

WHAT COURSES CAN YOU TAKE AS A CCP STUDENT?

CCP students may only enroll in "Level I" courses within the First 15 Credits

Level I Allowable Courses Include:

- Transferable courses: Ohio Transfer Module (OTM), Transfer Assurance Guide (TAG) or Career-Technical Assurance Guide (CTAG)
- Courses in computer science, information technology, anatomy, physiology, or foreign language, including American Sign Language

Level II - Any other college course that is not a Level I course

Exceptions to the "First 15" Rule may be made if the student wishes to continue with course in the same subject or tests directly into Level II course. Students who have attained the required scores on AP or IB course examinations may count the course toward the First 15.

Most **Level I** courses are part of the **General Education Program** at The University of Akron. The General Education Program includes core classes which often fulfill college and high school graduation requirements.

Please visit this link for a list of **Level I** courses at The University of Akron: www.uakron.edu/ccp/course-list

Please visit this link for more information about the **General Education Program**: www.uakron.edu/general-education/

Below are some of the most enrolled classes by CCP students:

Course Name	Course Number	College Credits	High School Requirement
English/Writing			
English	2020:121	3	English Language Arts
