Detailed description: This handwriting guide displays the letters of the alphabet in three rows. The first row contains uppercase letters A through I, the second row contains uppercase letters J through Z, and the third row contains lowercase letters a through z. Each letter is shown on a set of three horizontal lines (top, middle, and bottom). Small arrows and numbers (1, 2, 3) indicate the starting point and direction of each stroke used to form the letter. For example, the letter 'A' is formed with three strokes: a vertical line down on the left, a diagonal line down on the right, and a horizontal crossbar. The lowercase letters are positioned between the middle and bottom lines, while the uppercase letters span from the top to the bottom line.
