

STUDENT TECHNOLOGY ACCEPTABLE USE
AND SAFETY AGREEMENT

To access and use District Technology Resources, (as defined in Bylaw 0100) including a school assigned e-mail account and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission and sign and return this form. Students eighteen (18) and over may sign their own forms.

Use of District Technology Resources is a privilege, not a right. The Board of Education's Technology Resources, including its computer network, Internet connection and online educational services/apps, are provided for educational purposes only. Unauthorized and inappropriate use will result in loss of this privilege and/or other disciplinary action.

The Board has implemented technology protection measures that protect against (e.g., block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Students using District Technology Resources are personally responsible and liable, both civilly and criminally, for unauthorized or inappropriate use of the Resources.

The Board has the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using District Technology Resources. Messages relating to or in support of illegal activities will be reported to the appropriate authorities. Individual users have no expectation of privacy related to their use of District Technology Resources.

Parent/Guardian

As the parent/guardian of this student, I have read the Student Technology Acceptable Use and Safety Policy and Guidelines, and have discussed them with my child. I understand that student access to the Internet is designed for educational purposes and that the Board has taken available precautions to restrict and/or control student access to material on the Internet that is obscene, objectionable, inappropriate and/or harmful to minors. However, I recognize that it is impossible for the Board to restrict access to all objectionable and/or controversial materials that may be found on the Internet. I will not hold the Board (or any of its employees, administrators or officers) responsible for materials my child may acquire or come in contact with while on the Internet. Additionally, I accept responsibility for communicating to my child guidance concerning his/her acceptable use of the Internet - i.e., setting and conveying standards for my daughter/son to follow when selecting, sharing and exploring information and resources on the Internet. I further understand that individuals and families may be liable for violations.

At Bellevue Community Schools, we use G Suite for Education and all students have access to Google's core services, as well as additional services including YouTube, Google Maps, Google Earth, and other Google and non-Google services that teachers might utilize in the classroom. Students' personal information, including name, email address, age, password and other data may be shared with these services in order to allow students to use them. Some websites may use this information to offer tailored content. Google may combine personal information from more than one Google service (Google's privacy notice is at https://gsuite.google.com/terms/education_privacy.html).

To the extent that proprietary rights in the design of a web page, site, service or app hosted on Board-owned or District-affiliated servers would vest in my child upon creation, I agree to assign those rights to the Board.

Please check each that applies:
