  - a. With the below goals in mind, we were given the teacher proposals for use of monies from the Trustland fund. Each proposal was given to the council and then AJ gave us a quick reference with the total money requested per proposal.

***Goal 1: "Bear River High School will ensure that all students learn at high levels" by:***

    - *Supporting and bolstering teachers by providing time and resources for training, and to develop curriculum that includes essential standards*
    - *Addressing technology issues*
    - *Increase the passing rate*

***Goal 2: Bear River High school will increase school safety.***
  - b. Discussion included what items on the proposal list could be funded with other money. Some proposals could be combined under one umbrella proposal and several were eliminated because they did not meet the proposed goals. We also discussed the possibility of awarding some money to proposals, but not funding the total amount requested.
  - c. Total amount of money we could spend was discussed along with how much we needed to take off the total amount of proposals.
5. **Action Items:**

All members of the council will review proposals and come back next month with preferences of what projects they would like to see funded and what projects could be partially funded.
6. **Agenda Items for next meeting:** Based on the proposals, vote on final budget for next year.
