

Our partners at the Minnesota Department of Education and the Minnesota Department of Health are beginning work on the 1801 grant evaluation. One of the evaluation activities is to create a district storyboard for the 2020-2021 school year where we will highlight 3-5 key accomplishments.

Over the next week (by April 19th), please send Ashley Johnson (cc'd here; ashley.johnson@state.mn.us) ideas of key 1801 accomplishments we could include on our storyboard. Ashley will be in touch with you to set up a brief call to learn more about the accomplishment, including (full question list attached):

What prompted the accomplishment?

What did you do?

Who was impacted?

How did COVID-19 impact the accomplishment? How did the district respond to COVID-19?

What challenges or barriers to accomplishing the work have you faced?

What resources were helpful for accomplishing the work?

What additional resources could MDE and MDH provide, or how could they support you differently?

What is next? How will this change be sustained?

What lessons have you learned in doing this work and how will you use those learnings next year?

Attached is our storyboard from the 2019-2020 school year for reference.
