

Haven Stambaugh Memorial Scholarship ***Application Process and Form***

A onetime \$500 Scholarship to a person pursuing instrumental music, art or the medical field.

This scholarship was created in memory of a bright spunky little girl whose smile and love of life touched everyone she met. Haven loved to play the flute. She excelled at it despite chronic lung issues. In addition to her love for her flute, she also was a very talented artist. She battled health issues all her 11 short years, yet she never complained. She continually persevered through adversity. She always told everyone, “I got this” to let her loved ones know she could handle it and planned to excel at whatever she did.
