## **7.5—PURCHASES OF COMMODITIES**

Purchases shall be made in accordance with State laws and procurement procedures governing school purchases that are deemed to be in the best interest of the District and are the result of fair and open competition between qualified bidders and suppliers. No bids shall be taken for professional services.

### **DEFINITIONS**

“Commodities” are all supplies, goods, material, equipment, computers, software, machinery, facilities, personal property, and services, other than personal and professional services, purchased on behalf of the District.

“Professional Services” are legal, financial advisory, architectural, engineering, construction management, and land surveying professional consultant services.

“Specifications” means a technical description or other description of the physical and/or functional characteristics of a commodity.

Purchases of commodities with a purchase price of more than \$5,000 require prior Board approval, unless an emergency exists, in which case the Superintendent may waive this requirement.

The District shall notify in writing all actual or prospective bidders, offerors, or contractors who make a written request to the district for notification of opportunities to bid. The notification shall be made in sufficient time to allow actual or prospective bidders, offerors, or contractors to submit a bid or other appropriate response. The board shall accept bids submitted electronically by email or fax for any and all district purchases, unless specified to be submitted by other means or methods, and except those bids which have been specified to have a designated date upon which the bids shall be opened. The superintendent shall be responsible for ensuring submitted bids, whether written, faxed, or emailed, are retained in accordance with policy 7.15—RECORD RETENTION AND DESTRUCTION.

The District will take steps to assure small, minority, and women’s businesses are used whenever possible.

The district will not solicit bids or otherwise contract for a sum greater than twenty-five thousand dollars (\$25,000) with vendors that are on the “excluded parties list” if the contract is to be paid from federal grant funds.

All purchases for a Federal program with an estimated purchase price between three thousand dollars (\$3,000) and ten thousand dollars (\$10,000) shall be procured by soliciting bids. Specifications shall be devised for all commodities to be bid that are specific enough to ensure uniformity of the bid and yet not so restrictive that it would prevent competitive bidding. The bid specifications shall not include the name or identity of any specific vendor. The Board reserves the right to reject all bids and to purchase the commodity by negotiating a contract. In such an instance, each responsible bidder who submitted a bid shall be notified and given a reasonable opportunity to negotiate.

Bids shall be awarded after careful examination of the details of the bid to determine the best overall value to the District. In instances where the low bid was not accepted, a statement of the reasons the low bid was not

accepted shall be attached to the bid. Bidders submitting written bids shall be notified in writing of the bid award.

The following commodities may be purchased without soliciting bids provided that the purchasing official determines in writing that it is not practicable to use other than the required or designated commodity or service, and a copy of the written determination is attached to the purchase order:

1. Commodities in instances of an unforeseen and unavoidable emergency;
2. Commodities available only from the federal government;
3. Utility services;
4. Used equipment and machinery; and
5. Commodities available only from a single source.

The District may purchase a new motor vehicle, other than a school bus, without soliciting bids if, at the time of the purchase, the:

- a. Purchase is from a motor vehicle dealer licensed in Arkansas;
- b. Purchase price of the motor vehicle does not exceed the fleet price awarded by the Office of State Procurement; and
- c. Motor vehicle to be purchased is the same make and model motor vehicle as the make and model the fleet price was awarded for by the Office of State Procurement.

Prospective bidders, offerors, or contractors may appeal to the district's superintendent if they believe the district failed to follow district bidding and purchasing policy or state law.

Any award of a contract shall be subject to revocation for ten (10) working days from:

- The initial awarding of the contract; or
- If an appeal is received, resolution of the appeal.

The intent is to provide prospective bidders, offerors, or contractors the opportunity to appeal the bid award if they believe the facts warrant an appeal. Any appeal shall be **in writing by certified mail** and received by the district office, "attention to the superintendent" within seven (7) calendar days following the initial and revocable award of the contract.

If the district receives an appeal of a bid award, they shall notify, in writing, those prospective bidders, offerors, or contractors who have made a written request to the district for notification of opportunities to bid that an appeal has been submitted. The notification shall state:

- that the contract award has been halted pending resolution of the appeal and could be revoked;
- the reasons for the appeal;
- that the recipient of the letter may respond to the protested issues identified in the appeal;
- the date the decision on the appeal will be made and notification sent;
- that if the appeal is upheld, the bidding process will be re-opened;
- that if the bidding is re-opened, changes will be made to the request for bids as necessary to satisfy the reasons for upholding the appeal.

The sole authority to resolve any appeal made relating to this policy shall rest with the superintendent. The superintendent's decision shall be final and conclusive. In the event the district upholds an appeal, the sole responsibility of the district to the aggrieved bidder(s) shall be the re-opening of the bidding process.

The District reserves the right to extend or renew a contract that was previously awarded under the process governed by this policy and law, provided the extension or renewal meet the following criteria.

1. The equipment and services provided under the extended or renewed contract meets or exceeds the specifications of the original bid.
2. The extended or renewed contract agreement complies with the state of Arkansas's documentation requirements.
3. The cost of the extended or renewed contract is the same or less than the original contract.
4. The extension or renewal is approved by the local school board.

### **Professional Services**

The District does not use a bidding process when procuring professional services. Instead, when the District needs to procure professional services, the District shall:

1. Select three (3) qualified firms;
2. Determine the most qualified firm by considering, at a minimum, the;
  - a. Specialized experience and technical competence of the firm with respect to the type of professional services required;
  - b. Capacity and capability of the firm to perform the work in question, including specialized services, within the time limitations fixed for the completion of the project;
  - c. Past record of performance of the firm with respect to such factors as control of costs, quality of work, and ability to meet schedules and deadlines; and
  - d. Firm's proximity to and familiarity with the area in which the project is located;
3. Negotiate a contract for the project with the most qualified firm.

When negotiating a contract, the District and the selected firm shall jointly prepare a detailed, written description of the scope of the proposed services. If the District is unable to negotiate a satisfactory contract with the firm selected, negotiation with that firm shall be terminated and the District shall negotiate a contract with the next most qualified firm. In the event the District is unable to negotiate a contract with any of the original selected firms, the District shall reevaluate the necessary professional services, including the scope and reasonable fee requirements, and return to step one.

The District encourages firms who provide professional services to submit annual statements of qualifications and performance data to the District. The District shall request any additional information as needed for a particular public project.

Activity funds are considered “school funds” and as such may only be spent for school related purposes.

## **7.8—PERSONAL PROPERTY**

## 7.10—PUBLIC USE OF SCHOOL BUILDINGS

It is the policy of the Board that District school buildings may be used by citizens of the District to conduct lawful meetings for social, civic, or recreational purposes provided such meetings do not interfere with the regular school work and proper protection is afforded the district against the potential costs of such use. The Superintendent shall be responsible, with Board approval, for establishing procedures governing such use of school buildings. The governing procedures shall be viewpoint neutral. Building principals shall be consulted to determine if there exists any conflict with planned school activities prior to other groups being allowed to use school facilities.

The District shall establish a fee schedule for the school facilities the District intends to make available for public use. The fee schedule shall be individualized for each school facility and shall be based on a formula that allows the district to reclaim the actual costs incurred by the District from the use of the facility.

School facilities that do not appear on the District's fee schedule shall not be available to the public.

The District shall also require **any** non-school related group using a district facility to provide proof of having purchased sufficient active and current general liability insurance to cover the damage to, or the cost to entirely replace the structure(s) and furnishing(s), if necessary due to the loss of, or damage to, District property.

School funds shall not be used for political, charitable, or humanitarian purposes.

No employee of the District shall use school time, school property, school personnel, or school equipment for the purpose of furthering the interests of any political party, the campaign of any political candidate or the advocacy of any political issue or ballot issue whether partisan or non-partisan. School employees may participate as part of a community organization, that is renting a school facility for a political purpose so long as the event is not during school time or the employee takes personal or vacation leave, with prior approval of his/her supervisor, for the time the employee is attending the event.

Any school employee found guilty or who pleads guilty, or nolo contendere to the use of District funds to support any ballot measure shall be immediately suspended, and recommended for termination by the superintendent.

The Board of Directors is not prohibited from expressing an opinion on a ballot measure through the passage of resolution or proclamation. School employees are allowed to verbally express their views on a ballot measure other than in an attempt to persuade a student to the employee's point of view.

District employees and members of the Board of Directors may incur incidental expenditure of District funds for travel costs when speaking at an event in which a ballot measure is discussed if the subject matter of the speaking engagement is within the scope of the person's official duties and responsibilities.

District funds may be used to disseminate public information at a public speaking engagement. The incidental use of District resources may be used to prepare an analysis of the public information if such information is within the scope of the person's official duties and responsibilities.

## **7.12—EXPENSE REIMBURSEMENT**

The requirements of this policy shall govern reimbursement for expenses related to travel and/or attendance at conferences and professional development activities incurred by district employees and/or members of the Board of Directors on behalf of the district. Employees are only eligible for reimbursement for travel expenses for travel, which has been approved in advance. Original receipts must accompany all requests for reimbursement to the extent that such receipts are customarily available. For a receipt to be valid it should contain the name of the issuing company, the date, and the amount. No cash advances shall be made for travel. Mileage, lodging, and meal expenses will not be reimbursed when incurred for the personal convenience of the employee and not required by the reason for the travel. Reimbursement for travel shall be for the lesser of the cost between travel by air or by car with some consideration allowed for length of time of the method of travel.

To the extent practicable, employees shall have the district pay initial conference and professional development registration fees and associated necessary materials. In the occasional circumstances where this is not practical, the district shall reimburse the employee for such fees if they were authorized in advance and are supported with proper receipts.

The district will not reimburse expenses of any non-school board member or non-employee who accompanies the school board member or employee during his/her school related travel.

### **Reimbursable Expenses**

Mileage that is driven for a district sanctioned purpose in an employee's personal vehicle shall be reimbursed provided appropriate documentation is submitted establishing the date and time, place, and purpose of the travel. Mileage shall be reimbursed at the current rate authorized by the state/IRS and shall be based on the shortest, most reasonable, route available.

Meals may be reimbursed for travel, which necessitates an overnight stay when submitted according to the dictates of this policy. Reimbursement shall be prorated based on the percent of a day the employee is away on travel. For example, if an employee returns from his/her travel in the afternoon, he/she is only eligible for reimbursement for breakfast and lunch expenditures. Meals shall be reimbursed for the actual expense to the extent that they are not lavish and are reasonable based on circumstances. Except as otherwise specified by this policy, meals are only reimbursable in conjunction with travel requiring an overnight stay.

Tips paid by a school employee for meals associated with travel as defined in this policy are reimbursable for up to 15% of the cost of the meal provided the employee submits a receipt for the meal as part of an "accountable plan" for reimbursement. Tips are not allowed if an employee is reimbursed using a "per diem" plan.

Meal expenses incurred by the superintendent or other administrators as necessary, in the performance of their duties when meeting with state officials or consultants may be reimbursed on a prorated, per person basis in line with the mandates of this policy. Such expenses shall only be reimbursed when the expenditure is likely to result in a tangible benefit to the district.

Travel necessitating overnight lodging shall be reimbursed to the extent that it is not lavish and is reasonable based on circumstances of the expenditure. Proper documentation establishing the date and time, place, and purpose of the travel must be submitted along with a receipt for the overnight accommodations. To the extent practicable, employees shall receive assistance from administrators or their designee in arranging travel plans to help keep expenses to a minimum.

### **Expenses not covered**

The district shall not reimburse the following items/categories of expenses.

- Alcoholic beverages;
- Entertainment expenses – including sports or sporting events; pay per view or game expenses at motels;
- Replacement due to loss or theft;
- Discretionary expenses for items such as clothing or gifts;
- Medical expenses incurred while on route to or from or at the destination of the reason for the travel; and
- Optional or supplementary insurance obtained by the employee for the period covered during the travel.

### **Credit Cards**

Only those employees specifically issued credit cards to be used in the performance of their jobs to purchase goods, services, or supplies on behalf of the district shall be allowed to use such cards. Employees who incur reimbursable expenses as defined in this policy are expected to pay for them initially by any means they choose and then submit their request for reimbursement. The district assumes no responsibility for the payment of any personal credit card charges incurred by a district employee.

### **Airport Associated Expenses**

Receipts for airport-associated expenses are required for reimbursement. All airline flights shall be by coach/economy class. Upon arrival at their destination, employees are expected to take the less expensive option between a taxi and an airport shuttle service to his/her hotel or meeting site. When circumstances dictate that a rental car is necessary and/or the most economical approach to the travel requirements, the least expensive car that will accomplish the job should be rented. The district shall not reimburse for any kind of rental car supplemental insurance.

## **7.13—MANAGEMENT AND DISPOSAL OF DISTRICT PROPERTY**

### **Definitions**

For the purposes of this policy, the following definitions apply:

“Commodities” are all supplies, goods, material, computers, software, machinery and other equipment purchased on behalf of the district having a useful life of more than one (1) year and an acquisition cost of one thousand dollars (\$1,000) or more per unit.

“Fair market value” means the amount a reasonable buyer would be willing to pay for a particular piece of property based on an objective set of criteria, which may include, but are not limited to: any improvements or damage to the property; the demand for similar property; the selling price for the property by the producer of the property or re-sale outlets; and the value of the property as determined by an independent appraiser.

“Real property” is land and whatever is erected or affixed to land, such as structures or buildings.

“Surplus commodities” are those commodities that are no longer needed, obsolete, irreparable, or worn out.

“Surplus real property” is real property that is not presently needed or foreseen to be needed by the District, and that has been authorized for sale as surplus real property by vote of the School Board. Surplus real property may include unused or underutilized facilities.

“Trash” are those items that would otherwise belong to another category of goods or property defined in this policy, but which, due to the property's age or an act of God, have less value than it would cost to repair the item. Examples could include, but are not limited to, fire damage, vehicle accidents, extreme age and/or decline in value of the item.

“Unused or underutilized facility” means a school facility or other real property that:

- As a whole or in a significant portion, is not being used for a public educational, academic, extracurricular, or administrative purpose and the nonused or underutilization threatens the integrity or purpose of the school facility or other real property as a public education facility; and
- Is not subject to either a lease to a third party for fair market value or an executed offer to purchase by a third party for fair market value as of July 30, 2017.

### **General Policy**

The District's purchases of commodities shall be in accordance with Policy 7.5—PURCHASES AND PROCUREMENT and, to the extent applicable, the procurement requirements of any granting source of funding used to purchase the commodity. The Superintendent shall develop procedures governing the use, management, and dispersal of commodities. At a minimum, the procedures will cover the following topics.

- labeling all commodities;
- establishing adequate controls to account for their location, custody, and security;
- annually auditing the inventory of commodities and updating a listing of such commodities to reconcile the audit with the district's inventory records. The audit will be documented and account for any transfer and/or disposal of a commodity.

- Disposing of surplus commodities and surplus real property, whether purchased in whole or in part with federal grant funds or with local funds.

The disposal of school property must be for the benefit of the school district and consistent with good business principles.

### **Disposal of Surplus Commodities**

The Board of Directors recognizes that commodities sometimes become of no use to the District and thus meet this policy's definition of surplus commodities.

The Superintendent or designee(s) will determine the objective fair market value (FMV) of surplus commodities. The District will strive to dispose of surplus commodities at or near their FMV.

The Superintendent may declare surplus any commodity with a FMV of less than one thousand dollars (\$1000). Surplus commodities with a FMV of less than one thousand dollars (\$1000) will be periodically sold by the most efficient, cost effective means that is likely to result in sales at or near FMV.

The Superintendent may submit a list of surplus commodities deemed to have a FMV of one thousand dollars (\$1,000) or greater to the Board of Directors for authorization to sell such surplus commodities. Once the Board of Directors has authorized the sale of such surplus commodities, the Superintendent or designee(s) may sell that surplus commodity as the need arises. Items with a FMV of one thousand dollars (\$1,000) or greater will be sold by the most efficient, cost effective means that is likely to result in sales at or near FMV. If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid provided the high bid is at or near FMV without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation, in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold commodities may then, at the discretion of the Superintendent, be disposed of as scrap or junk or be donated to appropriate charitable or education related entities. Computer or technology equipment will be cleansed of data prior to disposal.

### **Disposal of Surplus Real Property**

The Board of Directors recognizes that real property it owns sometimes becomes no longer of use to the District and thus meets this policy's definition of surplus real property.

By February 1 of each year, the District shall submit a report to the Division of Public School Academic Facilities and Transportation (Division) that identifies all unused or underutilized school facilities in the District and the unused or underutilized school facilities, if any, that are designated in the District facilities master plan to be re-used, renovated, or demolished as part of a specific committed project or planned new construction project.

If the Division classifies a District facility or District real property as being unused or underutilized, the District may appeal the Divisions determination to the Commission for Public School Academic Facilities and Transportation (Commission).

The District shall make unused or underutilized public school facilities available for lease for no more than FMV to any open-enrollment public charter school (charter) located within the District's geographic boundaries that makes a request under the charter's statutory right of access unless the District makes an affirmative showing by a preponderance of the evidence to the Commission that:

1. The school facility, or the property to which the school facility is attached, will be needed by the District to accommodate future growth of the District; or
2. Use of the school facility or other real property by a charter would have a materially negative impact on the overall educational environment of an educational campus located within five hundred feet (500') of the school facility or other real property sought to be leased by the charter.

The terms of a lease executed between the District and a charter shall provide that the lease shall be cancelled and be of no effect if the charter:

- a. Fails to use the facility or other real property for direct student instruction or administrative purposes within two (2) years of the effective date of the lease;
- b. Closes, has its charter revoked, or has its charter application denied by the charter authorizer; or
- c. Initially uses the facility or other real property, but then leaves the facility or other real property unused for more than one hundred eighty (180) days.

If requested or agreed to by the charter, The District may sell the unused or underutilized facility or other real property to the charter for FMV.

If the District decides to sell, lease, or otherwise transfer ownership of a District facility, a charter located within the District's geographic boundaries shall have a right of first refusal to purchase or lease the facility for FMV. The charter's right of first refusal shall continue for two (2) years after the date the District last used the school facility or other real property as an academic facility.

If the District decides to sell or lease a District facility or other real property that has been identified by the Division as an unused or underutilized school facility to a third party that is not a charter, then the District may not sell or lease the facility until the later of:

- Two (2) years after the date the facility or other real property is identified by the division as an unused or underutilized public school facility, so long as no charter has claimed a right of access or a right of first refusal; or
- Three (3) years from the date the District facility or other real property has been identified by the division as an unused or underutilized public school facility if the District designated the facility or other real property to be reused, renovated, or demolished as part of a specific committed project or planned new construction project in the District's facilities master plan.

The District may petition the division for a waiver of the time restrictions for the sale or lease of a District's unused or underutilized facility. The petition shall include a statement that the District believes that no charter would be interested in leasing or purchasing the unused or underutilized school facility. If the District receives a waiver, the District may immediately sell, lease, or otherwise dispose of the unused or underutilized facility. The District may appeal the denial by the Division of a waiver to the Commission.

The Superintendent may submit a request to the Board of Directors for authorization to sell surplus real property. Once the Board of Directors has authorized the sale of such surplus real property, the Superintendent or designated individual(s) may sell that surplus real property as the need arises and this policy allows. The Superintendent or designee(s) shall be responsible for getting a determination of the objective FMV of surplus real property. The district will strive to dispose of surplus items at or near their FMV. The real property may be listed for sale with a real estate broker, and the Superintendent or designated individual may contract on behalf of the district to pay the usual and customary sales commission for such transactions, upon sale of the property. If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee(s) may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid provided the high bid is at or near FMV without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation, in which case the provisions of A.C.A. §§ 6-24-101-107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold real property may then, if agreed to by the Superintendent and Board of Directors, be donated to appropriate education related entities, not-for-profit organizations, the county, city, or incorporated town in accordance with the provisions of state law.

Items obtained with federal funds shall be handled in accordance with applicable federal regulations, if any.

The District may not make a part of the disposal of District real property a covenant that prohibits the sale or lease of former District facilities or other real property to a charter that is located within the District's geographic boundaries.

### **Disposal of Surplus Real Property After Consolidation**

Except as otherwise prohibited by this policy, real property of a consolidated school district that is no longer being used for educational purposes and has not been sold, preserved, leased, or donated two (2) years after the effective date of consolidation shall be made available for use by a publicly supported institution of higher education, a technical institute, a community college, a not-for-profit organization, a county, a city, or incorporated town by the Board of Directors for the following purposes:

- Having the real property preserved, improved, upgraded, rehabilitated, or enlarged by the donee;
- Holding of classes by statutorily authorized education related entities; or
- Providing community programs and beneficial educational services, social enrichment programs, or after-school programs.

### **Trash**

Trash, as defined in this policy, may be disposed of in the most cost efficient or effective method available to the district.

## **7.14—USE OF DISTRICT CELL PHONES AND COMPUTERS**

Board members, staff, and students shall not be given cell phones or computers for any purpose other than their specific use associated with school business. School employees who use a school issued cell phones and/or computers for non-school purposes, except as permitted by District policy, shall be subject to discipline, up to and including termination. School employees may be issued District cell phones if their position requires the employee be available at all times for work related emergencies or the employee be available to speak with others on school related business when the employee is away from the office. Employees issued cell phones for such purposes may use the phone for personal use on an “as needed” basis.

Students who use school-issued cell phones and/or computers for non-school purposes, except as permitted by the District’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion.

All employees are forbidden from using school-issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including termination.

## 7.15—RECORD RETENTION AND DESTRUCTION

It is necessary to maintain district records in a manner that provides for efficient document storage and retrieval and is conducive to eliminating unnecessary record retention. Due to the variety of records that may need to be retained and accessed, the superintendent shall ensure that all staff receives appropriate training to understand this policy. Staff shall also understand the possible ramifications to the district and/or themselves for failure to properly maintain records and follow the requirements contained in this policy.

### Definitions

"Directly or directly interested" (hereinafter "directly") means receiving compensation or other benefits personally or to an individual's household from the person, business, or entity contracting with the District.

"Indirectly or indirectly interested" (hereinafter "indirectly") means that a family member, business, or other entity in which the individual or a family member has a financial interest will receive compensation or benefits.

"Record" is defined for the purposes of this policy, as an item or items, whether electronic or material, that are created by, at the request of, or received by and purposefully retained by a board member, administrator, or employee in the ordinary course of District business. Examples include, but are not limited to:

- Any kind of correspondence;
- Calendars;
- Computer files and documents (which may include drafts);
- Telephone logs;
- Expense records;
- Audio or video recordings that are created for the purpose of monitoring the security of District property or the safety of District students;
- Documentation related to transactions or contracts for:
  - Services with Board members, administrators, employees, or members of their families covered under the statutorily defined ethical restrictions associated with a contract for services provided for the District involving a Board member, administrator, or employee who "directly or indirectly" benefits from the contract;
  - An exemption granted by the Arkansas Department of Education (ADE) from the statutorily defined ethical restrictions associated with a contract for employment or for services provided for the District that involves a District administrator, board member, or employee.

The superintendent shall be responsible for establishing a schedule for the routine destruction of district records that accommodates the needs of the district. The schedule shall specify the length of retention for any records not specifically delineated by this policy and be distributed to staff on a need-to-know basis according to their respective employment duties and responsibilities. The schedule should accommodate the need for records to be stored as a blend of printed, bound and electronically recorded (e.g., audio tape, video tape, micro-fiche, computer disk) material. The superintendent or designee shall ensure the effective and efficient securing, cataloging, storing, and appropriate scheduled destruction of all records.

The following records categories shall be retained for the time specified.

- k. Emails – whatever the district’s policy is on this subject
- l. Documents filed with the IRS, including those required in Policy 7.23-Health Care Coverage and the Affordable Care Act – four (4) years

The superintendent or designee shall be responsible for determining when there is a need to interrupt the routine destruction of records. When the superintendent or designee makes the decision to cease the routine disposal of records, staff affected by the decision shall be promptly informed of the decision and of the nature of records that are to be retained. Such records shall be retained until the superintendent or designee has authorized their destruction. Employee training on the district’s records retention schedule shall specifically include information on the records that may need to be retained due to pending disciplinary or legal actions which otherwise are subject to routine disposal. If an employee has doubt about the need to retain any record otherwise scheduled for destruction, he/she shall consult with the superintendent or designee prior to destroying such records.

The records’ storage system devised by the superintendent and designee(s) shall be organized in a manner that enables the efficient retrieval of data and documents. The district shall have adequate backup of critical data which is stored electronically. The system shall be communicated to employees in a manner that enables them to understand and follow the system’s requirements.

In retaining and destroying records, no employee shall:

- Destroy, alter, mutilate, conceal, cover up, falsify, or make a false entry in any record that may be connected to a disciplinary matter or lawsuit or to a matter within the jurisdiction of a federal or state agency, in violation of federal or state law or regulations.
- Alter, destroy or conceal a document, or attempt to do so, with the intent to impair the document’s availability for use in a disciplinary matter, lawsuit or an official proceeding or otherwise obstruct, influence or impede any lawsuit or official proceeding, in violation of federal or state law or regulations.
- Retaliate or discriminate against an employee who refuses to violate this policy or to coerce or threaten an employee to violate this policy.

Failure to follow the requirements set forth in this policy may result in disciplinary action against the employee(s), up to and including termination. The district’s board of directors prohibits and will not tolerate any

form of reprisal, retaliation or discrimination against any employee who, in good faith, has attempted to comply with this policy.

## 7.16—INFORMATION TECHNOLOGY SECURITY

The superintendent shall be responsible for ensuring the district has the necessary components in place to meet the district's needs and the state's requirements for information technology (IT) security. To aid the superintendent in creating, monitoring, and updating the District's IT Security system, the superintendent shall appoint an information security officer (ISO). The ISO shall be responsible for:

- a. Overseeing the District-wide IT security system;
- b. Development of District IT policies and procedures;
- c. Development and leading of employee training on the IT Security requirements;
- d. Ensuring compliance with the adherence to the Arkansas Department of Education (ADE) IT Security standards.

The ISO shall work with other IT staff, the superintendent, and district management appointed by the superintendent to develop a District IT Security system necessary to meet the requirements of this policy and ADE's standards. The IT security system shall contain the necessary components designed to accomplish the following:

1. The District IT security system shall contain mechanisms, policies, procedures, and technologies necessary to prevent disclosure, modification, or denial of sensitive information.

For the purposes of the IT Security system, "sensitive data" is any and all student and employee data that is either personally identifiable information (PII) or any non PII information that, if assembled together, would allow a reasonable person to identify an individual. Sensitive data includes, but is not limited to:

- Student personally identifiable information, except as allowed by the Family Educational Rights and Privacy Act (FERPA); and
- Employee personally identifiable information, except as required by Ark. Code Ann. § 6-11-129.

All District employees having access to sensitive information shall receive annual IT security training, which shall emphasize the employee's personal responsibility for protecting student and employee information.

2. Physical access to computer facilities, data rooms, systems, networks and data will be limited to those authorized personnel who require access to perform assigned duties.

User workstations shall not be left unattended when logged into sensitive systems or data that includes student or employee information. Workstation settings shall be set for automatic log off and require a password for the system to restore from screensavers.

All equipment that contains sensitive information shall be secured to deter theft. No sensitive data shall be retained on laptops and/or remote devices (home computer, thumb drives, cellphones, CDs, etc.) unless it is encrypted in accordance with the Arkansas State Security Office's Best Practices.

Server rooms and telecommunication rooms/closets shall be protected by appropriate access control. The rooms shall be segregated from general school or District office areas to restrict access. Server room access control shall be enforced using a lock to allow unescorted access only to IT or management staff who require the access to perform their job functions.

3. Network perimeter controls will be implemented to regulate traffic moving between trusted internal (District) resources and external, untrusted (internet) entities. All network transmission of sensitive data shall enforce encryption where technologically feasible.

The District shall maintain a network configuration management program that includes at a minimum:

- a. A network diagram identifying all connections, addresses, and purpose of each connection including management approval of all high risk internet facing ports such as mail (SMTP/25), file transport protocol (FTP/20-21), etc.
- b. All public facing (internet) servers and workstations segmented on a demilitarized zone (DMZ) that keeps them separate from the internal District network. Segmentation shall be through \_\_\_\_\_.

All wireless access shall require authentication. The DISTRICT wireless networks will deploy network authentication and encryption in compliance with the Arkansas State Security Office's Best Practices. Scans for rogue wireless devices will be conducted at a minimum monthly. Any Rogue wireless device shall be disabled.

Remote access with connectivity to the District internal network shall be achieved using encryption. Appropriate WARNING BANNERS shall be implemented for all access points to the District internal network.

4. System and application access will be granted based upon the least amount of access to data and programs required by the user in accordance with a business need-to-have requirement.

The District shall enforce strong password management for:

- Employees and contractors as specified in Arkansas State Security Office Password Management Standard.
- Students as specified in Arkansas State Security Office K-12 Student Password Management Best Practice.

User access shall be limited to only those specific access requirements necessary for an employee to perform his/her job functions. Where possible, segregation of duties shall be utilized to control authorization access.

User access shall be granted and terminated upon timely receipt of a documented access request/termination. All access requests shall require approval by the ISO or designee. Ongoing access shall be reviewed for all users at a minimum annually.

Audit and log files shall be generated and maintained for at least ninety (90) days for all critical security-relevant events, including but not limited to:

- Invalid logon attempts;
- Changes to the security policy/procedures; and
- Failed attempts to access objects by unauthorized users.

IT administrator privileges for operating system(s), database(s), and applications shall be limited to the minimum number of staff required to perform these sensitive duties.

5. Application development and maintenance for in-house developed student or financial applications will adhere to industry processes for segregating programs and deploying software only after appropriate testing and management approvals.

Any custom-built student or financial applications or supporting applications that interface, integrate with, or provide queries and reporting to/from student or financial systems shall be developed using a system development life cycle approach that incorporates at a minimum:

- a. Planning, requirements, and design;
- b. User acceptance testing (UAT);
- c. Code reviews; and
- d. Controlled migration to production.

Any changes to core or supporting applications that provide student or financial processing or reporting shall be implemented in a controlled manner that includes at a minimum:

- Documentation of any change, including changes to both infrastructure and application;
- Management approval of all changes; and
- Controlled migration to production, including testing as appropriate.

6. Monitoring and responding to IT related incidents will be designed to provide early notification of events and rapid response and recovery from internal or external network or system attacks.

The District shall develop and maintain an incident response plan to be used in the event of system compromise that shall include:

- a. Emergency contacts;
- b. Incident containment procedures; and
- c. Incident response and escalation procedures.

7. To ensure continuous critical IT services, the District ISO will develop a business continuity/disaster recovery plan appropriate for the size and complexity of the District IT operations.

The district-wide business continuity plan shall include at a minimum:

- Procedures for performing routine backups at least weekly and the storage of backup media at a secured location other than the server room or adjacent facilities. Backup media shall be stored off-site a reasonably safe distance from the primary server room and retained in a fire resistant receptacle.
  - A secondary backup processing location, such as another school or District building, shall be identified.
  - A documented calling tree with emergency actions to include:
    - Recovery of backup data;
    - Restoration of processing at the secondary location; and
    - Generation of student and employee listings to ensure an accurate head count.
8. Server and workstation protection software will be deployed to identify and eradicate malicious software attacks such as viruses, spyware, and malware.

Spyware and virus protection software shall be installed, distributed, and maintained on all production platforms, including:

- a. File/print servers;
- b. Workstations;
- c. Email servers; Web servers; and
- d. Application and database servers.

Malicious software protection shall include:

- Weekly update downloads;
- Weekly scanning;
- The malicious software protection to be in active state (real-time) on all operating servers/workstations.

All security-relevant software patches shall be applied within thirty (30) days and critical patches shall be applied as soon as possible.

## **7.17—FOOD SERVICE PREPAYMENT**

### Meal Charges

The district does not provide credit for staff or students to charge for meals, a la carte, or other food and beverage items available for purchase in the school food service areas. Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Staff and parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:

- Submitting cash or check payment
- Depositing funds through the District's online service.

## **7.18—DISPOSAL OF NON-NEGOTIATED CHECKS OR UNCLAIMED PROPERTY**

State law specifies how the district is to dispose of retained funds in the form of issued but non-negotiated checks that have been not been presented for payment within one calendar year. The district shall dispose of these retained funds in accordance with the law and remit the amount of all non-negotiated checks to the Unclaimed Property Division of the Arkansas Auditor's Office.

The district shall make a good faith effort to return physical items that have been left on district property to their rightful owners. When contact information is known for the owner of an item of a non-perishable nature left at the district, the district shall use the information to attempt to contact the owner to inform him/her of the location of the item. Owners of such items shall be given at least three weeks to pick up the item he/she left at the district. If the owner fails to pick up the item within the time allotted, the district may dispose of the item in a manner of its choosing.

The district is under no obligation to retain an abandoned, perishable item left on district property.

## 7.19—SERVICE ANIMALS IN DISTRICT FACILITIES

In accordance with the provisions of the Americans with Disabilities Act and Arkansas statutes, service dogs and trained miniature horses (hereinafter referred to as *service animals*) are permitted for use by individuals with disabilities on district property and in district facilities provided the individuals and their animals meet the requirements and responsibilities covered in this policy.

When an individual with a disability seeks to bring a service animal into a district facility, the district is entitled to ask the individual if the animal is required because of a disability and what work or task the animal has been trained to perform. The district is not entitled to ask for documentation that the animal has been properly trained, but the individual bringing the animal into a district facility will be held accountable for the animal's behavior.

Any service animal brought into a district facility by an individual with a disability must have been trained to do work or perform tasks for the individual. The work or tasks performed by the service animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do **not** constitute work or tasks for the purposes of this policy; no animal brought solely for any of these reasons shall be permitted on school grounds.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a public entity's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control by means of voice control, signals, or other effective means.

A service animal shall be groomed to prevent shedding and dander and shall be kept clean of fleas and ticks.

District staff may ask an individual with a disability to remove a service animal from the premises if:

- (1) The animal is out of control and the animal's handler does not take effective action to control it;
- (2) The animal is not housebroken; or
- (3) Making reasonable accommodations for the service animal's presence would fundamentally alter the nature of the service, program, or activity.

If the district excludes a service animal due to the reasons listed above, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

The District and its staff are not responsible for the care or supervision of a service animal brought onto district property or into district facilities by an individual with a disability. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care for or supervise the service animal, the parent is responsible for providing care and supervision of the animal. Prior to working in the school, any person responsible for providing care and supervision of the animal must go through the same process for background checks as required of all employees of the school system.

The District shall not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets.

## **7.20—ELECTRONIC FUND TRANSFERS**

District funds shall only be disbursed by the district treasurer upon the receipt of checks or warrants signed by the District Board of Directors' Disbursing Officer and the Superintendent or through the electronic transfer of funds. Any electronic transfer of funds must be initiated by the District and authorized in writing by both the Disbursing Officer of the school district Board of Directors and the Superintendent.

For the purposes of this policy, "initiated by the District" means the District controls both the timing and the amount of the funds transfer.

The district treasurer shall maintain evidence of authority for the disbursement in the form of invoices, payrolls that conform with written contracts on file in his/her office, or other appropriate documentation indicating an authority to disburse District funds.

"Other appropriate documentation" includes one-time, signed authorization for recurring transactions. The Board of Directors Disbursing Officer must pre-authorize the electronic transfer of funds for non-recurring transactions which can be accomplished by a signed authorization or an email authorizing such a disbursement of funds.

## **7.21—NAMING SCHOOL FACILITIES**

Except as otherwise permitted in this policy or Arkansas law, the District shall not name any building, structure, or facility, paid for in whole or in part with District funds, for an individual living at the time of its completion who, in the ten (10) years preceding its construction, was elected, or held, a federal, state, county, or municipal office and received a salary for his/her service.

Exceptions to the preceding paragraph may be made when a building, structure, or facility is constructed through the use of at least 50% private funds or, the name refers to:

1. an individual(s) living at the time of its completion and who has historical significance;
2. an individual who is or has been a prisoner of war; or

## **7.22—PRIVATE SPONSORSHIP OF EXTRACURRICULAR EVENTS**

The Superintendent, or designee, may negotiate for the private sponsorship of an event to take place during the time allotted for a half-time break of any of the District's interscholastic activities. The amount of time for a half-time break shall not be extended for the event.

The school district shall not discriminate against potential sponsors based on political affiliation, religion, or perceived message. The superintendent, or designee, may decline sponsorship for any of the following reasons:

- The sponsored event would conflict with school or school group presentations;
- The proposed event would be logistically impracticable due to the estimated time, required materials for the event, or for other reasons associated with the implementation of the event;
- The proposed event would make continuation of the interscholastic activity impracticable due to residual mess/trash resulting from the activity; or
- The proposed event would present an unacceptable safety risk to students or viewing audience.

The superintendent's, or designee's, decision to accept or decline the proposed sponsored event shall be final.

Any potential sponsor shall be required to demonstrate proof of an in force, minimum face value one million dollar (\$1,000,000) general liability insurance policy that would cover the event. The sponsor must also agree to indemnify the school against any damages to school property, school employees, students, or bystanders that arise as a result of the sponsored event as well as from any law suits that are filed in response to such damages.

There shall be no live or recorded speech, music, or other media provided by the sponsor used during the sponsored event. A member of the school's administration shall announce the name of the sponsor of the event and shall be present to assist in conducting the event. The school administrator shall be a neutral participant and shall only make content neutral statements during the event. To meet this standard, the administrator shall not promote or act in a manner that creates the appearance, or that could give the impression, that the District sponsors, endorses or otherwise agrees with the product, person/group, or event being promoted by the sponsor. No school employee may act as the representative of a sponsor or wear attire/apparel that is provided by the sponsor or that could be interpreted as promoting the sponsor's interests. Employees or representatives of/affiliated with the sponsor may be present at the event and stand with the member of school administration who is announcing and conducting the event; such employees/representatives of the sponsor may wear clothing identifying them as sponsors of the event.

The superintendent, or designee, shall have the authority to regulate the time, place, and manner of the distribution of promotional materials by the event sponsor. "Promotional materials" includes, but is not limited to, pamphlets, pens/pencils, sports equipment (whether miniature or full sized), or clothing. The event sponsor shall provide the superintendent, or designee, with a complete list of the types of promotional materials the event sponsor intends to distribute at the event so that the superintendent, or designee, may make an informed decision on the time, place, and manner of distribution that would result in the least amount of disturbance with the interscholastic activity.

The superintendent, or designee, should take the following into account when determining the best time, place, and manner of distribution of promotional materials:

- Whether the promotional materials could be a distraction to participants in the interscholastic activity due to the promotional material emitting light or noise;
- Whether the promotional materials have a high possibility of being able to be used against participants of the interscholastic activity to attempt to alter the outcome of the activity;
- The possibility that the promotional materials would be left by recipients to become litter; and
- The possibility that the promotional materials would divert the attention of the audience from the interscholastic activity.

The superintendant, or designee, shall limit the distribution of promotional materials to audience members when they are entering the school building/arena, during the sponsored half-time event, and/or when they are leaving the school building/arena. The superintendant's, or designee's, restrictions on the time, place, and manner of promotional materials shall be final.

Any funds received through private sponsorship shall be placed in the District's Activity Account. The superintendant, or designee, should follow the policy for receiving public gifts or donations when negotiating the sponsorship amount, as set forth in policy 6.3—Public Gifts and Donations to the Schools.

## **7.23—HEALTH CARE COVERAGE AND THE AFFORDABLE CARE ACT**

### **Public School Employee Health Insurance**

All eligible District employees may elect to enroll themselves, their spouse, and/or their dependent(s) in one of the insurance plans through the Arkansas Public School Employee Life and Health Insurance Program (PSELHIP). New employees have until the end of the first full month following the date the employee's employment duties begin to elect to enroll in a PSELHIP plan; Coverage for eligible employees who choose to enroll in a PSELHIP plan shall take effect on the first of the month following the date on the enrollment application and shall be in effect until the end of the calendar year. Employees who experience a Qualifying Status Change Event have thirty (30) days from the date of the Qualifying Status Change Event to file an application to change coverage information. All employees may make changes to their PSELHIP plan during the yearly open enrollment period.

The District shall provide annual education to all eligible employees on the advantages and disadvantages of a consumer-driven health plan option and effective strategies of using a Health Savings Account (HSA).

### **Eligibility**

“Eligible employee” includes:

- All licensed employees in public schools who are normally expected to work nine hundred (900) hours or more per year and whose salaries are paid from the school district's teacher salary fund;
- All licensed employees of the school district whose salaries are not paid from the school district's local or state funds regardless of the number of hours normally expected to be worked;
- All classified employees of the school district who are normally expected to work nine hundred (900) hours or more per year regardless of whether or not the salaries are paid from the school district's local or state revenues;
- A person who contracts with a public school district to operate a school bus for at least seven hundred twenty (720) hours during the school year;
- A person whose primary source of income during the school year is obtained by operating a school bus for a public school district; and
- A person who contracts with a public school district to operate a school bus and is designated by the superintendant as a full-time school bus driver regardless of the number of hours contracted.

### **Contribution to Premiums**

At a minimum, the District shall distribute the statutorily required contribution rate to all employees who are enrolled in one of the PSELHIP plans. Additionally, the District shall calculate if the Arkansas Department of Education (ADE) determination of the District's health insurance funding contained in the State Foundation Funding exceeds the amount the District otherwise distributes to eligible employees. In the event the calculation determines there are additional funds required to be distributed to enrolled employees, the District shall distribute the identified funds to all employees enrolled in a PSELHIP plan and shall be made, at the employee's choosing, to either help defray the cost of the employee's premium or deposited in the employee's HSA. Such funds shall **not** be distributed to employees in any other manner such as a payroll stipend or bonus. To the extent possible, the funds shall be distributed equally to each employee. However, there may be occasions where the amount that would be distributed exceeds the employee's premium and the employee either has no HSA or the employee's plan is not eligible for an HSA. In such instances the employee's surplus funds shall be redistributed to the remaining enrolled employees.

The District recognizes that due to fluctuations in student enrollment and staffing, the funding available to distribute to each enrolled employee based on the health insurance funding contained within the State Foundation Funding, as reported by ADE, may vary from month to month and year to year. Therefore, the district will adjust such additional funding on an as-needed basis.

### **Affordable Care Act**

The District's policies are in compliance with the Affordable Care Act. The District offers health coverage to all eligible and full-time employees and their dependents through the PSELHIP, files IRS Returns on the health care coverage of all full-time employees, indicates the cost of the employee's health coverage on the employee's W-2, and provides a Statement of Return to all full-time employees regarding the employee's IRS Return on the employee's health insurance coverage.

### **Definitions**

"Dependent" for purposes of this policy includes an employee's spouse.

"Full-time employee" means:

- A licensed employee who performs thirty (30) or more hours of service a week;
- a classified employee who works twenty (20) or more hours per week for the school district;
- A person whose primary source of income during the school year is obtained by operating a school bus for a public school district; or
- A person who contracts with a public school district to operate a school bus and is designated by the superintendant as a full-time school bus driver regardless of the number of hours contracted.

"Responsible individual" means a primary insured employee who, as a parent or spouse, enrolls one or more individuals in minimum essential coverage through a district's health care plan.

"Tax Identification Number (TIN)" means an individual's social security account number.

### **Look-Back Period**

The District does not use a look-back period when determining if an employee qualifies as a full-time employee.

### **IRS Return**

The IRS requires that a "Return" be filed by the District on every full-time employee. These Returns cover the District's full-time employees and the dependents of a responsible individual's health care coverage status during the previous calendar year. To satisfy the IRS requirement, the District shall:

1. Collect information annually on the participation in, or lack thereof, a PSELHIP plan of all full-time employees and their dependents;
2. Complete the form(s) provided by the IRS that constitute a return for each District full-time employee;
3. File electronically all Returns with the IRS on or before March 31 of each year.

### **W-2**

For all full-time employees who are enrolled in a PSELHIP plan, the District shall indicate in box twelve (12) of the employee's Form W-2 the cost of the employee's health care coverage by using code "DD".

### **Statement of Return**

The District shall send to each full-time employee a Statement of Return (Statement) regarding the IRS Return filed on the employee. The Statement shall contain: The District's name, address, and Employer Identification Number (EIN) as well as a copy of the IRS Return filed on the employee. The District shall send a copy of the Statement to the employee on or before January 31 of the calendar year following the calendar year the information in the Statement corresponds to. The District shall send only one Statement to the household of an employee who meets the definition of a responsible individual that will include all requisite information for both the responsible individual and the responsible individual's dependent's.

### **Electronic Statements**

The District shall provide the Statement in paper unless the employee has affirmatively consented to receive the Statement in an electronic format. Employees who wish to receive a Statement in an electronic format must submit 7.23F-Electronic Receipt of Statements Consent Form to \_\_\_\_\_. The District shall send an email confirming the receipt of the employee's consent form to the provided email address within ten (10) business days of the receipt. The consent to receive an electronic copy of the statement shall be effective for all future Statements or until thirty (30) days after a written withdrawal of consent is received.

An employee may make a written request to receive a paper copy of the Statement in addition to the electronic copy by sending the written request to \_\_\_\_\_. The written request for an additional paper copy shall not constitute a withdrawal of consent.

An employee may withdraw consent to receive Statements in an electronic format at any time by submitting a written withdrawal of consent to \_\_\_\_\_. The withdrawal of consent shall become effective thirty (30) days after it is received. The District will send an email confirming the receipt of the withdrawal of consent within ten (10) business days that states the date the withdrawal will become effective. Any Statement sent electronically prior to the effective date of the withdrawal of consent shall satisfy the District's obligations.

The District shall automatically discontinue the transmission of Statements in an electronic format starting on February 1 of the year following termination or non-renewal of the employee's employment contract, the retirement of the employee, or the death of the employee.

The District is not responsible for making sure the employee's contact information is up to date. Employees whose contact information changes should submit an amended copy of 7.23F-Electronic Receipt of Statements Consent Form to \_\_\_\_\_. Employees who have elected to receive an electronic Statement shall be notified electronically through the email address on file in the event that any of the District's contact information changes.

The District shall provide the electronic Statements in the Portable Document Format (PDF). In the event the District plans to change the format Statements will be provided in from a previous format, the District shall notify all employees who have consented to receiving electronic Statements to the planned change of format. The notification shall be sent prior to the change in format and shall include:

- a. The new format for electronic Statements;
- b. Hardware/software requirements to access the new format;
- c. The date the new format will begin being used;
- d. A statement that the employee's consent is no longer effective; and

- e. A statement that employees are responsible in resubmitting 7.23F-Electronic Receipt of Statements Consent Form to \_\_\_\_\_ if the employee wishes to receive an electronic Statement after receiving notice of a change in format.

The District shall transmit the electronic Statement to employees as an email attachment. The subject line of the email shall be "IMPORTANT TAX RETURN DOCUMENT AVAILABLE". When the District receives notice that the email with an employee's electronic Statement attached was unable to be delivered, the District shall attempt to contact the employee in question to obtain a working email address. In the event the District is unable to acquire a working email address for the employee by either contacting the employee or searching the District's records, the District shall mail or hand deliver a paper copy of the Statement to the employee's last known mailing address within thirty (30) days of the District's receiving the failure to deliver notice.

In the event the District makes corrections to an employee's Statement, the District shall transmit the corrected Statement to the employee within ten (10) business days of the completion of the corrected Statement as an email attachment and will follow all other policies regarding the emailing of Statements.

### **Record Retention**

The District shall maintain copies of the documentation the District uses to notify employees of their ability to elect to enroll in a PSELHIP plan, the IRS Returns filed on employees, and Statements sent to employees in accordance with the requirements for documents transmitted to the IRS in Policy 7.15-Record Retention and Destruction.

### Disclosures

An individual who consents to receive an electronic copy of the Statement shall be deemed to be aware of, and agree to, the following disclosures:

1. I shall receive a paper copy of the Statement unless I consent to receive an electronic copy;
2. My consent to receive an electronic copy of the Statement shall be effective for all future Statements unless I withdraw my consent<sup>1</sup> or it is terminated in accordance with this agreement;
3. The District shall terminate the sending of electronic Statements upon the occurrence of any of the following:
  - Thirty (30) days<sup>2</sup> after the District receives a written request to withdraw consent;
  - There is a change in hardware or software that has a material impact on my ability to receive the electronic version of the Statement;
  - February 1 of the year following any of the following:
    - Termination of my employment;

4. I may request a paper copy of the Statement even though I have consented to receive an electronic copy of the Statement. The request for a paper copy must be in writing, either electronically or on paper, and shall be delivered to the \_\_\_\_\_.<sup>3</sup> A request to receive a paper copy shall not constitute a withdrawal of consent to receive an electronic copy of the Statement unless I affirmatively state that the request constitutes a withdrawal.<sup>4</sup>
5. I shall receive from the District through either mail or e-mail a confirmation of my withdrawal of consent and the date the withdrawal shall become effective;

6. A withdrawal of consent shall not apply to an electronic copy of the Statement that is sent prior to the effective date of the withdrawal;
7. I am responsible for making sure that the District has my current contact information. I may update any changes to my contact information by sending an amended copy of the Electronic Receipt of Statements Consent Form to the \_\_\_\_\_;<sup>3</sup>
8. The District shall contact me with any changes in the District's contact information;
9. The District shall furnish electronic copies of the Statement in the Portable Document Format (PDF);<sup>5</sup>
10. Arkansas or Federal law could require the printing of a copy of the Statement to attach to a Federal, State, or local tax return;
11. The e-mail containing the electronic copy of the Statement shall have the subject line of "Important Tax Return Document Available" in all capital letters.

I certify that I have read the disclosures and that I wish to affirmatively consent to receive my copy of the Statement in an electronic format.

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

Notes: <sup>1</sup> While you can have the consent be effective for only one Statement rather than for all future Statements, this language tracks the language in Policy 7.23 and is recommended because mailing paper copies of the Statement of Record could prove costly to districts. Since sending electronic copies is much cheaper and faster than paper copies, we have chosen to make the default position in both this Form and the associated policy be to extend to all future statements to lessen the costs to Districts. If you choose to have the consent be effective for only one Statement rather than for all future Statements, change the language to read "I understand that my consent shall only be effective until February 1 of the following year." If you change the language in this Form be sure to change the language in Policy 7.23 to match.

<sup>2</sup> The ACA allows you to change the implementation date of the withdrawal of consent from the policy's suggested 30 days to range from the day the withdrawal is received to sixty (60) days after it is received.

<sup>3</sup> Fill in this blank with the name, phone number, mailing address, and e-mail address of the district office in charge of handling the Statements; this information is required to be in the consent form signed by the employee.

<sup>4</sup> Alternatively, this sentence may be changed to allow that any request for a paper copy of the statement shall constitute a withdrawal of consent to receive an electronic copy; such a change would obligate the district to supply future copies to the employee on paper and is not recommended due to the increased costs to districts.

<sup>5</sup> The ACA does not require statements be provided as a PDF; however, the law does require that there is uniformity between all documents sent electronically to the employee. This means that the Electronic Receipt of Statement Consent Form, the statement, and any other documents related to the statement that are sent electronically by the District to the employee must be in the same format. Since documents provided by the IRS are traditionally PDFs, that is the suggested format.

## **7.23—HEALTH CARE COVERAGE AND THE AFFORDABLE CARE ACT**

### **Definitions**

“Dependent”, for purposes of this policy, means an employee’s child(ren) and/or spouse who are enrolled by the employee in health care coverage through the District’s health care plans.

“Full-time employee”, for purposes of this policy, means an employee in a position requiring on average thirty (30) hours of actual performance per week during the annual school year.

“Responsible individual” means a primary insured employee who, as a parent or spouse, enrolls one or more individual(s) in health care coverage through the District’s health care plans.

“Variable hour employee”, for the purposes of this policy, means an individual who has no base minimum number of hours of performance required per week.

### **Health Insurance Enrollment**

All full time District employees are eligible to enroll themselves; their spouse, so long as the spouse is not otherwise eligible for insurance through his/her employer’s sponsored plan; and their child(ren) in one of the insurance plans through the Public School Employee Life and Health Insurance Program (PSELHIP). Variable hour employees are not eligible to enroll in a PSELHIP plan. If a variable hour employee’s measurement period finds that the employee averaged thirty (30) or more hours per week, then the employee is treated as a full time employee rather than a variable hour employee and is eligible for health insurance. New full time employees have sixty (60) days following the start date of the employee’s contract to elect to enroll in a PSELHIP plan; all new employees shall be informed in writing of the start date of the employee’s contract and that the employee has sixty (60) days from that date to elect PSELHIP coverage. Coverage for new employees who choose to enroll in a PSELHIP plan shall take effect on the first of the month following the date on the enrollment application. Coverage shall be in effect until the end of the calendar year. Employees who experience a Qualifying Status Change Event have sixty (60) days from the date of the Qualifying Status Change Event to file an application to change coverage information. All employees who continue to be eligible may elect to continue coverage and make changes to their PSELHIP plan for the following plan year during the yearly open enrollment period.

The District shall ensure all employees are provided education annually on the advantages and disadvantages of a consumer-driven health plan option and effective strategies of using a Health Savings Account (HAS).

### **District Contribution to Premiums**

At a minimum, the District shall distribute the statutorily required contribution rate to all employees who are enrolled in one of the PSELHIP plans, which shall include any mandatory increases to the contribution rate due to increases to the salary schedule. In accordance with the State Health Insurance Portability Rule (SHIP), the District shall continue to pay the premium contribution for an employee

who transfers to another Arkansas school district that also participates in the SHIP through August 31 of the calendar year the employee leaves the district so long as the employee:

- 1) Completes his/her contract with the District;
- 2) Provides the District with notice that the employee is transferring to another district by no later than the Friday following the last student contact day;
- 3) Provides the District with proof of employment at another Arkansas district; and
- 4) Has the employee portion of the premium deducted from his/her end-of-year checks or pays the District business office the employee's portion of the premium by the 15<sup>th</sup> of both July and August.

### **Measurement Method of Employee Hours**

Option 1: The District uses the look-back method for determining if an employee qualifies as a full-time employee.

Option 2: The District uses the monthly measurement method for determining if an employee qualifies as a full-time employee.

### **W-2**

For all full-time employees who are enrolled in a PSELHIP plan, the District shall indicate in box twelve (12) of the employee's Form W-2 the cost of the employee's health care coverage by using code "DD".

### **IRS Returns**

The District will electronically file with the IRS by March 31 of each year the forms required by the IRS on the health insurance coverage of each full-time employee for the previous calendar year, whether or not the full-time employee participates in a health insurance plan through the PSELHIP.

### **Statement of Return**

The District shall send to each full-time employee a Statement of Return (Statement) regarding the IRS Return filed on the employee. The Statement shall contain: The District's name, address, and Employer Identification Number (EIN) as well as a copy of the IRS Return filed on the employee. The District shall send a copy of the Statement to the employee on or before January 31 of the calendar year following the calendar year the information in the Statement covers. The District shall send only one Statement to the household of an employee who meets the definition of a responsible individual that will include all requisite information for both the responsible individual and the responsible individual's dependent(s). The Statement will be mailed to the employee's address on record.

## **Record Retention**

The District shall maintain copies of the Statements sent to employees in accordance with the requirements for documents transmitted to the IRS in Policy 7.15—RECORD RETENTION AND DESTRUCTION.

## 7.24—ADVERTISING ON SCHOOL BUSES

Under the authority granted by A.C.A. §6-19-129 and the Commission for Arkansas Public School Academic Facilities and Transportation Rules Governing Advertising on school Buses.

Option 1: The District has chosen NOT to permit the selling of advertising space on District owned school buses and shall NOT use the space provided by law for any purpose.

Option 2: The District has chosen NOT to permit the selling of advertising space on District owned school buses but **may** use the space provided by law to place items created by the District's information office.

Option 3: The District has chosen to use the legally provided space on District school buses for purchased advertising space and to place any items created by the District's information office.

The Superintendent shall develop procedures for soliciting proposals for advertising, as well as guidelines for the review and acceptance of advertisements.

The Board, or designee, shall approve each advertisement before it is displayed on a District bus. The Board reserves the right to reject any advertisement that it deems inappropriate for the school setting. If the District contracts with a third party for the solicitation of potential advertisers and the development of advertising programs, the District retains the final authority to accept or reject potential advertisers and proposed advertisements.

Advertising shall be accepted solely for the purpose of generating revenue for the District transportation program and not for the purpose of establishing a forum for communication. All revenue the District receives from advertisements shall only be used to reduce district transportation costs.

Regardless of the viewpoint expressed in the advertisements, advertisements shall not be approved that are:

1. For a political candidate, political party, the adoption of any bond/budget issues, or any public question submitted at any general, county, municipal, or school election as required by A.C.A. §7-1-111;
2. Of an obscene or pornographic nature;
3. Promoting drugs, alcohol, tobacco, firearms, or similar products; or
4. Otherwise deemed to be inappropriate for minors.

The District shall also reserve the right to reject advertising that is inconsistent with:

- a. Federal or State laws and regulations;
- b. Commissioner's memos;
- c. The First Amendment;
- d. Board policy;
- e. The District's mission, goals, standards, and curriculum; or
- f. Any content the District determines has a reasonable likelihood of exposing the District to controversy, litigation, or disruption.

A food or beverage advertisement shall not be permitted unless it satisfies the advertising requirements of Policy 5.29—WELLNESS POLICY.

Acceptance of an advertisement on District school buses shall not constitute approval or endorsement of any product; service; issue; organization; activity; or position referenced in the advertisement, nor shall acceptance of advertising from a vendor determine whether the District will purchase goods or services from the vendor through the District's procurement process in Policy 7.5—PURCHASES AND PROCUREMENT.

The board has the authority to terminate advertisements on school buses at any time. The Board may, at its sole discretion, cease to allow the display of any previously approved advertisement if it finds the advertisement to have become inappropriate due to changing circumstances.

Approved advertisements may be placed:

- On the rear quarter-panels of the exterior of the bus;
- At least three inches (3") behind the rear wheel and not closer than four inches (4") from the lower edge of the window line;
- At least three inches (3") from any required letter, lamp, wheel well, reflector, or emergency exit; and
- Within a block no larger than thirty inches (30") in height and sixty inches (60") in length.

Any reflective tape between the floor line and beltline of the bus that is covered by an advertisement will be replaced by placing reflective tape either above or below the advertisement. No brackets or hardware shall be applied to the bus to hold advertisements.

Advertisements must be of a durable printed material. In order to not create a handhold or present a danger to pedestrians, the advertisement shall not:

- Intentionally extend from the body; or
- Extend from the body due to damage.

All advertisements shall contain the phrase "Paid advertisement" in a place, font, color, and size that it may be easily read from a distance of at least ten feet (10').
