

August Letter:

Dear Parents and Students,

My name is Sandra Maxey, and I am proud to be the school counselor this year at Carthage Junior High! I have served as a counselor at a previous school, which encompassed grades Pre-K through 12th grade, and I have been working within the Counseling Department at Carthage High School for the last four years as the Testing Coordinator. Students, I am excited to help each of you as you begin your 2023-2024 educational journey here at CJHS. Parents, please never hesitate to let me know how I can be of service to you and your students.

Students, as the year unfolds, you will see me in my office, in the hallways, and in the classrooms. If you need to visit with me individually, my door is always open unless I am already meeting with another student. In that case, I will have a form, which you can fill out and slip under my door. I will then meet with you as soon as I am able to do so. Please remember, you can also email me at smaxey@carthageisd.org.
