2.4 COMPLAINTS – Board Policy 6.7

It is a goal of the Board and the District to be responsive to the community it serves and to continuously improve the educational program offered in its schools. The Board or the District welcomes constructive criticism when it is offered with the intent of improving the quality of the system’s educational program or the delivery of the District’s services.

The Board formulates and adopts policies to achieve the District’s vision and elects a Superintendent to implement its policies. The administrative functions of the District are delegated to the Superintendent, who is responsible for the effective administration and supervision of the District. Individuals with complaints concerning personnel, curriculum, discipline (including specific discipline policies), coaching, or the day to day management of the schools need to address those complaints according to the following sequence:

1. Teacher, coach, or other staff member against whom the complaint is directed,
2. Principal, then
3. Superintendent.

Other than in the few instances where statutorily allowed or required, student discipline and personnel matters may not be discussed in Board meetings. Individuals with complaints regarding such matters need to follow the sequence outlined above.

Unless authorized by the Board as a whole for a specific purpose, no individual Board member has any authority when acting alone. District constituents are reminded that the Board serves as a finder of fact, not unlike a jury, in matters such as student suspensions initiated by the Superintendent, expulsions, and personnel

discipline. For this reason, the board may not be involved or informed prior to a board hearing on particular disciplinary matters.

Complaints that are related to district use or administration of federal funds generated through specific programs identified by the Arkansas Division of Elementary and Secondary Education and authorized in the Elementary and Secondary Education Act may be taken directly from a patron or by referral from the Arkansas Division of Elementary and Secondary Education (DESE). If taken directly from a patron, the complaint may be submitted by either a signed statement or by a certified, recorded deposition or statement in which the complainant is identified. The complaints shall be addressed in the following manner.

1. The complaint shall be referred to the federal programs director, who shall assemble a team of at least two people to investigate the complaint.
2. Throughout the investigation, sufficient notes and records will be taken and maintained to substantiate the position of the findings of the investigation.
3. The team will interview the complainant and others as necessary to enable the team to make a determination of the validity of the complaint. The team may consult with individuals with knowledge or expertise in the matter, which is the subject of the complaint, including legal counsel.
4. The investigation of complaints referred by the DESE shall be completed within 30 work days of receipt of the complaint, unless a longer time period has been approved by the DESE.
5. The investigation of complaints made directly to the district shall be completed within 40 work days unless there are extenuating circumstances; in such a case, a preliminary report shall be made within 40 work days of receipt of the complaint, which shall include an explanation of the unusual circumstances requiring additional time to complete the investigation.
6. The report of the conclusions of the investigation shall be given to the complainant. It shall contain: a summary of the allegations of the complaint; a summary of the investigative actions taken by the team; a summary of the findings concerning each alleged violation or implied violation; a statement of corrective actions needed to resolve the issues involved in each allegation and finding of complaint.

- Health services,
- Guidance services,
- Special education services,
- Professional counseling services,
- Therapists (as available),

The Hermitage School District, in compliance with AR Code Ann. 6-18-508 and 6-18-509, has an Alternative Learning Environment (A.L.E.) that seeks to eliminate traditional barriers to student learning. This non-traditional, non-punitive intervention is designed to provide guidance, counseling, and academic support to students who are experiencing emotional, social, or academic difficulties. The Hermitage School District is committed to offering an alternative learning environment for students in grades 9 – 12. Student needs and appropriate placement are determined on an individual basis. A.L.E. provides each student with opportunities to realize success in academics, as well as the importance of setting goals, achieving goals, maintaining a good self-image and becoming an asset to their home-base school and community. A behavior plan or an updated plan will be formulated for each student and progress will be reviewed upon exiting.

Please contact your child's school for more information on any of these services or with any other needs.

2.16 HOMEBOUND/HOSPITAL BOUND STUDENTS

The district may provide homebound instruction for those students who are unable to attend regular school instruction. Need for such programs shall be based on individual student needs and shall be provided in accordance with appropriate rules and regulations. Please contact your child's school for more information.

2.17 LIBRARY MEDIA SERVICES

Both schools in the Hermitage School District have a library/media center with a specialist assigned in accordance with state guidelines. Items checked out from the center must be returned in original condition to avoid financial debt being imposed.

2.18 DYSLEXIA SERVICES

The Arkansas State Legislature enacted Act 1294 of the 2013 regular session to ensure that children with dyslexia have their needs met by all Arkansas public school systems. Act 1268 of 2015 amended parts of the original legislation. The legislation defines dyslexia, describes required screening and intervention, and lists required actions of the state, education cooperatives, and school districts.

Information on dyslexia services offered by the Hermitage School District can be found on our district website. Our Literacy Facilitators may also provide information.

2.19 MCKINNEY-VENTO HOMELESS SERVICES

The McKinney-Vento program is designed to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school. Under this program, State Educational Agencies (SEAs) must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youth. Homeless students may not be separated from the mainstream school environment. States and districts are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.

The program is authorized under Title VII-B of the McKinney-Vento Homeless Assistance Act (42 USC 11431 et seq.), (McKinney-Vento Act). The program was originally authorized in 1987 and, most recently, reauthorized by the No Child Left Behind Act of 2001.

Information on homeless services in the Hermitage School District should be addressed to the Social Worker.

SECTION 3: ACADEMICS GENERAL INFORMATION

3.1 COMPULSORY ATTENDANCE REQUIREMENTS – Board Policy 4.3

Every parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1—RESIDENCE REQUIREMENTS), within the District shall enroll and ensure the attendance of the child at a District school with the following exceptions.

1. The child is enrolled in private or parochial school;
2. The child is being home-schooled and the conditions of policy (4.6 – HOMESCHOOLING) have been met;
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Division of Elementary and Secondary Education must be signed and on file with the District administrative office;
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education;
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education;
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

3.2 STUDENT PROMOTION AND RETENTION – Board Policy 4.55

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on academic performance (grades), attendance, assessments, social/emotional well-being of the student, and any other factors deemed relevant by Administrators. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;

- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration.

Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components.

Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP or completion of the Alternate Pathway to Graduation when applicable.

In addition to the possibility of retention or withholding of course credit, students who either refuse to sit for a State assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The

student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

3.3 GIFTED AND TALENTED PROGRAM

It shall be the expectation of the State Board of Education that:

- The school district shall develop procedures to identify gifted and talented students in accordance with guidelines established by the State Department of Education.
- The school district shall provide educational opportunities for students identified as gifted and talented appropriate to their ability.
- Each school shall use procedures to evaluate the effectiveness of the provisions of these educational opportunities.

Students in the Hermitage School District are served in the following ways:

- K-3 – All students receive whole group enrichment – 30 minutes/week;
- 4-6 – Identified students receive 150 minutes/week of resource room services delivered by a GT certified teacher;
- 7-9 – Modification in the regular classroom through consultant teacher and course content; and
- 10-12 – AP and concurrent credit courses in various content areas, delivered by trained teachers.

3.4 HOMEWORK – Board Policy 5.14

3.4.1 General Policy

Homework is considered to be part of the educational program of the District. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful.

Teachers should be aware of the potential problem students may have completing assignments from multiple teachers and vary the amount of homework they give from day to day.

Homework will vary within content areas, and consideration should be given as to the need for such work, ability of student, maturity of student, and availability of resource materials. When assigned, it should be based on one or more of the following criteria:

- To promote reading and skills development,
- To reinforce what was taught in the instructional setting,
- To promote retention, through practice, that which was taught in the instructional setting,
- To research assigned topics,
- To conduct independent investigations,
- To promote references and study skills,
- To complete assignments begun in the instructional setting,
- Homework should be used in a positive, constructive, and non-punitive manner.

3.4.2 Guidelines

We further recognize that homework should be assigned on a regular basis in all academic areas. Because homework is essential for the student to master the skills necessary in each discipline and a certain amount of independent work is necessary at each level, the following guidelines are to be followed regarding homework.

- Homework assignment completion times will vary by the subject and ability level of the student. NOTE: Advanced Placement classes are considered college classes and homework will reflect the rigor associated with a college level class;
- Homework should be a gradual and progressive experience for all students;
- Homework should never be assigned as punishment;
- Homework should not be assigned on material not previously taught;
- Student work should always be graded and feedback given. Homework grades will not constitute more than 10% of a student's grade in each subject/class each nine-week period;
- Failure to complete or turn in homework may result in a lower grade average;
- Homework will not be assigned over school breaks (Thanksgiving, Christmas, and Spring Break).

3.5 MAKE-UP WORK – Board Policy 4.8

3.5.1 General Policy

Students who miss school due to an excused absence will make up the work they missed during their absence under the following rules:

- Students are responsible for asking the teachers of the classes they missed what assignments they need to make up;
- Teachers are responsible for providing the missed assignments when asked by a returning student;
- Students are required to ask for their assignments on their first day back to school or their first class day after their return;
- Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up;
- Students shall have one class day to make up their work for each class day they are absent;
- Make-up work that is not turned in within the make-up schedule for that assignment shall receive a zero;
- Students are responsible for turning in their make-up work without the teacher having to ask for it;
- Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return;
- As required/permitted by the student's Individual Education Program or 504 Plan;
- Work may not be made up for credit for absences in excess of the number of allowable absences in a semester unless the absences are part of a signed agreement as permitted by Policy 4.7 – ABSENCES.

It is the expectations of the Administrators that teachers and students work together to ensure that missed learning is addressed in a developmentally appropriate and timely manner. Building Administrators will work with teachers and students to ensure that all students have an opportunity to learn all required content.

3.5.2 Make-up Work During Suspensions

Students assigned to In-School Suspension must complete all assignments during the period of suspension while serving the suspension. Students assigned to Out-of-School Suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

3.6 BOOKS

3.6.1 Availability of Textbooks

Basic textbooks in all classes will be furnished free to all students.

3.6.2 Care of District Property

In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help affect academic improvement. 5.2.11 Calculating Grades for Transfer Students – Board Policy 5.15

- The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside of the district.
- Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade form outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.
- Example:
 - The grading period has 40 days.
 - A student transferred with a grade of 83% earned in 10 days at the previous school.
 - The student had a grade of 75% in Hermitage High School earned during the remaining 30 days of the grading period.
 - Ten (10) days is 25% of 40 while 30 days is 75% of 40 days.
 - Thus the final grade would be $(0.25 \times 83) + (0.75 \times 73) = 77\%$.

5.2.12 Grading Practices

Quarterly grades will be based upon 3 categories: assessments, classwork, and homework. 60% or more of a grade shall come from assessments that are graded with the use of a rubric or answer key and represent the student's understanding of the standards. No more than 10% of a student's grade shall come from homework assignments.

5.3 GRADE LEVEL CLASSIFICATION OF STUDENTS

5.3.1 Student Classification

Students are classified according to the minimum number of solid credits passed. The classification scale is as follows:

- Sophomore = 5 credits
- Junior = 10 credits
- Senior = 16 credits

5.4 COURSE LOAD

All students are required to attend a full day of school each day. Enrollment and attendance in vocational educational training courses, college courses, school work programs, and other department sanctioned educational programs may be used to satisfy the requirements of this section even if the programs are not located at the school. If the class is related to a seasonal activity, the class must continue to meet until the semester ends to be counted toward the requirement of planned instruction time.

5.5 SCHEDULE CHANGES

5.5.1 Requests by Students

All requests to drop a class, add a class, or in any way change a student's schedule must be made through the counselor's office. Changes must be requested within five days after the semester begins. The administrator and the counselor must approve all changes before they are official.

5.5.2 Requests by School Employees

In some cases, the administrator and/or the counselor and faculty members may recommend a change in a student's schedule (dropping a higher-level class for a lower level class) during a semester if they feel that the change will benefit the student.

5.5.3 Grade Implications

If a student drops a class any time after five days (unless approved by administration), the student will receive a failing grade of an F, which will be figured into the student's cumulative GPA.

5.5.4 Approval

Schedule changes will be based on the educational placement of the student. All changes must be approved by the administration before they are official.

5.6 SMART CORE/CORE CURRICULUM & GRADUATION REQUIREMENTS – Board Policy 4.45

5.6.1 Smart Core Curriculum and Graduation Requirements for the Classes of 2022, 2023, 2024, & 2025

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, a *Smart Core Information Sheet* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and

both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transitions Act of 2021 for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education (DESE), the district requires an additional 2 units to graduate for a total of 24 units. The additional required units may be taken from any electives offered by the district. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

5.6.3 Alternate Pathway to Graduation for the Classes of 2023 and Thereafter

ESSA allows for an alternate diploma option for students with the most significant cognitive disabilities (those who participate in the state’s alternate assessment), and the Arkansas Alternate Pathway to Graduation is being put into place beginning with the 2019-20 school year. This option provides a meaningful diploma pathway for students with the most significant cognitive disabilities.

This pathway will be implemented in the 2019-2020 school year for ninth graders, adding an additional grade each year with full implementation for grades nine through twelve in the 2022-23 school year.

5.7 AUDITING COURSES

Students are afforded the privilege of auditing classes under the following circumstances:

- If the student plans to enroll in the class for the second semester for credit, the student may audit the first semester in an effort to have a firm foundation to be successful during the upcoming semester.
- Students, who enroll at HHS from a private but not accredited school, may audit courses for the remainder of that semester. This will be done in an effort to prepare students for the semester exams that the enrolling student MUST pass to gain/earn credit.

5.8 CONCURRENT CREDIT – Board Policy 5.22

A ninth (9th) through twelfth (12th) grade student who successfully completes a college course(s) from an institution approved by the Division of Elementary and Secondary Education (DESE) shall be given credit toward high school grades and graduation at the rate of one high school credit for each three (3) semester hours

of college credit. Unless approved by the school's principal **prior to enrolling for the course**, the concurrent credit shall be applied toward the student's graduation requirements as an elective.

As permitted by the DESE Rules Governing Grading and Course Credit, a student who takes a three-semester hour remedial/developmental education course shall receive a half (1/2) unit of credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet the core subject area/unit requirements in English and mathematics.

Participation in the concurrent high school and college credit program must be documented by a written agreement between:

- The student,
- The student's parent(s) or legal guardian(s) if the student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they've taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received at all or in a timely manner. This may jeopardize students' eligibility for extracurricular activities or graduation.

Students will retain credit earned through the concurrent credit program that was applied toward a course required for high school graduation from a previously attended, accredited, public school.

The Hermitage School District works hard to ensure our students have access to any course they are interested in studying. Typically, we try not to charge students for the cost of concurrent courses. However, if we find ourselves in a situation where we must, if a student eligible to receive free or reduced price meals shall not be responsible for any of the costs for the student's first six (6) concurrent credit hours so long as the concurrent credit courses are taught on the District grounds and by a teacher employed by the District. Any and all costs of concurrent credit courses beyond the six (6) hours permitted, that are not taught on the District's campus, or are not taught by a teacher employed by the District are the responsibility of the student. Students who are not eligible to receive free or reduced price meals are responsible for any and all costs associated with concurrent credit courses.

5.9 CORRESPONDENCE WORK

Only students classified as seniors will be allowed to take correspondence work to complete their graduation requirements during the second semester of their senior year. Students desiring to take correspondence work should contact the counselor to learn what courses are available and to get approval to enroll in one. A maximum of two credits may be earned in this manner – one math and/or one English only. Registration for these courses may not take place until the first day of the second semester, and must be coordinated through the counselor's office with the approval of the administrator. Students are responsible for all applicable fees, supplies, and other costs associated with these courses.

All grades for graduation requirements secured outside of Hermitage High School and taken during the spring semester must be received by May 1. Grades from courses taken during the summer must be received by the first Monday in August.

5.10 EIGHTH GRADE COURSES FOR HIGH SCHOOL CREDIT

Eighth grade students taking Algebra I or a Computer Science course and receiving a passing grade will receive high school credit and this grade will be transferred to his/her high school transcript. Algebra I is a prerequisite for Algebra II and Geometry. Both Algebra I and a Computer Science course are required for graduation, per DESE requirements.

If a student is unable to perform successfully in Algebra I, a schedule change from Algebra I to Eighth Grade Math may be recommended by a teacher or requested by a parent based upon change in level. The student's Algebra I grade at the time of the class change will follow the student. The student will retake Algebra I in ninth grade.

5.11 MILITARY CREDIT

In accordance with State Law, Arkansas Code Annotated §6-145-201, a student in grades 11 and 12 who participates in the "Split Level Training Option" offered by the Army National Guard may receive 1 unit in elective high school credit.

5.12 STUDENT HONORS

5.12.1 Honor Roll

Two honor rolls for each grading period and both semesters are recognized as follows:

- A-Honor Roll – Students who have all A's in all subjects are recognized for the A-Honor Roll.
- A/B-Honor Roll – Students who have all A's and B's in all subject areas are recognized for the A/B-Honor Roll.

5.12.2 Honor Graduates – Board Policy 5.17

Beginning with the graduating class of 2016, all honor graduates must have a 3.60 grade point average on a 4.0 scale. Students who have successfully completed the minimum core of courses recommended for preparation for Smart core as defined by the State Board of Higher Education and the State Board of Education and have a minimum cumulative GPA of 3.6000 will be designated as honor students. The GPA will be derived from courses taken in public schools in grades nine (9) through twelve (12), but must include the grades earned in all courses required in the preparation for Smart Core, as defined by the Higher Education Coordinating Board and the State Board of Education. Candidates for the Honor Graduate designations will be announced at Senior Night. The list of candidates will be released to the media. This will be based on the seven-semester transcript and will include third quarter grades. Final determination of Honor Graduate designations will be announced when final grades are entered, calculated, and verified by school officials. This determination will be based upon the 8-semester transcript.

Designations will be as follows:

- Highest Honors - 4.0000 or higher;
- High Honors - 3.9999 – 3.8000;
- Honors - 3.7999 – 3.6000.

5.15 GED PROGRAM WAIVER

The Hermitage Schools may grant a waiver of attendance for 17-year-old students to enter an adult high school GED Program provided the following requirements have been met:

- The student and his parent/guardian makes a formal (written) application to the administrator and counselors of the school in which he is attending.
- After the formal application, the administrators, the counselors, and the past and present teachers will confer concerning the request. If these parties agree that it is in the student's best interest to be given a waiver, the next step is to be taken.
- After step two and prior to any further action on such application, the student shall be administered a Test for Adult Basic Education (T.A.B.E.) under standardized testing conditions. The student shall score 9.0 on each section of the complete battery.
- When the T.A.B.E. scores are returned, the student and the student's parent, guardian, or persons in loco parentis then meet with the school counselor and administrator to discuss academic options open to the student.
- The adult education program shall have the opportunity to review the student's test scores and school record. They may agree to admit the student provided that the administrator, counselors, and teachers are in agreement that this would be in the student's best interest.
- The adult education program shall require, for continued enrollment, a minimum of twenty (20) hours per week and they shall agree to provide monthly attendance reports to the Hermitage School District superintendent. The student and the student's parent, guardian, or person in loco parentis shall agree in writing that the student will have regular attendance and appropriate conduct.

If all previous steps are met and the Adult Education Program agrees to accept the student, the Superintendent of Hermitage School District will write a letter granting a waiver of attendance.

In the event that a student does not attend class as mandated by Act 837 and by these guidelines or in the event that the student disrupts or is a threat to the learning environment of adult education classes or in the event that the student does not make reasonable progress toward completion of the adult education curriculum, the student shall re-enroll in the public schools within (5) days from the date that the student is released from the Adult Education Program. Once a student has been expelled from the Adult Education Program, he/she must re-enroll with the public school or he/she will be referred to the juvenile justice system for non-attendance in accordance with Act 572 of the 1995 General Assembly.

5.16 CREDIT RECOVERY AND SUMMER SCHOOL – Board Policy 5.13

5.16.1 Credit Recovery General Policy

Hermitage High School's credit recovery program is only offered to students who have made an F or who have lost credit in a course for absences. These students may repeat such during the summer or during the 21st CCLC High School After-School Program (Synergy) and will receive full credit upon demonstration of mastery in the coursework. Both the failing grade and the credit recovery grade will be reflected on the student's transcript. GPA calculations will include both grades.

The high school administrator has the final decision on acceptance into the program. Parents/Guardian(s) of the student will be notified of the student's admittance into Credit Recovery.

5.16.2 Policy on English and Math Course Failures

Students who fail English or Math may make up that credit in summer school at the end of that school year at their own expense, if district funds are allocated for summer school. Those students who are behind a whole grade level in either English or Math should attend to catch up and get back on track to graduate with their class. Simultaneous enrollment will be allowed for the make-up credit at the same time enrolled in the next grade level during the regular school day.

5.16.3 Summer School

Summer school will not be available to students for the purpose of getting ahead a grade level. When funds are available, summer school services will be offered to eligible students.

5.17 STUDENT ACCELERATION - Board Policy 4.54

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. Acceleration can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school Gifted and Talented Program Coordinator. The district/school Gifted and Talented Program Coordinator shall convene the Acceleration Placement Committee and communicate with the individuals necessary for the Acceleration Placement Committee to make an informed decision, which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring, which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

SECTION 6: ACTIVITIES

6.1 EXTRACURRICULAR ACTIVITIES AND CLUBS – GENERAL POLICIES

6.1.1 Assemblies

Assemblies, pep rallies, and club meetings will be announced in the weekly bulletins. Assemblies are an integral part of the curriculum and as such are designed to be educational as well as entertaining. They provide one of the few opportunities in school to learn formal audience behavior. At all times the student's behavior should be refined and courteous. An indication of the cultural level of a school is the conduct of its student body at an assembly. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct includes whistling, talking, or any other action that detracts from the program. Students at assemblies are subject to the same disciplinary action as practiced in the classroom.

6.1.2 Right to Prohibit Attendance at Events

The Hermitage Public School District reserves the right to prohibit any individual's attendance at any activity if that person poses a threat to the orderly conduct of that activity.

6.1.3 Student Organizations/Equal Access – Board Policy 4.12

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

- The meeting is to be voluntary and student initiated;
- There is no sponsorship of the meeting by the school, the government, or its agents or employees;
- The meeting must occur during non-instructional time;
- Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
- The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.
- Groups that meet criteria established by A.C.A. § 6-10-130 as providing youth patriotic services shall have access to students during the school day.

All meetings held on school premises must be scheduled and approved by the administrator. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program.

6.1.4 Daily Attendance Requirement

The minimum requirement is that in order to participate in extracurricular activities, a student must attend the entire school day.

The only exceptions are if the student is excused by the administration for a previously approved medical appointment, funeral, legal matter, or school-related activity.

Students who are assigned to OSS or ISS will not be allowed to attend any school functions/activities/practices during their time in OSS or ISS.

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a homeschooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to regulations of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand-deliver the student's request to participate to the student's school's administrator before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

6.5 ATHLETIC ACTIVITIES – SECONDARY

6.5.1 Philosophy

The Hermitage School Athletic Department, Hermitage High School and the Hermitage School District believe in the importance of extracurricular activities and athletics in general. They should be viewed as an extension of the learning process. We are striving to provide a program that the student body and community will be proud of, one that success shall be measured in more than the number of wins and losses but in the type of individuals who graduate through our program. Student/athletes should understand that participation in athletics is an honor and carries responsibilities to the team, school, and community. It is important that we teach and practice good

sportsmanship, respect, self-discipline, teamwork, and self-esteem. While winning is always desired, it should not be the driving motivation of our program. Our goal should be to help guide the student/athlete in their quest to be the best athlete and person they can be and to teach the values of responsibility, respect, integrity, compassion, and honesty.

This section has been prepared as a reference for all coaches, administrators, and Board of Education members to help assist everyone in the Hermitage School District in conducting a worthwhile athletic program. It will also clearly define all the policies and procedures of the Hermitage Athletic Program as they pertain to conducting the program, the coaches and their staff, and the students.

All coaches should familiarize themselves thoroughly with the contents of this guide and with the entire Athlete's Handbook so that they will develop a better understanding of the policies and procedures that govern the interscholastic program in the district. The Administration will also have on file a current copy of the Arkansas Activities Association Handbook.

All coaches shall receive their own copy of the rules that govern the playing of their sport. They shall familiarize themselves with these rules and rule changes, and conduct the program accordingly. The coach should be able to teach and interpret all rules of their sport to the students in that sport.

Hermitage High School, its coaches, and its students shall abide by the policies set forth in this handbook, as well as the rules and regulations set forth by the Arkansas Activities Association and the Hermitage School District Board of Education.

The coach of an interscholastic team assumes a very responsible position in education. He/she has the rich opportunity to mold character of youth, to guide their destinies in life situations, and to instruct them in teaching them in the technique of his/her specialty and witness the results of his/her teaching. A coach is a teacher and the field/court is his/her classroom. The program should be conducted as such.

Because of the very nature of the athletic activity, a quick and personal rapport is established through the cooperative effort of the coach and player. Through this association and close relationship, the coach has a very unique and seldom attained relationship in education—a very effective personal guidance climate in which the coach can affect real leadership. The sport activity is the vehicle in which this climate is created.

6.5.2 Physical Examinations and Medical Procedures

An annual physical examination must be completed and the card on file in the athletic office before an athlete may participate in tryouts or practice. Current physicals are those received on or after June 1 of the previous school year.

No athlete may participate in any athletic event or extracurricular activity within 24 hours after undergoing any medical procedure, unless approved by the administrator and superintendent. This includes, but is not limited to surgery, dental/orthodontic procedures, blood donations, optometric procedures, etc.

6.5.3 Limited Team Membership

Athletes may not participate in any outside competition in a sport during the season after the athlete has represented his or her school except individual participation in a maximum of two individual sports meets or contests. Athletes may not have participated in so-called all-star charity or exhibition football or basketball games during the school year. As an example, an athlete may not play high school basketball or softball at the same time they are playing on a church basketball or softball team.

6.5.4 Enrollment

A student athlete must be enrolled at Hermitage High School.

6.5.5 Age Requirements

- **Junior High** – A junior high student is not eligible for junior high competition if the student’s 16th birthday is one or before September 1. NOTE: In the year a student in junior high becomes too old for junior high competition, the student may be allowed to participate for the senior high if all other eligibility rules are met.
- **Senior High** – The student must be under 19 years of age at the time of the contest unless the student's 19th birthday occurs on or after September 1 of the current school year, in which case the student is eligible for the balance of that school year in all sports.

6.5.6 Seasons of Competition and Enrollment

Junior High – A student has six semesters of opportunity for eligibility. A student repeating either the seventh or the eighth grade for any reason shall not have the opportunity for eligibility during the complete year that is repeated.

Senior High – A student is limited to eight consecutive semesters of opportunity for eligibility beginning with the student’s first enrollment in the ninth grade.

A student is limited to a total of 12 semesters of opportunity for eligibility upon entering the seventh grade.

6.5.7 Disqualification Rule

The Arkansas Activities Association (AAA) Regulations Handbook states that students and coaches who are disqualified from one contest for unsportsmanlike conduct shall be disqualified from the next contest in all sports. The team has a player limit policy. Students, who wish to participate or try out in these sports after the first official day, but prior to the midpoint of the season, must make arrangements with the head coach prior to the first official practice. No student may tryout for an athletic team, with or without a player limit, after the mid-point in the season, unless approved by the head coach. A transfer student who is eligible to participate may tryout after the midpoint of the season with the approval of the head coach, but must practice for at least two (2) weeks before competing in a contracted athletic event and has a physical.

6.5.8 Quitting a Sport or Being Dismissed from a Sport

There is no place in interscholastic athletics for quitters. No student should quit any sport without first consulting the coach and explaining his or her intentions. Every athlete who chooses to participate in a sport will be given a two-week tryout, which will begin on the first practice day as established by the head coach and administration. At that time, the athlete may quit the sport without loss of future eligibility. After the two-week trial period, an athlete who quits any interscholastic athletic activity or is dismissed by the coach with consent from the Superintendent of Schools may not participate in another sport until 120 calendar days (excluding summer break) have passed. This does not include documented health or academic issues. During this time, students who quit a sport or were dismissed from a sport may not have any contact with other sports, including practices. The athlete, parent, coach, and administrator will hold a meeting to discuss the situation and consequences for quitting or being dismissed.

A student may choose to quit a sport and return to the team within a 48-hour “cooling down” period. In such cases, the coaches will determine the penalty (if any) for the action taken by the athlete.

6.5.9 Trying Out for a Sport

Any student who meets eligibility requirements for the Hermitage School District as well as those expressed by the Arkansas Activities Association may tryout for an athletic team. The coaching staff in the sport or through other pre-arranged procedures will select teams. Coaches will select their teams based upon their judgment of talent and knowledge of the athletes. Any student who desires to join a team after the first official practice (the day the coach has designated and announced as the beginning of practice, and which cannot be earlier than the AAA beginning practice date) must practice with the team for at least two weeks before he/she will be allowed to participate in a contracted athletic event.

6.5.10 Athletic Code

The Athletic Code of Conduct (as defined by the expectations outlined in this handbook) is in effect year-round beginning with the first sport season a student participates in until the conclusion of their senior year.

6.5.11 Travel

When the school provides transportation to out of town contests, all athletes must travel to and from the contest in the transportation provided by the athletic department. Athletes will remain with their team and under the supervision of a coach when attending away contests. All regular school bus rules will be followed. These include, (but are not limited to) food, noise, remaining in seats, care and respect for vehicles. An athlete may return from an athletic contest with their parent provided the parent informs the coach in writing. Athletes may not leave an athletic contest or other event with anyone other than their parent or legal guardian. The parent must be at the athletic contest and assume direct supervision of the athlete via the written permission. If there is an urgent need for a student to leave an athletic contest or other event with someone other than a parent, requests should be presented to the Superintendent prior to the student leaving school for consideration and/or approval. Athletes will not be released on the basis of a telephone call. Coaches reserve the right to require all athletes to ride together as a team on the school transportation provided to and from the athletic contest.

Transportation to and from events held within the Hermitage School District and to and from Hermitage School District property before and after an away game is the responsibility of the parent.

6.5.12 Equipment and Uniforms

An athlete is financially responsible for all equipment and/or uniforms issued to her/him. Destroyed, lost or stolen equipment or uniforms must be paid for. The athlete and the athlete's parents will be notified of such a decision within three (3) working days.

6.5.13 Athletic Penalties

Any student transferring into Hermitage School District with an AAA athletic penalty in effect will retain the penalty and duration until its completion in the Hermitage School District. After-school suspensions will be assigned on the next scheduled date, regardless of conflicts.

6.5.14 Insurance

Hermitage School District does not assume financial responsibility for medical, hospital, or ambulance expenses incurred because of athletic injuries. Athletics is a voluntary program in which students participate at their own risk. Our athletes, however, are covered by a VOLUNTARY insurance program, with the district opting to purchase and pay the yearly premium for. School insurance is a secondary coverage for medical expenses incurred in a co-curricular activity that may or may not be covered by the family insurance. Should there be no family medical insurance, a \$25.00 deductible fee may be assessed prior to any payment of the school's insurance carrier, which is not the responsibility of the District. The coach or school office will provide

the initial claim form, but it is the responsibility of the student/family to file this form. All subsequent contacts shall be between the parents and insurance carrier.

6.5.15 Suspensions

Athletes serving in school or out of school suspensions are ineligible to practice or compete during the time they are suspended. For suspensions ending on Friday, a coach shall determine if the athlete will compete on a Saturday.

Coaches will determine consequences for athletes who receive suspensions. Repeat offenses will be dealt with by the administrator and athletic director.

6.5.16 General Conduct

Conduct reflecting poorly on the athletic program or the Hermitage School District shall be brought to the attention of the administrator.

6.5.17 Letter Policy

CRITERIA 1: ATTITUDE

The coaching staff will determine if the athlete's attitude is acceptable based on the following:

- Does the athlete consistently accept assigned workouts with enthusiasm?
- Does the athlete consistently work up to his/her ability at practice and competitions?

6.5.18 Supplemental Instruction Program (SIP)

Students passing four academic classes but failing to meet the 2.0 GPA requirement must be enrolled in and attending the Supplemental Instruction Program established criteria as approved by the AAA.

If a student's GPA drops below 2.0 at the end of any semester, the student must attend SIP at the beginning of the next concurrent semester. If a student fails to enroll in SIP at this time, the student must attain a 2.0 GPA to regain eligibility.

In the first semester of SIP, the student must meet the stated requirement (2.0) at the end of that semester in order to be fully eligible again or meet the requirement to remain in SIP one additional semester.

To maintain eligibility under SIP and be eligible to continue a second semester, the student must show improvement of at least one-tenth of one point in his/her GPA after the first semester of participation. For continued participation after the second semester, the student must have reached a 2.0 GPA as well as passing four (4) academic courses.

Maximum participation in SIP is two (2) consecutive semesters. A student who has been in SIP and regained eligibility by achieving a 2.0 GPA would be eligible to enter SIP again later passing four courses but not earning a 2.0 GPA.

Loss of Opportunity for Participation in SIP: During participation in SIP, the student must have no unexcused absences from SIP. The student must have no school disciplinary action (suspensions) for the current semester. The student must have no felony convictions during a semester in which the student is in SIP. If at any point the student falls out of compliance with any criteria listed above during the semester, the student will be immediately suspended from competition for the remainder of the semester. In order to reestablish eligibility, he/she must pass four academic courses and achieve a 2.0 GPA. If a student fails to participate in SIP during any semester, then eligibility can only be regained by meeting the academic and GPA requirements established by AAA.

6.5.19 Attendance

The minimum requirement is that in order to participate in competition, an athlete must attend the entire school day. The only exceptions are if the athlete is excused by the administrator for a previously approved medical appointment, funeral, legal matter, or school-related activity. If the absence is overlooked and the athlete participates, he/she will be required to miss the next scheduled contest.

6.5.20 Sportsmanship

As an athlete, you can help us continue to improve upon our reputation as a school, which is known for good sportsmanship. We must all work hard in conducting ourselves in a respectful manner. Displays of poor sportsmanship can and will result in sanctions against the offending athlete (i.e., suspension from the following event) and/or school. Always observe the following guidelines for good sportsmanship.

The good name of our school is more important than any contest won unfairly. Accept decisions of officials without dispute. They are seldom responsible for your success; so, do not blame them for your failure. Recognize and show appreciation for the fine play of your opponent. Be proud of your school's reputation and work hard to protect it. Remember to practice "The Golden Rule" (do unto others, as you would have them do unto you.).

6.5.21 NCAA Regulations

If you want to practice and play your freshman year of college at an NCAA Division I or Division II college, you must satisfy the requirements of the NCAA, which requires you to:

- Graduate from high school;
- Register with the NCAA Initial-Eligibility Clearinghouse (<http://www.ncaa.org/student-athletes/future/eligibility-center>), and
- Earn a combined SAT or ACT sum score that matches your core-course grade-point average and test score sliding scale.

Specific eligibility criteria should be obtained from the NCAA Eligibility Center (web address above).

6.5.22 Chemical Screening and Testing of Student Athletes

6.5.22(a) Statement of Policy

Hermitage School District has a keen interest in assuring that student athletes are drug free because they could potentially suffer injury during participation in interscholastic sports and because they are role models for other students – especially younger students. Therefore, it is the policy of the Hermitage School District to discourage student athletes from using drugs in order to provide for their own health and safety and to encourage other students to remain drug free.

6.5.22(b) Consent

All student athletes and their parent(s) or guardian(s) shall sign a form provided by the district consenting to the drug testing requirements.

6.5.22(c) Drug Testing Requirement

All students in grades 7 – 12 who wish to participate in interscholastic athletic programs shall submit to drug testing by urinalysis before participating in interscholastic sports competitions during each school year. Additional testing may occur due to random testing or reasonable suspicion as outlined below.

6.5.22(d) Random Testing and Reasonable Suspicion

Random Testing

On dates throughout the semester, determined by the Dean of Students or administrator, the names of all student athletes for the sports that are in season shall be placed in a pool. A Hermitage School District employee who is not a member of the athletic coaching staff, in the presence of at least one school administrator, will blindly

draw the names of at least twenty percent (20%) of the student athletes for each team for random testing. If a student participates in more than one sport during each random testing date, their name shall be placed in the pool for each sport. In the event that their name is chosen for more than one sport, another selection will be made in the second pool of athletes. Students selected for random testing are to be tested immediately. A student who is absent on the day that their name is selected will be tested immediately upon returning to school. If a student fails to complete or refuses to complete drug testing, they shall be considered to have a positive result (See policy 6.5.24(i)).

Reasonable Suspicion

Reasonable Suspicion is defined as a reasonable determination by a school administrator that a student has used, possessed, been under the influence, or sold illegal drugs on campus or at a school sponsored event. This includes the misuse of prescription medications.

Examples of reasonable suspicion include, but are not limited to:

- Eyewitness evidence by a District official, administrator, or employee;
Eyewitness evidence of another person plus additional evidence;
Eyewitness evidence by multiple people.
- Individualized suspicion by an employee of the District, which is based upon a reasonable determination and/or reasonably reliable evidence.
- Under the influence of a chemical substance is defined as being controlled by or affected by a chemical substance, which causes a student to exhibit physical manifestations, abnormal physical behavior, diminished motor skills, etc. Elevated blood pressure, erratic heart rate, slow pupil reaction, etc. may be evaluated by a licensed medical professional.
- “In the possession of a chemical substance” is defined as having any chemical substance on or about one’s person or personal property.
- In possession of drug paraphernalia.

6.5.22(e) Drug Testing Expense

Hermitage School District will pay for the initial, random, and reasonable suspicion testing of students. However, the student athlete shall be responsible for re-entry testing after he or she has tested positive.

6.5.22(f) Testing Procedure

The Administrator, Dean of Students, and/or School Nurse will collect urine specimens. If a student is taking prescription medication, the student must identify the prescription medication to the Administrator/Nurse before being tested. The student must provide a copy of a current prescription to the school within 24 hours.

If a student is found in possession of or using anything that might interfere with testing results (for example, synthetic urine) the student will be considered to have a positive testing result (See 6.5.24(i)).

6.5.22(g) Testing of Specimen

At minimum, the urinalysis kit will test for amphetamine, cocaine, marijuana, opiates, and methamphetamine. The testing kit will show results in approximately five (5) minutes.

6.5.22(h) Results of Testing

The Dean of Students and Administrator will retain the test results in their files. The parent/guardian will be notified of positive test results. The Superintendent of Schools will be notified of positive test results. The

district will only keep the test results until the student graduates or otherwise leaves the District. At that time, the test results will be destroyed. Students who leave the district and return will be re-tested before being allowed to participate in activities. However, if these students have tested positive more than once, any residual disciplinary action will remain in effect upon their return. Any student who transfers or otherwise moves into the District who is under such (or similar) penalties as listed above will be treated in accordance with the disciplinary action suitable for his or her individual circumstance.

If a student's parent/guardian feels the student received a false positive, they may acquire an additional test for the student. This test must be completed within 24 hours of the original test, must be completed at a licensed medical facility, and will be the financial responsibility of the parent/guardian. The student athlete will be suspended from participation in interscholastic athletics and from driving on campus until negative test results are provided to the district.

6.5.22(i) Positive Results

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were

attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

7.1.2 Homeless Students - Board Policy 4.40

The Hermitage School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child's or youth's education in the school of origin for the duration of homelessness:
 - a. In any case in which a family becomes homeless between academic years or during an academic year; and
 - b. For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
2. Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.*

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

1. Are :
 - a. Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
 - b. Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
 - c. Living in emergency or transitional shelters;
 - d. Abandoned in hospitals.
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
4. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

7.1.3 Students who are Foster Children - Board Policy 4.52

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services ("DHS"), the Arkansas Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by ADESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act of 2004;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

7.1.4 Student Enrollment – Children of District or Educational Cooperative Employees

Under instances prescribed in A.C.A. §6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/ her child or ward reside outside the district.

7.2 ENROLLMENT REQUIREMENTS - Board Policy 4.2

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option under Policy 4.5.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary education.
2. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall provide the district with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;
 - e. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;

- f. United States military identification; or
- g. Previous school records.

3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not to allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death;
- Dual status military technicians; and

- Traditional members of the National Guard and reserve components of the armed forces who are relocating to the state for employment or to serve as a member of an Arkansas-based reserve component unit.

"Veteran" means an individual who served in the uniformed services and who was discharged or released from the uniformed services under conditions other than dishonorable.

The superintendent shall designate an individual as the District's military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child's parent, legal guardian, person having lawful control of the eligible child, or person standing in loco parentis. The individual the superintendent designates as the District's military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.⁵

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. Enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;

8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

Following the receipt of advanced notice of the enrollment of an eligible student from a military family, the District shall treat the notice as a provisional enrollment and provide the student with materials regarding:

- a. Academic courses;
- b. Electives;
- c. Sports; and
- d. Other relevant information regarding the public school.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- Request the eligible child's official education records from the sending district.

To facilitate a smooth transition between the student's previous coursework and the curriculum best suited to ensure educational success in the student's new school, the District may enroll an inbound transitioning eligible student in digital coursework, if available, at the request of the military family.

7.3 SCHOOL CHOICE – STANDARD – Board Policy 4.5

Standard School Choice

Exemption – If applicable

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Arkansas Division of Elementary and Secondary Education (ADESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act of (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition

"Sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

Transfers Into the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program, and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by ADE to this District and the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked, emailed, or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked, emailed, or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

No earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; or who chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by both the resident and nonresident districts, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, ADESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of “F” or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227; or
- Due to the district’s identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District’s three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual’s sibling group to transfer out of the District even though these applications are beyond the District’s transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the ADESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student’s assigned school to another school in the District¹⁰ or from the student’s resident district into the District if:

Either:

- The student’s resident district has been classified by the state board as in need of Level 5 — intensive support; or
- The student’s assigned school has a rating of "F"; and
- The student’s parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student’s request to transfer by no earlier than January 1 and no later than May 1 of the school year before the school year the student intends to transfer to both the sending and receiving school districts:

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student’s application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

Except for those students who are applying to transfer within the time permitted due to the student’s parent or guardians’ military service or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student’s resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer due to the student’s parent or guardian’s military service or seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student’s application. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student’s transfer under Opportunity School choice is effective at the beginning of the next school year and the student’s enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of “F” or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under

Opportunity Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

1. A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or
2. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of “F”, a public school within the District that is nearest to the student’s legal residence that does not have a rating of “F”; or
3. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of “F”, a public school that does not have a rating of “F” within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by ADESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

7.4 PLACEMENT OF MULTIPLE BIRTH SIBLINGS – Board Policy 4.53

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings;
 - Disruptive to the siblings’ assigned classroom learning environment; or
 - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

7.5 DETERMINATION OF CREDIT FROM ACCREDITED SCHOOLS

Any student transferring from a school accredited by the Arkansas Department of Education to the Hermitage School District shall be placed in the same grade as had the student remained in his/her former school.

Upon the enrollment of a transfer student from an accredited school, the counselor will determine a tentative schedule of classes based on the statement of the student as to which courses have been completed or documents brought by the student from the sending school. The counselor will send a request to the former school for official school records. After receipt of these records, grades are transferred to the current records. If a letter grade is sent, then the same letter grade is recorded. If percentage grades are sent the percentage grades will be converted into letter grades based on the sending school's grading scale. If no grading scale can be obtained from the sending school within 60 days from the date of enrollment, those percentage grades will be converted into letter grades based on the Hermitage High School grading scale. Once the grades are recorded on the official transcript, they are final at that time.

All credits are accepted at face value and transferred to the HHS transcript. Arkansas law and Arkansas Department of Education guidelines are followed in creating a graduation checklist for the transferring student. In computing GPA for purposes of ranking, Hermitage High School will transfer in and count in the ranking GPA, only those courses that have weighted status at Hermitage High School. All AP courses will be weighted in compliance with state mandates.

If a student enters in the middle of a grading period, the transfer grades are added with the grades the student receives in the Hermitage School District. If that grade is passing, then the student receives credit for that semester.

7.6 DETERMINATION OF CREDIT TO BE GIVEN GRADES 9-12 NON-ACCREDITED OR HOME SCHOOLED

A student will be required to take tests in each academic area for which credit has been successfully earned as a homeschooled student or a non-accredited school student. Tests will only be given in subject areas that are taught in the Hermitage School District. The tests will be constructed or chosen by the appropriate teachers within each department. Sixty percent (60%) achievement will be required for passing the test for credit. No letter grades will be issued, only "CR" for credit earned. The counselor will supervise the acquisition and administration of the test(s). If no counselor is available, the curriculum coordinator will oversee the administration of the test(s).

A committee of teachers, counselor, administrator, parents of the student, and student wishing to enroll will meet to evaluate proper placement and units of credit to be accepted after the student has taken the required tests. The school retains the option to reconsider placement during the school year.

Any student transferring from "homeschool" or a school not accredited by the Arkansas Department of Education, shall be evaluated by the staff to determine the student's appropriate placement.

When a disabled student wishes to re-enter public schools from home schooling or a non-accredited school, he/she will be placed according to the recommendation made by the Individual Education Program Committee

7.7 WITHDRAWAL FROM SCHOOL

In compliance with Act 230 of 1997, the school shall keep records of all withdrawals in order that the State Department of Education be furnished pertinent information required by that legislative act; therefore, students withdrawing from school must obtain a check-out form from the administrator's office.

All school materials, textbooks, library books, etc., must be returned.

A copy of the official withdrawal form will be given to the student when he/she leaves if all records are clear. In order to avoid delays, please notify the office the day prior to withdrawal.

Students will not be dropped from the school roster until the office receives an official request from the enrolling school. Absences will continue to count until such a request is received.

After 10 consecutive days of absences, the Hermitage School District Social Worker, Director of Student Services, Dean of Students, and/or Administrator will be notified by those responsible for tracking student absences.

7.8 STUDENT TRANSFERS - Board Policy 4.4

The Hermitage School District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.

The District may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the Division of Elementary and Secondary Education (DESE) to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from homeschool will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

SECTION 8: ATTENDANCE

8.1 SIGN-IN/SIGN-OUT OF STUDENTS

8.1.1 General Policy

A student who is tardy, leaves before dismissal, and/or returns to school after leaving, must be signed in or out by a parent/guardian or other adult listed on the student information or registration form on file in the office IN PERSON. Students who are checked out of school and later return must present a valid excuse prior to re-entering school for the day. Regardless of age or marital status, no student, having once arrived on the campus, shall leave the school premises at any time during the school day without being signed out and picked up by his/her parent or guardian from the School Office.

8.1.2 Emergencies – Other Authorized Individuals

In case of emergencies, a parent/guardian may call from a number listed in the student information or registration form on file in the office before a student will be permitted to leave the school campus either alone or with someone other than the parent/guardian.

8.1.3 Medical Note Required

If a student is signed out by a parent/guardian to go to the doctor, dentist, or the orthodontist, upon his/ her return to school, the student shall report to the School Office with a note from the doctor, dentist, or the orthodontist verifying his/her visit.

8.2 ABSENCES – Board Policy 4.7

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student's physical presence at school. Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District's truancy policy.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;

4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Unexcused Absences

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with 2 unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has 1 unexcused absence, his/her parents, legal guardians, persons with lawful control of the student, or persons in loco parentis shall be notified within 3 days of the absence. Notification shall be by telephone.

Whenever a student exceeds 2 unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

8.3 TARDIES – Board Policy 4.9

8.3.1 General Information

Promptness is an important character trait that District staff is to encourage, model, and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement. Repeated tardiness is disruptive and cannot be tolerated. All tardies are considered unexcused unless special conditions exist and require administrator approval.

Students should make a concerted effort to get to class on time. Students are considered tardy if they are not in their assigned places/locations when the tardy bell rings.

Parents have access to student's attendance and tardy records through the Access Center of E-School. Please contact the school office or Director of Student Services if you need access information for your student(s) or assistance accessing the information.

8.3.2 Elementary School

The school day begins at 7:50 AM. A student is considered tardy for missing up to 1 ½ hours of instruction. Students missing 1 ½ hours to 3 ½ hours of instruction are considered absent for ½ day. Students missing over 3 ½ hours of instruction are considered absent for 1 day. The dismissal bell rings at 3:15 PM, which is the official end to the school day.

Letters will be mailed home to the address on file in the office when a student has 2 tardies. Upon the fourth (4th) tardy, a referral will be made to the social worker. On the eighth (8th) tardy, a FINS will be filed with the court.

8.3.3 High School

Students should make a concerted effort to get to class on time. Students are considered tardy if they are not in their assigned places/location when the tardy bell rings. After three (3) tardies per class period each semester, the classroom teacher will make parent contact. If a student accumulates more than three (3) tardies in a class period in a semester, a written reprimand will be issued. An assignment for one day of detention will be made for the fourth (4th) and fifth (5th) tardy, and the school social worker will make contact with the parent or guardian. For the sixth (6th) and seventh (7th) tardy, two days of detention will be assigned, and services will be provided by the school counselor. A student's absence progresses from a tardy to an absence if the student misses more than 15 minutes of instruction during the period. Upon the assignment to detention, parent notification of the detention will be mailed home and a phone call will be made to the parent's number on file in

the office. On the eighth (8th) tardy and subsequent tardies, students will be assigned ISS. A FINS will be filed with the court when the student reaches eight (8) tardies in the AM.

8.4 COLLEGE DAYS

In an attempt to support students in their efforts to further their education, seniors at Hermitage High School who have at least a 2.0 GPA and at least sixteen (16) credits at the beginning of his/her senior year, will be permitted to take two (2) college/career days. Juniors at Hermitage High School who have at least a 2.0 GPA and at least twelve (12) credits at the beginning of his/her junior year will be permitted to take one (1) college/career day during the second semester of his/her junior year. College days will not be granted for students with excessive absences (more than the allotted 8 days per semester).

The student must make arrangements through the counselor's office and with the administrator before the visitation. Students must present a letter from the institution that he/she is planning to attend, indicating the date of the planned visit, to the counselor. While on the visit, students must have an official from the institution sign the college/career day form and return it to the counselor when the student returns. The counselor will copy the form and submit it to the school office.

Special considerations will be given for visits initiated by the college or university for recruitment purposes. Such considerations are done at the discretion of administration.

SECTION 9: CONDUCT

9.1 STANDARD OF CONDUCT

All students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school and not infringe on the rights of others. School district officials attempt to include prevention, intervention, and conflict resolution whenever dealing with student problems; however, school staff have the authority and the responsibility to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. Such measures may include the use of reasonable force in the exercise of lawful authority to restrain or correct students and maintain order. A student who is well informed concerning his/her rights and responsibilities and the standards of behavior expected should not require disciplinary action. However, the Rules of Conduct set forth below are considered major infractions of proper conduct and will subject the student to disciplinary action.

All students enrolled in Hermitage School District shall comply with the rules and regulations set forth in this handbook and all other rules and regulations prescribed by law and as adopted by the Hermitage School Board.

All students and their parents should be aware that the rules of conduct and the policies and procedures set forth in this handbook may be amended from time to time by the Hermitage School Board. All students shall also comply with all reasonable rules and regulations and classroom procedures established by teachers and administrators governing classroom activities or other school activities both on and off campus.

9.1.1 PROHIBITED CONDUCT - Board Policy 4.18

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following:

2. Disruptive behavior that interferes with orderly school operations;

23. Operating a vehicle on school grounds while using a wireless communication device; and
24. Theft of another individual’s personal property.

The Board directs each school in the District to develop implementation regulations for prohibited student conduct consistent with applicable Board policy, State and Federal laws, and judicial decisions.

9.2 STUDENT RIGHTS, RESPONSIBILITIES, AND LIMITATIONS

All students of the Hermitage School District have certain protected rights under the Constitution of the State of Arkansas and the United States Constitution including freedom of speech, freedoms of assembly, and freedom of press, provided, however, there are reasonable limitations on the exercise of those rights. Those freedoms must be exercised in a way and in a manner, which will not interfere with the rights of others, and they shall not be exercised in such a way as to create an obscene, slanderous, libelous manner or to incite students to commit unlawful acts. Students have the right to peaceful assembly. However, students do not have the right to interfere with classroom activities or other school events or activities.

9.3 ACADEMIC HONESTY

Cheating is defined as dishonesty on any kind of test (including having a cell phone out during a test), examination, written assignment, project, illegal possession of a test or examination question. The possession of unauthorized notes during a test or examination, taking notes from or giving notes to another student, assisting others to cheat, plagiarizing or altering grade records are instances of cheating that will result in a “Zero” recorded for that grade.

Consequences for plagiarism or cheating are the student(s) will receive no credit on the assignment and the teacher will notify the parent /guardians.

9.4 STUDENT DRESS AND GROOMING – Board Policy 4.25

9.4.1 General Policy

The Hermitage Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not

apply, however, to a costume or uniform worn by a student while participating in a school-sponsored activity or event. (Act 835 of 2011)

Students will appear at school clothed and groomed in an appropriate manner, which is dictated by the principles of good hygiene. Any article of clothing or manner of hairstyle which is determined by the building administrator to materially or substantially interfere with the educational process is prohibited. Students should be dressed appropriately, and the administration shall determine, within the guidelines, appropriate dress and shall articulate this to the students. Cleanliness and decency will be required at each building.

On certain occasions, such as spirit days and Homecoming week, various clothing rules may be suspended as approved by administration.

In Act 835 of 2011, The General Assembly found that, as part of their preparation for students to enter the workforce, public schools should encourage and train students to dress in a manner that would be acceptable in the workplace. In order to facilitate this expectation and to meet the policy of the Hermitage Board of Directors, the following guidelines should be followed.

9.4.2 K-12 Guidelines:

- No clothing that exposes underwear, buttocks, or breasts of a female shall be allowed. (Act 835 of 2011)
- Blouses and shirts must be long enough to keep the midriff, back and stomach covered. Sleeveless shirts must be at least 2 inches wide on the shoulder. No strapless or off the shoulder blouses or shirts are allowed.
- Foot coverings must be worn at all times and must keep feet safe during the student's daily activities at school, according to their schedules and activities.
- No head coverings or items that obstruct the view of the face may be worn inside buildings on campus.
- No clothing that displays messages or illustrations of a profane or crude nature, or advertisements for drugs, alcohol, or any illegal substance, or gang related logos, are allowed.
- No pajamas or house shoes are allowed.
- Pants must be of proper size and worn at the waist.
- Grades 5-12: Shorts and skirts are permitted if hemlines are within a dollar bill length of the top of the knee cap.

Reprimand to Expulsion - Student must change clothing to meet dress code before returning to class.

9.4.3 Grades 7 - 12

- All bags (backpacks, athletic bags, purses, etc.) used during the school day at Hermitage High School must be made of mesh material.

Reprimand to Expulsion - Any bags not meeting this requirement will be left with office personnel until the end of the school day.

9.5 DISRUPTION OF SCHOOL – Board Policy 4.20

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Reprimand to Expulsion

9.6 DISORDERLY CONDUCT

The student significantly disrupts all or portions of the campus activities, school sponsored events, or school bus transportation. Disruptive behavior that poses a serious threat to the learning environment, health, safety, or welfare of others may be dealt with by prosecution under current law.

Reprimand to Expulsion

9.7 INSUBORDINATION

Willful failure or refusal to recognize or submit to the authority of a superior.

Reprimand to Expulsion

9.8 FORGERY OF PASSES OR FALSIFICATION OF GENERAL INFORMATION

A student shall not forge another person's name to any pass, excuse, or a student's scheduling information, nor falsify telephone numbers and addresses on general information forms. This includes all school records.

Reprimand to Expulsion

9.9 BULLYING/CYBERBULLYING – Board Policy 4.43

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

A school principal or his or her designee who receives a credible report or complaint of bullying shall promptly investigate the complaint or report and make a record of the investigation and any action taken as a result of the investigation.

Definitions:

“Attribute” means an actual or perceived personal characteristic including without limitation race, color, religion, ancestry, national origin, socioeconomic status, academic status, disability, gender, gender identity, physical appearance, health condition, or sexual orientation;

Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District's written procedures governing the formal complaint grievance process. The process for submitting a formal complaint of sexual sexual harassment; that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without fear of adverse consequences; the supports that are available to individual suffering sexual harassment; and the potential discipline for perpetrating sexual harassment.

Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. The district may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in the capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of

- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 1. Whether obtained from a party or other source,;
 2. The District does not intend to rely upon in reaching a determination regarding responsibility; and
 3. That is either Inculpatory or exculpatory; and

At least ten (10) days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or

Emergency Removal

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual

harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment, testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- Any disciplinary sanctions imposed on the respondent;

If the person making the report is not the Superintendent, that person shall also

inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The Superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

10.2 CONSEQUENCES

Depending on the severity of the infraction, disciplinary action may range from a minimum of a warning to a maximum of recommendation of expulsion:

- Warning conference with student,
- Parental contact,
- Denial of privileges,
- Detention,
- Corporal punishment,
- Counseling,
- Suspension: In-School (K-12), Out of School (K-12), and
- Expulsion-After the second (2nd) disciplinary suspension in a semester, the student may be recommended for expulsion.

10.3 DUE PROCESS

Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

10.4 DETENTION

Student assignment to detention may be used as a consequence for inappropriate behavior. Detention will be held as scheduled by the Building Administrator. Students will be required to study or complete other assignments during this time as assigned by a teacher or Building Administrator.

Students will be informed of their assignment to detention. He/she is responsible for attending.

Failure of the student to serve the days assigned to detention will result in additional days assigned. Failure to serve the assigned days will result in the student being placed in In-School Suspension (ISS).

10.5 CORPORAL PUNISHMENT – Board Policy 4.39

The Hermitage School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or the superintendent's designated staff members who are required to have a state-issued license as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school Building Administrator or designee who shall be a licensed staff member employed by the District.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.

Refusal of Corporal Punishment subjects the student to alternate forms of discipline, up to and including suspension. (Act 904 of 1977).

10.6 SUSPENSION FROM SCHOOL – Board Policy 4.30

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Building Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School Building Administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

1. Poses a physical risk to himself or herself or to others;
2. Causes a serious disruption that cannot be addressed through other means; or
3. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. the student shall be given written notice or advised orally of the charges against him/her;
2. if the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. if the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's readmittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the

academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number; (The contact may be by voice, voice mail, or text message.)
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent or legal guardian, , person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving out-of-school suspensions are not permitted on campus except to attend a student/parent/Building Administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

10.6.7 Types of Suspension

10.6.7(a) In-school Suspension

The ISS on-campus suspension is designed to keep students, who have committed violations of school rules on campus, yet remove them from the regular school environment. ISS affords students the opportunity to remain current on all schoolwork. The program emphasizes regular attendance, exemplary conduct, and an intensified learning effort.

The ISS on-campus suspension program is designed to keep students, who have committed violations of school rules on campus, yet remove them from the regular school environment.

Students assigned to ISS will study in an isolated environment away from the mainstream of the regular school program, activities, and students.

Teachers of the classes in which the student is regularly scheduled will prepare assignments for each student.

The eleventh and any subsequent days of ISS may result in one (1) day of Out-of-School Suspension.

In-school suspensions initiated by the administrator or his/her designee may NOT be appealed to the Superintendent or the Board.

While assigned to ISS, the student will:

- Be completely isolated from the rest of the student body.
- Refrain from talking to other students assigned to ISS.
- Fully complete assignments given by all teachers.
- Be present and on time each day assigned.
- Fully cooperate with the ISS teacher.
- Eat lunch at the time and place designated by the teacher or administrator. If the student brings his or her lunch upon arrival that day, he/she will eat lunch at the same time as other students assigned to ISS.
- Produce acceptable class work.
- Spend time in study and preparation of assignments. Idleness will not be permitted.
- Cell phones or other personal electronic devices are not allowed in the ISS room.

A student will receive one warning of a violation of rules for ISS. If a student has more than one violation while in ISS, he or she will be suspended for three days. Once the student returns to school, the remainder of the ISS assignment must be served before the student may return to his/her regularly scheduled classes.

Students may not participate in or attend any extracurricular activities, such as but not limited to, practices, athletic events, dances, band concerts, school trips etc., during assigned days in ISS. Assigned days begin at 8 a.m. on the day of assignment and end at midnight on the last day of assignment. Students must go to their locker before they go to ISS on their first day of assignment. Students must bring pen, pencil, paper, and all of their books on the first day.

10.6.7(b) Out-of-School Suspension

A student may be suspended out-of-school for behavior including, but not limited to, that which:

- Is in violation of school policies, rules, or regulations.
- Substantially interferes with the safe and orderly educational environment.
- Administrators believe will result in substantial interference with the safe and orderly educational environment.
- Is insubordinate, incorrigible, violent or involves moral turpitude.

The administrator or designee shall proceed as follows in deciding whether or not to suspend a student:

- The student shall be given written notice or advised orally of the charges against him/her.
- If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts.
- If the administrator finds the student guilty of misconduct, he/she may be suspended.
- Parent conference required for third and subsequent days of suspension.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s) or legal guardian(s) prior to the suspension. Such notice shall be handed to the parent(s) or legal guardian(s) or mailed to the last address reflected in the records of the school district.

Generally, the notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

During the period of suspension, students shall not be permitted on campus, except to attend a student/parent/administrator conference.

Students may not accumulate more than ten (10) days of Out-of-School suspension per school year. The eleventh and any subsequent days of Out-of-School suspension may result in a letter of expulsion.

Students may not participate in or attend any extracurricular activities, such as but not limited to, practices, athletic events, dances, band concerts, school trips etc., during assigned days in OSS. Assigned days begin immediately upon suspension assignment made by the administrator and end at midnight on the last day of assignment.

Criminal procedures and school related procedures are not interdependent. A student found innocent in criminal court does not cancel out school-related decisions. School related due process rights are different from criminal procedures. School expulsions are legal when process procedures are followed and a rational basis exists for the expulsion.

10.7 EXPULSION – Board Policy 4.31

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

10.8 DISCIPLINE FOR STUDENTS WITH DISABILITIES

The criteria for determining the discipline of disabled students include the following:

Disabled students who engage in misbehavior and disciplinary infractions are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free appropriate public education.

The Individual Education Plan (I. E. P.) team for a disabled student should consider whether particular discipline procedures should be adopted for that student and included in the I. E. P.

Disabled students may be excluded from school only in emergencies, only for the duration of the emergency, and never for more than ten school days per offense.

After an emergency suspension is imposed on a disabled student, an immediate meeting of the student's I. E. P. team should be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion. Within ten (10) school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, it must be determined:

- If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability; or
- If the conduct in question was the direct result of the District's failure to implement the IEP.

The suspended student should be offered alternative educational programming for the duration of the exclusion.

Any action and procedure shall be in accordance with Public Law 108-466, Public Law 94-141, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, as amended.

10.9 STUDENT REMOVAL FROM CLASS

A teacher may remove a student from class whose behavior the teacher has documented to be repeatedly interfering with the teacher's ability to teach the students in the class or whose behavior is so unruly, disruptive or abusive that it interferes with the ability of the student's other classmates to learn. Students who have been removed from their classroom by a teacher shall be sent to the administrator or administrator's designee's office for appropriate discipline.

The teacher's administrator or the administrator's designee may:

- Place the student into another appropriate classroom;
- Place the student into in-school suspension;
- Place the student into the District's alternative learning environment;
- Return the student to the class; or
- Take other appropriate action consistent with the District's student discipline policies and state and federal law.

If the teacher removes a student from class two (2) times during any nine-week grading period, the administrator or the administrator's designee may not return the student to the teacher's class unless a conference has been held for the purpose of determining the cause of the problem and possible solutions. The conference is to be held with the following individuals present:

- The administrator or the administrator's designee;
- The teacher
- The school counselor
- The parents, guardians, or persons in loco parentis; and
- The student, if appropriate.

The failure of the parents, guardians, or persons in loco parentis to attend the conference does not prevent any action from being taken as a result of the conference.

10.10 SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold ” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

10.11 DRUG DOG

Students of Hermitage School District should be aware that school district officials have access to a registered drug dog. The drug dog and its handler will make periodic, unannounced visits to all District schools and school-sponsored activities. Lockers, automobiles and other areas of the building will be searched. Students will be held responsible for any prohibited items found in their lockers, automobile or belongings at school.

Upon arrival of a K-9 Drug/Sniff Dog, teachers will be told to detain students. Students will not be permitted to leave classrooms until admitted by an officer, the administrator, or until the entire search is concluded. The administrator or his designee will accompany the K-9 officer as a key holder. Upon the entry of an occupied room, students will leave loose clothing, bags and purses on the floor so the K-9 may have access to the items for a sniff search. Students will then exit the room, enter the hallway, and stand against the wall.

Once the K-9 Drug/Sniff dog detects drugs in a locker or other property, the item will be searched by an officer. If drugs are found on students, their property, in their locker, or in a student vehicle, the student will be detained for further questioning and penalties.

Should prohibited items be found, the violators will be disciplined under District policies and may be prosecuted under local, state or federal laws.

SECTION 11: HEALTH AND SAFETY

11.1 COUNSELING SERVICES

The Hermitage School District has a comprehensive counseling program. The program can be found on the Hermitage School District website.

Students can be referred to the counselor for various reasons. As a parent, you can refer your child. Students may also self-refer for counseling issues. Teachers and administrators may make referrals when they feel it is necessary. If you feel that your child needs assistance, please contact the counselor by calling the school or emailing the counselor.

11.2 STUDENT ILLNESS/ACCIDENTS – Board Policy 4.36

If a student becomes too ill to remain in class and/or could be contagious to other students, the administrator or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

11.3 COMMUNICABLE DISEASES AND PARASITES – Board Policy 4.34

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57-IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

11.4 MEDICATION POLICY AND PROCEDURES – Board Policy 4.35

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not

picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.

Schedule II Medications

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation. A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

Self-Administration of Medication

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District may:

1. Self-administer either a rescue inhaler or auto-injectable epinephrine;
2. Perform his/her own blood glucose checks;
3. Administer insulin through the insulin delivery system the student uses;
4. Treat the student's own hypoglycemia and hyperglycemia; or
5. Possess on his or her person:
 - a. A rescue inhaler or auto-injectable epinephrine; or
 - b. The necessary supplies and equipment to perform his/her own diabetes monitoring and treatment functions.

A student may be authorized to self-administer a stress dose medication to treat the student's adrenal insufficiency with:

1. The written authorization of the student's parent, legal guardian, or person standing in loco parentis; and
2. A written order from the student's treating physician stating that the student:
 - a. Is capable of completing the proper method of self-administration of the stress dose medication; and
 - b. Has been instructed on the details of the student's medical condition and the events that may lead to an adrenal crisis.

The parent, legal guardian, or person standing in loco parentis of a student who is authorized to self-administer a stress dose medication shall sign an IHP developed by the school nurse for the school where the student is enrolled. The IHP shall include a requirement for the notification of appropriate staff following the self-administration of a stress dose medication, which shall include the school nurse, teacher of the classroom where the stress dose medication was administered, and a school administrator.

Students who have a current consent form on file shall be allowed to carry and self-administer such medication while:

- In school;
- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may possess and use a topical sunscreen that is approved by the United States Food and Drug Administration for OTC use to avoid overexposure to the sun without written authorization from a parent, legal guardian, or healthcare professional while the student is on school property or at a school-related event or activity. The parent or guardian of a student may provide written documentation authorizing specifically named District employee(s), in addition to the school nurse, to assist a student in the application of sunscreen. The District employee(s) named in the parent or legal guardian's written authorization shall not be required to assist the student in the application of sunscreen.

Emergency Administration of Glucagon and Insulin

11.5 CHILD NUTRITION/WELLNESS

11.5.1 General Information on Child Nutrition

Believing there is a strong relationship between a sound diet and scholastic achievement, we encourage students to eat a well-balanced breakfast and lunch. The Hermitage School's Child Nutrition provides a nutritional school breakfast and each day that meet the daily meal requirements. Menus for the week are printed and sent home in folders at the elementary school, posted on the district website, and posted in the school buildings. All students have ample time to eat their meal. The Hermitage School District Child Nutrition Department values feedback from parents in regards to meal service, nutrition, and other issues.

Students may eat in the cafeteria, bring their lunches, or eat in the commons area on campus approved by the administrator. Milk and other drinks may be purchased in the cafeteria for \$.50.

Applications for free and reduced price meals are sent home at the beginning of the school year and can be picked up in the school office or the Administration office.

11.5.4 Student Meal Accounts

Parents are strongly encouraged to pay ahead for several meals at a time as this increases the efficiency of cafeteria options, decreases stress on parents, and decreases the chance of students losing their money. Checks should be made payable to the Hermitage School District. Please put your student's name(s) on the memo line of the check. Students in different schools will need separate checks.

Students are encouraged to bring lunch and breakfast money for the entire week, month, semester, or year and this money will be deposited in their account. At each meal, their account will be debited and reminders will be sent when their account needs additional money. Any money left in the student's account at the end of the school year will be credited to his/her account the following school year. A student may purchase a second meal if they wish and have the money to pay for it.

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

11.5.10 Wellness Policy – Board Policy 5.29

The health and physical well-being of students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the

Board of Directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The Board of Directors is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Division of Elementary and Secondary Education (ADESE), but with the community and its residents, organizations and agencies. Therefore, the District shall enlist the support of the larger community to find solutions that improve the health and physical activity of our students.

Wellness Committee

To enhance the district's efforts to improve the health of our students, a School Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. It shall be structured in a way to ensure age-appropriate recommendations are made that correlate to the District's grade configurations. The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule and are incorporated into this policy by reference. The overarching goal of the committee shall be to promote student wellness by monitoring how well the District is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, 10, and 11 of the Centers For Disease Control' (CDC) School Health Index as a basis for annually assessing each school's progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in the school district's support plan (SDSP), provided to each school's principal, and reported to the board. Goals and objectives for nutrition and physical activity shall also be included in the SDSP.

The SNPAAC shall be made up of Individuals from the following groups to the extent interested persons from each group desire to be included in the development, implementation, and periodic review of the District's wellness policy:

- Members of the District's Board of Directors;
- School administrators;
- School nutrition personnel;
- Teacher organizations;
- Teachers of physical education;
- Parents;
- Students;
- Professional groups (such as nurses);
- School health professionals (such as school nurses, school counselors, and social workers); and
- Community members.

The SNPAAC shall provide written recommendations to the District's Child Nutrition Director concerning menus and other foods sold in the school cafeteria. Such recommendations shall be based, at least in part, on the information the Committee receives from the District on the requirements and standards of the National School Lunch Program and from menus for the National School Lunch Program and other food sold in the school cafeteria on a quarterly basis.

The SNPAAC will meet at least quarterly. Meeting dates for the SNPAAC will be placed on the District's calendar.

School Health Coordinator

To assist the SNPAAC in ensuring that the District fulfills the requirements of this policy, a District level School Health Coordinator (Designated District Official) shall be appointed. In addition, a school level School Health

Coordinator shall be appointed who shall be responsible for assisting the District level School Health Coordinator in ensuring that each school fulfills the requirements of this policy.

Goals

In its efforts to improve the school nutrition environment, promote student health, and reduce childhood obesity, the District will adhere to the ADESE Rules Governing Nutrition and Physical Activity Standards And Body Mass Index For Age Assessment Protocols. To promote nutrition, physical activity, and other school based activities that will improve student wellness, the District, working with the SNPAAC, has established the following goals:

1. Implement a grade appropriate nutrition education program that will develop an awareness of and appreciation for nutrition and physical activity throughout the curriculum;
2. Enforce existing physical education requirements and engage students in healthy levels of vigorous physical activity;
3. Strive to improve the quality of physical education curricula and increase the training of physical education teachers;
4. Follow the Arkansas Physical Education and Health Education Frameworks in grades K-12;
5. Not use food or beverages as rewards for academic, classroom, or sports performances;
6. Establish class schedules and bus routes that do not directly or indirectly restrict meal access;
7. Provide students with ample time to eat their meals in pleasant cafeteria and dining areas;
8. Abide by the current allowable food and beverage portion standards;
9. Meet or exceed the more stringent of Arkansas' or the U.S. Department of Agriculture's (USDA) Nutrition Standards for reimbursable meals and a la' carte foods served in the cafeteria;

Except in instances where a student is suspected of having contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity. The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

Screening for vision/hearing may also be performed on students in grades 7-12 if a referral is made to the school nurse by a teacher.

If parents/guardians object to the physical examination of their children, a form must be completed and be kept on file.

In order to be in compliance with all state statutes and to have a comprehensive, viable program the following screening services will be provided:

11.9 VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

These materials are re-inspected regularly to determine if there is any change in the condition of the material. All information regarding the asbestos program is included in the schools' management plans. The inspections and management plan are available for review in the Hermitage School District Maintenance Supervisor's office.

11.11 IMMUNIZATIONS - Board Policy 4.57

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serologic testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and

- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

1. Licensed physician;
2. Health department;
3. Military service; or
4. Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;
- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student’s admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student’s temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

SECTION 12: TRANSPORTATION

12.1 GENERAL TRANSPORTATION POLICIES – Board Policy 4.19

The purpose of the Transportation Department of the Hermitage Public Schools is to provide the safest, most efficient transportation possible for those students who are to be transported between their homes and schools. This process is the responsibility of the entire community and requires the cooperation of all students, parents, school personnel, and citizens who drive on the streets in the presence of school buses.

Students and parents are asked to read these regulations carefully. They must be followed if we are to provide a safe, efficient transportation for the students of this District.

The school district encourages any person who observes an incident jeopardizing the safety of the students on a school bus to report the incident to the Transportation Department. It is most helpful when a person can identify the bus by its number when making such a report. Any recommendations that will assist the Department in its operation are also encouraged. Suspension, loss of bus riding privileges, or other disciplinary actions may be imposed when students violate these transportation regulations

A student riding a bicycle is expected to obey safety rules. Bicycle racks are provided for parking, but locks are encouraged since the school is not responsible for damage or loss. Motorcycles such as ATV's and other cycles, driven by elementary students are not allowed as transportation to school.

A parent who brings a student to school by automobile will adhere to each school's routing procedure to ensure safety. Specific procedures will be disseminated annually at the beginning of school.

The telephone number of the Transportation Department of the Hermitage School District is (870) 463-2246.

12.2 SCHOOL BUS POLICIES

12.2.1 Eligibility

All students are eligible to receive in-district bus transportation.

12.2.2 Student Conduct

Riding the school bus is a privilege. Students are subject to the same rules of conduct while traveling to and from school on a school bus as they are while on school grounds. Students are under the supervision of the driver and must obey the driver at all times while they are on the bus. Students who fail to cooperate with the driver in maintaining safe and orderly bus transportation will be disciplined.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student's bus transportation privileges. Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student's parent or legal guardian.

Students are under the supervision of the driver and must obey the driver at all times while on the bus. Students who fail to cooperate with the driver in maintaining a safe and orderly bus will be subject to disciplinary action as outlined in the student handbook.

Please do not engage in activities that may distract the driver. DO NOT:

- Eat or drink on the bus
- Smoke or possess any type of tobacco product (prohibited by Arkansas Statute Act 728, 1977)
- Scuffle or fight
- Play radios, tape players, band instruments, cell phones, MP3 players, etc.
- Yell at anyone on the bus or outside
- Throw paper or any other object on the floor of the bus or outside the window
- Put hands, arms, or heads out of the window
- Tamper with any of the bus safety devices
- Deface any part of a bus by such action as writing or damaging seats. Damage to any bus equipment (seats, windows, etc.) will be paid for by the offender.

12.2.3 Riding the Bus

- Ride only the bus to which you are assigned.
- Obey the instruction and directions of the driver. Students are under his/her supervision. The driver will submit a written report of all violations to the student's administrator.
- Do not distract the driver's attention or disturb other riders on the bus. This means students must remain reasonably quiet while on the bus.
- Remain seated while the bus is in motion or stopped except as directed by the driver.
- Legs and feet should not be in the aisle.
- Keep all books, lunches, coats, etc., out of the aisle of the bus.
- Knives, firearms, sharp objects, clubs, pets, or other animals are never allowed on a school bus.

A student riding a school bus must have on file a signed parent/guardian receipt of "Transportation Regulations for Students." A student not abiding by safety and/or behavior requirements will be subject to the same discipline as other infractions. Students may ride only their assigned buses. Routes can only be changed due to extenuating circumstances. Call the Transportation Department (870) 463-2246, to discuss the circumstances and to have the school and driver notified before 2:00 pm.

As a part of the bus safety program, students are subject to being videotaped. Neither drivers nor students will know camera locations. The tapes will be reviewed as necessary to determine any problems and the proper disciplinary referrals submitted to the administration.

12.2.4 Bus Stops

- Be at the bus stop ten (10) minutes before the bus is scheduled to arrive. Do not arrive earlier than ten (10) minutes beforehand.
- Try to be on the proper side of the road while you wait, even if you must cross the street to enter the bus.
- Before crossing a street to enter the bus, wait until the bus has come to a complete stop and the driver has given you directions.
- Respect the property rights of others while waiting for the bus. Don't litter or make unnecessary noise.
- Don't gather under carports, on porches, or on lawns without permission.
- Stand back at least ten (10) feet from the bus stop and do not approach the bus until it has come to a complete stop and the door is opened.
- If you miss the bus, do not attempt to (1) ride another bus, (2) walk to or from school, or (3) hitch-hike.

12.2.5 Getting On and Getting Off the Bus

- Enter or leave the bus quickly and in an orderly manner.
- Do not enter or leave the school bus by the back door except in the case of an emergency or unless directed to do so by the driver.
- If you must cross the street after leaving the bus in the afternoon, go to a point on the shoulder of the street ten (10) feet in front of the bus and wait until the driver has signaled you to cross.
- If you drop any object (book, paper, pencil) while leaving the bus, do not attempt to retrieve the object.
- Notify the driver and he will help you retrieve the object. **DO NOT CRAWL UNDER THE BUS.**

12.2.6 Emergency Evacuation Procedures

In an emergency, students should remain calm and quiet and listen for instructions from the bus driver. If the driver is unable to conduct emergency measures, the students should follow the procedures below in leaving the bus.

If the exit is through the front door, students sitting in the front seat to the left of the aisle will move out first, followed by those in the right front seat and proceed in this manner until all seats are emptied.

If the exit is through the rear emergency door, those students sitting next to the aisle at the back of the bus on both sides of the aisle shall leave first.

If a rapid exit is necessary and it is possible to exit from both doors, students in the back half of the bus should move out the rear door and students in the front half of the bus should move out the front door.

12.2.7 Bus Infractions

There are basically four levels of bus infractions with increasing levels of disciplinary consequences. The objective is to discourage and eliminate disruptive behavior, especially from repeat offenders, that might distract a driver from their driving responsibilities and cause an accident.

- **Level One:** Minor infractions of safety or courtesy. Level one infractions include making excessive noise or yelling, being out of one's assigned seat, being turned around in one's seat, having hands or heads out windows, or other minor incidents of misconduct. A level one infraction may result in detention, or one (1) to three (3) days of Bus Suspension as determined by the administration.
- **Level Two:** More serious infractions, which directly affect others or repeated level one infractions. Level Two infractions may include threatening, rough play, profanity, or repeated Level One infractions. A Level Two infraction will result in three (3) to five (5) days of Detention or Bus Suspension for the first offense, and three (3) to five (5) days Bus Suspension as determined by the administration.
- **Level Three:** Misconduct, which may endanger others or repeated Level One or Level Two infractions. Level Three infractions may include refusing to identify oneself, fighting, smoking or dipping, insubordination, vandalism, throwing objects, spitting, bullying, or repeated Level One or Level Two infractions. A Level Three infraction will result in a three (3) to five (5) day bus suspension for first offense, ten (10) days bus suspension for second offense and if a fight occurs on the bus, school suspension as per the school's fighting policy. A third offense will result in suspension from the bus for one semester.
- **Level Four:** Severe safety infractions or repeated Level One, Level Two or Level Three infractions. Level Four infractions may include indecency, knife or firearm possession, sexual harassment or repeated Level One, Level Two, or Level Three infractions. A Level Four infraction will result in permanent suspension from the bus. Note: Having a weapon such as a knife or firearm will result in the application of the rules in the section under Rules of Conduct.

12.2.8 Students Going To and From School Sponsored Events

If a school activity requires transportation to the site of the event, students will be required to use the transportation provided by the school. However, under certain circumstances, a parent may request permission in writing for their child to ride to the site of the event with the parent. A written request must be filed in advance with the administrator of the school where the student attends. The administrator, in turn, will be responsible for notifying the sponsor.

If a parent's or guardian's request is granted and the parent or guardian allows the child to drive to the site without the parent present, the student will not be allowed to participate in the school-sponsored event.

Students who ride to the site of the event using school transportation may leave the site with their parent or legal guardian provided such arrangements are made with the administrator or sponsor in writing by the parent or legal guardian. The parent or legal guardian must sign the student out with the sponsor at the conclusion of the event. The sponsor will provide a sign-out sheet.

Transportation for student athletes to school-sponsored activities or competitions (to and from) will follow guidelines outlined in the Hermitage School District Athletic Handbook.

12.3 STUDENTS' VEHICLES – Board Policy 4.33

A student, who has presented a valid driver's license and proof of insurance to the appropriate office personnel and has paid the registration fee, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege, which may be denied to a student for any disciplinary violation, at the discretion of the student's administrator.

Students are not permitted to loiter in parking areas and are not to return to their vehicles for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. Any student parking a vehicle on campus is granting permission for school or law enforcement authorities to search that vehicle.

Students who bring a vehicle to school will be required to present their proof of insurance and registration and complete an application, which will be kept on file in the school office. Once approved, students will pay \$5 to purchase a parking decal to be placed on the vehicle as designated by the administration of HHS. The administrator or his/her designee will handle all parking fees and assignments.

The city police will help enforce the speed limit and reckless driving ordinances. No student who does not have a license is permitted to drive or park an automobile on the campus. A student using any type of vehicle as a means of transportation to and from school shall not violate the following rules:

When a student arrives at school, he/she must lock the car and leave it.

A student must have an official escort or pass from the school office to return to his/her car during the school day.

Student athletes may move their vehicles to the athletic complex (football field house, basketball gymnasium, softball field, baseball field) between 7th and 8th periods. Permission must be granted on the application form

that is on file in the school office. Students are to drive directly to the athletic complex and check in with the coach immediately upon arrival.

All vehicles parked in the student parking area must be registered, display a parking permit, and must park in designated spaces.

Violation of the above rules may result in the suspension of the right to drive any vehicle on the school grounds for the remainder of the semester or school year.

SECTION 13: VISITORS

13.1 GENERAL POLICY

All visitors must report to the office immediately after arriving on campus. Visitors are welcome at our schools, and every effort is made to satisfy their needs. However, it is essential that visitations do not interrupt the educational process at Hermitage Schools. Therefore, visitors are not permitted to enter the classrooms of schools while classes are in session unless the administrator grants permission.

13.2 CONTACT WITH STUDENTS WHILE AT SCHOOL – Board Policy 4.15

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the administrator or the administrator's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, In order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal. Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make

such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

13.3 LUNCH VISITORS

Patrons of the district often wish to eat with their children. These patrons are welcome, but we must require that the school be notified before 9:00 a.m. so that our child nutrition/food service staff can make adequate plans.

13.4 STUDENT VISITORS – Board Policy 4.16

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged unless approved by the administrator and scheduled in advance. This includes visits made by former students, friends, and or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school administrator and all visitors must first register at the school office.

SECTION 14: OTHER POLICIES

14.1 HANDBOOK ADVISORY COUNCIL AND STATEMENT

Dr. Tracy Tucker, Superintendent
Mistie McGhee, 7-12 Principal
Rosalynda Ellis, K-6 Principal
Chase Ellis, Dean of Students
Angela Dawson, Parent
Alicia Martinez, Parent
Rebecca McKenzie, Parent
Lisa Higgins, Teacher
Cristy Cathey, Teacher
Tiffany Curtis, Teacher
Brayden Harrod, Student
Sayra Martinez, Student

**Staff recommendations were also solicited prior to the end of the school year.*

It shall be the policy of the Hermitage School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student is eighteen (18) years of age or older have acknowledged receipt of the controlling language.

14.2 PRIVACY OF STUDENTS' RECORDS/DIRECTORY INFORMATION – Board Policy 4.13

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty-five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information from the education records of each student. Law authorizes disclosure of education records to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests:

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except
- the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student

servicing on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The District discloses personally identifiable information from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release personally identifiable information in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Hermitage School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order, which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the administrator and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court, which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the administrator, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/ she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance,

his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the administrator's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the district from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202

14.3 MARKETING OF PERSONAL INFORMATION

The Hermitage School District shall not collect, disclose, or use personal information for the purpose of marketing or selling that information or to otherwise provide that information to others for that purpose. Personal information is defined, for the purposes of this policy only, as individually identifiable information including,

- a student or parent's first and last name;
- a home or other physical address (including street name and the name of the city or town);
- telephone number, and
- social security identification number.

The District may collect, disclose, or use personal information that is collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions such as the following:

- College or other post-secondary education recruitment, or military recruitment;
- Book clubs, magazines, and programs providing access to low cost literary products;
- Curriculum and instructional materials used by elementary schools and secondary schools;
- Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- The sale by students of products or services to raise funds for school related or education related activities; and Student recognition programs.

14.4 STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE – Board Policy 4.14

The Superintendent and the student media advisors(s) shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

Definitions

“School-sponsored media” means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

“Student journalist” means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

“Student media” means any means of communication that are:

- Prepared, substantially written, published, or broadcasted by a student;
- Distributed or generally made available, either free of charge or for a fee, to members of the student body; and
- Prepared under the direction of a student media advisor.

“Student media” does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

“Student media advisor” means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

Student Media

While the District recognizes a student’s right of expression under the First Amendment of the Constitution of the United States, school-sponsored media does not provide an open public forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District’s administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator, to be ungrammatical; poorly written, inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.

4. Prohibited media includes those that:
 - A. Are obscene as to minors;
 - B. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
 - C. Constitute an unwarranted invasion of privacy as defined by state law,
 - D. Suggest or urge the commission of unlawful acts on the school premises;
 - E. Suggest or urge the violation of lawful school regulations;
 - F. Attacks ethnic, religious, or racial groups; or
 - G. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of eighteen (18);
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Student Distribution of Nonschool Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same nonschool-sponsored literature, publications, or materials, shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of nonschool-sponsored materials shall have school authorities (Superintendent or school administrator/principal) review their nonschool materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the nonschool-sponsored materials, prior to their distribution and will bar from distribution those nonschool-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of nonschool-sponsored materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of nonschool-sponsored materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.

6. Students shall be responsible for the removal of excess literature or literature that is on the ground and considered trash that is left at the distribution point for more than 3 days.

14.5 HOMESCHOOLING – Board Policy 4.6

Enrollment in Home School

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to homeschool. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Five (5) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

- H) A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver's license during the school year.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and

- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and
 - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

14.19 HERMITAGE SCHOOL DISTRICT NETWORK/WIRELESS SYSTEM AND INTERNET USE POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to the Hermitage School District network and information system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student, employee and all account users, including guest access, to the School District network and information system and the Internet, including electronic communications, the School District considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access

to the School District network system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The School District expects that faculty will blend thoughtful use of the School District computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The School District is providing students, employees, and guests, with access to the School District network and information system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The School District system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use network and Internet access through the district system to further educational and personal goals consistent with the mission of the School District and school policies. Uses that might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of the School District system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the School District system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate School District policies, including suspension, expulsion, exclusion or termination of employment; or civil or criminal liability under other applicable laws.

Account users, guests, students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district network system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.

This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy.

3. A description of the privacy rights and limitations of school sponsored/managed network accounts.
 4. Notification that, even though the School District may use technical means to limit user Network or Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
 5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the user and/or the minor's parents.
 6. Notification that the collection, creation, reception, maintenance and dissemination of data via the Internet, including electronic communications, is governed by Policy 406, Public and Private Personnel Data, and Policy 515, Protection and Privacy of Pupil Records.

XI. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies and other possibly offensive media. Parents are responsible for monitoring their student's use of the Internet and the School District system if the student is accessing the School District system from home or a remote location.
- B. Parents will be notified that their students will be using School District resources/accounts to access the Internet and that the School District will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
 1. A copy of the user notification form provided to the student user.

With classroom teacher approval, student may use their own devices in the classroom to access and save information from the Internet, communicate with other learners and use the productivity tools loaded on the devices. Hermitage School District will not provide software or district owned productivity tools to personal devices or non-district owned devices.
- B. Users must sign a Network System Internet Use Agreement prior accessing the wireless network.

1. Any user accessing the wireless network agrees to comply with the District's standards and is given filtered access to the Internet only.
2. Security Considerations
 - a. Wireless access is by nature an insecure medium. As with most guest wireless networks, any information being sent or received over the wireless network could potentially be intercepted by another wireless user. Cautious and informed wireless users should not transmit their credit card information, passwords and any other sensitive personal information while using a wireless "hot spot".
 - b. Anyone using the wireless network is forewarned that there can be no expectation of privacy when using the wireless network. Users assume all associated risks and agree to hold harmless the Hermitage School District and its employees for any personal information (e.g. credit card) that is compromised, or for any damage caused to users' hardware or software due to electric surges, security issues or consequences caused by viruses or hacking. All wireless access users should have up-to-date virus protection on their personal laptop computers or wireless devices, as well as staying up-to-date with applicable OS security patches.
3. Disclaimer
 - a. Hermitage Public Schools is providing wireless connectivity in this facility as a service and offers no guarantees that any use of the wireless connection is in any way secure, or that any privacy can be protected when using this wireless connection. Use of this wireless connection is entirely at the risk of the user, and the Hermitage Public Schools is not responsible for any loss of any information that may arise from the use of the wireless connection, or for any loss, injury, or damages resulting from the use of the wireless connection.
- C. Students and staff who do not accept the terms of service will not be able to access the wireless network. Once on the network, all users will have filtered Internet access just as they would on a district owned device.
- D. Networking devices wireless or otherwise may not be connected to Hermitage School District's LAN without getting approval from the Technology Coordinator. Outside devices are less secure and may provide access to sensitive information as well as cause other potential problems. Checks for non-district devices on the network will be done periodically. This policy will also be included in the Network System Internet Use Agreement that users must sign.
- E. Wireless Access Points at Hermitage School District will either be mounted to a wall or ceiling or installed in a network closet/cabinet with locked access. All default passwords in the wireless system have been changed. Updates and patches are checked and installed at least every 3 months.
- F. Additional security for sensitive information is provided by the fact that our Financial, Student Information and Nutrition Center programs are all housed on cloud based servers.

What happens if the Chromebook is lost?

If a device is lost, the student will be charged the cost of the Chromebook and will be issued a replacement.

Will there be an insurance policy parents/guardians are required to purchase or is one offered?

Hermitage School District will not provide an insurance policy to cover the device. After researching the options, it was decided that it would not yield any real savings to families.

If I have to replace a Chromebook, would I have to pay the same replacement cost, even if the Chromebook is not brand new?

Yes. No matter the age of the device, it costs the same amount of money to replace it.

What happens if another student steals my student's Chromebook?

Our recommendation is to carry the Chromebook in a separate bag. We will provide a case.

Will a case/cover be required? If so, will the school purchase the case/cover?

Yes, a case/cover will be required and provided by the school. It is expected that these covers remain on the Chromebooks at all times. These covers serve two purposes: 1) to help protect the Chromebook from everyday wear and tear; and 2) to help absorb some of the impact associated with regular use of the Chromebook. Keep in mind that no cover will protect the Chromebook from severe or negligent treatment. It is up to each student to practice good care of his/her Chromebook.

If a student uses the Chromebook inappropriately, what discipline procedures are in place?

Information on disciplinary action can be found in the high school student handbook and in this document.

Will there be restrictions on the Chromebook?

There is a filter on the device so that no matter where the students are when they access the Internet, they are accessing a filtered environment. Students will not be allowed to download or delete apps on the device.

Does the district plan on blocking certain websites such as Netflix?

inappropriate that have made it through the filter, please notify a Hermitage School District.

What if a student does not have Internet at home?

Many Google Drive items can be accessed when not on the Internet if they were set up to do so. Students will receive instructions on how to make their files available offline. Additionally, the district does offer hot spots for these circumstances.

Does the Chromebook automatically accept hot spots? If not, how do I go about getting the Chromebook to recognize a new hot spot?

The Chromebook will pick up Internet connections that are within range. If it is the first time on that hot spot or if there are several options available, the user will have to select the connection and enter the security password (if there is one). After the first time, that process will be automatic.

Do the Chromebooks have a place where my student can plug in a jump drive? If so, where is the port located?

Yes. The USB ports are on the side of the device. There is also a slot for an SD card, like those used to store photos from a camera.

What is the readability of the font size, types, and brightness for the programs and documents, spreadsheets, presentations, and forms?

*There are multiple controls on the Chromebook to help with these functions. Brightness is controlled from the top level of buttons on the Chromebook. To increase font size, press **ctr/+**. To decrease font size, press **ctr/-**. From severe or negligent treatment. It is up to each student to practice good care of his/her Chromebook.*

What if the device malfunctions? Can my student access his/her online files with another device other than the Chromebook?

Students can access their documents stored in their Google account (their Google Drive) wherever they can access the Internet.

Who sees the information my student saves or posts (photos or documents)?

15.4 OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION – Board Policy 4.13F

IF NO OBJECTION, DO NOT COMPLETE THIS FORM!

THIS FORM ONLY TO BE COMPLETED IF THERE IS AN OBJECTION, AS DEFINED BELOW.

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Hermitage School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, etc., is not within the control of the District.

I understand that this form must be filed with the office of the appropriate administrator within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters

Deny disclosure to institutions of post-secondary education

Deny disclosure to potential employers

Deny disclosure to all public and school sources

Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), AND result in the student's directory information not being included in the school's yearbook and other school publications.

Deny disclosure to all public sources

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information to be included in the school's yearbook and other school publications.

I also understand, by the very nature of the activity, cheerleading carries a risk of physical injury. No matter how careful the participant and coach are, how many spotters are used, or what landing surface is used, the risk cannot be eliminated. I understand these risks and will not hold Hermitage High School or any of its personnel responsible in the case of injury at any time.
