February 13th, 2023

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021- 22 educational progress for Parchment Central Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Julia Kaemming for assistance.

The AER is available for you to review electronically by visiting the following website **<https://bit.ly/2LuhBC2>**, or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2021-22. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

We continue to identify gaps in student achievement between socio economic groups and are concentrating our efforts to meet the needs of all students. During the 21-22 school year one of the key challenges facing Parchment Central Elementary is the performance gap between our top students and our lowest performance students. This performance gap is evident in both additional programs to offer students support academically as well as socially and emotionally.

Parchment High School

These program include:

- Small group interventions using acadience data occurs daily
- PLC (Professional Learning Communities) to focus on student data and instruction
- Data review meetings that occur every 6-8 weeks to make instructional adjustments
- Daily school wide morning meetings and a social emotional learning class for all students

State law requires that we also report additional information. The District School Improvement Plan includes goals in Reading, Writing, Math, Science and Social Studies, and guides our curriculum review, implementation and evaluation processes. Professional Development activities were held to enhance instruction in each of these areas, with particular emphasis on training staff on the MTSS process.

Our partnership between parents and school is strong. We average 92% parent participation for parent- teacher conferences and we have many parents attend additional events such as: class parties, field trips, dances, bookfairs, etc

We want to thank the parents, families and the community for their continued support. We also want to thank the relentless efforts of our staff and applaud their dedication to the students and families of Parchment Central Elementary. It is through their combined efforts that the students of Central can enjoy and equitable education full of love and support.

Sincerely,

Julia Kaemming, Principal
