ASSESSMENT INVENTORY

ISBE's Assessment Inventory Results Tracker (</Pages/AssessmentSurveyResults.aspx>) is offered as a tool to help school districts meet reporting requirements under Illinois School Code 105 ILCS 5/22-82 (<http://ilga.gov/legislation/ilcs/documents/010500050K22-82.htm>). In accordance with this statutory requirement, before the 30th day of each school year districts shall report the following for each of its schools:

1. Every reliable assessment that measures a certain group or subset of students in the same manner with the same potential assessment items; is scored by a non-district entity; is administered either statewide or beyond Illinois, such as assessments available from the Northwest Evaluation Association, Scantron Performance Series assessments, Renaissance Learning's STAR Reading Enterprise assessments, the College Board's SAT, Advanced Placement or International Baccalaureate examinations, or ACT's Educational Planning and Assessment System tests; and will be administered by each school that school year.
2. The administration window for each of these assessments and the name of the entity that is requiring it (e.g., State, school district, network or principal).
3. The grade levels that will take the assessment.
4. The subsets of students, such as English Learners and special education students, that will take the assessment.
5. An estimate of the average time it will take a student to complete the assessment.
6. How assessment results will be used, if they will be used for purposes other than for guiding instruction. For example, they may be used for promotion, course placement, graduation, teacher evaluation, or school performance ratings.

FIND YOUR DISTRICT AND COMPLETE THE ASSESSMENT INVENTORY.

Type part of the district name or the RCDT. Click the Search button. Select the district from the dropdown.

ASSESSMENT SURVEY FOR SCHOOL YEAR 2020-21

The fifth annual District Assessment Survey (</Pages/Assessment-Survey.aspx>) is now available. Legislation requires each school district to report information to ISBE concerning the administration of assessments to students at each school. The law also requires schools to make this information public via the school district's website or distribution in paper form. Districts can comply with this requirement by linking to the assessment survey results (</Pages/AssessmentSurveyResults.aspx>). This will also allow districts to track their completion rate. The survey will dynamically populate data submitted in the previous year for review and editing as needed.

Please note that the law defines tests "scored by a non-district entity" as the focus of this data collection effort. We refer to these tests as "standardized."

We appreciate your assistance with completing the form **before Friday, October 16, at noon**. Contact the Division of Data Strategies and Analytics at (312) 814-9192 if you have specific questions about the survey.

Please click here for a How-to-Guide [📄 \(/Documents/Assessment-Survey-Guide.pdf\)](#) on completing the survey.

SELECT YOUR SCHOOL(S).

Put a check next to all of the schools for which you are responsible.

Allendale Elementary School (200930170242001)

Click on the Assessment List button below to display the assessment information for the school(s) you have selected. The data will be populated based on last year's answers (if they were provided). Please verify each school is accurate and then click the appropriate "Submit School" button. If you select multiple schools, it will take longer to load all of your data.

Note: If you wish to navigate away from this page before submitting the school and want to save your edits, please select **save** or **update** first.
