

## INSTRUCTIONAL STRATEGIES

Teaching approaches for you to explore to drive engagement, accommodate learning styles, and intervene where you are needed most.

### Questioning Strategies

How Do I Keep Advanced Readers Challenged?  
 How Do I Get My Students Writing?  
 Support for Struggling Readers  
 Marzano's 6-Step Vocabulary Process: An Instructional Guide  
 Every Professor is a Teacher of Reading  
 Scaffolding for English Learners  
 Word Study: A Tool to Improve Reading, Spelling & Writing  
 Differentiated Instruction

### Reading in the Content Area

Differentiating Reading Instruction for Main Ideas and Details  
 21st Century Skills Concepts  
 (Un)Limiting Practices for Adolescent English Learners with Limited or Interrupted Formal Schooling  
 KWL Strategy  
 Socratic Seminars  
 Essential Early Warning Components: A Rational & Overview

### Differentiation Techniques and Basics

Effects of Laptop Initiatives on Student Achievement in Mathematics Pt. 1  
 Effects of Laptop Initiatives on Student Achievement in Mathematics Pt. 2  
 Think, Pair, Share  
 Pass/Send a Problem  
 Cooperative Learning  
 Applying the Genius Hour in the Classroom  
 Digital Video in the Classroom  
 Create Engaging Learning Centers

## ASSESSMENT & EVALUATION

Best practices to stay abreast of the latest assessment approaches, both formative and summative, and when to use them to best evaluate and ensure student learning.

Making Sense of Educational Data  
 Assessment of Learning - How Do They Know?  
 The Power of Formative Assessment  
 Data Driven Decision Making: An Intro

## STUDENT RESOURCES

Resources designed specifically to help students succeed in school, in college, and beyond.

Overcoming Test Anxiety  
 Learning Styles  
 Living with Depression  
 Healthy Relationships  
 Effective Note-Taking Tips for Students  
 FAFSA Training  
 Transitioning from High School to College  
 Internet Safety & Digital Citizenship

Avoiding Plagiarism  
 MLA, APA, & Chicago Research Paper Basics  
 Planning a Paper  
 Grammar 101  
 Best Practices for Creating a Resume  
 Critical Thinking  
 Successful Time Management  
 Becoming a Better Public Speaker

## PLANNING

Resources and practice opportunities to prepare your classrooms and lesson plans for optimal student learning.

Writing Effective Learning Outcomes  
 Educational Program Design Using ADDIE  
 Pathway to Success: Planning and Preparation Using SMART Goals  
 Designing Your Online Course  
 Asking Essential Questions  
 TPACK  
 SAMR  
 21st Century Skills Concepts  
 Universal Design for Learning  
 Students of Color: Pivotal Education Experiences  
 Best Practices for English Language Learners  
 Designing the Future of Education

## LEARNING ENVIRONMENT

Tools and practical frameworks for environments that promote learning and achievement.

The Space - Training for Educators  
 Strategies for Communicating with Teens  
 Developing a School Mediation Program  
 Unlocking Potential: The Impact of Mindset  
 Classroom Management Strategies  
 Classroom Management Strategies in the 1:1/BYOD Classroom  
 Connecting Through Vulnerability  
 Climate in the Classroom

## SPECIAL POPULATIONS & ACCESSIBILITY

Instructional strategies and specialized skill development opportunities to help better serve diverse populations of learners and provide support specific to each learners' unique needs.

Helping Students with Learning Disabilities Succeed in the Classroom  
 Importance of Understanding Children's Mental Health Disorders  
 Special Education Essentials for Every Educator  
 Support Diverse Learners  
 Traumatization of Youth & Adolescents: Implications  
 Special Ed Primer for Teachers  
 Tech for Students with Dysgraphia, Dyslexia, Autism  
 Tech for Students with Learning Disabilities  
 Tech for Executive Functioning

## TECHNOLOGY INTEGRATION

Methods to ensure technology is appropriately and effectively embedded in the classroom to improve teaching and learning.

### Tech Integration Strategies

*This series provides teachers the guidance and structure they need to take the "plunge" into*

*technology integration. Understand the concept of effective technology integration and how to plan and organize the intended lesson.*

Using Technology to Support and Fulfill

Student Standards

Students as Digital Creators

Project-Based Learning: Million Dollar Classroom

Minecraft in the Classroom

Google Apps for Education

Creating Engaging Lessons

Online

Digital Storytelling and Creativity

Empower Learning Through Digital Data Binders

Using Live Video for Student Projects

### Project-Based Learning: Endangered Species

*Step-by-step instruction on how to implement a project-based lesson. Follows the student through the process by finding reliable sources, choosing the appropriate presentation platform, and presenting the information to an audience.*

Creating Book Trailers Engaging

Lessons Using Multimedia

Digital Video in the Classroom

Coding in the Classroom

SMART(er) Gaming

What Do Students Need to Know About Internet

Safety and Digital Citizenship?

Moving Forward: Coding Grades 3-8

Go Anywhere with Virtual Reality

Mobile Movie Making 101

## LEADERSHIP

Development resources for you to grow both personally and professionally through strengthened communication, collaboration, and taking control of your own learning plans.

Professional Responsibility for Teachers  
Evaluating Technology Resources  
Evaluating Web Resources

Google Classroom

Communication Styles

Improving Parent/Teacher Communication

Strategies for Communicating with Teens

Globally Connected Through Video Streaming

Twitter for Educators

Effective PLCs

How Do I Grow My PLN?

Instructional Video Best Practices

FERPA

Reflective Practices to Improve Instruction

## SOFTWARE & TECHNOLOGY

Training resources to support better understanding of the use of specific technologies and how they can be leveraged in the learning process.

### Microsoft Office

*Whether you are running the latest and greatest or an older version, master popular Microsoft productivity applications including Word, Excel, PowerPoint, and Outlook, as well as Sway, SharePoint, and others.*
