## Quarter 3

March 2018

NESA testing is coming up next quarter. We have prepared some ideas for good test taking strategies. Most students here at CMS do not study for these tests, but studying is always acceptable. Keeping yourself hydrated is something to keep in mind. Make sure you get enough sleep, you can't run on little to no sleep. Read through every question at least once or twice. Don't stress over the tests, the NESA isn't graded but you still need to try your hardest to get a good grade on it. Once you are done with all of the questions, read over all of the questions again and see if there are any questions where you need to change the answer on. You have plenty of time to complete these tests so don't rush through the questions because we can guarantee you that the grade of the test won't be good. If you don't know the answer to the question, try to answer it reasonably. Eliminate the answers you know are wrong until you get to an answer that could be right. Don't become distracted by classmates or other commotion going on around you.

## History Day

History day is a nationwide competition held every year. Also held at the state level that gives students the opportunity to present and research projects based on the interest and the theme of the current. This year's theme is Conflict and Compromise. There are 16 students who decided to participate this year. A majority of the students who are participating are girls. Two of the most popular ones to do are either a documentary or an exhibit. During History Day, it's not all about history. Out of experience, Mr. Frauen's favorite part about History Day is the lunch.

## The Jungle Book Kids!

Play production was a choice for one of the activity classes for the sessions in second and third quarter. We started practicing at the beginning of January, and we worked very hard until production time. When it was time to perform Disney Jungle Book Kids, we were very excited. We had a fun time performing to the elementary school, middle school, and for the public. Some characters were the monkeys, coils, bees, the jungle, vultures, elephants, wolves, and other characters.

Our lead characters were:

Brock Lee, Mowgli

Kelseigh Romero, Shanti

Zion Emerson, Bagheera

Damion Fochtman, Shere Khan

Graci Marhenke, Baloo

Katie Wilson, Kaa

Samuel Hermosillo, King Louie

Shaundra Wiederholt, Colonel Hathi

The directors were Mrs. Kostrunek and Mrs. Blackmore. Aaliyah Wilkins was the choreographer. The crew was a lot of help with props and make-up. We danced, sang, and laughed. It was so much fun. I hope you enjoyed it because the people that put it on certainly did.

## CMS Baby updates

### Henry Rexing

Henry is 16 weeks old and growing like a weed! He is 13 pounds and 27 inches long. Henry is a laughing and smiling machine. He loves to look around and grab things right in front of him. Tummy time is not his favorite. We can almost roll over but not quite yet.

### Jackson Botts

He is Fat and Happy! Stats are 12 lbs, 22 inches tall, brown hair and blue eyes. He's currently looking to sign a free agent contract with a weekend babysitter. His demands are milk, peek-a-boo, and getting changed every hour.

## Lucy Rose Morris

8 lbs 3 ounces, 20 3/4 inches long

## Donovan Jesse Twyford

Donovan Jesse Twyford born 3/2/2018 at 7:59 AM He weighed 8lbs 12oz
