LIABILITY FOR UNAUTHORIZED USE OF CREDIT CARD

If you notice the loss or theft of your credit card or a possible unauthorized use of your card, you should write to us immediately at the address shown on the front of this statement following "Send Inquiries to:", or call us at the telephone number shown on the front of this statement. You will not be liable for any unauthorized use that occurs after you notify us. You may, however, be liable for unauthorized use that occurs before your notice to us. In any case, your liability will not exceed \$50.

HOW TO AVOID PAYING INTEREST ON PURCHASES AND BALANCE TRANSFERS

Your due date will be at least 21 days after your billing statement is mailed or delivered to you. We will not charge you any interest on purchases and balance transfers if you pay your entire balance by the due date each month. We will begin charging interest on cash advances on the transaction date.

CALCULATION OF AVERAGE DAILY BALANCE(S)

We use the average daily balance method (including current transactions) for calculating an average daily balance for your (i) purchase balance (including transferred balances) and (ii) cash advance balance. To get the average daily balance of your purchases balance (including balance transfers) and your cash advance balance, we take the beginning balance of your Account each day, add any new purchases, cash advances and balance transfer amounts, as applicable, add any unpaid charges (including Finance Charges), fees and other debits, and subtract any applicable portions of payments and credits. This gives the daily balance. Then we add up all the daily balances for the Billing Cycle and divide by the number of days in the Billing Cycle to get the average daily balance.

CALCULATION OF YOUR INTEREST CHARGE

Your Interest Charge for the period is based on the applicable APR associated with each balance. We calculate Interest Charges separately for your purchase balance (including balance transfers) and your cash advance balance under each applicable APR. Your variable APR can go up or down monthly as the index for the rate goes up or down. We list each Interest Charge (including the Purchase Finance Charge and the Cash Finance Charge) separately on your Statement. We compute each Interest Charge by: (1) Taking each applicable APR and calculating the corresponding monthly periodic rate (the applicable APR divided by 12), and (2) multiplying the average daily balance for each balance by the applicable monthly periodic rate adding together all the products to obtain your Total Interest for the period.
