Fall River School Newsletter for August 2021 Back to School Edition

LET'S GET BACK TO NORMAL

This coming school year will hopefully be a very normal school year. With almost our entire staff vaccinated, many adults and students who are eligible to be vaccinated are now vaccinated and a very low incidence of COVID-19 in our district at this time, the school board approved our recommendation to mostly go back to Pre-COVID routines in almost everything we do this fall.

Some highlights are:

1. Masks will now be fully optional at all times.
2. We have learned that many of our cleaning, hand washing and sanitation efforts have helped us stay healthy, not just from COVID, but from a lot of other diseases that so easily spread at school. Since these cleaning and sanitizing procedures have helped so much, we will continue them.
3. We will continue the quarantine guidelines, that anyone who is vaccinated will not need to quarantine if they become a close contact to someone with Covid-19. Those who are not vaccinated would still need to quarantine and miss school and school activities.
4. Please continue communicating with our school nurse, Jessica, about illnesses your children may incur and keep them home if they are sick.
5. If conditions change and the virus is spreading again in our community, the board may re-enact some of the protocols we had in place last year. Pray that doesn't happen!

Congratulations to this year's **Vi Newton Award** winner from the 8th-grade class, Hannah Dietzenbach. The Vi Newton award is selected by the middle school staff each year based on the student that exhibits great character. This award was set up by the Newton family to recognize a student being caught "doing what is right," having high integrity. Both Vi and her husband taught for about 40 years, most of those years in our area. Their children Laura (Newton) Maron and John Newton were graduates of the Fall River School District. John's daughter Samantha Newton was also a graduate of Fall River. She was a student in Mr. Zacho's middle school classes and is now a teacher in the Sun Prairie School District. Laura went on to become a principal in the Waupun and Beaver Dam School Districts, is retiring after a very successful career as an elementary principal, and actually was Mr. Zacho's first principal as he started his educational journey. Needless to say, that the Newton family tree has and continues to embrace public education and the impact that great character can have in many children's lives.

Softball Season Summary -With the COVID19 shortened 2020 season in the rear view, (2 games were played) our Lady Pirates were ready to get back into a "normal" swing of things. Two weeks into the first season on the new diamond, we were reminded COVID hadn't gone away just yet. The time off from games allowed us to work on more fundamentals and get our seven first year starters extra practice reps. Our theme this year was, "It's not about what you achieve, it's about what you overcome that's important". We all faced difficulties this year and we are all better people for it!! Coach Birr and I are both very proud of how you all have grown this year! Thank you ladies, Coach Birr and Coach Talg.

Conclusion of season: We beat Rio in the regional quarterfinals and lost to Horicon in the regional semifinals.

Baseball Season Summary - The Pirates were very excited to play again after a year off. Unfortunately an alternate Fall season this spring caused baseball to have a delayed/compressed season, but the players handled it well. They have come to practice each night with energy, focus, and the desire to get better. The season is still going, but Varsity has a 4-9 record and earned the 4 seed for regionals, while the JV team is still undefeated. We have had a great time together as a team and I hope we can extend our season in the playoffs.

Conclusion of season: We beat Parkside in the regional quarterfinals and lost to Deerfield in the regional semifinals.

Track and Field Season Summary - This year we knew track was going to be challenging due to Covid-19, so with that in mind, our season motto was: "Embrace Challenge to Experience Success!" Even though this year we were challenged, we were so happy to be having a track and field season again after taking off last year. This year we had 32 athletes (18 boys and 14 girls) that included some great senior leaders! As I write this, I am unsure how we will do in the large conference meet as well as how many athletes will move on from regionals, to sectionals, to state, but what I do know is our kids did GREAT this year! We had a ton of PRs all season long and some great times! I am also proud to say that for the first time since 1964, our boys track and field team is the West Division Conference Champion! Our Girls team also had a good year by finishing 4th out of 6 teams. For many reasons 2020/2021 will be a year to remember.

Conclusion of season: We advanced 8 events through regionals to sectionals. At the sectional meet Clay Blevins was the sectional champion and advanced to the State Track and Field meet at UW-Lacrosse for high jump. At the State Meet Clay placed 6th, making the podium.

Middle School Track and Field Season Summary - It was great to get back together with our MS athletes this spring. After missing a season last year, we were excited to start up again. Our only returning athletes were our 8th graders, who had not participated since they were 6th graders. We weren't sure who would come back out or what new students would try the sport. We were surprised and delighted with the number of students we had come out for track. (We had just over 30 boys and girls.) They had great attitudes and were so fun to coach this year. We had a lot of PR's as well as team PR's. Our girls team did better than I've ever seen. We will be sad to see so many 8th graders move up to high school, but we know they will do great things up there.

The highlight of the season was hosting our very first meet at our new facility. What a beautiful track we have here in Fall River. Our athletes are very lucky - and they know it! They were sad to only have one meet at our school.

We are looking forward to next year!

As I begin my seventh year as Fall River's Middle School & High School Principal, I am anticipating great and exciting happenings for our students this school year! After the last couple years being affected by COVID-19, we are excited to have a bit more "normal" year. However, as a result of the pandemic, we tweaked and tried some new things that may change schooling as we all know it. One aspect that I know had a positive impact was having our students in school as much as possible last year. This allowed our students to make educational gains, they might not have without in person instruction. Through all the changes and schedules last year we did find that the block schedule was effective and is now our preferred way of instructing students at the middle and high school. This year's schedule is a bit unique, but again we believe that it will help our students reach their full potential.

At the middle school and high school levels our schedule will be as follows:

- Monday and Wednesday we will run periods 1-4, and a WIN period at the end of the day.
- Tuesday and Thursday we will run periods 5-8, and a WIN period at the end of the day.
- Friday will be 45-minute periods and the students will have periods 1-8 with no WIN period.

We have been busy completing our staff for the 2021-2022 school year and welcome several new staff (see our website and our school newsletter for more details) to Fall River with more to be added by early August. When we are going through the hiring process we make sure that our focus is on what would be in the best interest of our students. We care about each and every student's success and want each child to reach their fullest potential. I am excited to work with our Fall River Staff as they are passionate about the work they are doing, and the success of our students and our District as a whole.

In addition to supporting students and our Fall River families we will be using Infinite Campus again this year and our Thrillshare messenger to keep families current and up to date with all that happens in our school. If you have not downloaded the Fall River School App and the Infinite Campus App, please consider doing this because it will help you stay up to date on your child's educational journey. As we move forward with our Infinite Campus system please take some time to get yourself accustomed to it. It is a fantastic tool to check on your student's daily attendance and progress at school. It updates daily and is easily accessible from anywhere. More detailed information and signup is available at registration, as well as by calling the school's front office. Also, please be sure to update your phone numbers as you complete online registration.

Students, I look forward to our year together, and am excited to see what lies ahead for us all. Although there are many unknowns and nerves heading into another school year, the one constant that you can always be sure of is the people that work at our school will always be there to support you. I am also confident that your attention to the following will result in a more successful year:

- Having a positive attitude
- Doing your best each day
- Practice regular and punctual attendance
- Appreciate your talents as well as your fellow peers' talents
- Stay current with homework assignments, quizzes, and tests
- Ask questions when you have them

I hope that everyone has a great end to this summer, and again I look forward to the many great opportunities that we will share learning and growing through the 2021-2022 school year. As always if you have any questions, comments, or

concerns please feel free to stop in and see me, email me at bzacho@fallriver.k12.wi.us or call anytime at 920-484-3333 extension 266. Go Pirates!

Sincerely,

The new school year is just around the corner! I just wanted to take a moment to remind you about what role you can play in keeping our school healthy.

If your child is too ill to come to school, please keep them home and contact the school attendance line. You may still get a phone call with follow up questions or directions on next steps, when applicable.

If you aren't sure what to do about an ill student, please reach out to me. I'm happy to determine if a COVID-19 test is needed or a doctor's note, help locate testing sites, as well as help manage symptoms and determine when it's safe for a student to return to school.

We will be following CDC guidelines for quarantine:

- Fully vaccinated students and staff who are identified as a close contact but remain non-symptomatic will not be required to quarantine.
- Unvaccinated students and staff will quarantine for 7 days with a negative COVID-19 test or 10 days without a test prior to returning to school.
- Any students or staff that is identified as a close contact and develops symptoms will be required to quarantine for 14 days
- Any student or staff that tests positive for COVID-19 will isolate for 10 days prior to returning to school.

COVID-19 may still present us some hiccups over the next few months. I would like to take the time to thank you in advance for working with myself, the staff and administration of the Fall River Public Schools to help keep the learning environment safe for everyone. We will continue to monitor and update families as time goes on. Any changes that may need to be made will be communicated as efficiently as possible.

If you would like to disclose your child's vaccination status, feel free to email me at jsampolinski@fallriver.k12.wi.us or leave a voicemail at 920-484-3333 ext 229. If you or your child is over the age of 12 and still interested in the COVID-19 vaccine, please contact Forward Pharmacy in Columbus or Walgreens in Columbus for vaccination information.

Do not hesitate to reach out with any questions or concerns.

Thank you!

Codes for Busing Map

Yellow Anything painted yellow means NO PARKING OR STOPPING

Blue This is a DROP OFF and PICK UP zone ONLY! You will not be able to wait in your car. (If your child is standing in the DROP OFF area, then you can stop and pick them up. If they are in the playground, you can not stop and wait for them. If you want to wait or stop and watch your children, you will need to park in a parking lot.

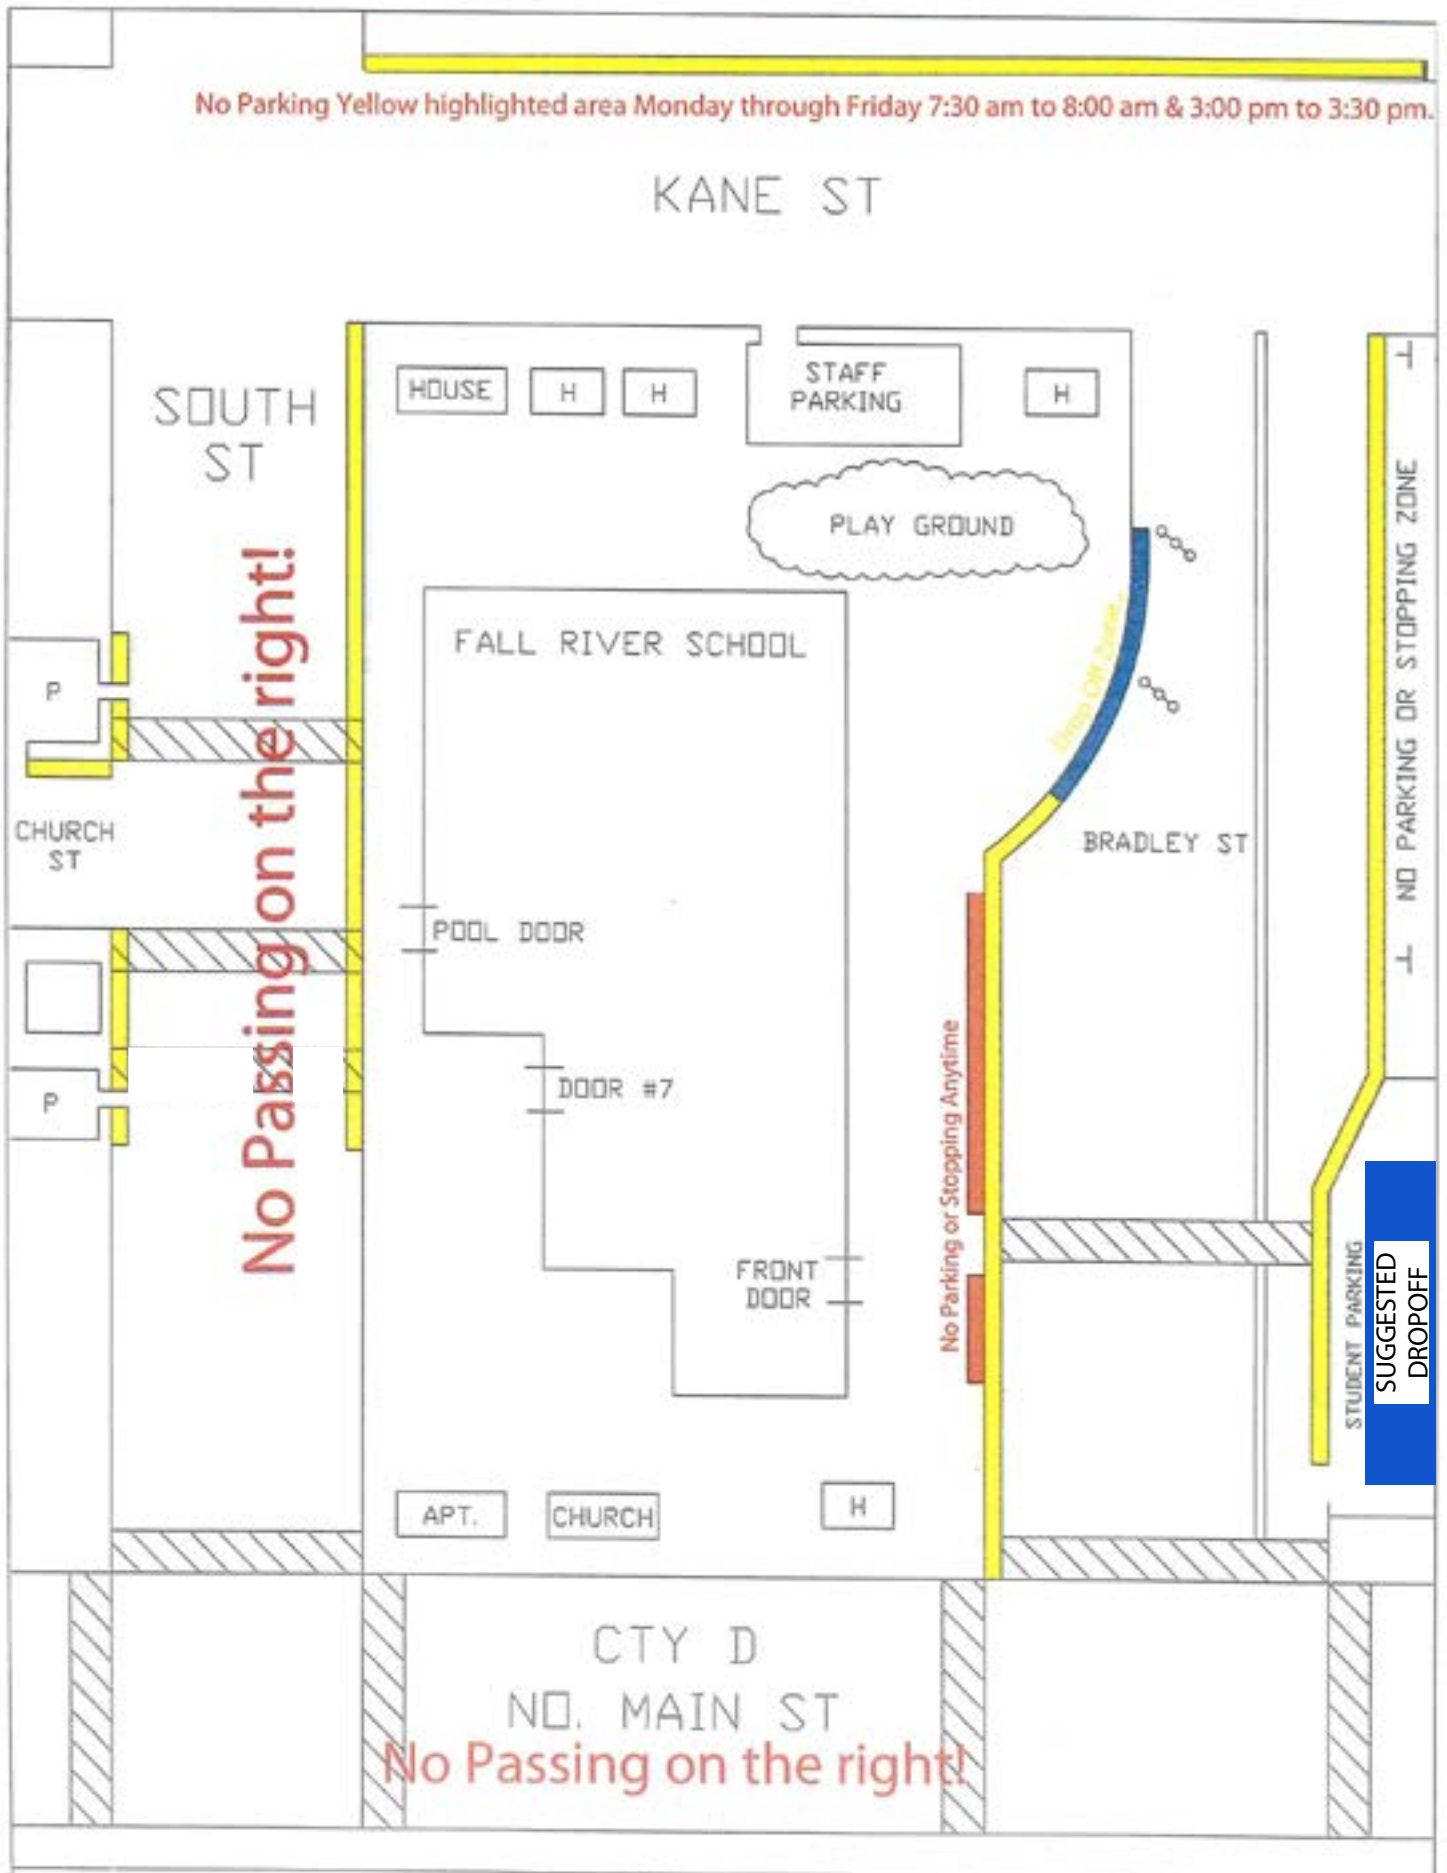

\\\\\\\\ These are crosswalks. Do not block any crosswalks at any time. Always yield to pedestrians in the crosswalks.

Traffic flow:

Please use the parking lots as much as possible for dropping off your children. If you use the Blue Zone on Bradley Street, enter from Kane Street to drop off in the Blue Zone, then exit Bradley Street on to Main Street. Please DO NOT make u-turns on Bradley Street. The buses must make u-turns on Bradley Street to avoid driving on Kane Street, which is too congested for the bus traffic in the morning. But cars do not need to do u-turns on Bradley, and should not. It interferes with the buses turning and is a safety issue. If you drop off in the Bradley Street parking lot, please exit to the left and back out to Main Street. We would like to minimize the traffic on Bradley and Kane Streets where ever possible.

Thank you for your cooperation. Safety is always the School's and Village's main concern. Following these rules and guidelines will help to protect all students and parents.

If you have thoughts or suggestions, please contact one of the following: Brian Anderson, School Transportation Coordinator 484-3333 ext 270 or Chief Van Gysel 484-3707.

Annual Notices
2021-2022

Attendance

Regular attendance is an important factor in school success. The activities and learning that occur during a class period are not easily made up since the experiences cannot be duplicated. Both parent and student should give careful consideration before a loss of school time is incurred for reasons that are not serious or in the nature of an emergency. Parents may log into and access their student's attendance and other records through the Infinite Campus Parent Portal:

<https://wicloud1.infinitecampus.org/campus/portal/fallriver.jsp>

Wisconsin State Statutes 118.15 & 118.16 call for compulsory school attendance for any child between 5 and 18 years of age. Moreover, it places responsibility for attendance "during the full period and hours the school is in session" with each student and parent/guardian. Whenever it is necessary for a student to be absent, the parent or guardian must notify the school office before 8:30 a.m. on the day of the absence to inform the school of the absence and the reason. There is 24-hour telephone access for reporting absences. The number to call is [\(920\) 484-3333](tel:9204843333).

Excused Absences: An absence is excused when a student misses school because of illness, death, or serious illness in the family, serious injury or major religious holiday as defined in State Statute 118.15 and for which the school has been notified. Students who have excused absences are responsible for completing their missing work. Missed assessments need to be arranged with the individual teachers. The Board of Education requires all students with excused absences to complete missed work and assessments. Excused absences are limited to 10 per year without a written medical excuse.

Pre-excused Absence: A parent/guardian may excuse a student for up to ten (10) days during a school year for any reason if the request is made in writing and at least 24 hours in advance of the absence [118.5 (3)]. In addition to the above pre-excused absences, the administration may classify absences acceptable and excused for vacations with parents/guardians or parent substitutes. Requests for these absences must be submitted in writing to the office prior to the absence for them to be excused. ***Advance absence forms may be picked up in the main office. These forms are to be signed by the student's parent/guardian and teachers and returned to the office for administrative approval in advance.*** Students are encouraged to make a reasonable attempt to complete any assigned work prior to leaving. It is recommended that the student and teacher set an appropriate timeline for completion of missed assignments and tests. Students who have excused absences will receive one day more than they were absent to complete their missing work. * Note – Pre-excused absences are still considered "Excused absences" and count as a part of the 10 days per year without a written medical excuse.

Appointments: Doctor, dentist and other health care appointments are excused with notification from the parent with a note from the doctor. Though it is encouraged that appointments be made after school or on days off, we realize it is not always possible. Court appearances are also excused upon verification of attendance by an officer of the court. ***It is strongly advised that students obtain written verification for any appointment and turn it into the office following the appointment.***

Absence and Co-curricular Participation: In order to participate in a co-curricular event, the student must be in school by at least 11:35 on for the day of the activity (weekends excluded). Students on school field trips, approved absences, or with approved appointments may also participate. Students unexcused from school may not attend respective events for the evening of the absence.

Homework Requests: Requests can be made by calling the school office before 8:30 a.m. for pick up the next day. Students are responsible for previously announced assignments and assessments on the scheduled day. Extended illnesses will require written notification from a doctor or other health care professional and a request from the parent/guardian for homework. All teachers will be informed as to when the student will return and the ability of the student to complete assignments.

Unexcused Absences: All absences for part or all of one or more days with or without parental permission for reasons other than those stated above will be considered unacceptable. Cutting class or study hall is considered an unexcused absence.

Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

The Civil rights coordinator will provide a copy of the District's complaint procedure to any person who files a complaint and will investigate all complaints in accordance with the procedure.

Special Education Referral and Evaluation Procedures

Upon request the Fall River School District is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The District locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary school located in the District.

A physician, nurse, psychologist, social worker, or administrator of a social agency, who reasonable believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Others including parents, who reasonably believe a child is a child with a disability, may also refer the child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting Ryan Verrier, Director of Special Education, Fall River School District at 920-484-3333 or by submitting in writing to: 150 Bradley Street, Fall River, WI 53932.

Student Technology and Internet Safety Policy

The Fall River School District supports student use of technology resources for the sole purpose of achieving District educational goals, standards, and curricular objectives. The District has established a computer network and it offers Network/Internet access for student use. This provides students access to a variety of internet resources as well as the network to facilitate the storage and retrieval of information to enhance the education environment. Network/Internet access and technology resources are a privilege, not a right. In order for students to use our Network/Internet, students and their parent/guardians must first read and understand the acceptable use policies that all students and parents must sign during the first week of school. Misuse of these services may result in loss of access privileges, in-school disciplinary action, or legal consequences.

Student Records Notice

The Fall River School District maintains student records for each student attending school in the District. These records include; 1) student progress records (i.e., courses taken, grade, attendance, immunizations, extra-curricular activities), and 2) student behavior records (i.e. standardized achievement tests, psychological tests, personality evaluations, records of conversation, written statements relating to an individual student's behavior, student physical health other than immunizations, law enforcement records obtained by the District and other student records which are not progress records).

Further, the District has designated the following student record information as directory data: student's name, address, telephone number, date of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, and degrees and awards received. This information may be disclosed to any person unless the eligible student, parent, legal guardian, or guardian ad litem refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board within ten (10) days after receipt of this annual public notice. This designation will remain in effect until it modified by the written direction of the eligible student or the parent, legal guardian, or guardian ad litem of a minor student.

State and Federal laws require that the maintenance of student records assure confidentiality. Accordingly, the following shall apply in the District:

- A. An eligible student, or the parent(s)/guardian of a minor student, has the right to inspect, review, and obtain copies of the student's school records upon request in accordance with established District procedures. Refer to Policy 347.
- B. An eligible student, or the parent(s)/guardian of a minor student, has the right to request the amendment of the student's records if s/he believes the records are inaccurate or misleading. Complaints regarding the content of student records may be made available upon request (per Policy 347).
- C. An eligible student, or the parent(s)/guardian of a minor student, has the right to consent to the disclosure of information contained in the student's school records, except to the extent that State and Federal laws authorize disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials determined to have legitimate education interests, including safety interests, in records. A "school official" is a person employed by the District who is required by the Department of Public Instruction to hold a license; a person employed by or working on behalf of the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and police-school liaison officers); a person serving on the Board of Education; a person or company with whom the District has contracted to perform a specific task (such as an attorney, auditor, medical consultant, or therapist); or a parent of student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a "legitimate educational interest" if the official needs to review a student record in order to fulfill his/her professional or District responsibility. The District shall transfer a student's record to another school or school district without consent upon request in accordance with State law. District procedures outlined the specific reason for disclosure without consent and are available upon request as outlined above.

- D. An eligible student, or the parent(s)/guardian of a minor student, has the right to file a complaint with the U.S. Department of Education for alleged District noncompliance with Federal Family Educational Rights and Privacy Act (FERPA) or the protection of Pupil Rights Amendment (PPRA) requirements. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington DC 20202-4605.

Student progress records shall be retained permanently after the student ceases to be enrolled in the District. All student behavior records will be destroyed one (1) year after the date the student graduates from or last attends a school in the District unless the student, or the parent(s)/guardian of a minor student, gives permission that the records may be maintained for a longer period of time.

Identification of Children with Disabilities

School Districts are required to inform parents and persons required to make the referrals under section 115.77(1)(a) of state statutes about the district's referral and evaluation process.

All children have the right to a free, appropriate public education regardless of the type of severity of their handicap. Federal and state law guarantees this right. IDEA (Individuals with Disabilities Education Act) requires that school districts make an effort to locate and identify all children with disabilities who are not receiving services. The Fall River School District complies with all requirements of the Individuals with Disabilities Education Act.

The Fall River School District works to identify children from three to 21 years of age who have disabilities and are not presently being served. These disabilities may include, but are not limited to: developmental disabilities, hearing impairments, visual handicaps, learning disabilities, emotional disabilities, autism, brain injury and orthopedic disabilities. After making a referral to the Fall River School District, an IEP team will do an evaluation. These evaluations are free of charge and all information is kept confidential.

If you know of any child from the ages of three (3) to twenty-one (21) years of age who may need special education services, call Ryan Verrier, Director of Special Education at 920-484-3333.

Notice of Student Religious Accommodations

School Districts are required by PI 41.041(1)(a) of the Wisconsin Administrative code to provide annual written notification to all students, the parent or guardian of minor students, and instructors of the District's policies providing for reasonable accommodations of a student's sincerely held religious beliefs with regard to examinations and other academic requirements. The Principal must receive notification of all such sincerely held religious beliefs at the beginning of the school year. The Principal will then reply in writing regarding the District's ability to accommodate such beliefs. If the student or parent/guardian is unsatisfied with the reply of the Principal, the complain procedure of the student nondiscrimination policy may be used by the student, parent/guardian to resolve any complaint.

The Fall River School District shall observe measures intended to protect the privacy right of individuals using school locker rooms. The following provisions outline the extent to which that protection can and will be provided.

- Locker rooms are provided for the use of physical education students, athletes, and other activity groups and individuals authorized by the Principal or by District Policy. Such interviews may take place outside of the locker room consistent with applicable District policies and/or school rules.
- No cameras, video recorders, or other devices that can be used to record or transfer images may be used in the locker room at any time.
- No person may use a cell phone to capture, record, or transfer a representation of a nude or partially nude person in the locker room or to take any other photo or video image of a person in the locker room.

Students and staff violating this policy shall be subject to school disciplinary action and possible legal referral, if applicable. Other persons violating the policy may be subject to penalties outlined in state law. The building principal or his/her designee shall be responsible for enforcing this policy.

Student Locker Searches & Use of Drug Dog

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspection of lockers, including use of drug dogs, may be conducted by school administrators for any reason at any time without notice, without student consent, and without a search warrant. If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities in addition to possible school discipline action.

The School board of the Fall River School District has given authorization for use of a drug dog on school grounds. The drug dog will be utilized on school grounds when deemed appropriate by the administration.

A drug-sniffing dog may be used around unoccupied cars in the school parking lot without individualized suspicion that drugs will be found.

Drug-sniffing dogs will not be allowed to examine a student's person, including articles of clothing a student is wearing or bags, backpacks, or purses while a student is holding them. If the school district has a well-documented and substantial need to curb drug possessions at school; bags; backpacks, or purses may be briefly detained while a drug-sniffing dog sniffs the item.

Students found in possession or whose property contains illegal drugs are subject to discipline at school, (as listed in the student handbook), as well as local, state and federal authorities.

School lock-down procedures will be followed in the event that the drug dog is brought on school grounds. (Policy 446)

Student Health

Meningococcal Disease

Commonly known as bacterial meningitis, meningococcal disease is rare but potentially fatal infection that can occur among teenagers and college students. While the disease is rare and difficult to contract, it is very serious. Meningococcal bacteria can be potentially transmitted through close contact with an infected person through direct contact with respiratory and/or oral secretions from an infected person (i.e., through sharing drinking containers or kissing). Meningococcal disease can be misdiagnosed as something less serious because early symptoms, like high fever, severe headache, nausea, vomiting and stiff neck, are similar to those of common viral illnesses. The disease can progress rapidly and can cause death or permanent disability within 48 hours of initial symptoms.

Bacterial meningitis can be treated with a number of effective antibiotics. It is important, however, that treatment be started early in the course of the disease.

A meningococcal vaccine is available that protects against four out of five strains of bacterium that cause meningococcal disease in the U.S.

SCHOOL DISTRICT
ANNUAL ASBESTOS NOTIFICATION
2021-2022 SCHOOL YEAR

Under AHERA (Asbestos Hazard Emergency Response Act), all primary and secondary schools are required to develop and implement a plan for managing all building materials which contain asbestos. Included in the AHERA Act is the requirement to annually notify all workers and building occupants (or their guardians) of asbestos-related activities.

Beginning in 1988, all buildings owned, leased, or "under the control of" the School District were inspected by EPA accredited inspectors, with building material samples analyzed by an independent laboratory. Based on the inspection, the School District prepared and the state approved a comprehensive management plan for managing the asbestos.

Where the asbestos-containing materials are found, the District has in place an Operations and Maintenance program.

The District has accomplished the following compliance mandates regarding the administration of asbestos in school buildings:

- Environmental Management Consulting, Inc. (EMC) was contracted to be the school's consultant for asbestos for the school year.
- The District is continuing with the Operations and Maintenance Program as designed for the School District. This ensures that all asbestos materials are kept in good condition in good condition.
- Periodic "surveillance" in each area containing asbestos has been completed every six months by our consultant. Also, the buildings are re-inspected by an accredited inspector every three years.
- In the past year the District conducted the following asbestos removal activities: none

All outside contractors shall contact the lead maintenance person before commencing work. Our goal at the District is to be in full compliance with asbestos regulations.

A copy of the Asbestos Management Plan is available for review by contacting the District Office. Questions related to this plan or any other asbestos concerns should be directed to the District's Designated Person.
