasville City Schools have been inspected by an EPA-approved asbestos inspector and maintain a management plan file in the school office as required under the AHERA regulations. The file is available to any parent to view.

Most of our asbestos containing materials are in the form of floor tiles and are non-friable. These materials are well maintained and do not pose a threat to the students. The law requires that we make this notice to all employees, students and staff annually.

We are glad to provide a healthy atmosphere for students and staff.

If anyone wishes to have a copy of the management plan, please call the Board office at (334) 636-9955 and a copy will be provided for a small fee.

Thomasville City Board of Education
