

Northern Inyo Healthcare District  
150 Pioneer Lane  
Bishop, California 93514

---

Dear Parents of Bishop Union High Students,

In partnership with Bishop Unified School District, Northern Inyo Healthcare District is pleased to announce the re-opening of the Bronco Clinic for the 2021-22 school year. The Bronco Clinic is an on-campus health clinic that will offer the following services when the clinic re-opens. Those services include:

- Acute visits for minor illness and injuries
- Initial treatment for acute asthma attacks
- Acne treatment
- Treatment for depression, anxiety, and substance abuse
- Reproductive health services including birth control, sexually transmitted disease (STD) testing, and treatment
- Over-the-counter medication for pain and allergies
- Referrals to Community Agencies (Inyo County Mental Health, Optometry, Othopaedics, Wild Iris, etc.)
- Health Education

We hope to be able to offer sports physicals in the coming months.

School-based health clinics like the Bronco Clinic focus on providing accessible, age-appropriate, quality care for your adolescent. It is *not* our role to take the place of your child's primary care provider. The services we offer remain limited, and we encourage all students to see a primary care provider on a routine basis.

Similar to all clinics, the Bronco Clinic is required to collect insurance and guarantor information for many of the services provided. We are required to bill for services such as a strep test. We will not bill insurance when your child visits us to receive over-the-counter pain medication (such as Tylenol) or seeks treatment for a very minor injury. No student will be turned away for the inability to pay or for not having insurance. Students, may consent under state law for reproductive and some behavioral health services. Your student will be registered for a state program that pays for such services, if those services are provided.

---

If you would like the Bronco Clinic to see your child for some broader services, please complete the consent form and return it to BUHS.

You are always welcome to contact us with any questions or concerns.
