COVID Mitigation Plan for 2021-2022 School Year “Safe Return to In-Person Instruction”

2021-2022 School Year

Approved: August 9, 2021

Updated: 09/13/21

[Please note that this plan will be adjusted and updated on an “as needed” basis.]

Purpose of Report: To provide the Sioux Valley School Board and patrons of the district with an update of our COVID-19 Mitigation Plan for the start of the 2021-2022 school year.

Priority Areas: Students Outcomes, School Climate and Culture, District Staff, Parent Input, and Community Engagement.

Priority Statement: We are committed to keeping our students and staff safe and healthy and providing them with the best possible teaching and learning experiences. The rationale behind this plan is to balance the need to create a safe and effective learning environment that slows the spread of COVID in our school and communities with the need to keep our students healthy -- physically, socially, and emotionally.

Administrative Team that Updated the Plan:

Laura Schuster, Superintendent
Heather Hiltunen, Elementary Principal & Special Education Director
Tyler Bolstad, Middle School & High School Principal
Moe Ruesink, Dean of Students & Activities Director

The district will work with state and local health officials to coordinate efforts to keep students safe and healthy, given the ongoing presence of COVID in our communities and state.

For questions regarding the district’s COVID Mitigation Plan, please contact Superintendent Laura Schuster at Laura.Schuster@k12.sd.us or 605-626-5657.

Public Awareness & Input Regarding the Plan: The board of education and the public were given an overview and review of the updated plan at the July 12, 2021, regular school board meeting. Input from the public was accepted between July 12 and August 9. **Final board approval of the plan was at the regular board meeting on August 9, 2021.**

The COVID Mitigation Plan will be on the agenda at the monthly school board meetings on the following dates: 09/13/21, 10/11/21, 11/08/21, 12/13/21, 01/10/22, 02/14/22, 03/14/22, 04/11/22, and 05/09/22. Each month the plan will be review and discussed with an opportunity for members of the public to provide input.

School Calendar: We will be following the 2021-2022 school calendar that was approved by the board of education on March 8, 2021. The school calendar can be found on the district's website at www.svs.k12.us.

Accessibility: Sioux Valley School District 5-5 does not discriminate in its educational programs on the basis of race, color, creed, religion, age, sex, disability, national origin, ancestry, or family/marital status. For special accommodations regarding COVID or any other health & safety policies, please contact the Special Education Director at 605-627-5657. Sioux Valley Schools, 200 Hansina Ave, Volga SD 57071.

It is our intent to translate the Mitigation Plan to Spanish and post it on our website by the end of September.

Physical Distancing: The district encourages physical distancing whenever possible and when facilities allow for it. Signs encouraging physical distancing are displayed throughout the school buildings.

Respiratory & Handwashing Etiquette: Signs showing proper respiratory & handwashing etiquette are displayed throughout the school buildings.

Continuity of Services: It is the district's intent to provide in-person instruction, if and whenever possible, in order to meet the academic, physical, social, emotional, and mental health needs of all students. If the district needs to transition to virtual learning, we will use available technologies, and to the best of our abilities, assure that these needs are still being met.

COVID Vaccination Clinics: The Brooking Health System will be holding COVID vaccination clinics at Sioux Valley Schools for staff and students, ages 12 and above, on the following dates: October 8 and October 29, starting at 9:00 am.

MITIGATION PHASES:

This plan maintains the three mitigation phases that were in the original plan; however, the information in the phases has been adjusted. The phases are explained in the following chart.

COVID MITIGATION PHASES

<p>No Known Cases in Building</p> <p>GREEN</p>	<p>Isolated/Limited/Controlled Cases in Building</p> <p>YELLOW</p> <p>In addition to items in GREEN...</p>	<p>Substantial/Widespread Cases in Building</p> <p>RED</p> <p>In addition to items in YELLOW...</p>

INSTRUCTION:

Flex Learning is defined as modified or remote learning and used when students are unable to attend school due to sickness, COVID symptoms, isolation, high-risk health condition, or is immune-compromised, Sioux Valley Schools is responsible for providing curriculum and instruction. Administration will work with parent(s) to determine what delivery of instruction is most appropriate.

The school board made a motion on 04/12/21 to discontinue remote learning by request for the 2021-2022 school year. Students enrolled at Sioux Valley Schools must attend class in-person. Virtual learning is still an option if the entire building level or school is closed.

Board approved grading guidelines, homework procedures, and classroom rigor will be maintained regardless of the mitigation phase or delivery method of instruction used.
