

MD1:Purpose

Parent/Student Handbook

The mission of the 1:1 Student Device initiative in Mid-Del School District is to help propel our personalized learning initiatives and establish the foundation for a seamless program that supports individualized instruction in our classrooms. It supports anytime access to online resources for learning, by providing portable devices for all students in grades Prek-12. This ensures that students can access what they need from wherever they are.

The focus of the Student Device program at MID-DEL PUBLIC SCHOOLS is to provide tools and resources for the 21st Century learner. Excellence in education requires that technology is integrated seamlessly throughout the educational curricula. Increasing access to technology is essential to build upon college and career readiness skills. The individual use of Student Devices is a way to empower students to maximize their full potential and to prepare them for college and the workplace.

Learning is a result of the continuous dynamic interaction among students, educators, parents, and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with Student Devices integrates technology into the curriculum anytime and anywhere.

The policies, procedures, and information within this document apply to all other technology-able devices used at Mid-Del School District with the understanding that Teachers may set additional requirements for student device use in their classroom.

1. GENERAL INFORMATION

A. Receiving Your Student Device

- i. Unless other arrangements are considered more appropriate, each student in grades PreK-12 will be issued a Student Device. This device is intended to support schoolwork in and out of the classroom.
- ii. Student Devices will only be distributed after parents and students have signed and returned the **Mid-Del Schools Internet Safety Policy Family Consent Form (I-22 R-1)**.
- iii. An optional insurance plan will be offered to students and parents. For details, please see the **Mid-Del Schools Device Protection Plan** located at the end of this Handbook.

B. Student Device Check-in

- i. Student Devices must be returned before the end of the school year, on dates to be provided, so that devices can be updated and stored for the summer.
- ii. If a student transfers out of the Mid-Del School District during the school year, the Student Device and charger must be returned at that time.
- iii. If a student fails to return the Student Device and charger at the end of the school year or upon ending enrollment in Mid-Del High School, the equipment may be considered stolen and prosecuted appropriately. The student/parent will also be required to pay the replacement cost of the missing equipment.

C. Check-in Fines

- i. Accidental or intentional damage to the device will incur the cost of repair as explained in the **Mid-Del Schools Device Protection Plan**.
- ii. Misuse of any district equipment may result in the student losing privileges of the Student Device and may result in appropriate disciplinary action. At any time, Mid-Del Schools Administration and Mid-Del Schools Technology Staff may restrict or remove access to Mid-Del Schools equipment or network services and may revoke a student's permission to take the device home.

2. TAKING CARE OF YOUR Student Device

A. General Precautions

The Student Device is school property and all users will follow this policy and the Mid-Del School Internet Safety Policy.

- i. No food or drink is allowed on or next to your Student Device.
- ii. Cords and cables must be carefully inserted into and carefully removed from the Student Device to prevent damage.
- iii. Student Device and accessories must remain free of any writing, drawing, or labels that are not the property of the Mid-Del School District.
- iv. Student Devices must never be left in an unlocked locker, unlocked car, or in an unsupervised area.
- v. Keep your Student Device's battery charged for school each day.
- vi. Student Devices are very sensitive to extreme heat and extreme cold. Leaving the devices in cars, direct sunlight, etc. is potentially harmful to the device and should be avoided.
- vii. Do not stack any books, heavy materials, etc. on top of the Student Device as it could damage the device.
- viii. Lock your screen when you leave your Student Device unattended for ANY amount of time.
- ix. Take care to protect your password. Do not share your password.
- x. If, at any point during the school year, there is damage, loss, or theft of a Student Device, you must contact a school administrator immediately.

B. Screen Care

The Student Device screens can be damaged if subject to rough treatment. The screens are extremely sensitive to damage from excessive pressure.

- i. Student Devices should never be carried while the screen is open.
- ii. Do not lean on top of the Student Device when it is closed.
- lii. Do not place anything near the Student Device that could put pressure on the screen front or back.
- iv. Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or notebooks).
- v. Use a clean, soft cloth to clean the screen. Do not use cleansers of any type.
- vi. Do not "bump" the Student Device against lockers, walls, car doors, floors, etc. as it will eventually cause damage to the Student Device.

3. USING YOUR Student Device AT SCHOOL

Student Devices are intended for use during school each day. In addition to teacher expectations for Student Device use, school messages, announcements, calendars, and schedules may be accessed using the Student Device. **Students are responsible for bringing their Student Device to all classes, unless instructed otherwise by their teacher.**

A. Student Devices Left at Home

If a student leaves their Student Device at home, they will have the opportunity to use a replacement Student Device from the School Media Center if one is available. Students may stop by their school Media Center before school to check out a Student Device to use for the day and return the Student Device to the Media Center at the end of the same day. Replacement Student Devices are not available for overnight checkout.

- i. If students leave their Student Device at home, they are responsible for getting the course work completed as if they had their Student Device present.
- ii. If a student leaves their Student Device at home for two consecutive days, they will be required to bring in the device and have a mandatory inspection of said device by the principal or designee.

B. Student Device Undergoing Repair

- i. A replacement Student Device may be used by students when they leave their Student Device for repair. Please note that there may be a delay in getting a Student Device should the school not have enough to distribute.
- ii. Replacement Student Devices must remain at the school.
- iii. Replacement Student Devices will only be issued for use in school until all costs of replacement have been paid.

C. Charging your Student Device's Battery

- i. Student Devices must be brought to school each day in a **fully** charged condition
- ii. There will be minimal charging location available at the school.

D. Photo Library, Screensavers, Background Photos

- i. Inappropriate media should not be on the device and may not be used as a screensaver or background photo.

- ii. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures will result in disciplinary actions and may also result in a loss of Student Device privileges.
- iii. Photos/Videos require a large amount of storage space on the devices. Only photos that are for an educational purpose should be saved to the device. All other photos/videos should not be taken or stored.

E. Sound, Music, Games, or Programs

- i. Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- ii. Data Storage on the Student Device is limited and should be managed by the students so that the full educational potential of the Student Device is available. Any instance of downloading apps that have not been approved by the district are carefully monitored.
- iii. Students may be directed by school personnel to remove apps, music, videos, etc. if the storage of instructional materials is compromised.
- iv. Only Music/Sound files that are obtained legally for educational purposes are allowed.
- v. Headphones may be used at the discretion of the teacher.

F. Printing

- i. Printing will not be available with the Student Devices. The nature of the device removes the need to print.

G. Home Internet Access

- i. Students are allowed to setup access to their home wireless networks on their Student Devices. This will assist students with the ability to complete, retrieve, access, etc. educational content used in classes with the Student Device successfully.
- iii. If parents/ guardians are interested in providing additional content filtering at home, it is suggested that the parents/guardians contact their Internet provider for details and support.
- iv. Mid-Del School District cannot provide home internet access. Internet service provider resources are located on the school website: mid-del.net.

4. MANAGING YOUR FILES & SAVING YOUR WORK

A. Saving to your Student Device

- i. Students will save work to their Google accounts via the Student Device.
- ii. Storage space will be available on the Student Device, but since the device has storage limitations, it is vital that the storage space be privileged for educational use only. It is also important to note that in case of resetting the device, the district will not backup the Student Devices.
- iii. It is the student's responsibility to ensure that their work is backed up and therefore not lost due to mechanical failure or accidental deletion.

B. Network Connectivity

- i. Mid-Del School District makes no guarantee that their network will be up and running 100% of the time. In the case that the network is down, the district will not be responsible for lost or missing data.

5. SOFTWARE ON Student Devices

A. Originally Installed Software

- i. The Extensions/Apps originally installed by Mid-Del School District must remain on the Student Device in usable condition and be easily accessible at all times. From time to time, the school may add/remove software applications for use in a particular course. Periodic checks of Student Devices may be made to ensure that students have not removed required apps/extensions.

B. Additional Software

- i. Students are not allowed to load extra Extensions/Apps on their Student Device. Students are responsible for the content on their Student Device. Apps and other media must be appropriate per Mid-Del High School Appropriate Use Policy and Code of Conduct. Students will be asked to remove apps and media if deemed inappropriate. These Apps/Extensions will be available upon logging into the device using the official school approved email address.
- ii. Any attempt to modify, or "Jailbreak", the Student Device or change the configuration will result in immediate disciplinary action.

- iii. Any software that is deemed inappropriate for use in school is not to be downloaded or installed on the Student Devices. This includes, but is not limited to, music, games, videos, images, eBooks, and apps as noted in section 3-E above. Immediate removal of material (or full reset of the device), contact with parents/guardians, and disciplinary action will take place.

C. Inspection

- i. Students may be selected at random to provide their Student Device for inspection.
- ii. Reasons for Student Device inspection may include but are not limited to the following: functionality, maintenance, serviceability, and various violations of student acceptable responsibilities when using the Student Device.

D. Procedure for Reloading Software

- i. If technical difficulties occur or illegal software are discovered, the Student Device may be restored from backup. The district does not accept responsibility for the loss of any software or documents deleted due to a need to reformat and/or reimage any device.
- ii. Students are highly encouraged to create a backup of all Student Device documents and work as identified in section 4 above.
- iii. Students are highly encouraged to manage their backup data to ensure that enough space is available for school created content.

E. Software Upgrades

- i. Upgrade versions of licensed software/apps may become available from time to time. Students may be required to check in their Student Device for periodic updates.

6. ADDITIONAL RESPONSIBILITIES AND EXPECTATIONS

A. Parent/Guardian Responsibilities

- i. Talk to your children about values and the standards that your children should follow on the use of the Internet just as you do on the use of all media information sources such as television, telephones, movies, and radio.
- ii. Become increasingly active participants by asking your child/children to show you what sites they are navigating to and/or what apps are being used and how they work.

- iii. The following resources will assist in promoting positive conversations between you and your child/children regarding digital citizenship as it relates to Internet safety, conduct, and Netiquette:
 - a) NetSmartz: [Http://www.netsmartz.org/Parents](http://www.netsmartz.org/Parents)
 - b) CommonSense Media:
<http://www.commonsensemedia.org/blog/digitalcitizenship>
- iv. Ensure that siblings and other family members are not using the device for personal use.

B. School Responsibilities:

- i. Provide Internet and Online Course Material access to students
- ii. Provide Internet filtering and blocking of inappropriate materials as able.
- iii. Student Devices will be treated similar to the policy surrounding school lockers. Mid-Del School District reserves the right to review, monitor, and restrict information stored on or transmitted by Mid-Del School District owned equipment and to investigate inappropriate use of resources.
- iv. Provide staff guidance to aid students in doing research and help ensure student compliance with the Mid-Del Schools Internet Safety Policy.

C. Student Responsibilities:

- i. Use computers/devices in a responsible and ethical manner.
- ii. Obey general school rules concerning behavior and communication that apply to technology use.
- iii. Use all technology resources in an appropriate manner so as to not damage school equipment. Take a proactive role to aid Mid-Del School District in the protection of our computer system/devices by contacting an administrator about any security problems that they may encounter.
- iv. Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher or parent.
- v. Plagiarism is addressed under Student Discipline Philosophy outlined in the Student Expectations Policies, Procedures, and Safety Guidelines. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet, such as graphics, movies, music, and text.
- vi. Use or possession of hacking software is strictly prohibited. Violation of applicable state or federal law may result in criminal prosecution or disciplinary action by the district.

- vii. If a student should receive messages containing inappropriate or abusive language or if the subject matter is questionable, he/she is to make a teacher or administrator aware immediately.
- viii. Return Student Devices to the Mid-Del School District at the end of each school year. Students who graduate early, withdraw, are expelled, or terminate enrollment at Mid-Del School District for any other reason must return their individual school Student Device and other peripherals on, or before, the date of termination.
- ix. Monitor all activity on their account(s).

D. Student Activities Strictly Prohibited - Unacceptable Use:

The user is responsible for his or her actions and activities involving the network (including access to web sites, e-mail, chat rooms, discussion boards, and instant messaging). Some examples of unacceptable uses include:

- i. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law.
- ii. Downloading or installing of software without consent of the Director of IT, regardless of whether the software is properly copyrighted or de-virused.
- iii. Using the network for private financial or commercial gain.
- iv. Wastefully using resources, such as file space and bandwidth.
- v. Hacking or gaining unauthorized access to websites, files, resources, entities and/or highly sensitive information sources to which explicit authorization has not been granted.
- vi. Invading the privacy of individuals, this includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph or any other digital media.
- vii. Using another user's account information or otherwise circumventing the login process. With the exception of Technology staff troubleshooting or configuring a user's account access, users should never be required to divulge their account credentials (username or password).
- viii. Providing access to unauthorized users.
- ix. Posting material authored or created by another without his/her consent.
- x. Posting anonymous messages.
- xi. Using the network for purposes of financial gain or for the transaction of any business or commercial activities.
- xii. Disclosing the contents or existence of Mid-Del School District computer files, electronic mail, or other information to anyone other than authorized recipients.

- xiii. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material.
- xiv. Using the network while access privileges are suspended or revoked.

E. Student Device Care

Students will be held responsible for maintaining their individual Student Device and peripherals, and keeping them in good working order.

- i. Student Device batteries must be charged and ready for school each day.
- ii. Only labels or stickers approved by Mid-Del School District may be applied to the device.
- iii. Student Devices that malfunction or are damaged must be reported to the classroom teacher in the elementary schools and the Media Center in secondary schools. The school district will be responsible for repairing Student Devices that malfunction as outlined in the Device Protection Plan.
- iv. Student Devices that are stolen must be reported immediately to a school administrator.

F. Legal Propriety

- i. Comply with all applicable laws, including but not limited to trademark and copyright laws and license agreements.
- ii. Plagiarism is addressed under Student Discipline Philosophy outlined in the Student Expectations Policies, Procedures, and Safety Guidelines. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music, and text.
- iii. Use or possession of hacking software is strictly prohibited. Violation of applicable state or federal law will result in criminal prosecution or disciplinary action by the District.

G. Student Discipline

- i. If a student violates any part of the policies, procedures or expectations outlined in this document, the student handbook, or district policies, he/she will be disciplined in accordance with our discipline policy (outlined in the Student Handbook and the Mid-Del Schools Internet Safety Policy).

7. PROTECTING & STORING YOUR Student Device

A. Student Device Identification

- i. The District will maintain a log of all Student Devices including: Student Device serial number, asset tag code, name and ID number of the student assigned to the device. Students will have a device for the duration of the school year.

B. Storing Your Student Device

- i. When students are not using their Student Devices, they should be stored in their lockers.
- ii. To prevent damage, nothing should be placed on top of the Student Device.

C. Student Devices Left in Unsupervised Areas

- i. Under no circumstances should Student Devices be left in unsupervised areas. Unsupervised areas include the school grounds and campus, the cafeteria, locker rooms, media center, unlocked classrooms, dressing rooms, hallways, and any place outside of school that is not the student's home.
- ii. Any Student Devices left in these areas are in danger of being stolen. If a Student Device is found in an unsupervised area, it will be taken to the main office and may result in disciplinary action.

8. ACTIONS REQUIRING DISCIPLINARY ACTIONS

As mentioned throughout this document, **misuse of Student Devices has the potential to earn disciplinary consequences such as, but not limited to, parent contact, restitution, removal of Student Device, loss of Student Device rights, removal of unauthorized files, restriction of internet privileges, after school detentions, in school suspensions, out of school suspensions, notification to police if appropriate, and expulsion.**

9. DIGITAL CITIZENSHIP

School issued Student Devices should be used for educational purposes and students are to adhere to the Mid-Del School District Mid-Del Schools Internet Safety Policy and all of its corresponding administrative procedures at all times. While working in a digital and collaborative environment, students should always conduct themselves as good digital citizens by adhering to the following:

1. **Respect Yourself.** I will show respect for myself through my actions. I will select online names that are appropriate. I will use caution with the information, images

and other media that I post online. I will carefully consider what personal information about my life, experiences, or relationships I post. I will not be obscene. I will act with integrity.

2. **Protect Yourself.** I will ensure that the information, images, and materials I post online will not put me at risk. I will not publish my personal details, contact details, or a schedule of my activities. I will report any attacks or inappropriate behavior directed at me while online. I will protect passwords, accounts, and resources.
3. **Respect Others.** I will show respect to others. I will not use electronic mediums to antagonize, bully, harass, or stalk people. I will show respect for other people in my choice of websites. I will not visit sites that are degrading to others, pornographic, racist, or inappropriate. I will not enter other people's private spaces or areas.
4. **Protect Others.** I will protect others by reporting abuse and not forwarding inappropriate materials or communications. I will avoid unacceptable materials and conversations.
5. **Respect Intellectual Property.** I will properly cite all use of websites, books, media, etc. I will acknowledge all primary sources. I will validate information. I will use and abide by the fair use rules.
6. **Protect Intellectual Property.** I will purchase my music and media and refrain from distributing these in a manner that violates their licenses.

10. Student Device Repair Process/Insurance

A. Vendor Warranty

- i. The equipment vendor has a one year hardware warranty on the Student Device.
- ii. The vendor warrants the Student Devices from defects in materials and workmanship.
- iii. This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide normal replacement parts necessary to repair the Student Device or Student Device replacement.
- iv. The vendor warranty does not warrant against damage caused by misuse, abuse, accidents or Student Device viruses/spyware.
- v. Please report all Student Device problems to the Mid-Del School Technology staff.

B. Student Device Technical Support

- i. All repairs must be completed by Mid-Del School District Technology Staff.

- ii. The staff will coordinate with District Technology Staff should your Student Device need repair.
- iii. A replacement Student Device may be used by students when they leave their Student Device for repair. Please note that there may be a delay in getting a Student Device should the school not have enough to distribute.
- iv. Students who have not purchased the Device Protection Plan may be issued a loaner device for use during the school day, the device does not go home, until all costs of replacement have been paid.
- v. Student Device Protection will be offered as optional, but recommended to all parents. It will be a self-insured setup where the funds stay in-house and will be used to purchase replacement parts as needed.

Policy: I-22

USE OF THE WIDE AREA NETWORK, THE INTERNET, AND OTHER TECHNOLOGICAL RESOURCES, INTERNET SAFETY POLICY (ISP)

The Board of Education provides the wide area network, local area networks, Internet access, and other technological resources for the purpose of supporting and enhancing teaching and learning. The Board recognizes that guidelines must be established to assure that these technologies are used to provide activities that are appropriate to the learning environment. The Superintendent or designee shall be responsible for developing guidelines to govern the use of these technologies in the District.

Some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive. The Board cannot guarantee that a student will not encounter questionable material on the Internet. This policy addresses the following as required by the Children's Internet Protection Act (CIPA):

- A. Access by minors to inappropriate matter on the Internet and World Wide Web;
- B. The safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;
- C. Unauthorized access, including so-called "hacking", and other unlawful activities by minors online;
- D. Unauthorized disclosure, use, and dissemination of personal information regarding minors;
- E. Measures designed to restrict minors' access to materials harmful to minors; and
- F. Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Acceptable uses of the network and Internet are activities resulting from specific tasks and assignments which support teaching and learning and promote the district's mission and goals.

Prohibited uses are those which violate the right to privacy or access to materials, information or files of another individual or organization without permission; violate the copyright laws; spread computer viruses; deliberately attempt to vandalize, damage, disable or disrupt the property of the District, another individual, organization or the network; or any effort to locate, receive, transmit, store or print files or messages that are profane, obscene, sexually explicit or use language that is offensive or degrading to others. Use for commercial activities, product advertisement or political lobbying is also prohibited. Designated staff members will be provided a school email account to be used for school purposes. Electronic communications are intended to be used primarily for educational purposes. Reasonable personal use of email similar to that allowed for phone usage may be granted for non-prohibited activities. Personal use should be limited and its authorization is intended to allow the member to tend to personal matters without leaving the work environment.

Students may be provided an email account to be used for school purposes. Supervision by an adult is required for students in Kindergarten through grade 12 for monitoring the online activities of minors. Monitoring may be accomplished through a number of measures and may include but not be limited to personal observation, video surveillance, electronic monitoring, tracking and review of online activities, archival and review of email, etc. as appropriate.

The District is responsible for protecting its networks in a reasonable manner against unauthorized access and/or abuse, while making them accessible for authorized and legitimate users. This responsibility includes informing users of expected standards of conduct and the punitive measures for violating them.

USE OF THE NETWORK (Cont.)

Before a student may access the Internet, parental permission will be required. In those cases involving adult student training, business and industry training, or 18 year-old students, a signed statement declaring the participant's intent to comply with district policy and guidelines will be required. Students' directory information may be referenced in the Student Expectations Policies, Procedures and Safety Guidelines Handbook. (See Policy J-18 and J-25)

For students to remain eligible as users, student use must be in support of and consistent with the educational objectives of the District. Access requires responsibility. Students and all other users of the district's networks and other technological resources are responsible for respecting and adhering to local, state, federal and international laws and guidelines governing use of information and the available technologies. Any attempt to violate the guidelines, terms and conditions for use of technology, the network or the Internet may result in revocation of user privileges, other disciplinary actions consistent with Board of Education policy and existing practice regarding inappropriate language or behavior, including, but not limited to, suspension from school, termination of employment and/or appropriate legal action.

The District makes no warranties of any kind, either expressed or implied, for the Internet access it is providing. The District will not be responsible for any damages users suffer, including, but not limited to, loss of data; delays or interruptions in service; accuracy, nature or quality of information stored on District servers, hard drives or removable media; and accuracy, nature or quality of information gathered through district-provided Internet access.

The District will not be responsible for unauthorized financial obligations resulting from district-provided access to the Internet.

MID-DEL SCHOOL DISTRICT STUDENT DEVICE PROTECTION PLAN

Mid-Del Public School Device Protection Plan

The Mid-Del Public Schools *Device Protection Plan (DPP)* has been established to give parents the option to purchase protection covering the repair or replacement costs of a district issued device. Families are strongly encouraged but not required to participate in this voluntary program.

The cost for the protection plan during the 2021-2022 school year will be as follows:

- \$25 per student.
- Free/Reduced Lunch: \$15/student.

Payments for the Device Protection Plan will be accepted during device pick up at your site. This plan is effective until June 30th, 2022 and is non-refundable.

This plan does not cover lost equipment; only damaged or stolen equipment.

STOLEN CLAIMS MUST BE SUBMITTED WITH A POLICE REPORT.

Mid-Del Public Schools Technology Responsible Use Agreement

I have received the Mid-Del Public Schools Handling Guidebook at mid-del.net/LINKGOESHERE which details the basic care, handling, transportation of the students device.

I understand that my student is expected to:

- Follow the device care information found in the Mid-Del PS Guidebook.
- Bring the device to school fully-charged every day.

I understand that I am expected to:

- Pay the cost of repairing or replacing the device if damaged, lost, or stolen. I understand this cost may be mitigated if I choose to participate in the Device Protection Plan.

Elementary Only

☐ I acknowledge that a device could come home with my student during the school year and I am responsible for the safe return of the device.

Please check and sign.

I have read the agreement and am choosing the following option for my student

- ☐ I wish to purchase the Districts Device Protection Plan (DPP) for my student.
- ☐ I wish to **opt out** of the Districts Device Protection Plan (DPP) and will assume responsibility for any theft, loss or damage.
