

## **Annual Notification of Rights under FERPA**

**Updated October 5, 2020**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Bowling Green R-I School District receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Bowling Green R-I School District to amend their child's or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees, who is under the direct control of the school with respect to the use and maintenance of PII from education records, and who agrees to follow confidentiality laws regarding the redisclosure of information; a person paid by the school to perform a special task that requires access to student records, such as an attorney, auditor,

medical consultant, or therapist; a person serving on an official committee, such as a disciplinary committee, care team, a threat-assessment team, or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official performing a task that is specified in his or her position description or by a contract, performing a task related to a student's education in accordance with the school official's position, performing a task related to the discipline of a student in accordance with the school official's position, providing a service or benefit relating to the student or student's family, such as healthcare, counseling, job placement or financial aid; maintaining the safety and security of the campus, under the direct supervision of a staff member and, with authorization from the district, assisting a staff member in performing his or her job.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Bowling Green R-I School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Bowling Green R-I School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Bowling Green R-I School District may disclose appropriately designated "directory information" without written consent, unless you have advised the Bowling Green R-I School District to the contrary in accordance with Bowling Green R-I School District procedures. The primary purpose of directory information is to allow the Bowling Green R-I School District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Bowling Green R-I School District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the Bowling Green R-I School District in writing within 10 school days of this annual notice. Refer to the FERPA Directory Information Opt-Out Form. The Bowling Green R-I School District has designated the following information as directory information:

- Student's name and date of birth
- Parents' names
- Student grade level
- Enrollment status (e.g., full-time or part-time)
- Student identification number; user identification or other unique personal identifier used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records
- Participation in district-sponsored or district-recognized activities and sports
- Weight and height of members of athletic teams
- Athletic performance data
- Dates of attendance; degrees, honors and awards received
- Artwork or coursework displayed by the district
- Schools or school districts previously attended

The Bowling Green R-I School District has designated the following information as limited directory information, meaning that such information may be disclosed to parent groups or booster clubs that are recognized by the Board and are created solely to work with the district, its staff, students and parents and to raise funds for district activities for the purposes of encouraging membership or participation in the group or club; parents of other students enrolled in the same school as the student whose information is released when the release is for the purpose of facilitating communication between parents; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services for official governmental purposes:

These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
