Pekin Public Schools District 108 Truancy and Absenteeism Procedures

Pekin Public Schools District 108 has adopted the following procedures on absenteeism due to excessive absences based upon illnesses or personal days.

- A. If a student misses school for three (3) consecutive days, a doctor's note will be required stating the reason for the absences, any necessary treatment required upon return, and the number of days the illness required absence.**
- B. If a student accumulates, at any point of the year, a 5% rate of absenteeism of the total number of days in attendance, a doctor's note will be required with the above mentioned information.**
- C. If a doctor's note has not been provided to the school, a truant ticket will be issued to the parent, and an appearance in Court will be required.**
- D. If a student is absent without an excuse, a truant ticket will be issued to the parents requiring a Court appearance**
