

## USD 306 SOUTHERN OF SALINE

## Permission for Medication/Treatment at School

**NOTE:** When the administration of medication either prescribed and non-prescribed over the counter medications/treatments is required during school hours, the school can provide the service. Kansas Law requires written permission from the parent and a signed order from the physician. The medication must be administered at least once prior to being given at school.

The medication is to be brought to school in the original container, appropriately labeled by the pharmacy, or physician, stating the name of the medication, the dosage and time to be administered. Ask the pharmacist for an extra bottle for school. The school is not financially responsible for health services needed.
