SIGNED AGREEMENTS

Students and parents are required to read and sign the following agreements:

1. An acknowledgment saying you are aware that you can access a copy of the Benton School District Student Handbook on-line at www.bentonschools.org and that you are aware of what is expected of you and to what penalties you will be subject should you not conform as it relates to the code of conduct for all students. You can also request a paper copy of the Benton School District Student Handbook through the principal.

Within five business days after signing the acknowledgement, students and parents should have reviewed the handbook and contacted an administrator with any questions or concerns.

2. An acknowledgment saying you also understand that if you use a computer that is the property of the Benton School District, you must sign the STUDENT ACCEPTABLE USE AGREEMENT at Benton Public Schools and must abide by the regulations. Failure to do so may result in loss of access privileges as well as disciplinary action ranging from a conference to expulsion and legal action.

Any violations of the Student Handbook may result in consequences ranging from verbal reprimand to expulsion. State Law, Federal Law, and Board Policy will always supersede campus handbooks. For any questions, please contact your child's building principal or the Central Office at (501) 778-4861.

Students are also required to read a Library Media Center Student Release of Record form. Students may sign this form and grant permission to release their library record (written or verbal) form to anyone they choose to list on the form. Persons not listed on the form will not be granted rights to the student's confidential library records.

A copy of the signed agreements will be kept on file in the school office.

Any parent or guardian who objects to his child's name or picture being placed in the newspaper or any publication for recognition purposes should go by the school office and fill out and sign an "OBJECTION TO PUBLICATION FORM." This needs to be taken care of immediately.

The Student Handbook is designed to acquaint students and their parents with the policies and regulations necessary to provide a safe, efficient, and effective learning environment for all students. Many of these policies are summaries of a more detailed policy contained in the School Board Policy of the Benton School District, which is available on the district website. Arkansas Law requires that this form be signed by the student and one guardian and be kept on file at the school.

As a parent/guardian of a student in the Benton School District, you have the right to know the professional qualifications of your child's teacher. Federal law allows you to ask for certain information about your child's teacher and requires the District to provide you with this information within a timely manner. Specifically, you can ask for the following information about your child's teacher:

- o Whether the teacher has met state credential or license criteria for grade level and subject matter taught.
- o Whether the teacher is teaching under emergency or other provisional status.
- o The baccalaureate degree major of the teacher and any other graduate certifications or degrees held.
- o Whether the child is provided services by paraprofessionals and if so, their qualifications.

If you would like to receive any of this information, please come by the Benton Administrative Office, 207 W Conway, Benton, Arkansas during working hours (7:30 a.m. to 4:30 p.m. weekdays) and complete a Parent Request form.

FOREWORD

To Students: The Benton School District is a community in which all students are citizens. To live together as citizens in the community so that everyone may receive the greatest benefit from school citizenship, a student must understand and observe certain rules. When the privileges of citizenship are accepted, the student also accepts the obligation of playing the game according to the rules.

The district recognizes that students are guaranteed full rights of citizenship by the United States Constitution, and these rights may not be denied except in accordance with due process of law. This district further recognizes that with these rights there are responsibilities which are designed to help all participants acquire the full benefits of the educational program, regardless of race, sex, creed, national origin, or handicapping conditions.

IT IS IMPOSSIBLE TO LIST IN THIS HANDBOOK ALL OF THE RULES AND GUIDELINES FOR STUDENT AND STAFF USE. Therefore, the contents of this handbook should not be construed to limit or deny your rights and responsibilities on your own campus as a member of the student body or as a citizen; neither should it be construed as limiting or denying your principal the right and responsibility to develop such necessary rules and regulations that are not inconsistent with federal and state laws and Board of Education policies and regulations.

To Parents: Your objective as parents and the objectives of the school in respect to your son or daughter are the same: to give him or her the best possible guidance toward the realization of his or her highest capabilities. To accomplish that goal, full cooperation between home and school is essential.

REGULAR AND PUNCTUAL ATTENDANCE is the greatest single factor in school success; therefore, your first concern should be to see to it that your son or daughter attends regularly. Parents who permit a child to be absent from school unnecessarily not only place a handicap upon the student's opportunity to succeed in his studies but also indirectly encourage the development in the student of poor attitudes toward his work and obligations. Your cooperation with school officials in the promotion of regular attendance by your son or daughter will be well worth the cost to you in time and effort.

PROVIDING FOR HOME STUDY is also a way you can contribute greatly to your son's or daughter's success in school. While there are a few subjects in which little or no work is necessary outside the class, the nature of the majority of subjects in the curriculum is such that work outside of class is necessary for satisfactory progress. Even though written work to be handed in has not been assigned, there is usually studying to be done in the subject.

A WHOLESOME ATTITUDE TOWARD SCHOOL and confidence in our teachers is essential for the student's maximum success in school. Students can learn little from a teacher in whom they do not trust or believe, regardless of how trustworthy the teacher may actually be. The wise parent, therefore, will bring any questions or problems to the principal and/or teacher personally, and will refrain from criticizing the school to the student and from encouraging habits of destructive criticism by lending a friendly ear to it.

HELPING TO ENSURE BEHAVIOR STANDARDS so that your children's behavior at school will be conducive to their own progress and not disruptive to the school's education program is also a responsibility of parents. Please alert school personnel when you have reason to believe that your children are experiencing difficulties at school or at home. You may further help the school to serve your child's interest by: 1) Making it your business to know your child's teachers; 2) Being certain that you see the report card; 3) Calling the office to report absences; and 4) Reading the handbook and understanding as fully as possible the operation of the school.

STUDENT ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy 4.01—RESIDENCE REQUIREMENTS or meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52- STUDENTS WHO ARE FOSTER CHILDREN.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District. A parent, guardian or other person having custody or charge of a child of kindergarten age may choose for that child to be exempt from kindergarten attendance by signing a waiver in the Superintendent's office prior to enrollment.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited public school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Home-schooled and private school students shall be evaluated by the District to determine their appropriate grade placement.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent or guardian, shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary Education.
2. The parent, or guardian, shall provide the district with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;

- e. An affidavit of the date and place of birth by the child's parent, guardian;
 - f. United States military identification;
 - g. Previous school records;
3. The parent, or guardian, shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding.
 4. The child shall be age appropriately immunized or have an exemption issued by the Arkansas State Department of Health. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health. To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30 days to receive his/her initial required immunizations and 12 months to be up to date on the required immunizations for the student's age. A student enrolled in the District who has an immunization exemption may be removed from school during an outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of Health. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.
 5. The parent, guardian, or other responsible person shall furnish a copy of proof of residence and real estate assessment. Proof of residence is one of the following: utility bill, rent receipt with current date, dated home purchase contract, real estate assessment or closing contract on construction of home.

The individual the superintendent designates as the District’s military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;

4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in at his/her previous school to extent that space is available. 5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program

(IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;

6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

- a. Academic courses;
- b. Electives;
- c. Sports; and
- d. Other relevant information regarding the public school.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- o Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- o Request the eligible child's official education records from the sending district.

To facilitate a smooth transition between the student's previous coursework and the curriculum best suited to ensure educational success in the student's new school, the District may enroll an inbound transitioning eligible student in digital coursework, if available, at the request of the military family.

Attendance Zones for Elementary Schools

All elementary students shall attend school within the attendance area where they reside. Parents who move from one attendance zone to another within the district must transfer their children to the proper school by the end of the current semester. Proof of residence is required when registering a student in the new school.

The Benton School District reserves the right to assign students to another attendance zone based on enrollment that would cause overcrowded conditions in a particular school or grade within that school.

Elementary Inter-Campus (Overflow) Transfer Protocol

1. Students will be transferred from one campus to another in order to establish equilibrium of student number within grade levels.

2. Transfers will be based on student registration. Those students who registered last will be the first to transfer to another campus.
3. There may be more than one available campus to accept students in the event that a certain grade level on a campus overflows. The school district will determine student placement based on student/teacher ratios.
4. Once a child is transported to a campus because of overflow, the child will return to his/her home campus when a position becomes available. Should the child choose to stay at their overflow campus, the parent will be responsible for the child's transportation for the remainder of the year.
5. Once a child is transferred to a campus because of overflow, the child will return to his/her home campus the following year.
6. No student will be required to transfer to another campus when they have been registered on three different campuses within a school year.

PARENT, FAMILY, AND COMMUNITY ENGAGEMENT - DISTRICT

The Benton School District understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the district and those it serves. Therefore, the district shall strive to develop and maintain the capacity for meaningful and productive parent, family, and community engagement that will result in partnerships that are mutually beneficial to the school, students, parents, families, and the community. To achieve such ends, the district shall work to:

1. Involve parents, families, and the community in the development of the long range planning of the district;
2. Give the schools in the district the support necessary to enable them to plan and implement effective parent, family, and community engagement activities;
3. Have a coordinated engagement program where the engagement activities of the district enhance the involvement strategies of other programs such as Head Start, HIPPY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
4. Explain to parents, families, and the community the State's academic and achievement standards, State and local student assessments and how the district's curriculum is aligned with the state's academic standards and assessments and how parents, families, and the community can work with the district to improve students' academic achievement;
5. Provide parents and families with the materials and training they need to be better able to help their child achieve. The district may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents;
6. Educate district staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent, family, and community engagement programs that will promote positive partnerships between the school and parents, families, and the community;
7. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;
8. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child

- care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
9. Find and modify other successful parent, family, and community engagement programs to suit the needs of our district;
 10. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;
 11. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To ensure the continued improvement of the district's parent, family, and community engagement program, the district will conduct an annual review of its parental involvement policies to examine their effect on promoting higher student achievement. The review shall be done by a committee consisting of parents and other community members, certified and classified staff, and member(s) of the administration.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand.

PARENT, FAMILY, AND COMMUNITY ENGAGEMENT - SCHOOL

Each Campus in the Benton School District understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the school and those it serves. Therefore, each School shall strive to develop and maintain the capacity for meaningful and productive parent, family, and community engagement that will result in partnerships that are mutually beneficial to the school, students, parents, families, and the community. To achieve such ends, the school shall work to:

1. Involve parents, families, and the community in the development and improvement of Title I programs for the school;
2. Have a coordinated engagement program where the engagement activities of the school enhance the involvement strategies of other programs such as Head Start, HIPPY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
3. Explain to parents, families, and the community the State's academic and achievement standards, State and local student assessments and how the school's curriculum is aligned with the state's academic standards and assessments and how parents, families, and the community can work with the school to improve students' academic achievement;
4. Provide parents and families with the materials and training they need to be better able to help their child achieve. The school may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents.
5. Educate school staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent, family, and community engagement programs that will promote positive partnerships between the school and parents, families, and the community;
6. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be involved

in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;

7. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
8. Find and modify other successful parent, family, and community engagement programs to suit the needs of our school;
9. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;
10. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To help promote an understanding of each party's role in improving student learning, each school shall develop a compact that outlines the responsibilities of parents, students, and the school staff in raising student academic achievement and in building the partnerships that will enable students to meet the State's academic standards.

Each school shall convene an annual meeting, or several meetings at varying times if necessary to adequately reach parents and families of participating students, to inform parents and families of the school's participation in Title I, its requirements regarding parent, family, and community engagement, and the parents' right to be involved in the education of their child.

Each school shall, at least annually, involve parents, families, and the community in reviewing the school's Title I program and parent, family, and community engagement policy in order to help ensure their continued improvement.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand.

STUDENTS' RIGHTS, RESPONSIBILITIES AND LIMITATIONS

Each student in the Benton School District has the responsibility to maintain and promote the safe and orderly environment conducive to a quality education. This responsibility includes reporting any violation of school rules and/or violations of state laws to the proper authorities.

ABUSE (VERBAL AND PHYSICAL) OF A SCHOOL EMPLOYEE

VERBAL ABUSE shall include but not be limited to a student: cursing an employee, name-calling, derision, defamation or innuendo, intimidation, etc. Discipline will range from a minimum of suspension to a maximum of expulsion.

PHYSICAL ABUSE shall include but not be limited to a student: using any weapon against an employee, striking or pushing an employee, tripping, restraining an employee against his or her will, throwing at an employee, etc. Discipline will range from a minimum of suspension to a maximum of expulsion. When monetary damages are involved, restitution shall be one of the measures taken. The police may be called and civil charges filed when circumstances seem to warrant.

ASSAULT

Willfully and intentionally assaulting or threatening to assault or abuse any student or teacher, principal, superintendent, or other employee of the Benton School System will result in a minimum of suspension to a maximum of expulsion.

ATTENDANCE/ABSENCES

1. The purpose of this attendance policy is to place primary responsibility for attendance upon the student and parent.
2. **BHS and BJHS** will make an effort each day to call parents or guardians of students who are absent. Parents are encouraged to call the school when their child is absent.
3. When a student returns from an absence, he/she must present a written excuse to the general office within five (5) school days. Checking a student out or calling the school to inform of an absence does not constitute an excused absence. As soon as the written excuse is received in the office, determination can be made as to whether the absence will be excused or unexcused. Consideration for an excused absence will be given only for the following:
 - (1) Physician's statement of illness (including specific days of absences);
 - (2) Death in the immediate family;
 - (3) Court appearances (acceptable only for travel time and actual time of court);
 - (4) Counseling appointment (acceptable only for travel time and actual time of appointment);
 - (5) Dental appointments (only for travel time and actual time of appointment);

CAFETERIA

The goal of the Benton Public Schools Child Nutrition Department is to provide student access to nutritious no- or low-cost meals each school day.

- However, unpaid charges place a large financial burden on our school. The Benton Child Nutrition Department must comply with USDA Child Nutrition Program requirements on unpaid charges, and provide oversight and accountability for the collection of outstanding student meal balance. The Benton Public Schools provides meals as a courtesy to students in the event that they forget or lose their lunch money. Parents/Guardians are responsible for meal payment to the food service program. Discreet notices of low or deficit balances for elementary students will be sent to parents/guardians at regular intervals during the school year. Written notices will also be sent periodically.
- Students/Parents/Guardians may pay for meals in advance via Ezschoolpay.com or with a cash or check payable to your child's school cafeteria. Funds should be maintained in accounts to minimize the possibility that a child may be without meal money on any given day. Any remaining funds for a particular student will be carried over to the next school year.
- Refunds for withdrawn and/or graduating students are processed upon receipt of a written Meal Refund Request (available at your school). A check will be mailed to the parent or guardian responsible for the account. Students who are graduating at the end of the year will be given the option to transfer remaining balance to a sibling's account upon request.
- Collection of owed balances at the end of the year will follow the policies and procedures set by the school.

CHECK-OUT PROCEDURE

Students who become ill at school, have an appointment, or need to check out for other reasons, must sign out through the school office. This procedure does not automatically serve as an excuse for this absence. Only those listed on the student check out list may check out that student, unless notified by a parent/guardian otherwise. For grades 5 through 12, students who are checked out and miss more than five (5) minutes of class will be counted absent for that period.

CLOSED CAMPUS

All schools in the Benton School District operate on a closed campus basis during school hours. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out of the office upon their departure.

No students will be allowed to leave school during the lunch period and return after lunch unless checked out by a parent. Visitors for students are not allowed without prior approval from administration.

CORPORAL PUNISHMENT

Elementary and Benton Middle School

Corporal punishment may be administered by any certified employee of the District for disruptive or unmanageable conduct, insubordination, profane, violent, vulgar, or insulting language or other conduct that would tend to disrupt the educational process.

The Board directs that corporal punishment, when deemed necessary, will be administered according to the following requirements:

1. Corporal punishment is authorized immediately for those acts of misconduct that are so disruptive in nature as to shock the conscience; otherwise, corporal punishment shall not be administered unless an attempt has been made to modify the student's behavior by some other means, and unless the student has been told that a continuation or repetition of the behavior may lead to corporal punishment.
2. When corporal punishment is administered, a school administrator must be present and it shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.
3. It will not be administered in the presence of other students, nor in a spirit of malice or anger, nor will it be excessive.

4. It will be administered to the lower posterior only.
5. Refusal to take corporal punishment may result in suspension.

Parents who prefer suspension rather than corporal punishment may sign a discipline form that is available in the principal's office.

When corporal punishment is used, a written report will be made and signed by the employee administering the corporal punishment. It shall also state the reason for its use and the name of the witness. The witness shall also sign the report verifying its accuracy.

DELAYED START FOR SCHOOL PROCEDURES

One (1) hour delay:

- All students will report to school exactly one (1) hour later than their normal time to report. (Example: If schools do not allow parents to drop their children off until 7:30 for an 8:00 am start, then they cannot drop their children off until 8:30 for a 9:00 am start.) On delayed-start days, any before-school detention halls, classes, or tutoring sessions will be canceled.
- Students who ride buses will be picked up one (1) hour later at their usual bus stop unless specified otherwise by the Transportation Department.
- The Transportation Director will communicate with bus riders about any changes in plans for students riding buses.

Two (2) hour delay:

Follow the same procedures for a one (1) hour delay; just start two (2) hours later.

Alternative Method of Instruction (AMI) days:

If the District utilizes an AMI day, parents and/or students will be notified by the child's school.

Breakfast Plan:

- One-hour delay: We will be prepared to serve breakfast. As much as possible we will be serving the meal on the menu. Depending on the lunch menu and number of employees available, it may have to be a "cold" breakfast such as cereal, graham crackers, milk and juice.
- Two-hour delay: We will be prepared to serve breakfast. It will most likely be a "cold" breakfast due to the need for oven space being used to cook lunch.

Communication Plan:

- The Transportation Director will use an automated notification system to notify parents and staff of a school delay or closing.
- Once a delayed start has been determined, staff should know to follow these procedures as written.
- Any changes or modifications will be communicated to the principals by the superintendent or designee; principals would then need to communicate with their respective campus staff any changes.

***Safety during inclement weather is always a top priority for all staff and students; at no time do we want anyone to be put in danger due to dangerous road conditions; with this in mind, please use discretion and work with staff and students who communicate with the

campus administration that they are unable to arrive at campus due to unsafe conditions; these guidelines are meant to be applied as a “rule of thumb”; there will be times when flexibility and discretion must be used to allow exceptions.

DRUG / ALCOHOL POLICY

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Benton School District shall possess, attempt to possess, consume, use, buy, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who, is on or about school property, is in attendance at school or any school sponsored activity, has left the school campus for any reason and returns to the campus, is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student's ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, "designer drugs," look-alike drugs, or any controlled substance.

Any student found in possession of such above-mentioned substances in such quantity that would indicate for the purpose of intent to deliver as determined by law may be recommended to the Benton School Board for expulsion. Any substance being represented as authentic drugs carries the same penalty.

DUE PROCESS

Every student is entitled to due process. Any student who feels aggrieved concerning any matter connected with the schools should apply first to the teacher/sponsor or the building principal. Appeals beyond the building should be made to the assistant superintendent for the given grade level only **after** the student and/or parent/guardian has communicated with the building principal about the issue.

ELECTRONIC COMMUNICATION DEVICES

The Benton School District realizes the impact technology can have on a student's education. If used correctly, it can broaden a student's ability to find and retrieve valuable information. As an educational tool, we welcome the opportunity to extend our students' knowledge base by allowing electronic communication devices in our schools. Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that

interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

- Students may use electronic devices (with the exception of school-issued devices) on buses to text, play games or to listen to music (with earphones). Phone calls are reserved for emergency situations.
- Personal electronic devices and accessories must be turned off and put away (as defined by building level administration) before entering the building. Students may resume use of the electronic device at the end of the school day as outlined in the building procedures.
- School-issued devices must be stored in the school-issued bag and not be transported in backpacks at any time.
- Students are not allowed the use of electronic devices (cell phones, laptop computers, iPads, Nooks, smart watches, etc.) during class time in any manner other than specifically permitted by the classroom teacher. When permission is granted, the device must be turned on silent and only one ear piece may be used.
- Personal electronic devices must be turned off while students are in class during the instructional day unless permission has been granted by the teacher for instructional use. Noises (rings, alarms, text notifications, etc.) from electronic devices that interrupt classes will not be tolerated.
- Unless instructed by a teacher or administrator, when in a classroom or an assembly during the instructional day, electronic devices must be put away.

Any of the above violations can result in consequences ranging from a Conference to Out-of-School Suspension.

- Students are not allowed to send or receive personal calls, emails, or texts at any time throughout the school day.
- Students are not allowed to engage in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores.
- Unless the student is under the direct supervision of a teacher or administrator, at no time is a student allowed to videotape, audio tape, or take pictures of another person or pose for pictures being taken, including on school buses.
- Violations include, but are not limited to any of the above. Violations can result in a minimum of the following consequences:

BHS and BJHS

- First Offense: Saturday School
- Second Offense: Two (2) days of Saturday School
- Third Offense: Two (2) days of In-School Suspension
- Repeated Offenses can result in repeated Out-of-School Suspension to Expulsion.

BMS and ELEMENTARY - Consequences can range from a Conference to Out-of-School Suspension.

At no time should a cell phone or other electronic device be used as a means of cyber-bullying or the harassment of any student, faculty, or staff member. Violations of harassment or bullying with any electronic device can result in consequences ranging from:

BHS, BJHS and BMS - In-School Suspension to Expulsion.

ELEMENTARY - Conference to Expulsion

Students are not allowed to create, send, share, view, receive, or possess an indecent visual depiction of oneself or another person. Violations can result in consequences ranging

from In-School Suspension to Expulsion.

Students have no right to privacy as to the content contained on any electronic device that has been confiscated.

While students are welcomed to bring their own cell phone, the Benton School District, nor any employee, is responsible for any student owned electronic device that is lost, stolen, or damaged. The Benton School District will not be responsible for any costs incurred for data usage.

No electronic devices with audio/video recording and/or photographic capabilities shall be accessible at any time during state mandated test administration by students or test administrators. This includes cell phones, cameras, MP3 players, iPods, smart watches, etc. These types of electronic devices should be left at home on the day of state mandated testing. If an electronic device is brought into the testing room, before testing materials are passed out, the electronic device will be turned off, collected by the administrator, and stored away until after testing materials have been collected, at which time it will be given back to the student without repercussions. The district is not responsible for loss or damage to phones brought into the testing environment. The safest place for devices is at home on state mandated testing days.

If an electronic device is accessed during testing, the device will be confiscated and checked by the district test coordinator to see if information about the test has been saved, sent, or received. Disciplinary actions ranging from ISS to suspension will be taken. The parent or guardian will be required to pick up the device, and if the test has been compromised, a DO NOT SCORE label will be placed on the student's test and the parents may be responsible for the cost of replacing any compromised test items.

If an electronic device rings or vibrates during testing, but is not accessed, the device will be confiscated and parents will be required to pick up the device. In School Suspension will be assigned, and the student's test will be scored.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

If an electronic device is removed from a student for disciplinary action, the device must be picked up from the school by a parent or parent's adult designee.

- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of

The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

- A. Licensed physician;
- B. Health department;
- C. Military service; or
- D. Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;

No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. CURRICULUM

Students have the right to a meaningful curriculum, to express their opinion in its development, and to have access to guides and course outlines. They have the right to know what is expected of them in class and to be informed of their progress.

The Benton School District offers the 38 courses required by the Standards for Accreditation in grades 9-12 as well as a variety of other classes that are not required by the Arkansas Department of Education. A student taking a concurrent credit class in conjunction with a Benton High School Advanced Placement (AP) class will be allowed to drop the concurrent credit through the post-secondary institution; however, a student may not drop the Advanced Placement (AP) class. IMPORTANT: Post-secondary institutions require a specific drop date, beyond which the student must accept the grade he/she has at the time. Students that drop all concurrent credit classes, for which they are enrolled for the term, must formally withdraw from the post-secondary institution, or they will still receive an "F" in each class. Dropping a concurrent class and formally withdrawing from the post-secondary institution is the student's responsibility.

EARLY GRADUATION

The Benton School District does not encourage attempts to complete a course of study for high school graduation in less than four full academic years. However, the Board will accept modification of the four-year attendance requirement for high school graduation provided the student has satisfactorily completed the requirements for graduation as set forth by the State Board of Education and the Benton School District. Students planning to graduate early must notify the district of their decision in a timely manner. In order to graduate early, a student must complete seven (7) semesters or three and ½ years of high school attendance and have successfully completed the terms of the Benton School District Graduation Requirements. The following procedures must be followed when a student requests early graduation:

1. It is recommended that students indicate their intentions to a counselor any time during their sophomore year.

C -- 70-79	Satisfactory
D -- 60-69	Lowest Passing Grade
F -- 0-59	Failing
I	Incomplete
NC	No Credit
NG	No Grade

GRADE POINT AVERAGE

BHS and BJHS

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

1. A student's GPA will be determined by the grades received on all solid subjects (unless otherwise noted) credited toward graduation attempted in grades 9, 10, 11, 12. Eighth grade algebra, physical science, and foreign language will also be a part of GPA. GPA will be calculated at the end of each term.

5. An academic honor roll will be published at the close of each term. To be on the honor roll, the student may not have any academic grade lower than a "B."
6. High school students who take advanced placement courses will receive quality points based on a five (5) point scale. All students whose grade point average exceeds a 4.00 at the end of the fourth nine weeks will have their GPA and/or class rank figured on 24 credits at the end of their Senior year to prevent students from being penalized for taking a larger number of credits. Any grade lower than an "A" may not be dropped in determining which credits will be used to figure GPA.
7. **BHS Only:** If a student repeats the same course, both grades will remain on the transcript and will be used as an attempt when computing GPA.
If a student receives an NC, the attempt will count on figuring the grade point.
Students will not receive a credit for a class in which they have already received a credit.

A student is also expected to take a pre-announced test if the student had prior knowledge of the test and was present for the majority of the instruction as determined by the teacher; students should not assume that they do not have to take a test simply because they were absent the day prior to the test.

4. Students absent because of school activities must have work completed upon return to class.

*Transfer students who have been inducted into membership of the National Honor Society at another school will be automatically granted membership into the BHS chapter of NHS upon their senior year. The student must provide a letter of membership from the principal or the NHS advisor of the former school to the advisor of the BHS chapter within 30 days of enrollment in BHS. If the transfer occurs prior to the senior year, students should strive to meet BHS membership standards by the senior year. If the transfer occurs right before or during the senior year, students have one semester to achieve BHS standards for admission.

2. Total the verbal and mathematics section of the SAT on highest scores achieved or total the four individual tests of the ACT to achieve the highest score.

A detailed sliding scale showing GPA and total and more information about eligibility is available in the high school guidance office.

NINE-WEEK COURSES

BHS

1. A final must be taken in all nine-week courses. There will be no exemption in these classes.
2. Exceeding two (2) unexcused absences in a nine-week class is a basis for denial of course credit.

STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the criteria set forth by each building administration. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a) The building principal or designee;
- b) The student's teacher(s);
- c) School counselor
- d) A 504/special education representative (if applicable); and
- e) The student's parents.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the

principal's designee.

Student Success Plans

Each student in eighth grade shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- o Guide the student along pathways to graduation;
- o Address accelerated learning opportunities;
- o Address academic deficits and interventions; and
- o Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling

under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

REPORT CARDS

Report cards will be distributed following semester exams except when a district parent conference is scheduled. Report cards will be distributed at the parent conference at these times; if a parent does not attend the parent conference and pick up the report card, the report card will be distributed during school as soon as possible.

SCHEDULE CHANGE

BHS, BMS and BJHS

Students who desire a schedule change need to complete a Request for Schedule Change form from the guidance office. Counselors and administration will take these under advisement and notify the student if the request has been granted.

SCHOLARSHIPS

Local, state and national scholarships are available to Benton High School students. To find out more about scholarships go to www.bentonschools.org, click on Benton High School under schools, then click on counselors' page.

To apply for all Arkansas Department of Education Scholarships, including the Governor's Scholarship, Arkansas Academic Challenge (Lottery) Scholarship, etc., go to www.adhe.edu and click on the link for their YOUuniversal application.

The Free Application for Federal Student Aid (FAFSA) website is www.fafsa.ed.gov. This application must be completed for students to qualify for the Pell Grant and/or student loans, as well as some scholarships. For general information, go to <http://studentaid.ed.gov>.

SMART CORE POLICY

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

Smart Core is Arkansas's college- and career-ready curriculum for high school students. College and career readiness in Arkansas means that students are prepared for success in entry-level, credit-bearing courses at two-year and four-year colleges and universities, in technical postsecondary training, and in well-paid jobs that support families and have pathways to advancement. To be college and career ready, students need to be adept problem solvers and critical thinkers who can contribute and apply their knowledge in novel contexts and a variety of situations. Smart Core is the foundation for college and career-readiness. All students should supplement additional rigorous coursework within their career focus.

Failure to complete the Smart Core Curriculum for graduation *may* result in negative consequences such as conditional admission to college and ineligibility for some scholarship programs.

TESTS

BHS and BJHS

The following rules will apply in regard to major tests:

1. All major tests must be taken on schedule; there will be no exception made to allow students to take tests early.
2. Major tests such as midterms and finals can be made up only if a doctor's note is presented unless approved by the administrator. These tests must be made up on the Saturday following the actual testing schedule or on the succeeding Saturday (if one is available). If tests are not taken at this time, the grade on the test will be "zero".
3. Any student who meets one of the following qualifications may be exempted from his/her term final examinations:
 - a. An "A" average at the end of the semester
 - b. **BHS Only** – A total of three or less days excused and/or unexcused absences in a class except when the student has an "F" at the end of the semester
 - c. **BJHS Only** – Three or less unexcused days absence in a class except when the student has an "F" at the end of the semester
4. A student who because of disciplinary action has received in-school suspension or suspension will forfeit all exemption status to final tests.
5. Unless exempt from the semester exams, any student who fails to take the semester test will receive an "I" which will turn into an "0" if tests are not made up within ten days. The final grade will then be computed.
6. **BHS Only** – Students, who because of absences, receive a No Credit (NC) in a class must take nine-week exams, but they will not be required to take the final semester exam.
7. College visit days for juniors and seniors will not be excused on days of nine-week or semester exams.

GENERAL POLICIES

ASSEMBLY PROGRAM OR PEP RALLY

A visitor will quickly form an impression of a school from what is observed during a single assembly period. An orderly and well-behaved student body always denotes a well-conducted school.

The rules of conduct are very simple: all students need to go quietly and orderly to their seats in the assembly area and give their entire attention to the program that is being given. Throwing objects of any kind during any assembly or pep rally will not be tolerated. Only students that are involved with the program may be on the gym floor. Never boo anyone during a pep rally or assembly.

In leaving the assembly area, practice the rules of good manners and courtesy. Make sure there is not pushing or jostling.

When members of the student body are invited to perform in assemblies at other schools, only those students who have official parts in the assembly program, and have the principal's permission, will be excused for official school business.

ATHLETIC DUAL PARTICIPATION

BHS and BJHS

It is the belief of the administration that any individual who desires to participate in school activities should be able to try out, and if they are selected, be able to participate in two activities. This could occur when a young lady desires to be a cheerleader or drill team member and also be a member of the basketball team or volleyball team. If a student is involved in two activities, the following rules will apply:

- Any individual who chooses to try to participate in two activities will understand that the activity in season will have precedence over the one not in season; this includes practice and performance in games.
- Cheerleading and drill team will take precedence over basketball until the football season is completed.
- Volleyball will take precedence over basketball, cheerleading, and drill team until the volleyball season is completed.
- Following football or volleyball, the individual will become a full member of the girls' basketball team and will practice with the team until the end of the basketball season.
- At the end of the basketball season, the girl will return to Cheerleading or Drill Team. However, the respective coaches will work out the spring activities so that the student will be able to try out for both activities.
- An athlete who quits one sport cannot participate in any other sport until the sport he/she quits is over. A schedule change cannot occur until the end of the semester. The grade will be determined by attitude and cooperation until the athlete can be released to the next sport, receive a schedule change, or complete the semester.
- Grades will be determined as follows:
 - First Term -- Cheerleading/Drill Team or Volleyball
 - Second Term -- Basketball or Cheerleading/Drill Team
- Each student should visit with the coaches of each activity and understand the possibility of missing games/activities because of the moving from activity to activity. Also, joining a team late may cause her to have to work hard to earn a playing spot or be able to perform various routines.

See the Athletic Handbook for more information.

COMPULSORY ATTENDANCE

4.71- REQUIREMENTS FOR PARTICIPATION IN ATHLETIC/SPIRIT GROUPS/BAND

The Benton School Board hereby adopts a drug screening policy for all athletic/spirit groups/band in grades 8-12 who represent the Benton Public Schools. The board believes that the policy is necessary for the health and safety of the individuals involved. The Benton drug screening policy is a random-based screening. The entire policy may be found online in section 4.71.

3. Ensure the health and safety of participating students during performances.
4. Allow student participants an opportunity to say "no" to drugs.
5. Provide a deterrent to drug use for all participating students in athletic/spirit groups/band.
6. Help maintain a drug-free school environment.

SANCTIONS FOR POSITIVE TESTING:

The following sanctions shall be imposed for any student testing positive to a drug test:

1. For the first positive test result:

REFUSAL TO TEST:

Students refusing to be tested shall not be permitted to represent the District in any athletic/spirit group/band activity. After a 30-day waiting period, the student may be reinstated for participation if:

1. The student is tested at the end of the 30-day suspension at the parent's/guardian's expense by an independent laboratory.
2. A negative test result is received.

APPEAL PROCESS:

Any student who has tested positive or the student's parents or guardians may appeal the test by informing the Athletic Director within 24 hours of notice of the positive test result. The student and parent shall be entitled to present any evidence they desire to defend the charge of violation of this policy prior to implementation of sanctions. The Athletic Director may require written documentation of any evidence the student may wish to present that may have affected the test result. Failure to present written documentation to support the student's defense of the case shall result in the student being subject to the sanctions provided in this procedure for a positive test result. Upon request by the student's parents or guardians, further laboratory analysis may be conducted with the student's remaining urine specimen preserved by the testing laboratory at the student's expense. The retest must be performed by a qualified laboratory that meets the lab requirements contained in this drug testing policy.

Consequence Regarding the Involvement of Alcohol or Controlled Substances during School or School Activities:

Disciplinary action taken toward student athletes who are involved with alcohol or controlled substances at school or while participating in school activities:

- A. First violation: The student athlete will be disciplined by the school (per student handbook). When the student athlete returns, he/she will be suspended from 40% of contest or performances scheduled (Practice/intersquad scrimmages do not count). To become eligible, the student athlete must have a negative drug screening test administered by an independent laboratory (at the expense of the parents/guardians).
- B. Second violation: The student athlete will be disciplined by the school (per student handbook). The student athlete will not be allowed to participate in any athletic/spirit group for the remainder of the school calendar year. To become eligible for the next school year, student athletes must have a negative drug screening test administered by an independent laboratory (at the expense of the parents/guardians).

Consequence Regarding the Involvement with Alcohol or Controlled Substances Away from School or School Activities:

Disciplinary action taken toward student athletes who are involved with alcohol or drugs away from school or school activities:

- A. First violation: The student athlete will be suspended from 20% of the contest or performances scheduled (Practice/intersquad scrimmages do not count). Parents will be notified. There must be substantial proof of wrong doings as determined by the Athletic Director. The student athlete will be required to pass a drug test administered by an independent laboratory (at the expense of parents/guardians). Also, the student athlete will get counseling which will be selected by the Athletic Director.
- B. Second Violation: The student athlete will be suspended from 50% of scheduled contest or performances (Practice/intersquad scrimmages do not count). Parents will be notified. There must be substantial proof of wrong doings as determined by the Athletic Director. Student athletes will also be required to pass a drug test administered by an independent laboratory (at the expense of the parents/guardians) and attend an alcohol/drug abuse awareness program approved by the Athletic Director.
- C. Third Violation: The student athlete will not be allowed to participate in any extra-curricular activities for the remainder of the school year. To become eligible for the next school year, student athletes must have a negative screening test administered by an independent laboratory (at the expense of the parent/guardians).

In all cases of suspensions from participation, if the student athlete is participating in a sport in-season, the suspension will take place immediately. If a one sport student athlete is not in-season, the suspension will begin at the start of his/her next season. If the student athlete participates in more than one sport or activity, and the number of games remaining is under the percentage of games suspended, the suspension will carry over to the next sport. If another violation occurs during the second sport/activity season, this would count as their second violation.

If a student athlete loses eligibility due to a alcohol/controlled substance violation, to become eligible for the next school year, the student athlete must have a negative drug screening test administered by an independent laboratory (at the parents/guardians expense). The student athlete may participate in tryouts for the following school calendar year during his/her suspension but must have negative drug screening results prior to trying out.

These medications MUST be delivered and retrieved by the parent or guardian. Examples, but not all inclusive, include medication prescribed to treat ADD/ADHD, mood/anxiety disorders, and all their generic forms.

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given over-the-counter

medications to the extent giving such medications are included in the student's IHP. The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, stress dose medication, or combination does not require the student to have such on the student's person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, stress dose medication, or any combination on the student's person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Communicable Diseases and Parasites

Students with communicable disease or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), Impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B or C, mumps, vomiting, diarrhea, and fever (100 F when taken orally and without the use of fever reducing medication). If there is a question as to whether or not a transmission risk continues to exist, readmittance will be at the discretion of the school nurse. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control possible spread of communicable diseases, school personnel shall use standard precautions when dealing with the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57 – Immunizations, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

Benton Public Schools provides a flu clinic every school year in partnership with the Saline

County Health Department. Check with your school for the dates.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardian of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up from school. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screening results shall be conducted in a manner that respects the privacy and confidentiality of each student.

Health Screenings

The following screenings will be done by or under the direction of Benton School Nurses in accordance with Arkansas Law or Mandates:

- Body Mass Index - State Law ACA 20-7-135 mandates schools provide parents with an annual Body Mass Index (BMI) percentage by age as a part of a school health report. This report will be provided for students beginning in kindergarten and then in even number grades through 10th grade.
- Scoliosis screenings will be done for 6th grade girls and 8th grade boys and girls.

Parents may refuse the vision and scoliosis screenings for their students if documentation from their child's physician stating their child has been screened within the past six (6) months is given to the school nurse. Legal Reference: A.C.A. § 6-18-701 (b), (c), (f).

NONDISCRIMINATORY POLICY

It is the policy of the Benton Public Schools to provide equal opportunities without regard to race, color, national origin, sex, sexual orientation, gender identity, age, qualified handicap, or veteran status in its educational programs and activities. This includes, but is not limited to, admissions, educational services, financial aid, and employment. Inquiries concerning application of this policy may be referred to: Equity Coordinator, P. O. Box 939, Benton, AR 72018.

ORGANIZATIONS

Students have the right to participate in school-approved organizations. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Each organization shall function according to its own constitution and by-laws. A list of available clubs can be obtained from the principal's office.

PARENT / TEACHER COMMUNICATION

Parent/Teacher communication is important to the well-being of our students. Teachers are obligated to communicate with the parent(s) or guardian(s) of students to discuss each student's progress. Teachers meet this requirement through the following: Parent/Teacher Conferences. Other ways teachers are accessible are through e-mails and telephone calls. Parents can request a special Parent/Teacher Conference through their child's guidance counselor. Parents of students not performing at the level expected for their grade are also notified through progress reports.

PRIVACY OF STUDENT RECORDS

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parents of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information ("PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy, a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;

- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Benton School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, or guardian, , or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent/guardian or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other

interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

Any parent or guardian who objects to his child's name or photograph being placed on the school's web pages, in the newspaper, or any publication or making any directory information available upon request should go by the school office and fill out and sign an "OBJECTION TO PUBLICATION FORM." This needs to be taken care of no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed OPT-OUT FORM for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at the Student Policy Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.

PROCESS FOR RESOLVING PARENTAL CONCERNS

It is the goal of the Benton School district to be responsive to the community and to continuously improve the educational programs which are offered here. The District welcomes constructive criticism when it is offered with the intent of improving the quality of educational programming.

The Board formulates and adopts policies to achieve the District's vision and elects a Superintendent to implement the policies. The administrative functions of the District are delegated to the Superintendent who is responsible for the effective administration and supervision of the District. Parents with concerns regarding personnel, curriculum, discipline, coaching or the day to day management of the schools need to address those concerns according to the following sequence:

1. Teacher, coach, or other staff member where the concern is directed
2. Transportation Director or Athletic Director (if applicable)
3. Principal or Assistant Principal
4. Assistant Superintendent
5. Superintendent

Solutions to parental concerns are most easily resolved when communicated at the level where the concern originated. Most issues can be resolved when everyone works cooperatively and with open minds.

Each school in our district has an open door policy for parental involvement. We welcome suggestions and/or comments to help us improve.

SCHOOL CHOICE

Benton Public Schools would like to remind patrons who do not live within our district boundaries of the opportunity to attend our district through Public School choice. The window to apply is between January 1 and May 1st prior to the fall term for which the parent/legal guardian is requesting his/her child to begin attendance. The application can be downloaded from the district website or obtained from the district superintendent's office.

Any student admitted to this district under the provisions of this policy who chooses to return to his/her resident district during the school year voids the transfer and must reapply for a school choice admission if desiring to return to this district in the future.

The Benton School District will not allow any student who is currently under expulsion from another school to enroll in a District school. Refer to our Benton School Board policy 4.05 School Choice.

SCHOOL SPONSORED TRIPS AND FIELD TRIPS

All related trips must be approved through the principal prior to planning the activity. Students who are provided school transportation for field trips or extra-curricular events will return to school in the same vehicle unless arrangements are made with the student's teacher and approved by a school administrator.

Permission to post any material must be obtained from the principal.

SPORTSMANSHIP POLICY

Activities are an important aspect of the total education process in our schools. They provide the arena for participants to grow, to excel, to understand, and to value the concepts of SPORTSMANSHIP and teamwork. Fans are not at a ball game to intimidate or ridicule the other team or its fans, but to support and yell for their team and to enjoy watching skill and competition. SPORTSMANSHIP is a general way of thinking and behaving. GOOD SPORTSMANSHIP includes the following:

- a. Be courteous to all (participants, coaches, officials, staff, fans, spirit groups)
- b. Know the rules, abide by and respect the officials' decisions
- c. Win with character and lose with dignity
- d. Display appreciation for good performance regardless of the team
- e. Exercise self-control and reflect positively upon yourself, team, and school
- f. Permit only POSITIVE behavior to reflect on your school and its activities

Specific Prohibitions:

- a. Students or spectators who wear extreme or unusual clothing to the game or who paint their faces or bodies will not be allowed in the game. (Examples: togas, bandanas, gang colors, wigs, costumes, etc.)
- b. Negative, demeaning, or obscene yells will not be permitted at any athletic event while teams are being introduced, or when teams, cheerleaders, or drill teams are performing. (Examples: air ball; you, you, you; distracting free throw shooters, etc.)
- c. Students will not be allowed to turn their backs or hold up newspapers while teams are being introduced, or when teams, cheerleaders, or drill teams are performing.

STUDENT MEDIA POLICY

Each school shall publish a yearbook, or similar publication, each year. The purpose of the publication is to provide a record of the school year. The rights of privacy of each individual shall be respected.

Student media are not designed to incite students to the commission of unlawful acts on school premises or to the violation of lawful school regulations or the material and substantial disruption of the orderly operations of the school. Good taste and good judgment will be followed. All articles and pictures must be approved by the adviser and the editor of each publication.

We acknowledge that students do have the right to freedom of expression within these guidelines. It is the hope of this school district that no student would intentionally embarrass or demean the school, its staff, or a member of its student body.

STUDENTS WITH DISABILITIES

Benton School District will provide a Free Appropriate Public Education (FAPE) and uphold all rules and regulations set forth in the Individual With Disabilities Education Act, 2004 (IDEA-04), P.L. 108-446, The Rehabilitation Act of 1974, and the Arkansas Department of Education Procedural Requirements and Program Standard for the provision of Special Education and Related Services for student with disabilities.

Benton School District will comply with 34 CRF 300.519 through 34 DFR 300.529 of the Individuals with Disabilities Act (IDEA) Amendments of 1997 and the Arkansas Department of Education Special Education and Related Services and Program Standards, Section 11.00.

TELEPHONES

Calling the School:

While the school office personnel are happy to answer necessary questions or to comply with necessary requests pertaining to the students' welfare and program, both the student and parents are urged to consider the large enrollment of each campus, and the school's secretaries have many official duties. The student can help parents eliminate unnecessary phone calls by listening carefully to daily announcements and by keeping parents informed about matters of concern to them. Classes will not be interrupted for delivery of messages except in the case of an emergency.

TRANSPORTATION POLICY FOR SCHOOL SPONSORED EXTRA-CURRICULAR ACTIVITIES

All students must ride to and from the activity by school-arranged transportation unless signed out by that student's own parent/guardian. Any exceptions to this rule must have prior written approval by the coach or sponsor and building administrator.

WELLNESS POLICY

BHS and BJHS

In compliance with Arkansas Code § 20-7-135, the vending machine will be closed to students during the school day until 30 minutes following the last lunch. In addition, students will have the opportunity to participate in physical activity each week through scheduled physical education classes, physical activity during the school day, through activities such as walking programs, and organized physical activity courses.

WITHDRAWALS

BHS, BMS and BJHS

Students who withdraw from the Benton School District must submit proof of parent or guardian's permission for the student's withdrawal to the Guidance Office. A form and instructions for the next step will be given. All textbooks and other obligations must be taken care of before records will be released. Any student who leaves the Benton School District without officially withdrawing as an active student will receive the appropriate grade of an NC or F.

ELEMENTARY

Students who are withdrawn from an elementary school are requested to notify school official as a courtesy.

The School reserves the right to punish behavior which is not conducive to good order and discipline in the school, even though such behavior is not specified in the preceding written rules. The school also reserves the right to increase disciplinary penalties when a threat to disrupt or interfere with the educational process is present. Consequences for behavior not covered will range from a minimum warning/conference to a maximum expulsion.

- When applicable, the term "Parent or guardian" refers to: the parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of the child.
