Smart Core is Arkansas's college and career ready curriculum for high school students. College and career readiness in Arkansas means that students are prepared for success in entry-level, credit-bearing courses at two-year and four-year colleges and universities, in technical post-secondary training, and in well-paid jobs that support families and have pathways to advancement. To be college and career ready, students need to be adept problem solvers and critical thinkers who can contribute and apply their knowledge in novel contexts and a variety of situations. Smart Core is the foundation for college and career readiness. All students should supplement additional rigorous coursework within their career focus.

Failure to complete the Smart Core Curriculum for graduation may result in negative consequences such as conditional admission to college and ineligibility for some scholarship programs.

FOREWORD

The Pulaski County Special School District (PCSSD) Board of Education, professional staff, and I are honored to have your student and your family work with us in building an educational institution where excellence thrives throughout our schools and the communities we serve. Public schools are different from other organizations for many reasons. We serve the interests of the individual student as well as the community of learners who walk through our doors each day. We must be held to a higher standard than other institutions because the price of failure does not just impact the present, but also the future of our students and our communities. Public schools are different because we must ensure that excellence is also paired with equity in order to serve as the foundation of a democratic government. Finally, our schools are different because we seek opportunities to place our students in a position to grow and develop as future citizens who contribute to the economic and social vitality of our communities. Therefore, it is with great pride that I continue working with PCSSD to continue instilling excellence with all student scholars, award-winning schools, champion athletic teams, and honored professionals who step out from the norm to excel and innovate for a better future for all of us. You will continue to see PCSSD support our students with facilities, technology, and innovative instructional approaches that unleash each and every student's potential. In this year's handbook, you will find information/resources you and your student can use to excel this school year. Our hard-working professional staff is here to support your student to become the empowered learner she/he needs to be in the 21st Century. Feel free to ask questions of our professionals and if there is anything my office can do to support you and your student.

Charles McNulty, Ph.D.
Superintendent of Schools

A MESSAGE TO STUDENTS AND PARENTS:

This handbook is provided to you because we believe that students and their parents have a right to know the rules and consequences of the Pulaski County Special School District. PCSSD Board of Education adopted discipline guidelines that are fair and equitable to ensure all students are provided a quality education. The policies and procedures addressed in this handbook are critical to establishing an environment conducive to learning at each school and throughout the District. It is impossible to list a rule for every situation that may arise at school, on the bus, or school sponsored activities. Therefore, students and parents must expect rules and practices to be developed that meet local, state, and federal guidelines. These regulations will be communicated to students and parents. It is imperative that each student and parent/guardian is knowledgeable of these rules of conduct. State law (A.C.A. § 6-18-505) requires documentation of student and parent receipt of student discipline policies. Required forms must be signed during online student registration. By doing so, parents and students are signifying they have received the Parent/Student Handbook and are aware of the District's rules, policies, and procedures. Parents will also have the option of downloading the handbook from the Pulaski County Special School District website. If you need anything, please contact the Office of Equity and Pupil Services at 501-234-2021.

Janice H. Warren, Ed.D.
Assistant Superintendent for Equity and Pupil Services
A. School Visitors
The Pulaski County Special School District (PCSSD) Board of Education strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office. All visitors must be issued a visitor’s pass.

Parents and other adults interested in the school are welcome and are required to register at the principal’s office upon entering the building for directions and assistance regarding the nature of the visit.

B. Contact with Students While at School
Parents who wish to speak to their children during the school day shall register first with the office.

Contact by Non-Custodial Parents
If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered no contact or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file, with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. (See Board Policy 4.16)

Unless prior arrangements have been made with the school’s principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school’s property on normal school days during normal hours of school operation.

Contact by Law Enforcement, Social Services, or by Court Order
State law requires that Arkansas Department of Human Services (DHS) employees, local law enforcement, or agents of the Crimes Against Children Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a 72 hour hold without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission from the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of Arkansas State Police, or an investigator or employee of the DHS.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student,
the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he/she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after hours telephone number.

Contact by Professional Licensure Standards Board Investigators
Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

C. Search and Seizure
Students have the right to be protected from unreasonable search and seizure by either state, federal, or school officials.

School administrators have the responsibility to make a determination of the point at which the student's right to protection against unreasonable search and seizure is in conflict with the administrator's official duty to maintain a safe, orderly, and efficient school. Search and seizure by the administrator or his designee may occur when reasonable suspicion exists.

A student's person and/or personal effects may be searched whenever a school authority has reasonable and individualized suspicion to believe that the student is in possession of illegal or unauthorized materials. Parents must pick up confiscated possessions such as, but not limited to radios, tape/CD players, pagers, cell phones, or other electronic communication devices by the end of each semester.

If a pat-down search of a student's person is conducted, it shall be conducted in private by a school official of the same gender in the presence of an adult witness of the same gender.

Search and seizure by law enforcement officials will occur only when a probable cause exists. School administrators have the responsibility to make students aware of search and seizure procedures involving school property or person.

Metal detectors will be used for general scanning in all schools. General scans will be defined as the use of metal detectors to search all students who are present at school on the day of the search.

School employees who are not wearing ID badges and patrons may be subject to scanning when entering a school building during the day.

All individuals may be subject to general scanning when entering buildings, gymnasiums, and stadiums for events and activities scheduled outside the school day.

If weapons or illegal substances are found during the process of scanning, District policy, local, state, and federal laws will be followed.

Procedures for scanning are as follows:
1. Each secondary principal will have a prepared plan for general scanning in their buildings. These plans will be on file in the office of the Executive Director of Operations or his/her designee. Said plan will include details related to:
   a. The number of teachers to be used in the scanning process;
   b. Staff assignment;
   c. Procedures for search of the grounds and buses;
d. Procedures for securing the building so that when general student population scanning takes place, students may not enter or leave except through designated exits/entrances; and

e. Provisions for locker searches.

2. Within 48 hours of either a random or a general scan, a written report using the form available for this purpose will be submitted to the Executive Director of Operations or his/her designee. Any teacher/school employee who observes scanning will initial the form when scanning is complete.

3. The scanner will be available for elementary schools provided a building-level plan has been established and students' parents/guardians have been notified.

4. The conduct of scan searches will follow these listed procedures:
   a. The metal detector will be passed over the student on each side, front, and back.
   b. If any metal is registered, the student may be:
      i. instructed to empty his/her pockets;
      ii. instructed to pull up his/her pant leg so that socks and shoes may be checked;
      iii. asked to take off jackets to be hand searched;
      iv. asked to submit purses/book bags for search; or
      v. asked to turn a belt buckle over to expose the backside in order to ensure that no weapon is concealed.

Once the object that caused the alarm is located, and the alarm does not sound when passed over the student, the search will stop.

5. If after completing these procedures there is still a reasonable belief that the student is concealing a weapon on his/her person based on the sounds produced by the metal detector, the student may be asked to accompany an administrator to the office. In the privacy of an office and with a teacher of the same gender present as a witness, the student will be asked to produce any weapon or metal items on his person. At no time will a strip search be conducted. If a pat down search of a student's person is conducted, it will be performed by a school official or a certified employee of the same gender who has volunteered to conduct the search. If the proposed designee should refuse to participate, that refusal will not be reflected on the employee's record. The search will be conducted in private and in the presence of an adult witness of the same gender.

If the above measures do not yield the object that is causing the detector to indicate the presence of an object, then the student's parent/guardian will be contacted and the student will be detained until the parent/guardian comes to school. If the parent/guardian will not or cannot aid in locating the object that is present, the parent/guardian will be informed that police will be contacted for assistance. Arkansas law (A.C.A. § 5-73-122, A.C.A. § 6-21-608) gives ample justification for police assistance in that reasonable cause has been established that the student is secreting an illegal object on his/her person that is believed to be a weapon.

6. The media will not be present during scanning activities, nor will pictures be taken of students who are being scanned.

D. Interrogation and Removal from School by Legal Authorities

Students have the right to be advised of their rights, to know why they are being questioned, to remain silent, to know that anything he/she says may be held against him/her in court, for the interrogation to take place in the presence of an official school representative, and not to be removed from school unless he/she has been observed violating a law by a law enforcement officer, or the official school representative is presented a warrant or other valid order for arrest.

The principal or designee shall give the parent, legal guardian, or other person having lawful control of the student under an order of court, or person acting in loco parentis, notice that the student has been reported to, interviewed by, or taken into custody by law enforcement personnel.
If the principal or designee is unable to reach the parent, he/she shall make a reasonable, good faith effort to get a message to the parent to call either the principal or designee, and leave both a day and an after hours telephone number. (Legal Reference: Act 1217 of 2001)

School administrators have the responsibility to initiate proceedings for removing students from the school by legal authorities when the student becomes uncontrollable or disruptive.

**E. Arkansas Activities Association Eligibility Requirements**
Student athletes are subject to the eligibility requirements of the Arkansas Activities Association and PCSSD. Please see your coach or the school athletic director if you have any questions.

**F. Non-Curricular Activities/Equal Access**
1. A student or a group of students who wish to conduct a meeting on school premises before or after the instructional day will file an application for permission for the meeting with the principal of the school building at which the meeting is to be held. The application will be filed one (1) calendar week prior to the date of the meeting and will state:
   a. The name and address of the student or students and an affirmation by the person preparing the application that the student(s) has (have) voluntarily initiated the meeting.
   b. A description of the type of meeting, statement of purpose, estimate of expected attendance, and a copy of any material used to advertise the meeting.
   c. The name and address of any non-school person to be in attendance, and the organization with whom he/she is affiliated, if any. If the meeting is a religious one, the non-school attendee will furnish an affirmation that he is not directing, conducting, or regularly attending the activity.
   d. The name and address of the faculty monitor, if any, and affirmation that the faculty member is not directing, conducting, or controlling the meeting. (If an employee is assigned to be present in a supervisory capacity, the principal will secure the affirmation.)
2. The principal will approve the meeting and select the meeting site for it to be held if the application is so filled out and if he/she determines that:
   a. The meeting is voluntary and student initiated.
   b. There is no sponsorship of the meeting by the school, the government, or its agencies or employees.
   c. The meeting will not materially and substantially interfere with the orderly conduct of the school's educational activities.
   d. Employees of the District are present in a non-participatory capacity.
   e. Non-school persons are not directing or regularly attending the activity.
   f. There is no school influence on the form or content of any prayer or other religious activity during a meeting.
   g. No person will be required to participate in prayer or other religious activity during the meeting or activity.
   h. No funds will be expended by the school for any such meeting beyond the incidental cost associated with providing meeting space.
   i. No meeting will be conducted which excludes a student solely because of race, religion, or national origin.
   j. All forms are completed and submitted according to the stated time schedule.
3. Other considerations:
   a. The principal will not assign any employee to attend a meeting if the purpose of the meeting is contrary to the employee's beliefs.
   b. Principals will use discretion in determining maximum numbers of students allowed to participate based upon space available and the safety of the students.
   c. Principals may approve meetings to be conducted before or after regular school hours, but they must be held during the time regularly scheduled for school custodians.
d. The principal retains his responsibility for order and discipline, for the protection of students and faculty on school premises, and is not required to sanction any meetings that are otherwise unlawful.

6. Parental Involvement

Goal 1: How will the Local Education Agency foster effective parental involvement strategies and support partnerships among school, parents, and the community to improve student achievement?

- PCSSD’s Title I Parent Coordinator will foster effective parental involvement strategies, coordinate parental involvement activities with those of other programs, and support partnerships among school, parents, and the community to improve student achievement.
- The District parent involvement policy will be placed on the PCSSD homepage for parents to have access to the plan.
- Each school will establish a parent facilitator to oversee parent involvement policy implementation.
- A survey (annual review) of the effectiveness of the parent involvement policy will be utilized to get feedback. The parent involvement survey from the previous year will be analyzed to better meet the needs of the parents.
- In addition, a perception survey will be sent to all parents to determine perceptions of each school’s effectiveness.
- PCSSD will reserve a minimum of 1% of the District’s Title I, Part A allocation for parent involvement.
- Schools will involve parents in annual meetings led by the school’s parent facilitator to review the school’s parent involvement plan.

Goal 2: How will the District provide coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement?

- The English as a Second Language Coordinator will ensure, to the extent possible, that information is sent home in a language and form that parents can understand.
- Each school’s parent involvement policy is posted on the District website.
- The Title I Parent Coordinator will enhance the awareness and skills of teachers, pupil service personnel, principals, and staff in reaching out to, communicating with, and working with parents as equal partners.
- The District will monitor each Title I, Part A school to ensure that each school performs the following tasks:
  - The school parent facilitator will assist with the development of the school’s parent involvement policy. The school parent facilitator will provide an electronic copy of the school’s parent involvement policy to the District Title I Parent Coordinator. Each school’s plan will be placed on PCSSD’s webpage and will be distributed at school parent involvement meetings.
  - School parent facilitators will offer flexible meeting times.
  - Each school’s parent facilitator and principal will provide information to parents about the school’s program.
  - Each Title I school’s parent facilitator and principal will develop and use the SchoolParent Compact, which describes how the school staff, parents, and students will share the responsibility for improved student academic achievement.
  - Provide training for parents in working with their child to improve academic achievement.
  - Encourage parents to visit/volunteer at school by assisting staff in developing volunteer opportunities as well as training staff to encourage and build volunteer efforts.
  - Encourage parent participation through creative scheduling of activities through strategies such as holding meetings at a variety of times in the morning or evening.
  - The school’s parent facilitator will provide materials and training to help parents work with their children to improve academic achievement. Each Title I school will provide the dates of the trainings, the topics that will be covered, the name of the facilitator and their contact number in their individual school plan.
- Parent involvement trainings will be held to train parent facilitators on effective parent involvement practices. Parent facilitators will take the information back to the local school.
Goal 3: How will the District build the school's capacity for strong parent involvement?
● The school's parent facilitator and principal will provide information to participating parents in such areas as national, state, and local education goals, including parent's rights as defined in Title I, Part A.
● The school's parent facilitator will assist in the development of parent engagement groups at their school.
● The District Title I Parent Coordinator and school parent facilitators will involve parents through an annual survey to improve school effectiveness.
● Approve reasonable and necessary expenses associated with parent involvement activities.
● Provide any reasonable support for parent involvement at the request of participating Title I, Part A schools.

Goal 4: How will the District conduct, with the involvement of parents, ongoing evaluation of the content and effectiveness of the parent involvement policy as it relates to strategies for increasing parental participation and identifying barriers to greater participation?
● The District Title I Parent Coordinator will survey parents annually, including questions to identify obstacles to parent involvement.
● The Parent Advisory Council, which will include: parents, teachers, and community leaders, will meet annually to review the parent involvement plan.
● The District Title I Parent Coordinator will coordinate the meeting, make recommendations, and provide suggestions as it relates to parent involvement.
● Develop procedures for collecting parent participation documentation through sign-in lists for workshops, meetings, and conferences; schedules; brochures; meeting notes; and other means as appropriate throughout the school year.

Goal 5: How will the District involve parents in the joint development of the District Title I Application under section 1112 (ACSIP)?
● The Federal Programs Coordinator will recruit parents to serve on the district School Improvement Plan committee to develop the Title I Application

H. Non-Discrimination Policy
It is the policy of PCSSD to provide equal opportunities without regard to age, race, creed, color, sex, religion, national origin, handicap, or veterans in its educational programs and activities, educational services, financial aid, and employment.

In keeping with the requirements of federal law, state law, and applicable court order, the District will strive to remove any vestige of discrimination in the employment, assignment, and promotion of personnel; in educational opportunities and services offered students; in student assignment to schools and classes; in student discipline; and in location and use of facilities.

No student in PCSSD shall, on the grounds of race, color, religion, national origin, sex, age, or disability, be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District.

The District simply will not tolerate discrimination that includes misconduct by employees toward students that includes, but is not limited to, the singling out and/or different treatment of individual students or groups of students, and any other harassment based on race, color, or national origin. Any student who believes he/she has been subjected to discrimination should report the incident immediately to the school's principal or to the District office listed below. The District will launch a swift investigation.

PCSSD reminds all employees of their duty to report all allegations of discrimination based on race, color, or national
origin immediately upon becoming aware of them to the designated department listed below. Students and employees who are found to have engaged in acts of discrimination, and employees who fail to report suspected discrimination to the designated department listed below, will be promptly disciplined. That discipline may include, if circumstances warrant, suspension or expulsion of a student and suspension or termination of an employee. Additionally, students or employees who retaliate against individuals who report discrimination will be promptly disciplined.

Inquiries concerning application of this policy may be referred to:

Dr. Janice Warren
Assistant Superintendent of Equity and Pupil Services
Pulaski County Special School
925 E. Dixon Road
Little Rock, AR 72206
(501) 234-2015

I. Student ID Badges
All secondary students are required to wear District issued ID badges that are visible during school and on the bus.

J. Student Dress and Grooming/School Uniforms
A student will not practice a mode of dress that disrupts the educational process, calls attention to the individual, violates federal, state, or local law, or affects the welfare and safety of students and teachers. Furthermore, students are prohibited from obscene, lewd, or vulgar comments or designs, and wearing clothing directed toward or intended to threaten, intimidate, or demean an individual or group of individuals, as well as items advertising alcohol, tobacco or illegal drugs.

Students in the District, grades Kindergarten (K) through five (5), will wear school uniforms: navy and khaki bottoms and solid polo-style shirts without emblems.

Exemptions: Parents may apply to the building principal for full or partial exemptions or waivers for students due to a handicapping condition or religious observation. New students to District schools will be given two (2) weeks to comply with the uniform dress code. Denied exemption requests may be appealed to the Assistant Superintendent for Equity and Pupil Services.

All secondary students are required to wear District issued ID badges that are visible during school and on the bus. The local school dress code will be enforced.

K. Evacuations
In order to be better prepared in case of an emergency, PCSSD has diligently formed an evacuation plan to be used by specific schools. In addition to locating an alternate school to which we can transport your child, the District's Emergency Preparedness Committee has also developed some districtwide rules that will be implemented in the event that your child must be relocated due to an emergency (i.e.: chemical spill, plane crash, train derailment, etc.)

1. Immediately upon notification of an evacuation, the administration and teachers will begin loading students onto buses and sending them to the receiving school. There will be at least one (1) teacher on each bus.
2. Once the sending school has been notified of the need for evacuation, no student will be released to his/her parent or guardian until the child has been checked in at the receiving school.
3. No student will be allowed to be removed from a bus at any time.
4. Once at the receiving school, administrators and teachers will begin checking students in and releasing students to parents/guardians as quickly as possible.
5. Your child will only be released to someone other than a parent or guardian if that person has a written
consent containing the parent or guardian's signature.

6. Once you arrive at the alternate location, there will be information on how to most effectively check out your child, including where to go, traffic instructions, and how to secure your child.

7. If your child attends school at the receiving school, a parent or guardian may check out his/her child following the usual procedures, unless otherwise notified. Please be aware that traffic flow may be altered, as well as pick-up sights, in order to accommodate the sending school's students.

Please know that the safety of your child is our first concern; and that we will try to do everything possible to keep your child calm and safe during any emergency.

L. Student Transfers
Intradistrict Permit Application to Transfer
Students may be allowed to transfer to a different school within the PCSSD attendance zone by completing an intradistrict permit application. All permitted transfers provided by these exceptions will be subject to program capacity at the school to which the transfer is requested, student assignment guidelines, and the District's desegregation plan. Transportation is not provided.

Arkansas Public School Choice Act of 2015
Students may be allowed to transfer to a non-resident school district for school attendance pursuant to the Arkansas Public School Choice Act of 2015. Transportation is not provided.

M. Responsibility for District Issued/Owned Instructional Materials
Students are responsible for instructional materials issued to them such as Chromebooks, iPads, lab materials, text/library books, athletic equipment, and other school issued and owned materials. The cost of repair or replacement of school property vandalized or intentionally or recklessly destroyed will be the responsibility of the parent/guardian.

N. Medicaid Billing for Hearing and Vision Screenings
Hearing and vision screenings are provided as required by Arkansas state law for students in grades Pre-K, K, 1, 2, 4, 6, 8, transfer students, new students, referrals by teacher, or parent request. Parents will be notified if further examination by a doctor is indicated. The intent of the exams or screenings is to detect possible deficits in hearing and/or vision elements of health that would adversely affect the student's ability to achieve his/her full potential.

Medicaid will be billed, where applicable, for hearing and vision screenings conducted by the district. Your child's confidential information cannot be disclosed without your consent. Under the Family Educational Rights and Privacy Act (FERPA) and the Individuals with Disabilities Education Act (IDEA), parental consent must be obtained before the school district discloses your child's personally identifiable information to DHS, Division of Medical Services, Arkansas Medicaid, or Medicaid billing agencies for the purpose of billing for Medicaid reimbursement. The personally identifiable information that may be disclosed could include: student's name, date of birth, social security number, Medicaid ID, disability, IEP and evaluations, type of service(s), times and dates services were delivered, and progress notes.

Parents may object to allowing the District to seek Medicaid reimbursement for hearing and vision screenings by completing the PCSSD Parent/Guardian Objection to Hearing & Vision Medicaid Billing Form. The form is hyperlinked in this notice for your convenience.

O. Parental Notice to Access Public Insurance
This notice is to inform you of your rights and protections under Part B of IDEA, as a parent of a child with a disability, so that you can make an informed decision about whether you should give consent to allow the District to access your or your child's public benefits or insurance, such as Medicaid, to help pay for health services provided by the
District. This notice must be provided before the District obtains your consent for the first time and annually thereafter. These rights include:

1. Your child's confidential information cannot be disclosed without your consent. Under FERPA and the IDEA, parental consent must be obtained before the District discloses your child's personally identifiable information to DHS, Division of Medical Services, Arkansas Medicaid, or Medicaid billing agencies for the purpose of billing for Medicaid reimbursement. The personally identifiable information that may be disclosed could include: student's name, date of birth, social security number, Medicaid ID, disability, IEP and evaluations, type of service(s), times and dates services were delivered, and progress notes.

2. Your child has a right to special education and related services at no cost to you. This means that, with regard to services required to provide a Free Appropriate Public Education (FAPE) to an eligible child under IDEA, the District:
   a. May not require parents to sign up for, or enroll in, public benefits or insurance programs in order for their child to receive FAPE;
   b. May not require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided, but may pay the cost that the parents otherwise would be required to pay;
   c. May not use a child's benefits under a public benefits or insurance program if that use would:
      i. Decrease available lifetime coverage or any other insured benefit;
      ii. Result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time the child is in school;
      iii. Increase premiums or lead to the discontinuance of benefits or insurance; or
      iv. Risk loss of eligibility for home and community based waivers, based on total health related expenditures.

3. You may withdraw consent at any time. Once you have given consent for disclosure of confidential information about your child to DHS, Division of Medical Services, Arkansas Medicaid, or Medicaid billing agencies, you have a legal right under the FERPA and IDEA regulations to withdraw that consent at any time.

4. If you refuse consent, or withdraw consent, the District must still provide required services at no cost to you. If you refuse to provide consent for the disclosure of personally identifiable information for the purpose of billing Medicaid, or, if you give consent but then later withdraw consent, that does not relieve the District of its responsibility to ensure that all required services under IDEA are provided at no cost to the parents.
Section II. Academics
A. Curriculum
Students have the right to a meaningful curriculum, to express their opinion in its development, and access to guides and course outlines. Students have the right to know what is expected of them in class, and to be informed of their progress. Both students and teachers have the right to be treated with dignity.

Students have the responsibility to meet the requirements of graduation and/or plan of study, to seek counsel and direction in determining education goals, and to work with the teacher to try to resolve any conflicts which might arise. School staff members have the responsibility to recognize the individuality of those students seeking their advice and counsel, to make known to students and the community the broad scope of special instructional programs available in the District, and to work with students to try to resolve conflicts.

B. Evaluation
Students have the right to know what is expected of them in class in order to receive a specific grade, to be graded fairly, to receive both academic and citizenship grades, to be informed of unsatisfactory work, and provided suggestions for improvement.

Students and parents have the right and responsibility to initiate conferences with teachers concerning student classroom performance. Parents have the responsibility to respond promptly to teacher notification of unsatisfactory academic performance or unsatisfactory conduct on the part of the student.

C. Grading (Board Policy 5.15P1)
Parents or guardians, persons having lawful control of a student, or persons standing in loco parentis shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, persons having lawful control of a student, or persons standing in loco parentis, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine (9) week grading period to keep parents/guardians informed of their student's progress.

The Board directs that grades be used to measure and report academic progress for grades K-12. All elementary schools will use report cards appropriate to the level being reported. Secondary grades will be reported by computer printout. Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Grades that are aligned with other educational objectives such as the student learning expectations contained in the curriculum frameworks may also be given as prescribed by Standard VII 12.02 of the Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts (2007). The Superintendent is directed to provide guidelines to be used by teachers in reporting grades. These guidelines will include values for regular coursework as well as for Advanced Placement (AP) courses.

The grades of a child in foster care shall not be lowered due to an absence from school due to:
1. A change in the child's school enrollment;
2. The child's attendance at a dependency/neglect court proceeding; or
3. The child's attendance at court-ordered counseling or treatment.

The grading scale for all schools in the district shall be as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>90-100</th>
<th>80-89</th>
<th>70-79</th>
<th>60-69</th>
<th>59 and below</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>100</td>
<td>90</td>
<td>80</td>
<td>70</td>
<td>60</td>
</tr>
<tr>
<td>B</td>
<td>89</td>
<td>80</td>
<td>70</td>
<td>60</td>
<td>59</td>
</tr>
<tr>
<td>C</td>
<td>79</td>
<td>70</td>
<td>60</td>
<td>50</td>
<td>40</td>
</tr>
<tr>
<td>D</td>
<td>69</td>
<td>60</td>
<td>50</td>
<td>40</td>
<td>30</td>
</tr>
<tr>
<td>F</td>
<td>59</td>
<td>50</td>
<td>40</td>
<td>30</td>
<td>20</td>
</tr>
</tbody>
</table>

17
For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

The grade point values for AP, approved course for weighted credit, International Baccalaureate (IB), and approved honor courses shall be one (1) point greater than for regular courses, with the exception that an F shall still be worth zero (0) points.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the District with those earned outside the District. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the District, times the transferred grade from outside the District, plus the percentage of days in the grading period while in the District, times the grade earned in the District.

For example: The grading period had forty (40) days. A student transferred in with a grade of eighty-three percent (83%) earned in ten (10) days at the previous school. The student had a grade of seventy-five percent (75%) in our District's school earned in the remaining thirty (30) days of the grading period. Ten (10) days is twenty-five percent (25%) of forty (40) days while thirty (30) days is seventy-five percent (75%) of forty (40) days. Thus the final grade would be .25 (83) + .75 (75) = 77% or (0.25 X 83) + (0.75 X 75) = 77%.

Elementary Education
PCSSD recognizes that the reporting system at the elementary level did not coincide with the Arkansas Academic Standards that are now mandated to be used in Arkansas public schools. The District began work on a new reporting system for Kindergarten through fifth grade. The new reporting system will be standards-based. A rubric will be used to report student progress and the level of mastery that each student has obtained. Specific standards at each level will be marked for each student once every 9-week grading period. Standards-based report cards will be phased in and implemented at grades K-5 by 2022-2023. Letter grades will no longer be used at the elementary level after the 2021-2022 school year. It is the intent of the District that the new reporting system will be more comprehensive and provide students and parents with more defined information on the academic progress of each student at the grade level for which he/she is assigned.

Secondary Education
1. The responsibility for arriving at term grades rests with the individual teacher, but the procedure for arriving at the grade will be fully explained to students and parents and conform to the percentage scale.
2. For purposes of conversion of grade points into letter grades, quality points will be rounded to the nearest whole number.

Middle School Teachers
1. A student must have the arithmetic mean using the following formula that results in a 60% or above in order to pass a semester/class. \[ \frac{\text{quarter (9-weeks) grade (1/2) + quarter (9-weeks) grade (1/2)}}{2} = \text{final/semester percentage} \]
   a. For example: 84 third nine weeks + 91 fourth nine weeks would result in: 84 + 91 equals 175 divided by 2 equals 88 for final grade. Semester grades are computed in the following manner: first nine weeks - 50% (1/2) second nine weeks - 50% (1/2).
2. In regular courses student grade points are based on the numerical value of grades as follows:
   A = 4 points
   B = 3 points
High School Teachers

1. To pass a course a student must have the arithmetic mean using the following formula that results in a 60% or above in order to pass a semester/class. \((\text{quarter (9-weeks) grade (2/5)} + \text{quarter (9-weeks) grade (2/5)} + \text{semester test (1/5)})/5 = \text{final/semester percentage.}\)
   a. For example: 84 third nine weeks + 91 fourth nine weeks and a test score of 88 would result in: 84 + 84 + 91 + 91 + 88 equals 438 divided by 5 equals 88 for the final grade. Semester grades are computed in the following manner: first nine weeks – 40% (2/5), second nine weeks – 40% (2/5), and semester test – 20% (1/5).

2. In regular courses student grade points are based on the numerical value of grades as follows:
   - A = 4 points
   - B = 3 points
   - C = 2 points
   - D = 1 point
   - F = 0 points

Students in grades 9-12 shall qualify to be exempt from taking the semester test in a class when they have:
1. maintained at least a “B” average for the semester;
2. 4 or less unexcused absences; and
3. not been suspended from school.

Semester grades will be determined by an average of the two quarters (9-weeks).

Advanced Placement Courses (Board Policy 5.21)
Students in grades 7-12 who take AP courses or concurrent credit college courses approved for weighted credit by the Division of Elementary and Secondary Education (DESE) shall be graded according to the following schedule.
   - A = 100–90
   - B = 89–80
   - C = 79–70
   - D = 69–60
   - F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:
   - A = 5 points
   - B = 4 points
   - C = 3 points
   - D = 2 points
   - F = 0 points

For a student to be eligible to receive weighted credit for an AP course:
- The course must be taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and DESE rule or, for an AP teacher, is in the process of completing an additional training plan; and
- The student takes the applicable AP examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student’s grade for any course in which the student fails to take the applicable exam. Students who do not take the
applicable exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course.

Students who transfer into the district will be given weighted credit for the AP courses approved by the Arkansas Department of Education (ADE), or concurrent college courses taken for weighted credit at his/her previous school(s) according to the preceding scale.

AP exams and the student's score on the exam does not affect the student's grade for the course, students can reasonably be expected to take the test. By standardizing the timing of awarding weighted credit across Arkansas, all students will be on a level playing field regarding their grade point average (GPA) for college applications.

D. Homework Policy (Board Policy 5.14P)

The term homework refers to an assignment to be completed outside of class or an assignment which requires further individual work in the study hall or the home. The Board recognizes homework as an important part of the educational process and directs that homework assignments meet, at a minimum, the following objectives:

- Improvement of learning processes;
- Aid in mastery of skills; and
- The creation and stimulation of interest on the part of the students.

The Board also recognizes that learning activities in the life of a student are not restricted to the classroom or homework assignments. Participating in school activities, pursuing cultural interests, participating in family living, and exploring personal interests are factors to be considered by teachers in planning assignments.

General Guidelines

1. Homework will be used as a learning activity increasing in complexity with the maturity of the student. With increased maturity, learning should become a more independent activity. Meaningful assignments will be used to encourage students to investigate for themselves and to work independently as well as with others. As the student advances through school, it is reasonable to expect that the amount of homework may be increased, but care should be exercised in terms of the amount given and the time required for each assignment.

2. Instructions for homework assignments will be clear and specific so that the student may complete the work. All homework will involve some type of follow up and evaluation; the work will be checked for errors and corrected to provide prompt feedback and reinforcement.

Limitations

1. Homework will not require use of materials or equipment not readily available in most homes, school libraries or public libraries and should require the use of those materials and equipment only after the student has had instruction in their use.

2. Homework will not be used as a form of punishment under any circumstances.

E. Make-up Work (Board Policy 4.8)

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules:

1. Students or parents/guardians are responsible for asking the teachers of the classes they missed what assignments they need to make up.

2. Teachers are responsible for providing the missed assignments when asked by a returning student or the student's parent/guardian.

3. Students or parents/guardians are required to ask for assignments on the student's first day back at school or their first class day after their return.
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.

5. Students shall have at least one class day to make up their work for each class day they are absent, at the discretion of the teacher.

6. Make-up work that is not turned in within the make-up schedule for that assignment shall be graded at the discretion of the teacher.

7. Students, or the parent/guardian of elementary students, are responsible for turning in their make-up work without the teacher having to ask for it.

8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return, at the discretion of the teacher.

9. As required/permited by the student's IEP or 504 Plan.

Work may not be made up for credit for unexcused absences unless the unexcused absences are part of a signed agreement with the principal as permitted by Board Policy 4.7 Absences.

Students who are found to be out of their designated area, and in violation of this policy the 2nd time, will not be allowed to make up major classroom tests. Students will be allowed to make up work missed for the first suspension or any suspension of two (2) days or less. The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion. This includes offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health (ADH) during a disease outbreak are to be made up as set forth in policy.

F. Report Cards/Progress Reports
The Board believes that student performance is a joint responsibility of the school and the home and that students are best served when there is open and frequent communication between the two. Personal communication between the teacher and parent may be through grade reports, parent-teacher conference, telephone conference, home visit, notes of commendation, or suggestion for improvement. All teachers will be encouraged to use these and similar means for communication.

Interim reports will be sent to parents of all students during the fifth week of the first term. During the fifth week of the second, third, and fourth terms, teachers will send interim reports to parents for students who have low or failing grades, and for those whose achievement is deteriorating to the point that there is a possibility of a failing semester, term, or final grade that was not reflected on the previous term's report. Principals will require that interim reports be returned to the teachers with parent signatures.

Parent-teacher conferences will occur once each semester based on the District calendar. School records will provide documentation of parent participation.

G. Student Promotion and Retention (Board Policy 4.55P)
A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level.
Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis, shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade, shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Students graduating in 2011 through the 2022 graduating class will meet the following requirements:

- A student in grade nine (9) must have a minimum of five (5) academic credits at the beginning of the fall semester to be promoted to grade ten (10).
- A student must have ten (10) academic credits at the beginning of the fall semester to be promoted to grade eleven (11), and fifteen (15) academic credits at the beginning of the fall semester to be promoted to grade twelve (12).
- Beginning with the 2019-2020 freshman class, a student in grade nine (9) must have a minimum of five and one half (5.5) academic credits at the beginning of the fall semester to be promoted to grade ten (10).
- A student must have eleven (11) academic credits at the beginning of the fall semester to be promoted to grade eleven (11), and sixteen and one half (16.5) academic credits at the beginning of the fall semester to be promoted to grade twelve (12).

At the middle school level, a student is expected to progress annually from grade to grade. A student that has not passed both semesters of language arts and math, and does not have two or more passing semester grades in either science and/or social studies, shall be referred to the retention committee. However, if in the judgment of the professional staff, a student is at risk of not reaching proficiency in sufficient basic skills to be potentially successful at the next grade level, the local school retention committee will be convened.

This committee will look at all available data and determine the grade placement that is in the best educational interest of the student. Data examined will include, but not be limited to: teacher recommendation, medical history, grades, work samples, prior educational history, age, and attendance.

The committee's decision will be explained by the principal and teacher to parents of the students. A modification plan, attached to the Student Success Plan (SSP), will be created for each retained student that is reviewed by the retention committee.

At the elementary school level, the school shall, at a minimum, evaluate each student annually in an effort to help students who are not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s).

Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success. If a student is to be retained in a grade, notice of retention and reason will be communicated promptly. Each elementary/middle school shall have a biracial retention committee composed of:

- Counselor assigned to student;
- Principal or assistant principal;
- Classroom teacher(s) who currently work with the student or core team;
● Additional teachers (for example one on the student's grade level and one from the next grade level);
● Instructional Coaches in the school (math, literacy);
● A 504/special education representative (if applicable); and
● The student’s parent(s), legal guardian(s), persons having lawful control of a student, or persons standing in loco parentis.

In order to determine promotion or retention of a student, the retention school-based committee shall meet with the parents/guardians, teachers, principal, and other pertinent personnel. The committee conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. Promotion or retention, as discussed by the committee, shall be primarily based on the following criteria:

- Academic achievement;
- School attendance;
- Achievement test scores;
- Physical maturity and age;
- Social and emotional maturity;
- Teacher recommendation;
- Light's Retention Scale instrument;
- Medical history;
- Work samples; and
- Prior educational history.

If the conference attendees fail to agree concerning the student's placement, the final decision to promote or retain shall rest with the building principal. Parents or guardians may appeal the promotion/retention by requesting a hearing with the building level principal. The building level decision to promote/retain may be appealed to the PCSSD Director of Elementary or Secondary Education.

Each student, 8th grade and above, shall have an SSP developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:
• By no later than the end of the school year for a student in grade eight (8) who is enrolled in the District or enrolls in the District during the school year; or
• As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's IEP may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a statewide assessment or attempt to boycott a statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days, shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

H. Digital Course Offerings (Board Policy 5.11)
PCSSD shall offer one or more digital learning course through one or more District-approved provider as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format and shall be tailored to meet the needs of each student.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, PCSSD shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, PCSSD shall annually determine which created digital learning courses the District will provide to our students. PCSSD may also choose to provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the ADE. The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by ADE.

District-created digital courses and any digital courses the District purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Board Policy 5.8 Use of Copyrighted Materials, as well as applicable statutory requirements.

PCSSD shall require all outside providers to incorporate Board Policy 5.8 as a condition of the service contract. Failure of the outside provider to abide by Board Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach.

Students must apply to take the digital course(s) at the beginning of Fall semester and the beginning of Spring semester. A student's parent/guardian must sign the application.

Students withdrawing from a class after the first day of the second nine weeks of a semester will receive withdrew passing (WP) or withdrew failing (WF).
Students withdrawing from a course before the end of a semester will not be eligible to enroll in the same course during the school day until the next semester.

Students may take two digital learning courses per semester. Each student will be required to complete 60 clock hours in order to be eligible for a semester credit. Each student will be required to complete 120 clock hours in order to be eligible for a year-long course.

All coursework and semester exams must be completed by the designated date or set by the Cyber Academy Coordinator. All grades (passing or failing) will be posted to the student's transcript. Incomplete coursework will be recorded on the high school transcript as “F” for grades 9-12.

PCSSD is responsible for providing all instructional materials for each student who enrolls in a District-approved digital learning course.

Regardless of any other provisions of this policy, PCSSD may restrict a student's access to digital courses when the student's school principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's school principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.

Clock hour requirements under this policy will not apply to exceptions provided under School of Innovation waivers for students enrolled in personalized learning courses beginning with the 2018-2019 school year.

An online learning environment provides students in grades nine (9) through twelve (12) an instructional alternative to the traditional in class setting. Online learning is comprised of these areas: Credit Recovery, ACT 1280, ACT 187, additional course, and early graduation (please see the chart below). These courses are offered after school hours. Edgenuity will be the platform for online learning.

Referral Process
1. A counselor at the student’s home school must initiate the referral.
2. If the student has an IEP or 504 Plan, the appropriate documentation must accompany the referral form.
3. The referral form must be signed by a counselor at the student’s home school and delivered to the Central Office.

I. Smart Core Curriculum and Graduation Requirements for the Class of 2022 (Board Policy 4.45P)

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the District for the first time and there is not a signed waiver form in the student’s permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgment they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP, when applicable, to be eligible for graduation.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

Parents and students are informed of the Smart Core curriculum and course of study for graduation during the registration process beginning with the sixth (6th) grade level and continuing each year. Additionally, parents and students may review Smart Core information during orientation, parent/teacher conferences, career conferences, open house, and individual student conferences. Teachers, administrators, and counselors are trained each year regarding this policy.

Board Policy 4.45P, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual District support plan development process to determine if changes need to be made to better serve the needs of the District's students. The Superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the District's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, parent meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the District’s students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of “eligible child” in Policy 4.2 Entrance Requirements including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.
Graduation Requirements
The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. There are some distinctions made between Smart Core units and graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

● Arkansas Civics Exams
  ○ All students must receive a passing score on the Arkansas Civics Exam in order to graduate. A student may be excluded based on their IEP if the IEP team determines there are not sufficient accommodations for the student to access the assessment. If a homeschooled or private schooled student transfers into the District, the student will need a passing score on the Arkansas Civics Exam to receive a high school diploma.

● Cardiopulmonary Resuscitation (CPR)
  ○ Students shall be trained in quality psychomotor skill basics in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

● Digital Learning Courses
  ○ The District shall offer one or more digital learning course through one or more District-approved provider as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

● Personal and Family Finance
  ○ All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

**J. Smart Core Curriculum and Graduation Requirements for the Class of 2023 and Thereafter (Board Policy 4.45P)**

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the District for the first time and there is no signed waiver form in the student’s permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum to be eligible for graduation.

Beginning with the 2019–20 school year, incoming freshmen with IEPs who are not participating in Smart Core must either meet the requirements for the core pathway or alternate pathway in order to graduate with a regular diploma. To pursue the alternate pathway to graduation, the student must have a significant cognitive disability and meet the criteria for and participate in the state’s alternate assessment. Students with IEPs who do not fulfill the Smart Core, Core, or alternate pathway requirements for graduation may receive either a certificate of attendance or a certificate of completion. Alternate pathways to graduation align with the general pathway to graduation. For each current graduation requirement, the alternate pathway will have a requirement that is similar but appropriate for this group of students. (See chart on page 36) If appropriate, students on the alternate pathway to graduation may attend school through the school year the student turns 21 years of age. IEP teams will decide if a student is eligible for the alternate pathway to graduation and should determine the most appropriate route or course of study that will lead to graduation. The course of study should be based on student interests, strengths, and needs. Beginning with the class of 2023, students who do not fulfill the alternate pathway or general graduation requirements will not be eligible for an Arkansas diploma. Students are eligible to receive a certificate of completion or attendance.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

K. Graduation Exercises (Board Policy 5.17P2)

The Board believes that public schools reflect society’s intent to promote not only development of the individual but the community good as well. It further believes that the community should share in the recognition of those who have completed the educational programs of the schools. The Board, therefore, directs that publicly celebrated graduation exercises be held. Appropriate graduation programs will be planned by senior high schools and conducted within the time frame established through the current school year calendar. At these programs, awarding of diplomas will be by a Board member(s), the Superintendent, or the principal. All students having met regulations established by the Superintendent may participate in the graduation ceremonies.

Determination of Eligibility

1. Any student who has completed seven (7) semesters of schooling in grades 9-12 and who has earned a minimum of twenty and one-half (20 ½) units of credit will be considered eligible to participate in graduation exercises after completion of the eighth semester.
2. Students who complete the eighth semester and do not meet the twenty and one-half (20 ½) unit requirement at the end of the seventh semester will be allowed to participate if credit requirements are completed at least one (1) week prior to graduation. Proof of completion in all course work must be verified and documented by school personnel.
3. Students who plan to graduate early (less than eight (8) semesters), must meet the same provisions as stated in number two (2) above.
4. Students must complete all graduation requirements that are in effect at the time of graduation to be eligible...
L. Honor Roll and Honor Graduates (Board Policy 5.17P1)

Students in grades K-6 who maintain a 3.0 GPA for the grading period will be recognized as honor roll students for that grading period. Semester grades will determine the honor roll at the end of each semester.

Students in grades 7-12 who maintain a minimum 3.0 GPA for the grading period will be recognized as honor roll students for that grading period. Semester grades will determine the honor roll at the end of each semester.

Students who have successfully completed the minimum core of courses recommended for preparation for college, as defined by the State Board of Higher Education and the State Board of Education, and have a cumulative GPA of 3.5 on a weighted scale, will be designated as honor students. The GPA shall be derived from courses taken in public schools or ADE accredited schools or programs in grades nine (9) through twelve (12).

Beginning with the graduating class of 2010-2011, class rank for the designation of student honors (valedictorian, etc) will be determined at the end of the eighth semester for graduating seniors. Students will be ranked at the end of the first semester of the graduating year for college admission and scholarship purposes. Class rank is to be determined by assigning the highest average a rank of number one (1), the second highest, the rank of number two (2), etc. In cases where more than one student has the same numeral average, all students with that average will be given the same rank. The next highest average will assume the next rank position which will indicate the number of students having a higher rank. The numerical rank will be extended 3 digits.

Valedictorian: The student with the highest class rank will be valedictorian. In instances when more than one student holds the numerical one (1) rank, all students holding the rank will be declared co-valedictorians.

Salutatorian: The student with the second highest class rank will be declared salutatorian. In instances when more than one student holds the numerical two (2) rank, all students holding the rank will be declared co-salutatorians.

Honor Graduate: In order to qualify as an honor graduate:

- A student must have a minimum 3.5 GPA and be enrolled in core courses required for graduation by the final semester of the year in which he/she will graduate.
- A student enrolled in a course which cannot be completed by the end of the fourth nine weeks is not eligible to be an honor graduate.
- A private or homeschooled student must have enrolled or re-enrolled in the District and attended classes for at least the nine (9) months immediately prior to graduation; or
- A private or homeschooled student must have completed the two (2) consecutive grades immediately prior to the graduation year in an accredited secondary school (grade 9-12) to be considered for ranking as an honor graduate, including Valedictorian and Salutatorian. Rank in class and GPA will be determined only by credits earned while attending an accredited high school.

In computing class rank of students, the following system will be used:

- Regular classes: Each grade will be given the indicated value, A = 4, B = 3, C = 2, D = 1, F = 0.
- AP classes: Each AP course will be given the indicated value, A = 5, B = 4, C = 3, D = 2, F = 0.

M. Notice of Students’ Records/Directory Information (Board Policy 4.13)

Except when a court order regarding a student has been presented to the District to the contrary, all students’ education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student’s parent or the student if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The District forwards education records,
including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.

The District shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests:

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker’s temporary substitute.

For the purposes of this policy, a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student’s caseworker or to the caseworker’s representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student’s PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student’s case plan; and
- The DHS, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, PCSSD does not distinguish between a custodial and non-custodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student’s records. Unless a court order restricting such access has been presented to the District to the contrary, the fact of a person’s status as parent or guardian, alone, enables that parent or guardian to review and copy his/her child’s records.
If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of DHS must present a file-marked copy of such order to the building principal and the Superintendent. The school will make good faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen (18) objects), "directory information" about a student may be made available to the public, military recruiters, post secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, email address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others.

If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District.

"Directory information" also includes a student ID number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems, and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number, password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located on the PCSSD student enrollment portal, Registration Gateway, and must be completed and signed by the parent or age eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The District is required to continue to honor any signed opt out form for any student no longer in attendance at the District.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.
Parents and students over the age of 18 who believe the District has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at:

N. Alternative Learning Environments (Board Policy 5.26)

PCSSD has Alternative Learning Environments (ALE) programs at the elementary and secondary levels which are designed to provide prevention and intervention strategies to students who are at risk due to poor attendance, failing grades, inappropriate behavior, excessive suspensions, or an overall lack of interest in the traditional educational setting. PCSSD offers multi-age classrooms for 2nd, 3rd, and 4th grade students. Additionally, the District provides Student Assistance Centers (SAC)/In-School Suspension (ISS) classrooms and Alternative Learning Classrooms (ALC) for secondary students. Alternative learning referrals must be initiated at the student's school of attendance by a parent, local school official, or local school special education designee to be submitted to the alternative education placement team. Placement of a student in an ALE shall not be punitive in nature.

The Superintendent or designee shall appoint an Alternative Education Placement Team which shall have the responsibility of determining student placement in the ALE, if an alternative placement is the most appropriate setting for the student's specific needs. A student may be enrolled in an ALE only upon the referral of the Alternative Education Placement Team. The team's placement decision is final and may not be appealed.

The team is to be comprised of the following:

● A school counselor from the referring school;
● The ALE administrator and/or ALE teacher;
● The building principal or assistant principal from the referring school;
● A parent, legal guardian, person having lawful control of the student, or person standing in loco parentis (if they choose to participate);
   ○ The District shall document its efforts to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to schedule a meeting or a phone call for a placement meeting at the convenience of the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and maintain such documentation in the student's Student Action Plan (SAP).
● Local Education Agency special education/504 representative (if applicable);
● At least one (1) of the student's regular classroom teachers; and
● If the District so chooses, the student.

Students who are placed in the ALE shall exhibit at least two (2) of the characteristics from the items listed below:

● Disruptive behavior;
● Dropping out from school;
● Recurring absenteeism;
● Personal or family problems or situations;
   ○ For the purposes of the ALE, personal or family problems or situations are conditions that negatively affect the student's academic and social progress. These may include, but are not limited to:
     ■ Ongoing, persistent lack of attaining proficiency levels in literacy and mathematics
     ■ Abuse: physical, mental, or sexual;
     ■ Frequent relocation of residency;
     ■ Homelessness;
     ■ Inadequate emotional support;
     ■ Mental/physical health problems;
Pregnancy; or

Single parenting

No later than five (5) school days after a student begins alternative education interventions, the Alternative Education Placement Team shall develop a signed agreement between the ALE, the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis (if they choose to participate); and the student, outlining the responsibility of the ALE, parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and the student to provide assurance that the plan for each student is successful.

No later than one (1) week after a student begins alternative education interventions, the Alternative Education Placement Team shall assess the student's current functioning abilities and all relevant social, emotional, academic, career, and behavioral information and develop an SAP outlining the intervention services to be provided to the student that is in compliance with DESE rules. The SAP may be revised from time to time by the ALE placement team and a positive behavior or transitional plan shall be developed and added to the SAP prior to a student's return to the regular educational environment.

The District's ALE program shall follow class size, staffing, curriculum, and expenditure requirements identified in the ADE rules. It may be convenient for schools to operate or integrate this committee through established Response to Intervention committees located within the school. The District Hearing Officer can assign students to the ALE in lieu of expulsion through the hearing process. Students entering PCSSD from another school district who have previously been assigned to ALE will receive a comparable assignment.

O. Advancement Via Individual Determination (AVID)

AVID is a foundational component of the AVID College Readiness System and supports AVID's mission and vision to provide a comprehensive model of success for all students, from elementary through higher education. Based on the same learning foundation that underlies AVID secondary, AVID elementary is designed to be embedded into the daily instruction of all elementary classrooms, across entire grade levels, to impact schoolwide structures. The center of AVID's learning process is three-fold:

1. Rigor, relevance and relationships in each classroom.
2. Introduce college and career thinking.
3. Close the opportunity gap before it begins.

Implementation of AVID began with the 2019-2020 school year in the intermediate grades in all elementary schools, middle schools in grade 7, and grade 9 in all high schools. The District will expand AVID by adding a grade level each school year that will result in all classrooms grades K-12 implementing AVID strategies in the next 3-5 years.

P. Academic Dishonesty

A student will not cheat on assignments or tests, nor will a student aid other students in cheating on tests. Students caught cheating on tests will receive a zero. Plagiarism is considered academic dishonesty. Any student committing plagiarism will receive a zero.

Q. Responsibility for District Issued/Owned Instructional Materials

Students are responsible for instructional materials issued to them such as Chromebooks, iPads, lab materials, text/library books, athletic equipment, and other school issued and owned materials. The cost of repair or replacement of school property vandalized or intentionally or recklessly destroyed will be the responsibility of the parent/guardian.
Section III. Attendance
A. Compulsory Attendance Ages

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. Any student who was enrolled in a state accredited or state approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he/she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state accredited kindergarten program shall be evaluated by the District and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state accredited or state approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement.
Homeschool students enrolling or re-enrolling as a public school student shall be placed in accordance with Board Policy 4.6 Home Schooling.

The District shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child’s admission to a District school:

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.

Uniformed Services Member's Children
For the purposes of this policy, “activated reserve components” means members of the reserve component of the uniformed services who have received a notice of intent to deploy or mobilize under Title 10 of the United States Code, Title 32 of the United States Code, or state mobilization to active duty.

“Active duty” means full-time duty status in the active, uniformed services of the United States, including without limitation, members of the National Guard and Reserve on active duty orders under 10 U.S.C. §§ 1209 and 1210.

“Deployment” means a period of time extending from six (6) months before a member of the uniformed services' departure from their home station on military orders through six (6) months after return to his/her home station.

“Eligible child” means the children of:
● Active duty members of the uniformed services;
● Members of the active and activated reserve components of the uniformed services;
● Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
● Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

“Uniformed services” means the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Coast Guard, the National Oceanic and Atmospheric Administration Officer Corps, the United States Public Health Services Commissioned Corps, and the state and federal reserve components of each of these bodies.

The Superintendent shall designate an individual as the District’s military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child’s parent, legal guardian, person having lawful control of the eligible child, or person standing in loco parentis. The individual the Superintendent designates as the District’s military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.

An eligible child as defined in this policy shall:
1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;

4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous IEP. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student’s guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a non-custodial parent living outside the District by a custodial parent on active military duty.
In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- Request the eligible child's official education records from the sending district.

Classroom Assignment of Multiple Birth Siblings
"Multiple birth sibling" means a twin, triplet, quadruplet, or other sibling resulting from a multiple birth; and "parent" means the parent, legal guardian, or other person having custody or charge of a student enrolled in a public school. (Legal Reference: A.C.A. § 6-18-106)

Not later than the fourteenth day before the first day of school, a parent of multiple birth siblings who are assigned to the same grade level and school, in prekindergarten through grade six (PreK-6), may request in writing that the school place the siblings in the same classroom or in separate classrooms.

The school may direct a classroom placement for the multiple birth siblings that differs from the parent's request if thirty (30) instructional days have lapsed since the date the multiple birth siblings began the classroom placement made at the parent's request; and after consulting with the teacher of each classroom in which the multiple birth siblings are placed, the school determines that the classroom placement requested by the parent is:

- Detrimental to the educational achievement of one (1) or more of the multiple birth siblings;
- Disruptive to the classroom learning environment where the multiple birth sibling is assigned; or
- Disruptive to the school's educational or disciplinary environment.

C. School Admissions
All persons seeking admission to the elementary and secondary schools of the District must satisfactorily meet eligibility prerequisites for the school or program to which they seek admission.

Any student transferring from a school accredited by ADE to a school in this District shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation. Students who request admission at a time when they are suspended from another school district will not be admitted until the period of suspension expires. This policy will also apply if a student has been recommended for expulsion, but has been allowed to withdraw from school prior to final action on the recommendation. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

Transcripts of students transferring into the District will be assessed and evaluated by the principal or his/her designee at the receiving school. Course credits will be accepted as determined by the principal. Grades will be accepted on the same grading scale utilized by the sending school.

Any student transferring from homeschool or a school that is not accredited by ADE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. In the event that a student has no grades or transcript, the receiving school shall evaluate for proper placement.
The District will comply with the laws of Arkansas and regulations of the State Board of Education in its admission practices. Further, the admission practices will be construed in a manner consistent with the desegregation plan and student assignment plan of the District as approved by the United States District Court for the Eastern District of Arkansas. (Legal References: A.C.A. § 6-18-316, A.C.A. § 6-18-510, A.C.A. § 6-15-504)

D. Excused and Unexcused Absences

If any student's IEP or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one (1) of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will not be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in a Future Farmers of America, FCCLA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students;
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the Superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year old students who join the Arkansas National Guard while in eleventh (11th) grade to complete basic combat training between grades eleven (11) and twelve (12).
11. Absences for students excluded from school by the ADH during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Unexcused Absences

Absences not defined above or not having an accompanying note from the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with ten (10) unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal, after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has five (5) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day. Whenever a student has ten (10) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons...
standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or District's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and the school or District administrator or designee.

Students who attend ISS shall not be counted absent for those days. Days missed due to Out-of-School Suspension (OSS) or expulsion shall not be counted toward the ten (10) unexcused absences allowable per semester.

Each school principal, with the assistance of his/her school leadership team, will develop a plan detailing attendance counseling and reporting. This plan will be in compliance with District policy and the above regulations.

Procedures for Reporting Student Absences/Dropping for Non-attendance:
1. Automated call-outs performed daily for absences after every class period within the first 30 minutes of the first class where the student is reported absent.
2. Run a weekly Cognos Minimum Absence Report (students with five (5) or more absences).
3. At five (5) unexcused absences in any class period, parent notification by letter, mailed with attendance record attached, signed by principal.
4. Weekly list of students who were not contacted through daily call-out provided to the registrar.
5. After 10 (ten) full days (5/7 class periods) of unexcused absences, a letter to the parent with the referral form attached (sent by certified mail), and emailed to prosecuting attorney.
6. Call to DHS hotline to report excessive absences 1-800-482-5964.
7. After the 10th consecutive day of absence, student is dropped for non-attendance; copied to registrar and counselor, email teachers.

E. Tardy Policy
A tardy is any time a student arrives after school begins and departs before the school day ends. If an elementary student misses two and a half (2.5) hours of daily instruction it will be considered a half-day absence.

F. Pivot to Virtual Instruction
Virtual instruction is in the event of a school closing virtual pivot will occur at the superintendent's directive.
Section IV. Student Services
A. Locks, Lockers, Desk and Other Student Storage Facilities

Locks, lockers, desks and other student storage facilities are school-owned property. Students may not use a lock on lockers other than the one issued by the school.

Desks and lockers are school property and remain at all times under the control of the school. School authorities may conduct periodic general inspections at any time for any reason related to school administration. Inspection of individual lockers or desks may occur when there is a reasonable cause to do so and in those cases, the student and two (2) adults shall be present.

B. Health Services

K-12 Immunization Requirements:

The requirements for entry into school are:

Kindergarten: At least four (4) doses of Diphtheria/Tetanus/Acellular Pertussis (DTaP), Diphtheria/Tetanus/Pertussis (DTP), or Diphtheria/Tetanus (DT pediatric) vaccine; at least four (4) doses of Polio vaccine; two (2) doses of MMR (measles, mumps, and rubella) vaccine; three (3) doses of Hepatitis B vaccine; one (1) dose of Hepatitis A; and two (2) doses of Varicella (chickenpox) vaccine. A medical professional’s [medical doctor (MD), advanced practice nurse (APN), doctor of osteopathy (DO), or physician assistant (PA)] history of disease may be accepted in lieu of receiving Varicella vaccine. No self or parental history of varicella disease will be accepted (See Table II). Exception: If a student has previously received two doses of measles, one dose of mumps and one dose of rubella before January 1, 2010, the doses will be accepted as compliant to immunization requirements and 2 MMRs are not required.

1st through 12th grade: Three (3) or four (4) doses of Diphtheria/Tetanus/Acellular Pertussis (DTaP), Diphtheria/Tetanus/Pertussis (DTP), Diphtheria/Tetanus (DT-pediatric), Tetanus/Diphtheria (Td-adult) or Tetanus/Diphtheria/Acellular Pertussis (Tdap) and one (1) dose of Tdap for ages 10 years (as of September 1st each year) and older or 3 doses for unvaccinated persons 7 years of age or older (including persons who cannot document prior vaccination); at least four (4) doses of Polio vaccine; two (2) doses of MMR (measles, mumps, and rubella) vaccine; two (2) or three (3) doses of Hepatitis B vaccine; two (20) doses of Hepatitis A for First Grade; two (2) doses of varicella vaccine; and one (1) or two (2) doses of Meningococcal vaccine with one (1) dose for 7th grade and a second dose of Meningococcal vaccine at age 16 years (as of September 1st each year). However, if the first dose of Meningococcal vaccine is administered at age 16 years or older, no second dose is required; or if not vaccinated prior to age 16 years, one dose is required. A medical professional’s [medical doctor (MD), advanced practice nurse (APN), doctor of osteopathy (DO), or physician assistant (PA)] history of disease may be accepted in lieu of receiving Varicella vaccine. No self or parental history of varicella disease will be accepted. (See Table II). Exception: If a student has previously received two doses of measles, one dose of mumps and one dose of rubella before January 1, 2010, the doses will be accepted as compliant to immunization requirements and 2 MMRs are not required.

7th grade: In addition to the vaccines requirements listed under 1st through 12th grade, one dose of Meningococcal vaccine.

Every child must have received all of the vaccines, be in-process of receiving needed doses listed in Table II, show proof that they have a letter from ADH approving serology as proof of immunity, or applied for an exemption for those vaccines he/she has not received in order to continue attendance in a public or private school. If the child does not meet the immunization requirements for entering a public or private school, refer the child to a medical authority (private doctor or health department) for immunization or consultation.

*Doses of vaccine required for school entry may be less than the number of doses required for age appropriate immunization.

**An alternative two-dose hepatitis B schedule for 11-15 year-old children may be substituted for the three dose schedule. Only a U.S. Food and Drug Administration-approved alternative regimen vaccine for the two-dose series may be used to meet this requirement. If you are unsure if a particular child’s two-dose schedule is acceptable, please contact the ADH Immunization Section for assistance at 501-661-2169.

*** 3rd dose of hepatitis B should be given at least 8 weeks after the 2nd dose, at least 16 weeks after the 1st dose, and it should not be administered before the child is 24 weeks (168 days) of age. (All 3rd doses of hepatitis B vaccine given earlier than 6 months of age before 6/21/96 are valid doses and should be counted as valid until 6/21/2014.)

**** Tdap vaccine can be administered regardless of the interval since the last tetanus and diphtheria toxoid-containing vaccine.

***** Exception: If a student has previously received two doses of measles, one dose of mumps and one dose of rubella before January 1, 2010, the doses will be accepted as compliant to immunization requirements and 2 MMRs are not required.

****** A medical professional is a medical doctor (MD), advanced practice nurse (APN), doctor of osteopathy (DO), or...
physician assistant (PA). No self or parental history of disease will be accepted.

******** For unvaccinated persons 7 years of age and older (including persons who cannot document prior vaccination), the primary series is 3 doses. The first two doses should be separated by at least 4 weeks, and the third dose at least 6 months after the second. One of these doses (preferably the first) should be administered as Tdap and the remaining two doses administered as Td. Vaccine doses administered up to 4 days before the minimum interval or minimum age can be counted as valid for doses already administered. Exception: The minimum interval between doses of live vaccines (such as MMR and Varicella) must be 28 days.

If the child does not meet the immunization requirements for entering school, the school shall refer the child to a medical authority (private doctor or health department) for immunization or consultation for when the immunization is due.

Administering Medicine To Students

It is the policy that no drug or medicinal preparation, except for medicines or medications used in first aid, will be administered to students on any school premises by school personnel unless the student requires the medication in order to attend school. To ensure a safe method in dispensing medications to students, a current and valid doctor's prescription with instructions as well as a written request from the student's parent/guardian must be provided to school personnel.

Guidelines

1. Only medications prescribed by a physician will be given at school.
2. All medication (both prescription and over the counter medicine) must be in a container (bottle) with a prescription label noting the name of the student, medication name, dosage, and clear directions for administration.
3. School personnel are not trained to determine when non-scheduled medications are needed, as this is a form of prescribing. However, there are times when PRN (as needed) medication may be required. A physician statement must be provided giving specific instructions regarding how much, when and how often the medication is to be given.
4. The consent form (Medication Administration Record Form) must be signed by the parent or guardian before any medication will be given at school. Handwritten notes are not acceptable.
5. No medication to be given three (3) times daily or less will be administered at school unless a physician's statement specifically directs the medication be given at a certain time.
6. Building level personnel and school nurses will administer medicine to students according to Board Policy Code.
7. A locked and limited access area for storage of medications will be provided.
8. Parents/guardians shall be responsible for transporting medication to and from school for students in grades K-12 unless other arrangements are made with the school nurse or principal. It is recommended that parents/guardians bring a month supply to school and note when more medicine is needed to prevent missed doses due to depleted supply. The quantity of medication will be counted and recorded when medication is brought to the school.
9. At the end of the school year, any unused medication must be picked up by parent/guardian on or before the last day. All medication not picked up will be destroyed in the presence of a witness, unless prior arrangements have been made.
10. The school nurse or designee must administer all medications. However, to comply with Act 1694 of 2005, an exception will be made for students to carry/self administer asthma inhalers or emergency medications required for documented health conditions with a physician order and school nurse approval. An emergency health care plan and the consent (Medication Administration Record Form) must be on file. For the student's protection, the nurse or designee will not give a dosage of medication in excess of the recommended dosage on the label unless a physician's order is received.
11. The initial dose of a new medication must be given by the parent/guardian outside of the school setting.
12. No sharing of any medication is permitted.
13. Narcotic pain medication will not be administered in the school setting. Students requiring this type of medication should stay at home.

Communicable Diseases and Parasites (Board Policy 4.34)
Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to chickenpox, measles, scabies, conjunctivitis (pink eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions, and excretions (except sweat). In instances where the probable spread is airborne diseases (i.e., the novel coronavirus), students and district personnel will wear appropriate face coverings in all school facilities, outside school facilities when physical distancing is not possible, and when riding school buses. The District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in Board Policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of ADH during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by ADH.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

Head Lice
Head lice are a fairly common problem in school age children. They are most prevalent in the preschool and elementary populations. While head lice are a nuisance, they do not pose a significant health hazard and are not known to spread disease. They can be acquired anywhere in the community and may not be identified until weeks or months after exposure. Having head lice is not related to cleanliness of the person or their environment.

If a child is assessed as having head lice, confidentiality must be maintained so the child is not embarrassed. The child’s parent or guardian should be notified that day and educated on the prompt, proper treatment of head lice.
When a student has suspected head lice:

1. The school nurse or trained staff member will assess the student with suspected head lice as needed to determine the action steps required.
2. If live adult lice are found, the student's parent or guardian will be notified with instructions on how to ensure treatment guidelines are followed.
3. Students may be picked up from school by the parent or guardian upon identification of the head lice.
4. A head lice letter and treatment timeline will be sent home with the student.
5. Students will not be excluded from school for the identification of nits only and will be allowed to remain in class.
6. A follow up assessment of the student will be completed by the school nurse or trained staff member within 7-10 days.
7. The parent must provide proof of treatment to the school nurse or building administrator.
8. The student will be assessed by the school nurse or trained staff member after a head lice treatment has been administered at home by the parent or guardian.
9. The parent or guardian is instructed to ensure that all treatment guidelines have been followed so that re-infestation does not occur.
10. Screening of students who have close contact with the student at school will be assessed at the discretion of the school nurse.
11. Only students who have active head lice will be sent notification from the school nurse or building administrator.
12. The American Academy of Pediatric Physicians does not recommend that routine screenings of the entire school population be completed, nor any school wide notification occur when a student has head lice. Therefore, building wide screenings nor notifications are not recommended.
13. If a student has frequent infestation of active adult head lice, the school nurse or trained staff member will assess each student in the appropriate classroom(s) as deemed necessary by the school nurse.

The best method of controlling an outbreak of head lice is by the parent or guardian doing regular checks of the child's hair and scalp at home.

Right to Privacy
The District/school shall respect the student's/employee's right to privacy and need for confidentiality. Therefore, the knowledge that a student/employee has an infectious/communicable disease will be confined to those with a direct need to know. Federal Law mandates this right be protected. (Adopted 12/12/78)

C. Student Nutrition
PCSSD and the Student Nutrition Department care about students and want every one of them to have an enjoyable experience at school. Our school district participates in the National School Breakfast and Lunch Programs sponsored by the United States Department of Agriculture (USDA) and is held to a high standard of accountability, good nutrition, and safety. Eating breakfast and lunch will enable students to be better prepared to learn in the classroom.

Breakfasts and lunches are provided in all PCSSD school cafeterias. Students are encouraged to participate in these nutritionally balanced programs; however, students may choose to bring meals from home.

Plan ahead for your student; be sure to have a plan for the method of feeding your student(s) each day of the year and make sure everyone in your family knows the plan for what to do about meals. There are 5 ways to provide for your student(s):

1. Your student(s) may bring a meal each day. Plan a nutritious meal that's well balanced with fruits, vegetables, source of protein, bread, and milk or juice.
2. Your student(s) may want to buy their meals in the school cafeteria. Plan to send money each day with your student(s). Reduced price and full paying students may pay the cashier at meal time or go to the cafeteria before school starts and pay for meals in advance.

3. You may pay by check. If you have more than one child in the same school, send one check for all students and specify name, grade, teacher, and the amount you want on each child’s account.

4. Pay online with MyPaymentsPlus.
   a. Go online to www.MyPaymentsPlus.com
   b. Follow the instructions

5. PCSSD operates a meal assistance program, which complies with federal guidelines. Meal assistance in the form of free or reduced price meals is available with both the breakfast and lunch programs. If you have a need for assistance, plan for that also. It’s quite simple.
   a. Apply online at www.pcssd.org. OR
   b. Pick up a Free & Reduced Price Meal Application from your school office at registration or pick up a Free & Reduced Price Meal Application from your cafeteria anytime during the school year.
      i. Fill out the application and return it to the school’s cafeteria manager or mail it to the Student Nutrition Department at:
         Pulaski County Special School District
         Student Nutrition Office
         1101 East Dixon Rd.
         Little Rock, AR 72206

Once the application is received, a determination will be made within ten (10) days to see if your student(s) qualifies for free or reduced priced meals. Qualification is based on household income and family size. A complete application will include income information by source, social security number, and the signature of an adult household member. (Please keep a copy of the application for your reference).

Until you receive a written notification letter from the Student Nutrition Department that your student is eligible for free or reduced priced meals, full payment must be made for each meal received. Notification from any other source, or any means other than written, is not valid.

6. If your student(s) were eligible for the free or reduced priced meals the previous school year, you have thirty (30) days after the first day of school to fill out a new application and for it to be approved. Otherwise the student(s) will be classified as a full pay student. After the lapse of thirty (30) days, full payment will be required if the new application has not been received and approved by the Student Nutrition Department. If your student is transferring from another district and received free or reduced benefits you may provide your notification letter to your school student nutrition manager. If you provide this information, a free and reduced application is not necessary.

Charge Policy & Collections Procedure
We must limit the occurrence of charging for meals to no more than five (5) charges to your student’s account. It is the policy of PCSSD to allow students to charge meals when money is unavailable and the student would otherwise have to miss meal service. This is a courtesy extended to the student and should not occur on a regular basis. Money owed to the District from meal charging will be carried over to the following year.

   1. All students will be given a 5 charge limit, but in no way does this relieve the parent or guardian’s responsibility to pay money owed to the school district for meals charged by their students.
   2. Following the student’s first charge, the cashier will contact the parent that the student’s account is at zero or below.
   3. Following the student’s second charge, a letter will be sent home by the cafeteria manager via mail notifying the parent or guardian of the charges along with instructions to refer to the charge policy in the student handbook.
4. Following the student’s third charge, the parent/guardian will be contacted by Student Nutrition Department staff. This process will occur until money is collected for that student by his/her parent. Outstanding charges will continue to be collected.

Guidance
1. I.D. numbers and I.D. cards are not to be shared. Once a number or card has been used by someone other than your student and your student tries to eat using his/her card a second meal will ask for payment. If in elementary, a charge will be applied to the I.D. number and the parent or guardian will be responsible for those charges.
2. Regardless of free or reduced meal status, second meals will be charged at full price.
3. Charge notices will be sent to the parent or guardian weekly for every student who owes charges for meals. After one charge notice has been sent with no response, the parent is contacted on the second week by phone. If the parent does not have a phone, a notice will be mailed or emailed.
4. ADE Rule 8.02.4 defines school events - Students may be given any food and/or beverage items during the school day for up to nine (9) different events each school year to be determined and approved by school officials. These items may not be given during meal times in the areas where school meals are being served or consumed.
5. Parties must be school-wide and every class would need to participate in these on the same day and all such days are required to be placed into eSchoolPlus prior to the school year beginning. Birthday parties for individual students are prohibited.
6. If you choose to bring your child food, it must be brought by the student’s parent/guardian at the student’s lunch period. The parent/guardian must check in at the front office, and hand-deliver the food to the student. Food can only be provided to your student and cannot be shared with other students. No third party delivery companies will be accepted in the school.

Food Allergy Policy
If your child has a food allergy to any item on the menu, a doctor’s statement is required to be filed with the cafeteria manager and the school nurse, stating the student’s allergies to all such foods and the alternate food to be served.

Meal Prices
Adult or non-student breakfast $2.50; Adult or non-student lunch $3.75
The differences between the adult and student prices are based on the USDA regulations. Students are subsidized for the meals and adults are not.

- Elementary Breakfast – Full Pay $2.00, Reduced $.30, Milk $.40
- Elementary Lunch – Full Pay $3.25, Reduced $.40, Milk $.40
- Secondary Breakfast – Full Pay $2.00, Reduced $.30, Milk $.40
- Secondary Lunch – Full Pay starting at $3.50, Reduced $.40, Milk $.40
- Al la carte items are available in middle and high schools only. Payment is due upon the time of purchase and cannot be charged.

In the case of late school openings because of inclement weather, breakfast will not be served. In the case of late buses, breakfast will be served to those students.

We will be glad to answer any questions concerning your student’s meal account by calling the PCSSD Nutrition Services Office at 501-234-2300.

D. Insurance
A group accident insurance policy is available to all members of the student body at a nominal cost when school activities begin each fall. Athletic participation fee does not include school insurance. PCSSD is not liable for injuries received by students on our campuses.

E. Transportation
School buses are operated by PCSSD as an accommodation to students and parents. Riding a bus is a privilege that must not be abused by daily bus riders or those only riding a bus for a field trip. The same appropriate behavior expected at school is expected on the school bus. A student’s failure to conform to acceptable standards of behavior and courtesy will result in him/her being subject to disciplinary action. Parents will be held financially responsible for damage to the inside/outside of the school bus. Students transported on PCSSD school buses will adhere to the Centers for Disease Control and Prevention, ADH, and the PCSSD transportation regulations.

Transportation to Locations for Childcare
Due to fiscal and liability concerns, PCSSD shall not provide transportation services to a location for the purpose of providing care to students prior to or immediately following the instructional day. This policy has no impact on transportation services specified in a student's IEP or 504 plans.

Section V. Other Board Policies
A. Due Process/Grievances
Students have the right to be immediately informed of alleged violations of standards of behavior as established by Board policy and/or school regulations, and to be informed of appeal procedures.

Students have the responsibility to know and obey school rules, to express grievances in a polite and hospitable manner, and to give parents correct information concerning misconduct. Principals and teachers have the responsibility to follow Board established procedures in disciplinary actions against students. Principals are responsible for notifying and conferring with parents and students in cases involving suspension and expulsion recommendations. Parents have the responsibility to call the principal for a conference when needed, and to arrange with proper school authorities for desired student hearings.

B. Parent/Student Process for Complaints/Appeals
If a student and/or the parent of the student involved in a disciplinary ruling wishes to contest a disciplinary ruling or a condition or circumstance imposed by a teacher or school administrator, the procedure which follows should be used by the person filing the complaint. All complaints must be submitted in writing.

1. The complaint must be directed to the person who originally took the action upon which the complaint is based. The person shall reconsider his action and give his decision to the complainant.

2. If the complainant is not satisfied with the decision, the complaint must be directed to the immediate superior of the person who took the original action. If the complaint is directed to a teacher, the immediate superior would be the building principal. If the complaint is directed to a principal and involves an academic problem, the immediate superior would be the Deputy Superintendent for Learning Services or his/her designee. If the problem involves a disciplinary action, the principal's immediate superior would be the Assistant Superintendent for Equity and Pupil Services or his/her designee. The superior or his/her designee shall review the original action which was taken and render a decision or suggest a solution which might be mutually satisfactory to all parties.

   a. If either party is not satisfied with the decision of the superior, the complaint may be directed to the Superintendent.

3. The Board of Directors delegates to the Superintendent the authority to review the complaint and issue a decision regarding the complaint. In regard to suspension and due process, the decision of the Superintendent will be final.

Note: Only the Board of Education may expel a student from school on concurrence of the Superintendent with the principal’s recommendation, and only through due process proceedings. (See Expulsion – page 73) The Board of Education may expel a student for the remainder of the semester, for the remainder of the school year, or permanently.

C. Procedures for School Investigations
An investigation will be promptly initiated when a complaint or a report of misconduct is received.

Complaints/reports will be processed based on the severity of the report and mandated due process. Due process for Section 504 and IDEA must be followed.

The PCSSD administration recognizes that every situation is different. However, when a complaint is made or a report is submitted, the following process shall be used by school administrators as a general guideline for conducting an investigation:

1. Provide a complaining party with the appropriate form (complaint form or teacher referral documentation).
2. Initiate investigation in a timely manner.
3. Immediately notify the central office to relay information or for guidance, when applicable. This may include Directors of Education, the Director of Pupil Services, Coordinator of Safety and Security, or the Executive Director of Communications.
4. Immediately notify school officials in your building who should be involved in the investigation (nurse, food services manager or director, school or District security).

5. Immediately contact parents/guardians, when applicable and as required by board policy and District procedure, to inform them that an investigation is pending.

6. Check surveillance cameras for footage of the incident that is the subject of the complaint. Make arrangements to provide the Director of Pupil Services with a copy of the surveillance footage. If the incident occurred on a school bus, contact the bus pound and notify the Director of Transportation so that he can obtain the surveillance footage. The school shall request that footage is saved/copied as evidence through the PCSSD Department of Safety and Security.

7. Take written statements from all parties involved (e.g. students, staff, parents, etc.). This includes witnesses on both sides of the allegation. Evidence should reflect a distinction between what was seen or what was heard. When possible, witnesses should write their own statements on the witness statement form.

8. If applicable, notify outside agencies who should be involved in the investigation (police, DHS–800-482-5964). All staff members are mandated reporters.

9. Upon completing the investigation, the findings will be documented and the persons involved will be notified in writing, when applicable.

Reminders:
1. Copies of written statements may be shared upon request only if the name of the student has been removed.
2. Confidentiality must be a priority. Consequences administered to students cannot be shared with other parties.
3. All requests to view on-campus surveillance footage should be forwarded to the Director of Pupil Services. Surveillance footage may be viewed at the discretion of the Director of Pupil Services.
4. All requests to view bus surveillance footage should be forwarded to the Director of Transportation. Surveillance footage may be viewed at the discretion of the Director of Transportation.
5. All human resources policies and procedures must be considered.
6. Administrators are always required to investigate parent/guardian concerns. Any reports made to police or another outside agency do not negate our responsibility to investigate.

**D. Procedures for Filing Sexual Harassment Complaints**

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, the District shall simultaneously provide the following written notice to the parties who are known:

1. Notice of the District's grievance process and a copy of the procedure governing the grievance process.
2. Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before an initial interview. Sufficient details include:
   a. The identities of the parties involved in the incident, if known.
   b. The conduct allegedly constituting sexual harassment.
   c. The date and location of the alleged incident, if known.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.
4. That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
5. The parties may inspect and review evidence relevant to the complaint of sexual harassment.
6. That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of additional allegations to the parties whose identities are known.
The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular “party,” “complainant,” or “respondent” include the plural, as applicable. For more information, contact the PCSSD Title IX Coordinator at 501-234-2021.

**E. Expression**

Students have the right to express opinions and to support causes without interference from school authorities except when such actions are unlawful or disruptive to learning.

1. **Verbal Expression**
   a. Students have the right to free and dynamic expression of ideas including personal opinion. Students have the right to opportunities for expressing themselves orally within the classroom and through other established settings within the school.
   b. Students have the responsibility to refrain from engaging in offensive obscenity and slander; to avoid speaking in such a way that disrupts the educational process; and the responsibility to avoid speaking solely for the purpose of infringing upon the rights of others. Students, teachers, and other school staff have the responsibility to communicate in a courteous, non-hostile manner.

2. **Written Expression**
   a. Students have the right to distribute or post printed material (pamphlets, posters, leaflets, newspapers, brochures, circulars, and petitions) subject to individual building procedures and accordance with Board of Education policies.
   b. Principals have the responsibility to see that Board of Education policies are adhered to and to develop and make available the building procedures for preparation and distribution of written materials.

3. **Symbolic Expression**
   a. Students have the right to symbolic expression (the wearing of insignia, hair style, clothing, physical gestures) which does not (a) cause disruption of the education process, (b) infringe upon the rights of other students and faculty, (c) prevent the Board of Education from performing its statutory obligations, or (d) cause accidents or endanger the health or physical well-being of students or faculty.
   b. The primary responsibility for dress, grooming and overall appearance of students rests with the parents of individual students and the students themselves. Students have the responsibility to insure that (a) buttons, badges, clothing, and other symbols do not contain obscene or libelous words, phrases, or pictures, or depict alcohol, drugs, and/or tobacco products; (b) that hair styles do not interfere with the health and safety of all students; (c) that clothing does not result in overt exhibitionism or disregard of common rules of cleanliness and health and safety standards, (d) that no flag or banner is publicly displayed except those approved by the Board of Education; and (e) that physical gestures do not convey a connotation of obscene or highly disrespectful acts, infringe upon the rights of others, or cause or begin an overt and immediate disruption of the educational process. School staff has the responsibility to ensure adherence to the above standards.

4. **Anti-Hate Commitment**
   a. The education and safety of our students is a top priority in PCSSD. PCSSD takes a firm stance against hate in all forms at all levels. We are all responsible for nurturing anti-hate educational learning environments in order to ensure that each and every child is respected and valued for who they are regardless of skin color, gender, sexual identity or orientation, ability or disability or any other category. PCSSD will continue to create inclusive educational environments where every student feels a sense of belonging and is treated with dignity and respect.
F. Assembly
Students have the right to arrange and participate in curriculum related activities in or on school property in accordance with the building level policies of the principal.

Students have the right to arrange and participate in non-curricular activities in or on school property during non-instructional time (time set aside by the school before actual classroom instruction begins or after actual classroom instruction ends) in accordance with the Board's limited open forum policy (the practice of providing equal access and a fair opportunity to obtain space to any students wishing to conduct a meeting or meetings without regard to religious, political, philosophical, or other content of the speech at such meetings).

Students have the responsibility to consult with and follow building level policies as set by the Board and described by the principal when planning any student activity to be held on school property before, during, or after the school day. Principals have the responsibility to follow Board regulations in accepting and acting on student applications or requests, for curriculum or non-curriculum related meetings.

Should attendance at a planned assembly not be required and students choose not to participate, they have the responsibility to report to an assigned area. Students attending a planned assembly have the responsibility to provide courteous attention. Building principals have the responsibility for having a written plan and dispersal statement for dealing with unpeaceful assemblies of students. The principal is responsible for familiarizing the entire school staff and student body with the plan.

G. Patriotic and Religious Exercises
Students have the right to participate in or abstain from such exercises as the flag salute, oaths or pledges, anthems and religious observances.

Students have the responsibility to respect the choice of those who choose to participate or abstain from such exercises. Parents and students have the responsibility to express to principals, for appropriate action, their religious or ethical objections to participating in selected features or class activities.
Section VI. Student Conduct
A. Discipline Management Plan (DMP)
The Discipline Management Plan (DMP) is a specific initiative to address the District’s goal of eliminating disparities in school discipline by providing discipline management options that do not involve a disruption of education services. Students shall comply with reasonable instructions from administrators, teachers, instructional assistants, school bus drivers, or any authorized District employee. After the teacher has followed the DMP and the student still does not comply with any school personnel, then a referral will be issued.

B. Response to Intervention
Response to Intervention (RTI) is a multilevel preventive system designed to improve learning or behavioral outcomes for all students.

RTI is designed to accomplish three important goals:
1. Ensure all students receive research based instruction;
2. Provide progress monitoring tools that will be utilized in making data-based decisions in terms of interventions and enrichment; and
3. Provide a more practical method of identifying students with specific learning needs.

As educators, we endeavor to ensure that these goals are met daily through the collaboration of all stakeholders. PCSSD is committed to creating a tiered process for all students with academic and behavioral needs. The idea of RTI is to catch learners when they begin to struggle. This process, based on scientific research, will be a safety net for all at-risk learners thereby assuring that all students achieve their maximum potential through collaborative, supportive, and continuous efforts of all stakeholders.

For additional information about RTI, or for answers to any questions you might have about the process, please contact the building RTI coordinator for your child’s school.

C. Positive Behavioral Intervention and Support
Positive Behavioral Intervention and Support (PBIS) is a proactive and positive approach to discipline, an integrated system which enhances academic and social behavior outcomes for all students. PBIS is a multitiered preventive framework in which all students are taught the school wide behavioral expectations and receive behavior supports based on student needs. Every school has developed three (3) to five (5) behavioral expectations that are implemented across settings such as the bus, cafeteria, playground or common area, restroom, hallway, classroom, etc. We will continue our partnership with the Center for Community Engagement and with Arkansas RTI to bring PBIS training and coaching to our District.

D. Restorative Practice
Restorative practice is a strategy the District uses to improve school culture and climate and reduce discipline disparities. These practices focus on building relationships and creating community among stakeholders while minimizing punitive disciplinary measures.

Teen Court
Teen Court is a tribunal of young people who have been trained to hear actual cases of offenses committed by other youth. Teen Court participants serve as judge, jury, and advocates, and impose sanctions that reflect restorative justice principles. In order for a case to be heard by Teen Court, a youth must first admit responsibility for his/her actions. Sanctions, which often include community service, reflective essays, and letters of apology, provide an opportunity for youths to redress the discipline infractions committed on school premises and learn how to make better decisions going forward. Teen Court can also link young people and their families to community resources that promote positive youth development.
Restorative Circles
A restorative circle is a versatile restorative practice that can be used proactively, to develop relationships and build community or reactively, to respond to wrongdoing, conflicts and problems. Restorative circles give people an opportunity to speak and listen to one another in an atmosphere of safety, decorum, and equality. The restorative circle process allows people to tell their stories and offer their own perspectives. The restorative circle has a wide variety of purposes: conflict resolution, healing, support, decision making, information exchange, and relationship development. Restorative circles offer an alternative to contemporary meeting processes that often rely on hierarchy, win-lose positioning, and argument.

E. Consequences and Infractions
Discipline will be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative discipline practices. Discipline will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and the statutory requirements. Because of these factors, discipline for a particular offense including misconduct in a vehicle owned or operated by the District (unless otherwise specified by law) may bring into consideration varying techniques and responses. School safety will be the primary determinant for actions taken by administrators regarding student behavior.

The District's administrators may also take disciplinary action against a student for off campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to, a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights. (Legal References: A.C.A. § 6-18-502, A.C.A. § 6-17-113)

The District's student discipline policies shall be distributed and reviewed to each student during the first week of school each year and to new students upon their enrollment. The constitutional rights of individuals assure the protection of due process of law; therefore, this system of constitutionally and legally sound procedures is approved with regard to the administration of discipline in PCSSD.

The minimum penalty for student misconduct will be a reprimand/warning and the maximum penalty will be recommendation to expel by the District Board of Education and legal action dependent upon the severity and frequency of the misconduct. Discipline actions should become progressively more severe if the student continues to violate District rules. At any point during the progressive discipline process a parent, teacher(s), student, administrator conference may be held to develop a behavior plan. The plan will be issued to all of that student's teachers, counselors, and administrators. The administrator may choose the most severe penalty at any time based on the circumstances involved in the particular incident. An administrator may not use a less severe consequence on any given rule without conferencing with the referring teacher. Any violation of Arkansas law will result in a minimum consequence of OSS to the maximum of recommendation to expel.

**F. Student Assistance Center – Secondary Only**
The Student Assistance Center (SAC) is for the assignment of students in lieu of OSS. The District created SAC as a means of assisting schools in reducing the number of OSS students. Students who refuse to attend a SAC assignment may receive the equivalent days of an OSS.
Guidelines:
1. Students may be assigned to SAC in lieu of an OSS.
2. Students may not be assigned any more than five (5) days per assignment.
3. Classroom work will be provided by the student's teachers each day of the assignment to SAC.
4. Supplemental materials for standardized test preparation will be utilized in the SAC classroom.

G. Detention Hall
Detention hall may be assigned depending upon the rule violated as determined by the school administration. This is an alternative program offered by PCSSD to keep students in school. The Detention hall is coordinated at the local school level by the building principal.

Students who do not attend Detention hall may receive one (1) day of ISS. Progressive discipline may apply.

H. Out-of-School Suspension
Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:
- At any time on school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to:
1. Violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Insubordinate, incorrigible, violent, or involves moral turpitude.

OSS shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:
- Poses a physical risk to himself/herself or to others;
- Causes a serious disruption that cannot be addressed through other means; or
- Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:
1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's readmittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the District.
Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents or legal guardians to provide current contact information to the District, which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be made via direct contact by phone. If the administrator is unable to reach the parent/guardian via a phone call, other means may be taken such as voice mail, text message, email, or regular first class letter to the last known mailing address.

The District shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving ISS shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

**I. Probation**

The principal, or his/her designee, may place any student who has been involved in an act of misconduct on probation in addition to suspension. School personnel must, however, perform an investigation of the situation; provide formal notice to the student and parent/guardian(s), and an opportunity for a parent/guardian conference. Probation should be for a definite period during which critical examination and evaluation of the student's progress is to take place.

**J. Expulsion**

1. When a student is suspended by a principal and recommended for expulsion the parent(s) or guardian will promptly be notified in writing by a certified letter to the last known address, or a letter delivered by a school employee, of the reason(s) and the procedure to be followed if readmission is sought. When the letter is delivered by a school employee the parent or guardian will be required to sign a statement of receipt. The expulsion recommendation must be signed by the principal.

2. A hearing on the recommendation for expulsion will be conducted by the hearing officer, which is the Assistant Superintendent for Equity and Pupil Services or his/her designee, if a request is made in writing within ten (10) calendar days from the date of the aforesaid notice. The hearing officer will consider the appeal brought by parents and the position of the administration making the recommendation and then make a decision based upon equitable factors. This hearing will normally be conducted within five (5) days after receiving the request for a hearing. A form and a stamped addressed envelope which may be used to request a hearing will be enclosed with the aforesaid notice.
3. The findings and recommendation of the hearing officer will be final unless modified or rejected by the Superintendent and/or Board of Education. The hearing officer will furnish to the student or his/her representative complete instructions on his/her right to appeal to the Superintendent and/or Board of Education and the procedures to be followed. A form which may be used for this purpose will also be furnished if requested or if an appeal is indicated. (The appeal request must be made in writing within five (5) calendar days.)

4. No appeal will be heard by the Board unless the student has appeared before the hearing officer and presented a written notification of appeal to the Superintendent at least five (5) days prior to the next regular Board meeting, with the exception of students who are in possession of a firearm or who are involved in a fight with any weapon or other dangerous instrument. In these cases a written notification of appeal to the Board must be made to the Superintendent at least five (5) calendar days prior to the next regular Board meeting.

5. An appeal hearing before the Board will be conducted as follows:
   a. General statement concerning the allegation(s) will be made by the principal or Assistant Superintendent for Equity and Pupil Services or the District hearing officer.
   b. General statement on behalf of the student.
   c. Presentation of evidence by the principal or his/her representative.
   d. Presentation of evidence by the student or his/her representative in defense or mitigation of the allegation(s).
   e. Rebuttal evidence by the principal if he/she so desires.
   f. The Board will then make a finding concerning the validity of the allegation(s). If the Board finds the allegation(s) not to be true, this will terminate the hearing and no further action because of this matter will be taken against the student.
   g. If the Board finds the allegation(s) to be true, the principal will make a recommendation and may offer additional facts of evidence in support thereof. The recommendation need not necessarily be the same as the original recommendation made by the principal.
   h. The student or his representative may elect to make a final statement in mitigation of the allegation(s) and recommendation of the principal.
   i. The Board of Education will take final action on the recommendation of the principal and may approve, modify, or reject the recommendation.

6. In the absence of a request for a hearing before the hearing officer, the Board will act upon the Superintendent's recommendation.

7. When, because of the circumstances, time is of the essence, the Board and the Superintendent may waive and modify the time and notice provisions of this subsection when such action would be in the best interest of fairness and the furtherance of justice. (Legal Reference: A.C.A. § 6-18-507) When a student has been notified that he/she has been recommended for expulsion, he/she will remain away from the school premises pending resolution of the recommendation.

K. Discipline of Students Under IDEA and Section 504
A student with a disability under IDEA or Section 504 of the Rehabilitation Act, as defined by federal and state standards, who engages in inappropriate behavior is subject to normal school disciplinary procedures, provided the student's right to a free and appropriate public education is not violated.

The IEP team for an IDEA student with a disability or a Section 504 accommodation team for a 504 student should consider whether particular disciplinary procedures should be adopted for that student and included in the student's IEP or 504 Plan, if a disabled student's placement is to be changed for a period of time exceeding ten (10) school days. District special education or Section 504 personnel, whichever is applicable, will be consulted to ensure that proper due process procedures are followed. (Legal References: A.C.A. § 6-18-502, A.C.A. § 6-17-113)
