RE: Revenue/Expenditure Reports for February 2019

DATE: March 15, 2019

---

OVERVIEW: The Revenue/Expenditure reports for the year-to-date period ended February 28, 2019 are attached for your review.

REVENUE: Revenues through February were \$25,421,473 representing an increase of \$3,194,287 from January. This primarily consists of the Town Appropriation of \$2,737,186, State Aid of \$328,904, Group Home Aid of \$41,283 and Federal Impact Aid of \$67,319.

For the year, total Revenues are trending about \$240,000 favorable to budget due to increased Tuition and Federal Impact Aid payments and a supplemental State appropriation of Group Home Aid related to the opening of six additional group home beds at Boys Town.

EXPENDITURES: Net expenditures through February were \$22,629,474 representing an increase of \$3,127,926 from January. An additional \$10,600,156 was encumbered for the year, primarily related to payroll costs and special education out of district tuitions and related services costs.

As of February 28, 2019, certain accounts are projected to be over budget for the year. Account 55630 (Tuition to Private Sources) is over budget by \$82,563 as the number of outplaced students is higher than projected. Related Statewide Transportation costs (included in account 55111) are projected to end the year over budget by approximately \$120,000. Other accounts, primarily salaries and benefits, are trending below budget and will offset these budget overages.

SUMMARY: For the full year, I am projecting expenditures to be on budget in total and that the district will realize a favorable revenue variance as described above.
