This summer, we will be offering our Credit Recovery program through Edmentum. It is a credit recovery program that gives a student the opportunity to receive a credit for a required graduation course that they have failed. It is an accelerated course that the student takes on the computer in our Credit Recovery lab, room 1090.

The program's starting date is June 1st, and the completion date is no later than July 2nd. The lab will be open from 8:00 a.m. until 12:00 noon. Students will be required to attend the times that they are assigned. When possible, students will be attending for the full four hours. When students are completed with recovering their credit, they are finished for the summer. In most cases, students are finished earlier than July 2nd. This depends on the number of students that we have signed up for this program. If a student attends their assigned times and still has not completed the material, every effort will be given for additional time in the lab.

Attendance is a requirement. Students will only be allowed to have one excused absence. Students will only be permitted to be tardy two times. A tardy is 1 to 15 minutes late.

Any questions may be directed to the BHS Main Office at 429-7547
