

# **D0290 - Ottawa**

## **Elementary Wellness Policies**

D0290 - Ottawa is committed to providing school environments that promote and protect children's health, well-being and ability to learn by supporting healthy eating, nutrition education, physical activity and integrated school based wellness. Therefore, it is the policy of D0290 - Ottawa that:

### **Policies in Place**

#### **Nutrition**

##### General Guidelines

All school food service personnel receive required food safety training at a minimum of every 5 years. Continuing education training for all food service personnel meets federal and state requirements.

All school food service personnel receive required food safety training at a minimum of every 3 years.

All school food service personnel receive food safety training annually.

The dining area has seating to accommodate all students during each serving period.

The food service area is clean, orderly, and has an inviting atmosphere that encourages meal consumption.

The dining area has adequate adult supervision.

The dining area has food service personnel and supervisory staff use positive communication cues with students to promote consumption of foods served as part of Child Nutrition Programs.

The students are allowed to converse with one another at least part of the meal time.

The students are allowed to converse during the entirety of the meal time.

Reimbursable meals and/or parts of a reimbursable meal are not withheld or denied as a disciplinary action.

Students being disciplined are NOT seated at tables separated from other students in the dining area.

Students being disciplined are NOT seated in a separate location.

Content of reimbursable lunch and breakfast is identified near or at the beginning of the serving line(s).

##### Breakfast

All school breakfasts comply with USDA regulations and state policies.

At least three different fruits are offered each week on three different days. At least one fruit per week is served fresh.

At least five different fruits are offered each week. At least two fruits per week are to be served fresh.

Students have the opportunity to eat breakfast.

##### Lunch

All school lunches comply with USDA regulations and state policies.

At least three different fruits are offered each week. Two fruits per week are served fresh.

One additional 1/2 cup\* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

At least five different fruits are offered each week. Four fruits per week are served fresh.

## **Nutrition**

### **Lunch**

An additional 1 cup\* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

Students have at least 15 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

Students are offered recess before lunch and at least 20 minutes seat time to eat.

### **During the School Day**

Students have access to free drinking water throughout the school day, including during meal service. Hygiene standards for all methods delivering drinking water will be maintained.

Students are allowed to have clear/translucent individual water bottles in the classroom where appropriate.

District develops nutritional standards for non-sold food and beverages made available on school campus during the school day.

Meals purchased at fast food outlet to be consumed at school must not be brought to school in their original containers. Caffeinated beverages are not allowed in sack lunches to be consumed in the cafeteria. (Elementary/Middle School)

### **Other Child Nutrition Programs**

Meals and snacks served under the USDA At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program and/or Summer Food Service Program comply with all federal regulations and state policies.

## **Nutrition Education**

### **Nutrition Education**

Teachers and other school personnel participate in nutrition education-related professional development at least once a year.

District uses qualified personnel or organizations from the community to provide nutrition education to students under the direct supervision of a teacher at least once/year.

District uses qualified personnel or organizations from the community to provide nutrition education to students under the direct supervision of a teacher at least once/semester.

District uses qualified personnel or organizations from the community to provide nutrition education to students under the direct supervision of a teacher at least once/quarter.

### **Nutrition Promotion**

Students provide input on foods offered in the cafeteria.

District promotes participation in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) if applicable and to choose nutritious foods and beverages throughout the day. Menus are posted on school website and/or distributed to families via another method.

## **Physical Activity**

### **General Guidelines**

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity at least 2 times per week during the entire school year.

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity 3 or more times per week during the entire school year.

District prohibits the use of physical activity as a punishment. District prohibit withholding physical activity, including recess and physical education, as punishment.

## **Physical Activity**

### **Throughout the Day**

Elementary school students have at least 15 minutes a day of supervised recess (not including time spent getting to and from the playground), preferably outdoors. Supervisory staff encourage moderate to vigorous physical activity.

Elementary school students have two supervised recess periods per day (not including time spent getting to and from the playground), totaling at least 20 minutes. Supervisory staff encourage moderate to vigorous physical activity.

Elementary school students have two supervised recess periods per day, totaling at least 30 minutes (not including time spent getting to and from the playground), with one being offered in the morning. Supervisory staff encourage moderate to vigorous physical activity.

School policy outlines guidance on conditions regulating indoor and outdoor recess during extreme weather conditions.

Each school provides equipment, instruction and supervision for active indoor recess.

Students that participate in indoor recess are provided moderate to vigorous physical activity opportunities.

### **Family & Community**

Community members are provided access to the district's outdoor physical activity facilities.

Community members are encouraged to access the district's indoor and outdoor physical activity facilities at specified hours.

### **Physical Education**

Physical education is taught by teachers licensed by the Kansas State Department of Education.

Physical education teachers are licensed and participate in physical education and/or physical activity specific professional development every 2 years.

The physical education curriculum is sequential and consistent with Kansas State Board of Education approved physical education teaching standards for pre-kindergarten through grade 12.

Physical Education teaches basic motor skills, enhances knowledge of concepts related to movement needed to achieve and maintain health for lifetime physical activity.

District offers lifetime sports and fitness classes/opportunities.

Physical education curriculum encourages a multi-dimensional fitness assessment.

Physical education curriculum includes fitness assessment of at least 50% of all students enrolled in physical education and student fitness reports are available to parents.

## **Integrated School Based Wellness**

### **General Guidelines**

The school wellness committee makes appropriate updates or modification to wellness policy based on assessment and an update on the progress toward meeting the State Model Wellness Policy is made available to the public, including parents, students and the community.

Annually partner with local health agencies and community organizations.

Each semester, partner with local health agencies and community organizations.

Quarterly, partner with local health agencies and community organizations.

The local school wellness policy committee meets at least twice per year.

# D0290 - Ottawa

## Elementary Wellness Policies

The following Wellness Policies are in the process of being developed:

### **Developing Policies**

#### **Nutrition**

##### General Guidelines

Mealtime conversation is not prohibited for the entire meal time as disciplinary action.

One "Smarter Lunchroom" or a Behavioral Economics technique is used on the serving line to encourage healthy choices by students.

Two "Smarter Lunchroom" or Behavioral Economics techniques are used on the serving line to encourage healthy choices by students.

A Kansas product is served in the school meals program at least one time per week.

##### Breakfast

District offers at least 15 minutes "seat time" to eat breakfast (not including time spent walking to and from class or waiting in line) or Grab n Go breakfast options are available.

##### Lunch

Students have at least 20 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

##### During the School Day

Students have clear/translucent individual water bottles in the classroom where appropriate.

District adopts Smart Snacks in School "All Foods Sold in Schools" Standards for non-sold food and beverages made available on school campus during the school day.

Non-sold foods and beverages meet Smart Snacks in School "All Foods Sold in Schools" Standards. The focus of classroom celebrations is not on food ([http://www.kn-eat.org/SNP/SNP\\_Docs/SNP\\_Guidance/Wellness\\_Policies/Wellness\\_Policy\\_Guidelines\\_Booklet\\_Final\\_2017.pdf](http://www.kn-eat.org/SNP/SNP_Docs/SNP_Guidance/Wellness_Policies/Wellness_Policy_Guidelines_Booklet_Final_2017.pdf)).

Schools provide staff information on non-food rewards.

##### Other Child Nutrition Programs

Participate in one of four programs. (At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program or Summer Food Service Program)

#### **Nutrition Education**

##### Nutrition Education

All students in grades K-12, including those with disabilities, special health care needs and in alternative education settings, will have the opportunity to participate in culturally relevant participatory activities, as appropriate, and a variety of learning experiences that support development of healthful eating habits that are based on the most recent Dietary Guidelines for Americans and evidence-based information.

## **Nutrition Education**

### **Nutrition Education**

District administrators inform teachers and other school personnel about opportunities to participate in professional development on nutrition and teaching nutrition.

Include nutrition education as part of physical education/health education classes and/or stand-alone courses for all grade levels, including curricula that promote skill development.

Active learning experiences are provided such as involving students in food preparation or other hands-on activities at least once a semester.

Active learning experiences are provided such as involving students in food preparation or other hands-on activities at least once each quarter.

Integrate age-appropriate nutrition education into other core subjects such as math, science, language arts, and social sciences, as well as into at least one non-core/elective subject.

Integrate age-appropriate nutrition education into two or more core subjects such as math, science, language arts, and social sciences as well as in two or more non-core and elective subjects.

Integrate age-appropriate nutrition education into all core subjects such as math, science, language arts, and social sciences as well as in three or more non-core and elective subjects.

Include nutrition and health posters, signage, or displays in the cafeteria food service and dining areas that are rotated, updated or changed quarterly.

Include nutrition and health posters, signage, or displays in the cafeteria food service and dining areas, classrooms, hallways, gymnasium, and/or bulletin boards that are rotated, updated or changed quarterly.

Offer information to families at least once per semester that encourages them to teach their children about health and nutrition, and assists them in planning nutritious meals for their families.

## **Physical Activity**

### **General Guidelines**

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity every day during the entire school year.

District encourages extra physical activity time as an option for classroom rewards.

District uses extra physical activity time as a classroom reward.

### **Throughout the Day**

Structured physical activity opportunities, in addition to physical education and recess (where applicable), are encouraged for all students.

Professional development on integrating physical activity into core/non-core subjects is provided to all staff.

Structured physical activities are planned by a licensed physical education teacher and integrated into all core curriculum subjects, such as math, science, language arts, and social sciences, as well as in non-core and elective subjects.

### **Before & After School**

An assessment on walking and/or biking to school has been completed to determine safety and feasibility.

The school has developed a walk and/or bike to school plan and encourages students to walk and/or bike to school based on safety and feasibility assessment.

The school has implemented a walk and/or bike to school plan or implemented an alternative plan based on a safety and feasibility assessment and has communicated it to the community.

### **Family & Community**

Offer information via multiple channels at least once per semester to all families that encourages them to teach their children about physical activity, and assists them in planning physical activity for their families.

## **Physical Activity**

### **Physical Education**

Physical education teachers are licensed and have advanced certification and/or education.

Elementary students receive 150+ minutes of physical education per week, which includes at least 50% of the minutes engaged in moderate to vigorous physical activity.

Physical education curriculum includes fitness assessment of at least 90% of all students enrolled in physical education and student fitness reports are available to parents.

## **Integrated School Based Wellness**

### **General Guidelines**

Annual staff wellness activities and/or professional development opportunities related to nutrition, physical activity and abstaining from tobacco are provided to encourage school staff to serve as healthy role models. Staff wellness activities and training may also include additional components of the Whole School, Whole Community, Whole Child Model.

Each semester provide staff wellness activities and/or professional development opportunities related to nutrition, physical activity and abstaining from tobacco are provided to encourage school staff to serve as healthy role models. Staff wellness activities and training may also include additional components of the Whole School, Whole Community, Whole Child Model.

School staff are aware of Team Nutrition and the HealthierUS School Challenge Award opportunity.

School staff collaborate to achieve Bronze or Silver HealthierUS School Challenge Award in at least 50% of schools. All schools are enrolled as a Team Nutrition school.

School Staff collaborate to achieve Gold or Gold with Distinction HealthierUS School Challenge Award in at least 50% of schools.

Annually, offer district-sponsored wellness family activities that address one or more components of the Whole School, Whole Community, Whole Child Model.

District Wellness Committee will discuss the development of a farm to school program.

Facilitate the integration of a farm to school program and curricular activities including hands-on activities as appropriate to facilitate the nutritional and educational goals in 50% of the schools.

Facilitate the integration of a farm to school program and curricular activities including hands-on activities as appropriate to facilitate the nutritional and educational goals in 100% of the schools.

Farm to school activities conducted each semester in some schools.

Farm to school activities are integrated into some core subjects.

The local school wellness policy committee or subcommittee(s) meets at least once per quarter.

The local school wellness policy committee or subcommittee(s) meets at least once per month during the school year.

The following students, parents, classroom teachers, food service professionals, physical education teachers, health professionals, administrators, school board members and other interested community members are engaged in developing, implementing, monitoring, reviewing and making the district wide wellness policies available to the public:

Kristin Allan, Chairperson

Fonda Rose

Shawn Herrmann
