

## MILAN COMMUNITY SCHOOL CORPORATION

July 20, 2021

Welcome Back! It's time to kick off the 2021-22 school year!

Here are some important dates and information for you and your child:

### **Wednesday, July 21 - Online Registration opens.**

- Go to our website [www.milan.k12.in.us](http://www.milan.k12.in.us) and look at the top right hand corner and click on "Registration." All returning students need to have this completed before school starts.
- Go to [www.lunchapp.com](http://www.lunchapp.com) and complete the lunch and textbook assistance form. We would like ALL families to complete this form. Even though meals will be free this year, the information helps our school receive our share of federal funding.
- *New Students?* If you are new or you know of a family who would like to attend Milan, suggest they contact the school their child will attend to complete new student registration forms.

### **Friday, August 6 - Open House 4:00-6:00 p.m. in all schools.**

- Watch for specific information from your school principal.
- Stop by school to meet your child's teachers before school begins.
- Stick around for the football scrimmage in the evening. This will be a fun way for all of us to gather back together!

### **Tuesday, August 10 - First day of school for Grades 1-12.**

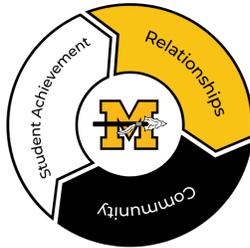

We appreciate everyone's cooperation last year so that we could remain in school. We are excited that this year we are getting back to more of our typical routines. Some items to note:

- Bus schedules and routes remain the same as last year.
- Drop off will begin at 7:30 a.m., no earlier, this year.
- Pick up will be the same as last year.
- Breakfast and lunch are free for all students again this year.
- Masks are optional.
- Hand washing and sanitizing is encouraged.
- Pre-K and Kindergarten will begin Wednesday, August 11.
- Watch for specific building information from your principal.

## Renovations to Serve You Better

Our buildings have been a stir of activity this summer as renovations are underway in all buildings. The work will continue during the school year. We will ensure that safety and learning are our top priorities throughout the construction process.

## Milan Vision

***Milan students will learn and grow everyday  
and graduate with a purpose.***

Finally, check out the graphic. You'll be seeing this throughout the year as it will guide our vision that students will learn and grow everyday and graduate with a purpose. To do this, we need solid relationships, strong academics, and a supportive, collaborative community.

We will continue to communicate with our families through emails, phone call messages, our Facebook and Twitter accounts, and our school app and website. Check these out and feel free to call our schools for additional support.

Thank you for working alongside us to educate our children. We are excited for the year ahead!

Sincerely,

Jane E. Rogers  
Superintendent
