

Harrisburg SD 2021-22 Student Investment Account Annual Report

This Student Investment Account Annual Report Questions template aims to help districts organize narrative responses to questions prior to submitting their Annual Report via SmartSheet. **Please note that this template will not be submitted** to the Oregon Department of Education; rather it is a tool to support grantees in compiling the necessary information that will need to be cut and paste into Smartsheet.

Required Question	Responses
1. What changes in behavior, actions, policies or practices have you observed related to SIA implementation during the 2021-22 school year? How do you see these changes contributing to the goals and outcomes in your SIA plan? <i>(500 words or less)</i>	When a school has trained staff who can confidentially address mental health and lack of student academic growth it makes a huge difference. We will have academic growth issues for years with many students who were greatly impacted by the Pandemic.
2. What barriers or challenges to SIA implementation have you experienced that are helpful for your community and/or state leaders to be aware of? What adjustments, if any, did you make to your SIA plan as a result of these challenges? <i>(500 words or less)</i>	The main challenges were navigating the return to in-person full time for our students. Our attendance continues to be an issue at the high school. Also, many students have lagging skill development in our k-8 enrollment.
3. SIA implementation includes ongoing engagement with all students, focal students, families, staff, and community partners. How have relationships with or between those groups changed and/or been maintained throughout this academic year? Consider the Community Engagement Toolkit and where your efforts might land on the Levels of Community Engagement spectrum as you complete your response. <i>(500 words or less)</i>	We used Thought Exchange provided by our ESD. In addition, we used google surveys and staff in-service times to engage our partners. Our Spanish speaking families met as a group throughout the school year with the administrators
4. As you think about what guided your choices and prioritization efforts in this year of SIA implementation, what stands out? How will what you've learned this year impact future SIA implementation efforts? <i>(500 words or less)</i>	Much of our school districts choices will continue next year with SIA funding. The additional personnel provided through SIA funds has proven beneficial to our overall operation. Student success both academically and emotionally are key components being addressed, especially at our middle school.
