

Ord Public Schools

Return to School Plan 2020-21

ORD PUBLIC SCHOOLS Mission Statement:

Character, Academics, Community

Ord Public Schools intends to be prepared to meet the health and safety needs of its students and staff during the 2020-21 school year, in light of the COVID-19 pandemic. This framework is structured to allow the district to be responsive to the current health climate and to articulate expectations for students, staff, and parents, amid changing school and community health conditions. The tiered structure of this framework coincides with the Risk Dial for COVID-19 that multiple local health departments are utilizing, including the Loup Basin Health Department. This framework may be adjusted, as needed, to meet the needs of students, staff, and parents of Ord Public Schools.

Risk Dial for COVID-19
Loup Basin Public Health Dept

Description & Rationale for Use of Operational Zones

Loup Basin Health Department provides the Covid-19 Operational Zones for the geographic area it serves, which informs the public about the activity level of COVID-19 virus in its service area and the areas medical services’ ability to respond to current demands. This “risk dial” will serve as a barometer for the school’s operational response to the virus. The school will use the operational zones in the monitoring of the virus activity within the school to determine which operational zone the school will operate in. The current operational zone will be clearly communicated to students, staff, and parents through the school’s website and through the school’s messaging system, along with specific guidance based on the current operational zone. By fostering collaboration between the Loup Basin Health Department, the school’s nurse, and the school’s administration to closely monitor current health conditions relevant to the COVID-19 virus, the administration will be able to assess the safest and most non-restrictive educational environment for students, staff, and parents at Ord Public Schools.

Operational Zones

<ul style="list-style-type: none">• No confirmed cases within the buildings• No or few confirmed cases in community• No Directed Health Measures that limit the school building capacity• Consultation with Health Department to confirm Green status	<ul style="list-style-type: none">• Limited confirmed case(s) in the immediate geographic area (Valley, Garfield, Greeley, and Custer County) or within the school• Consultation with Health Department• Directed Health Measures• Governor or Commissioner of Education Guidance	<ul style="list-style-type: none">• Confirmed and increasing case(s) and transmission in the immediate geographic area (Valley, Garfield, Greeley, and Custer County) or within the school• Consultation with Health Department• Directed Health Measures• Governor or Commissioner of Education Guidance	<ul style="list-style-type: none">• Widespread confirmed case(s) and transmission in the immediate geographic area (Valley, Garfield, Greeley, and Custer County) or within the school• Consultation with Health Department• Directed Health Measures• Governor or Commissioner of Education Guidance

<i>Terms Defined for Potential Scenarios and Elevated Risk Levels</i>		
<i>“Confirmed Case”</i>	When the individual has had a positive test for COVID-19 conducted by a medical professional.	Resources for Confirmation-Medical professionals performing COVID-19 testing & Loup Basin Health Department.
<i>“Confirmed Exposure”</i>	When the individual’s exposure has been validated by contract tracing performed by the medical community.	Resources for Confirmation-Medical professionals, contact tracers, & Loup Basin Health Department.
<i>“Short Term Closure”</i>	School building closed for up to 2-5 school days	Remote learning may be used by teachers and students.
<i>“Extended Building Closure”</i>	School building closed for 6 school days or more	Remote learning may be used by teachers and students.

<i>School Attendance & Calendar Options</i>		
Risk Level Operational Zone	Description of Response Strategy	Action & Rationale
LOW/ MODERATE	School is in session on campus for students and staff in August as planned.	School and school activities resume as normal, with increased sanitation and moderate medical precautions in place at the school to prevent the spread of the virus. When social distancing is unable to occur for prolonged periods of time, face coverings will be utilized.
MODERATE/ ELEVATED	Alter the School Calendar During the School Year in Response to Required School Closures	Calendar adjustments to the beginning and ending of the school year, vacation days, and professional development days can be altered as needed to meet instructional requirements for students in NDE Rule 10, to ensure students receive enough instructional time. Adjusting the calendar throughout the year in response to short-term or long-term closures caused by the COVID-19 virus is a strong option, provided the number of instructional days lost due to school closure isn’t too large. This strategy could be effectively used for a limited number (3 long term closures or 15 school days) or less of school closure.
ELEVATED	Short-Term Closure	When a student or staff member who has been on campus tests positive for COVID-19, a short-term closure (2-5 days) could be used to contact trace, deep clean, and ensure the necessary exclusion of students and staff from campus for up to 14 days or as directed by public health officials.
ELEVATED	Long-Term Closure	When a large number of student or staff member who has been on campus tests positive for COVID-19, a long-term closure (6 or more days) could be used to contact trace, deep clean, and consult with public health officials regarding re-opening procedures and/or evaluating whether or not to have the school remain closed.
ELEVATED	Traditional School Monday Through Thursday with Friday as a Remote Learning Day Or “A/B Schedule” With Group A Attending in Person on Monday/Wednesday, Group B Attending on Tuesday/Thursday, & Groups A&B Learning Remotely on Friday	One of these alternate instruction plans could be used in the event that there is a directed health measure that requires social distancing in classrooms or limits the number of students in a classroom. The plan that would be chosen based on the guidance regarding building occupancy provided in the district health measure and through consultation with the health department.
HIGH RISK	Remote Learning	Teachers will teach remotely and students will learn remotely. Students and staff will not be on campus for learning or activities.

Hallways	<ul style="list-style-type: none"> PK-6 students transition normally with staff support 7-12--Regular transitions with encouraged social distancing in hallway areas. 	<ul style="list-style-type: none"> PK-6 students transition normally and specialists come to classrooms, whenever feasible. When it is not feasible for teachers to come to the classroom, students are allowed to transition to specialist teachers' classrooms. 7-12--Scheduled transitions through the hallways using a "one-way traffic pattern". 	<ul style="list-style-type: none"> PK-12 students may be in classrooms with limited and scheduled hallway access. 	
Lockers	<ul style="list-style-type: none"> Lockers will be used as normal 	<ul style="list-style-type: none"> Students will have limited and staggered use of lockers, in conjunction with scheduled transitions during class period breaks. 	<ul style="list-style-type: none"> Buildings will implement a limited and staggered use of lockers 	
Student Arrival Beginning of the day	<p>PK--6th Grade</p> <ul style="list-style-type: none"> Students will enter the building when doors open at 7:45 and report to their classroom or cafeteria.. <p>Ord JR./SR. High</p> <ul style="list-style-type: none"> Students will enter the building and report to first block when the doors open at 7:45. 	<p>PK--6th Grade</p> <ul style="list-style-type: none"> Students will enter the building when doors open at 7:45 for temperature checks then report directly to their classroom or cafeteria. <p>Ord JR./SR. High</p> <ul style="list-style-type: none"> Students in the building prior to 7:45 need to be in an approved meeting/practice and be supervised by a teacher/coach/sponsor until the 8:00 bell. Students will enter the building when the doors open at 7:45, have temperatures checked, then report to 1st block class. 	<ul style="list-style-type: none"> Students will report based on the instructional schedule created and direction provided by the administration. 	
Student Dismissal End of the day	<ul style="list-style-type: none"> Regular dismissal. All students will be required to leave the building at the end of the day unless in an activity, or working under the direct supervision of a teacher. Parents wait in their cars and not enter the building to pick up their students. 	<ul style="list-style-type: none"> Staggered dismissal may be utilized. All students will be required to leave the building at the end of the day unless in an activity or working under the direct supervision of a teacher. Parents wait in their cars and not enter the building to pick up their students. 	<ul style="list-style-type: none"> Dismissal from classrooms will be staggered to allow for adequate social distancing. All students will be required to leave the building at the end of the day unless in an activity, or working under the direct supervision of a teacher. Parents are required to wait in their cars and not enter the building to pick up their students. 	
Building Access	<ul style="list-style-type: none"> Visitors that enter the building must report to the office to sign into the building. Ord Public Schools events will not require a mask. However, face coverings maintaining social distancing at events is encouraged. Non-Ord Public Schools event guidelines/community use are at the discretion of the District and may be limited due to availability of custodial and cleaning services. 	<ul style="list-style-type: none"> Visitors must be regularly scheduled and check into the school office upon arrival. Face coverings required for all visitors to the school and disposable face coverings will be provided by the school district. Face coverings and social distancing are required at school sponsored events. Non-Ord Public Schools event guidelines/community use are at the discretion of the District and may be limited due to availability of custodial and cleaning services. 	<ul style="list-style-type: none"> No outside visitors or user groups allowed on campus. 	<ul style="list-style-type: none"> No campus access available beyond required personnel unless modified operation plans are approved by the local health department.

Face Coverings	<ul style="list-style-type: none"> • Face coverings will be encouraged to be used by staff and students on school fleet vehicles, in classrooms, and during passing periods, and when social distancing of 6 ft. or more is not possible. • Teachers will use professional judgment when removing face coverings when necessary for instruction and are encouraged to maintain a distance of 6 ft. or more when the facemask is removed. • Face coverings will be provided for students and staff, but students and staff may also use their own preferred face coverings. • Face coverings for symptomatic individuals (coughing, fever, congestion, runny nose) is required, unless a doctor’s note is provided indicating the symptoms are due to some other medical condition. • Anyone who has difficulty breathing, is unable to remove their own facemask without assistance, or incapacitated in any manner should not wear a facemask. • Face coverings are required to be worn by NSAA Activity Participants, while they are not competing in the event (sitting the bench, waiting to perform), as per NSAA Guidelines and for all spectators, if spectators are allowed. 	<ul style="list-style-type: none"> • Face coverings are required to be used by staff and students on school fleet vehicles, in classrooms, and during passing periods, and when social distancing of 6 ft. or more is not possible when positive cases are present in the buildings. • Teachers will use professional judgment when removing face coverings when necessary for instruction and are encouraged to maintain a distance of 6 ft. or more when the facemask is removed. • Anyone who has difficulty breathing, is unable to remove their own facemask without assistance, or incapacitated in any manner should not wear a facemask. • Face coverings are required to be worn by NSAA Activity Participants, while they are not competing in the event (sitting the bench, waiting to perform), as per NSAA Guidelines and for all spectators, if spectators are allowed. 	<ul style="list-style-type: none"> • Face coverings and/or face shields provided and required to be worn by all staff and students on school fleet vehicles, in classrooms, and during passing periods. • Teachers will use professional judgment when removing face coverings when necessary for approved mask breaks for students. • Anyone who has difficulty breathing, is unable to remove their own facemask without assistance, or incapacitated in any manner should not wear a facemask. • Face coverings are required to be worn by NSAA Activity Participants, while they are not competing in the event (sitting the bench, waiting to perform), as per NSAA Guidelines and for all spectators, if spectators are allowed. 	<ul style="list-style-type: none"> • Face coverings will be worn by all who enter the building. • Face coverings are required to be worn by NSAA Activity Participants, while they are not competing in the event (sitting the bench, waiting to perform), as per NSAA Guidelines and for all spectators, if spectators are allowed.
Restrooms	<ul style="list-style-type: none"> • Regularly scheduled 	<ul style="list-style-type: none"> • Restroom use during passing periods is discouraged. • Students will use the restroom with permission from their classroom teacher. 	<ul style="list-style-type: none"> • Restroom use is prohibited during passing periods. 	
Water Fountains	<ul style="list-style-type: none"> • Students are encouraged to bring individual water bottles. Filling stations will be available. 	<ul style="list-style-type: none"> • Students are encouraged to bring individual water bottles. Filling stations will be available. 	<ul style="list-style-type: none"> • The water fountain is closed and students are encouraged to bring individual water bottles. Filling station use may be limited. 	
Classroom Seating Material Usage Sanitization	<ul style="list-style-type: none"> • Regular classroom/teacher preferred arrangement • Social distancing will be utilized when possible. • Regular classroom supply usage when appropriate. • Regular classroom cleaning. 	<ul style="list-style-type: none"> • Require student individual supplies and avoid shared use of classroom materials by students whenever possible. • Minimize furniture and center items. • Space students as far apart as possible. • Teachers should try to maintain 6 ft. of spacing between themselves and the students, whenever possible. • PE and other “common use” equipment is cleaned between classes. • Contaminated materials will be isolated for cleaning each day. 	<ul style="list-style-type: none"> • Students will be limited to specific classrooms. • Locations in the building as determined and outlined in the alternate instruction schedule. • Increased sanitization measures. • Seating should be spaced at least 6 ft. apart. • Students individual learning supplies will be kept separate from each other and classroom supplies should not be shared among students. • Only items essential for learning may be brought into the school building. • Teachers will maintain 6 ft. of spacing between themselves and the students, whenever possible. 	

Transportation	<p>Temperature checks for students riding the bus should be performed by parents in the morning. If a student's temperature is 100.0 or greater, the parent will need to inform the driver that the student will not be riding the bus and report the student's 48-hour required absence to the school's office. An earlier return to school may be possible with a doctor's "return to school" note.</p> <ul style="list-style-type: none"> Regular transportation schedule and practices as much as possible. Students are encouraged to use hand sanitizer upon entering the bus. Students ride in assigned seats to provide maximum social distancing. Students who become sick during the day, may not use "group" transportation vehicles and will be transported home by a parent. If 6 ft. of social distancing is not possible on a bus or van, students are required to wear face coverings while in transit. Windows should be open, whenever it is deemed appropriate and safe by the driver, to maximize fresh air in the vehicle cabin. Transportation fleet vehicles should be aired out and disinfected daily. Drivers "self-monitor" symptoms and temperature. If they are sick or believe they may be sick, they should not transport students. 	<p>Temperature checks for students riding the bus will be conducted by bus driver or aide.
