

FACULTY EXTRACURRICULAR ACTIVITIES POLICY

It shall be the policy of the Yale Public Schools to expect the teachers to have their students participate in local, district, regional, state and national competition. Also, knowing that students are best served when the teacher is in the classroom, this competition attendance will follow the guidelines below.

If a teacher is to be absent because of extracurricular activities, these activities must be on the building calendar and the master calendar. After the tenth day of absenteeism, a request in writing will be made by the teacher. This request will be made monthly and should be turned in to the building principal for board action.

Adoption Date: August 10, 2015
